**Poetry, Method and Education Research** Esther Fitzpatrick 2020-07-21 Poetry can be both political and pedagogical. It is utilised in a variety of ways in research to enhance, critique, analyse, and express different voices. Poetry, Method and Education Research brings together international scholars to explore issues as diverse as neoliberalism, culture, decolonising education, health, and teacher identities. A key strength of the book is its attention to poetry as a research method, including discussions of "how to" engage with poetry in research, as well as including a range of research poems. Poetry is thus framed as both a method and performance. Authors in this book address a wide variety of questions from different perspectives including how to use poetry to think about complex issues in education, where poetry belongs in a research project, how to write poetry to generate and analyse "data", and how poetry can represent these findings. This book is an essential resource for students and researchers in education programmes, and those who teach in graduate

research methods courses.

**Reading the Middle Generation Anew** Eric Haralson 2006-04-01 Ten original essays by advanced scholars and well-published poets address the middle generation of American poets, including the familiar---Robert Lowell, Elizabeth Bishop, Randall Jarrell, and John Berryman---and various important contemporaries: Delmore Schwartz, Theodore Roethke, Robert Hayden, and Lorine Niedecker. This was a famously troubled cohort of writers, for reasons both personal and cultural, and collectively their poems give us powerful, moving insights into American social life in the transforming decades of the 1940s through the 1960s. In addition to having worked during the broad middle of the last century, these poets constitute the center of twentieth-century American poetry in the larger sense, refuting invidious connotations of “middle” as coming after the great moderns and being superseded by a proliferating postmodern experimentation. This middle generation mediates the so-called American century and its prodigious body of poetry, even as it complicates historical and aesthetic categorizations. Taking diverse formal and thematic angles on these poets---biographical-historical, deconstructionist, and more formalist accounts---this book re-examines their between-ness and ambivalence: their various positionings and repositionings in aesthetic, political, and personal matters. The essays study the interplay between these writers and such shifting formations as religious discourse, consumerism, militarism and war, the ideology of America as “nature's nation,” and U.S. race relations and ethnic conflicts. *Reading the Middle Generation Anew* also shows the legacy of the middle generation, the ways in which their lives and writings continue to be a shaping force in American poetry. This fresh and invigorating collection will be of great interest to literary scholars and poets.

**Angles of Vision** Arthur W. Biddle 1991-12 This exciting literature anthology is the brainchild of a workshop at the University of Vermont during which literature professors discussed effective ways to teach reading and responding to the genres - fiction, poetry, drama, and the essay. Introductions to each genre are written by teams of workshop participants. In kind, the anthology stresses collaboration in both learning and writing. The selections are especially contemporary, with many pieces written from multi-cultural perspectives by multi-ethnic writers. *Angles of Vision* is right for both the second semester of freshman composition and introduction to literature classes with an emphasis on writing.

**Modern Visual Poetry** Willard Bohn 2001 Far from frivolous playthings, modern visual poems represent serious experiments. Together with other members of the avant-grade, the visual poets sought to restructure the basic vision of reality that they inherited from their predecessors. This statement describes contemporary visual poets as well who, like their earlier colleagues, strive to say things that are more meaningful in ways that are more meaningful.”--BOOK JACKET.

*A Backward Glance* Joseph R. Millichap 2009 "Scholars in a number of disciplines (sociology, anthropology,

