Walk Two Moons Sharon Creech 2009-10-06 In her own singularly beautiful style, Newbery Medal winner Sharon Creech intricately weaves together two tales, one funny, one bittersweet, to create a heartwarming, compelling, and utterly moving story of love, loss, and the complexity of human emotion. Thirteen-year-old Salamanca Tree Hiddle, proud of her country roots and the "Indian-ness in her blood," travels from Ohio to Idaho with her eccentric grandparents. Along the way, she tells them of the story of Phoebe Winterbottom, who received mysterious messages, who met a "potential lunatic," and whose mother disappeared. As Sal entertains her grandparents with Phoebe's outrageous story, her own story begins to unfold—the story of a thirteen-year-old girl whose only wish is to be reunited with her missing mother.

The Law Officer's Pocket Manual John G Miles Jr 2021-03 The Law Officer's Pocket Manual is a handy, pocket-sized, spiral-bound manual that highlights basic legal rules for quick reference and offers examples showing how those rules are applied. The manual provides concise guidance based on U.S. Supreme Court rulings on constitutional law issues and other legal developments, covering arrest, search, surveillance, and other routine as well as sensitive areas of law enforcement. It includes more than 100 examples drawn from leading cases to provide guidance on how to act in a wide variety of situations. The 2021 edition is completely updated to reflect recent court decisions. This book helps you keep track of everything in a readable and easy-to-carry format. Some important case rulings from the past 12 months include: The U.S. Supreme Court made clear that it is common sense for an officer pulling over a vehicle to assume, without additional evidence, that the driver is the registered owner. The U.S. Supreme Court appeared to signal the end to so-called Bivens suits filed against federal officers for constitutional violations. The First Circuit extended the community caretaking doctrine to the home in finding officers'

warrantless entry justified. In the continuing evolution of the stop-and-frisk doctrine, the Second Circuit ruled that officers need more than a belief that a suspect possess something illicit--they must reasonably believe the suspect may pose a threat. The Tenth Circuit ruled that an officer's 15-minute phone call to a national database was reasonable and did not impermissibly extend a traffic stop. The Seventh Circuit said that the smell of marijuana combined with a driver's "shocked" body language justified a trunk search. The Fourth Circuit tossed a man's gun convictions after the officers arrested the man at his girlfriend's residence without probable cause that he lived there. The uneasy balance between these worlds is shattered when Starr witnesses the fatal shooting of her childhood best friend Khalil at the hands of a police officer. Khalil was unarmed. Soon afterward, his death is a national headline. Some are calling him a thug, maybe even a drug dealer and a gangbanger. Protesters are taking to the streets in Khalil's name. Some cops and the local drug lord try to intimidate Starr and her family. What everyone wants to know is: what really went down that night? And the only person alive who can answer that is Starr. But what Starr does—or does not—say could upend her community. It could also endanger her life. Want more of Garden Heights? Catch Maverick and Seven's story in *Concrete Rose*, Angie Thomas's powerful prequel to *The Hate U Give*.

The Other Wes Moore Wes Moore 2010-04-27 NEW YORK TIMES BESTSELLER • The "compassionate" (People), "startling" (Baltimore Sun), "moving" (Chicago Tribune) true story of two kids with the same name from the city: One went on to be a Rhodes Scholar, decorated combat veteran, White House Fellow, and business leader. The other is serving a life sentence in prison. In development as a feature film executive produced by Stephen Curry, who selected the book as his "Underrated" Book Club Pick with Literati The chilling truth is that his story could have been mine. The tragedy is that my story could have been his. In December 2000, the Baltimore Sun ran a small piece about Wes Moore, a local student who had just received a Rhodes Scholarship. The same paper also ran a series of articles about four young men who had allegedly killed a police officer in a spectacularly botched armed robbery. The police were still hunting for two of the suspects who had gone on the lam, a pair of brothers. One was named Wes Moore. Wes just couldn't shake off the unsettling coincidence, or the inkling that the two shared much more than space in the same newspaper. After following the story of the robbery, the manhunt, and the trial to its conclusion, he wrote a letter to the other Wes, now a convicted murderer serving a life sentence without the possibility of parole. His letter tentatively asked the questions that had been haunting him: Who are you? How did this happen? That letter led to a correspondence and relationship that have lasted for several years. Over dozens of letters and prison visits, Wes discovered that the other Wes had had a life not unlike his own: Both had had difficult childhoods, both were fatherless; they'd hung out on similar corners with similar crews, and both had run into trouble with the police. At each stage of their young lives they had come across similar moments of decision, yet their choices would lead them to astonishingly different destinies. Told in alternating dramatic narratives that take readers from heart-wrenching losses to moments of surprising redemption, The Other Wes Moore tells the story of a generation of boys trying to find their way in a hostile world. BONUS: This edition contains a new afterword and a The Other Wes Moore discussion guide.

Mastering the Assessment Center Process Linsey C. Willis 2021-08-09 The Assessment Center process is the best method for identifying management potential in candidates and whether they can demonstrate a talent for planning and organizing, and possess the necessary judgment, communication skills and decision-making ability to move up the ranks. Many candidates do possess these abilities, but they have not learned how to apply them. This book will teach you how to use all your potential. Law enforcement officers are often confused, afraid, nervous or just plain curious about what they will experience when they go through the process. Most books on the assessment center process cover primarily its history, the skill dimensions, a description of the process and provide a few sample exercises. What makes this book different is that it provides an experiential approach to preparing for an assessment center by including numerous practice exercises, experiential learning, role player scripts, sample detailed Assessor Guides, and information from an experienced professional who has a 360-degree view of assessment center processes. By practicing these exercises, the reader will learn a great deal about their potential and abilities. The organization of this book starts with the notorious, challenging, perplexing, incorrectly defined and life-changing in-basket exercise. The author has many years of experience with in-baskets, which has included providing feedback to candidates and training assessors. Many of the essential sample exercises and components of the in-basket exercise are included in this book and have been used in past assessment center processes or in customized exercises. This second edition also includes a new chapter on "The Future of Policing Exercises," and several new exercises have been included in the Exhibits Appendix. After reading the sample exercises and commentary contained herein, you will be convinced that your time and money have been well spent. Why? Because you will have practiced the exercises herein and, beyond just reading about the assessment center process, you will have learned about many of the most important components of the process.

Adverse Impact and Test Validation Dan Biddle 2017-05-15 Adverse impact analyses and test validation promote social justice and equity. Employers who unknowingly use invalid tests or recruitment procedures that have an adverse impact are reducing minority and/or female representation in their workforce, unfairly screening out qualified workers and (worst of all) just plain discriminating. Dan Biddle's Adverse Impact and Test Validation provides you with analyses that allow you to identify which of your selection procedures have adverse impact. The validation steps will help you decide whether to keep the selection procedure (because it's valid), change it, or stop using it altogether. Identifying the Culprit National Research Council 2015-01-16 Eyewitnesses play an important role in criminal cases when they can identify culprits. Estimates suggest that tens of thousands of eyewitnesses make identifications in criminal investigations each year. Research on factors that affect the accuracy of eyewitness identification procedures has given us an increasingly clear picture of how identifications are made, and