law, Appalachian studies, southern studies Latino studies, labor studies) would find this book useful in both their research and courses." --Donald E. Davis, coeditor of *Voices from the Nueva Frontera: Latino Immigration in Dalton, Georgia* "Scholars working on policy questions, demographic concerns, cultural studies, political economy, and 'new destination' will all find this book extremely useful." --Altha J. Cravey, author of *Women and Work in Mexico's Maquiladoras* In recent decades, Latino immigration has transformed communities and cultures throughout the southeastern United States-and become the focus of a sometimes furious national debate. *Global Connections and Local Receptions* is one of the first books to provide an in-depth consideration of this profound demographic and social development. Examining Latino migration at the local, state, national, and binational levels, this book includes studies of southeastern locales and a statewide overview of Tennessee. Leading migration scholar Alejandro Portes offers a national analysis while Raúl Delgado Wise provides a Mexican perspective on the migration issue and its policy implications for both the United States and Mexico. This collection contains a broad base of contributions from legal scholars, sociologists, anthropologists, geographers, and political scientists. Readers will find demographic data charting trends in immigration, descriptions of organizing and of individual experiences, a quantitative comparison of new and old destinations, a critical history of U.S. immigration policy in recent decades, a report on access to housing and efforts to enact anti-immigrant laws, an assessment of how mass outmigration currently affects the national economy and communities in Mexico, analysis of the way dominant ideology frames "black-brown" relationships in southern labor markets, and a concluding essay with detailed recommendations for making U.S. immigration policy just and humane. Frances L. Ansley is Distinguished Professor of Law Emeritus at the University of Tennessee College of Law in Knoxville. She is the author of numerous book chapters and the principal humanities adviser to a documentary film. Her articles have been published in the *California Law Review*, *Cornell Journal of International Law*, *Georgetown Journal of Poverty Law & Policy*, *University of Pennsylvania Journal of Labor & Employment Law*, and numerous additional publications. Jon Shefner is associate professor of sociology and director of the Interdisciplinary Program in Global Studies at the University of Tennessee, Knoxville. He is the coeditor of *Out of the Shadows: Political Action and the Informal Economy in Latin America*. [Historical Dictionary of the Bengalis](#) Kunal Chakrabarti 2013-08-22 The *Historical Dictionary of the Bengalis* provides an overview of the Bengalis across the world from the earliest Chalcolithic cultures to the present. This is done through a chronology, an introductory essay, and an extensive bibliography. The dictionary section has over 750 cross-referenced dictionary entries on politicians, educators and entrepreneurs, leaders of religious and secular institutions, writers, painters, actors and other cultural figures, and more generally, on the economy, education, political parties, religions, women and minorities, literature, art and architecture, music, cinema and other major sectors. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Bengalis.

**Crossroad of Arts, Crossroad of Cultures** Maria Rubins 2016-04-30 *Crossroad of Arts, Crossroad of Cultures* is the first book-length study of the aesthetic similarities between the French Parnassians, a 19th-century group of poets led by Théophile Gautier, and the Russian Acmeist poets, including Osip Mandelstam and Anna Akhmatova, who were active in the second decade of the 20th century. The Acmeists shared with the

Parnassians a classical sensibility, an aspiration to state-of-the-art verbal craftsmanship, and a keen interest in the three-dimensional, physical world. Their love of plastic beauty as embodied in painting, sculpture, and architecture found natural release in verse about works of art. The book shows how Acmeist texts document aspects of Russian Modernist culture while continuing the Parnassian tradition of poetry inspired by visual art.

*Football and Literature in South America* David Wood 2017-02-10 South America is a region that enjoys an unusually high profile as the origin of some of the world's greatest writers and most celebrated footballers. This is the first book to undertake a systematic study of the relationship between football and literature across South America. Beginning with the first football poem published in 1899, it surveys a range of texts that address key issues in the region's social and political history. Drawing on a substantial corpus of short stories, novels and poems, each chapter considers the shifting relationship between football and literature in South America across more than a century of writing. The way in which authors combine football and literature to challenge the dominant narratives of their time suggests that this sport can be seen as a recurring theme through which matters of identity, nationhood, race, gender, violence, politics and aesthetics are played out. This book is fascinating reading for any student, scholar or serious fan of football, as well as for all those interested in the relationship between sports history, literature and society.

**Brown Girl Dreaming** Jacqueline Woodson 2016 Jacqueline Woodson's National Book Award and Newbery Honor winner, now available in paperback with 7 all-new poems. Jacqueline Woodson is the 2018-2019 National Ambassador for Young People's Literature A President Obama "O" Book Club pick Raised in South Carolina and New York, Woodson always felt halfway home in each place. In vivid poems, she shares what it was like to grow up as an African American in the 1960s and 1970s, living with the remnants of Jim Crow and her growing awareness of the Civil Rights movement. Touching and powerful, each poem is both accessible and emotionally charged, each line a glimpse into a child's soul as she searches for her place in the world. Woodson's eloquent poetry also reflects the joy of finding her voice through writing stories, despite the fact that she struggled with reading as a child. Her love of stories inspired her and stayed with her, creating the first sparks of the gifted writer she was to become. Includes 7 new poems, including "Brown Girl Dreaming".

Praise for Jacqueline Woodson: A 2016 National Book Award finalist for her adult novel, ANOTHER BROOKLYN "Ms. Woodson writes with a sure understanding of the thoughts of young people, offering a poetic, eloquent narrative that is not simply a story . . . but a mature exploration of grown-up issues and self-discovery."--The New York Times Book Review

**Pushkin's Monument and Allusion** Sidney Eric Dement 2019-07-15 In August of 1836 Alexander Pushkin wrote a poem now popularly known simply as "Monument." He died a few months later in January of 1837. In the decades following his death, the poem "Monument" was transformed into a statue in central Moscow: the Pushkin Monument. At its dedication in 1880, the interaction between the verbal text and the visual monument established a creative dynamic that subsequent generations of artists and thinkers amplified through the use of allusion, the aesthetic device by which writers reference select elements of cultural history to enrich the meaning of their new creation and invite their reader into the shared experience of a tradition. The history of the Pushkin Monument reveals how allusive practice becomes more complex over time. By the twentieth century, both writers and readers negotiated increasingly complex allusions not only to Pushkin's poem, but to its statuesque form in Moscow and the many performances that took place around it. As the population of newly literate Russians grew throughout the twentieth century, images of the future poet and the naive reader became crucial signifiers of the most meaningful allusions to the Pushkin Monument. Because of this, the story of Pushkin's Monument is also the story of cultural memory and the aesthetic problems that accompany a cultural history that grows ever longer as it moves into the future.

Global Perspectives on Football in Africa Susann Baller 2013-10-31 Football, in many ways, is a visual endeavour. From the visual experience within the stadium itself to worldwide media representations, from advertisements to football art and artefacts: football is much about seeing and being seen, about watching, making visual and being visualised. The FIFA World Cup 2010 in South Africa has turned into a perfect example of the visual dimensions of football. Stadiums have been built and marketed as tourist attractions, mass media and internet platforms are advertising South African cities and venues, logos and emblems are displayed and celebrated, exhibitions are organised in museums world-wide. This book explores the social, cultural and political role of football in Africa by focusing on the issue of its visibility and invisibility. The contributions consider the history and present of football in different parts of Africa. They examine historical and recent pictures and images of football and football players, as well as places and spaces of their production and perception. They analyse the visual dimensions expressed in sports infrastructure, football media-scapes, and in expressive and material arts. This book thus contributes to the growing interest in football in Africa by exploring a new field of research into sports. This book was previously published as a special issue of Soccer and Society.

Arthur Miller's Century Stephen Marino 2017-06-20 Arthur Miller was one of the major American dramatists of the twentieth century, clearly ranking with other truly great American playwrights, including Eugene O'Neill, Tennessee Williams, and Edward Albee. The centennial of Miller's birth in New York City on October 17, 1915 was celebrated around the world with a panoply of staged productions, theatrical events, media documentaries, and academic conferences. Miller earned his reputation during a career of more than

seventy years, in which he achieved critical success in the 1940s and 1950s with the dramas *All My Sons*, *Death of a Salesman*, *The Crucible* and *A View from the Bridge*. He was also notable for his refusal to “name names at his appearance before the House Un-American Activities Committee”, his marriage to the film actress Marilyn Monroe, and his spell as president of the literary organization, International P.E.N. Arthur Miller was not only a literary giant, but also one of the more significant political, cultural, and social figures of his time. He was a man of conviction and integrity who frequently took stands, popular and unpopular, on the ethical issues that engaged societies throughout the world. This collection includes eclectic essays from Miller scholars who provide detailed discussions of text and performance, of Miller as a political and cultural figure, and of his connection to other playwrights. The contributions explore the trajectory of Miller’s career, his most famous and frequently produced works, such as *Death of a Salesman* and *The Crucible*, the dramas of his later career, and his fiction. The collection appeals to a broad American and international audience and a cross-section of readers, including undergraduates, graduates, emerging scholars, drama and theatre specialists, as well as theatre-goers who flock to revivals of Miller’s plays.

**The Celtic Unconscious** Richard Barlow 2017-03-30 *The Celtic Unconscious* offers a vital new interpretation of modernist literature through an examination of James Joyce’s employment of Scottish literature and philosophy, as well as a commentary on his portrayal of shared Irish and Scottish histories and cultures. Barlow also offers an innovative look at the strong influences that Joyce’s predecessors had on his work, including James Macpherson, James Hogg, David Hume, Robert Burns, and Robert Louis Stevenson. The book draws upon all of Joyce’s major texts but focuses mainly on *Finnegans Wake* in making three main, interrelated arguments: that Joyce applies what he sees as a specifically “Celtic” viewpoint to create the atmosphere of instability and skepticism of *Finnegans Wake*; that this reasoning is divided into contrasting elements, which reflect the deep religious and national divide of post-1922 Ireland, but which have their basis in Scottish literature; and finally, that despite the illustration of the contrasts and divisions of Scottish and Irish history, Scottish literature and philosophy are commissioned by Joyce as part of a program of artistic “decolonization” which is enacted in *Finnegans Wake*. *The Celtic Unconscious* is the first book-length study of the role of Scottish literature in Joyce’s work and is a vital contribution to the fields of Irish and Scottish studies. This book will appeal to scholars and students of Joyce, and to students interested in Irish studies, Scottish studies, and English literature.

**From Football to Soccer** Brian D. Bunk 2021-07-13 Rediscovering soccer's long history in the U.S. Across North America, native peoples and colonists alike played a variety of kicking games long before soccer's emergence in the late 1800s. Brian D. Bunk examines the development and social impact of these sports through the rise of professional soccer after World War I. As he shows, the various games called football gave women an outlet as athletes and encouraged men to form social bonds based on educational experience, occupation, ethnic identity, or military service. Football also followed young people to college as higher education expanded in the nineteenth century. University play, along with the arrival of immigrants from the British Isles, helped spark

the creation of organized soccer in the United States—and the beautiful game's transformation into a truly international sport. A multilayered look at one game's place in American life, *From Football to Soccer* refutes the notion of the U.S. as a land outside of football history.

**Redcrosse: Remaking Religious Poetry for Today's World** Ewan Fernie 2012-11-22 Do poetry and criticism matter in today's world? How can the poetry of the past help us tackle the changing nature of religious faith and national identity? This book explores the creation of *Redcrosse*, a new poetic liturgy for St George's Day and a unique collaborative work written by the critic Ewan Fernie, the theologian Andrew Shanks and the major contemporary poets Jo Shapcott, Michael Symmons Roberts and Andrew Motion. Leading writers - including John Milbank, Salley Vickers and Sarah Apetrei, together with authors of *Redcrosse* itself - reflect on the creation of the liturgy and its central inspiration, Edmund Spenser's epic Renaissance poem, *The Faerie Queene*, as well as on its two premieres in St George's Chapel, Windsor and Manchester Cathedral, and its sometimes controversial public reception. Including the full text of *Redcrosse*, the volume triumphantly shows that a new poetic work really can address some of the most pressing concerns of our time.

*Once and for All: The Best of Delmore Schwartz* Delmore Schwartz 2016-05-03 The publication of this book restores a missing chapter in the history of twentieth-century American literature. With his *New Directions* debut in 1938, the twenty-five-year-old Delmore Schwartz was hailed as a genius and among the most promising writers of his generation. Yet he died in relative obscurity in 1966, wracked by mental illness and substance abuse. Sadly, his literary legacy has been overshadowed by the story of his tragic life. Among poets, Schwartz was a prototype for the confessional movement made famous by his slightly younger friends Robert Lowell and John Berryman. While his stories and novellas about Jewish American experience laid the groundwork for novels by Saul Bellow (whose *Humboldt's Gift* is based on Schwartz's life) and Philip Roth. Much of Schwartz's writing has been out of print for decades. This volume aims to restore Schwartz to his proper place in the canon of American literature and give new readers access to the breadth of his achievement. Included are selections from the in-print stories and poems, as well as excerpts from his long unavailable epic poem *Genesis*, a never-completed book-length work on T. S. Eliot, and unpublished poems from his archives.

**Sound Ideas** B. Eugene McCarthy 2013 Hearing and speaking are essential to making poems live. Poems are a physical experience. This book explains how to find your way to the heart of a poem by taking it off the page. The authors have taught poetry successfully with this method for many years and now they share it beyond their own classrooms. Taking poems off the page: a teacher and a poet share their years of experience making poetry live. "Hard to believe that anyone serious about poetry, either student or teacher, wouldn't want to own this book. Reading *Sound Ideas* is like being in a class with the best poet and teacher of your life. McCarthy and Quinn are those poet teachers, each having fallen in love with poetry, each having given over their lives to its beauty and power. And this book is that classroom, one which comes alive with force and pleasure, with their shared belief that poetry itself comes truly alive when one speaks and hears it, when it

enters the consciousness through that breath and release, when it has the power to change lives. This book offers something new and necessary in the study of poetry.” — John Hogden “Poetry weds the body to the soul, and *Sound Ideas* is a superb introduction to the manifold ways in which poets touch us to the core of our being. . . . This should be required reading for anyone interested in poetry, particularly for those who hope to make poems themselves. A brilliant book.” —Christopher Merrill

**Art and Science in Word and Image** 2019-03-27 *Art and Science in Word and Image* explores how discovery and innovation have functioned inter-dependently across art, literature and the sciences, focusing on engagements with natural forms and forces, and other fields of knowledge across a spectrum of creative media.

**Instabilities in Contemporary British Poetry** Alan Robinson 1988-08-16 The author explores the impact on poetic practice in the 1970s and 1980s of recent theoretical developments, offering a criticism of the work of Seamus Heaney and of poets including Michael Hofmann, reassessing life on Mars and providing retrospective surveys of Fleur Adcock and others.

**Discourse, Grammar and Ideology** Christopher Hart 2014-10-23 Researchers in critical discourse analysis (CDA) have often pointed to grammar as a locus of ideology in discourse. This book illustrates the role that grammars as models of language (and image) can play in revealing ideological properties of texts and discourse in social and political contexts. The book takes the reader through three distinct grammatical frameworks – functional grammar, multimodal grammar and cognitive grammar. Using examples taken from a range of discourses relating to globalisation, including discourses of immigration, war, corporate practice and political protests, the book demonstrates the individual utility and the interconnectedness of these models inside CDA. A key argument advanced is that the cognitive processes necessarily involved in making sense of language are based in visual experience. This position offers new ways of understanding the ideological effects of grammatical

choices in texts and suggests a reassessment of the relationship between linguistic and multimodal grammars in CDA. The book will appeal to students and researchers interested in CDA and the relationship between discourse, cognition and social action.

Slang and Sociability Connie Eble 2012-12-01 Slang is often seen as a lesser form of language, one that is simply not as meaningful or important as its 'regular' counterpart. Connie Eble refutes this notion as she reveals the sources, poetry, symbolism, and subtlety of informal slang expressions. In *Slang and Sociability*, Eble explores the words and phrases that American college students use casually among themselves. Based on more than 10,000 examples submitted by Eble's students at the University of North Carolina at Chapel Hill over the last twenty years, the book shows that slang is dynamic vocabulary that cannot be dismissed as deviant or marginal. Like more formal words and phrases, slang is created, modified, and transmitted by its users to serve their own purposes. In the case of college students, these purposes include cementing group identity and opposing authority. The book includes a glossary of the more than 1,000 slang words and phrases discussed in the text, as well as a list of the 40 most enduring terms since 1972. Examples from the glossary: group gropes -- encounter groups squirrel kisser -- environmentalist Goth -- student who dresses in black and listens to avant-garde music bad bongos -- situation in which things do not go well triangle -- person who is stupid or not up on the latest za -- pizza smoke -- to perform well dead soldier -- empty beer container toast -- in big trouble, the victim of misfortune parental units -- parents
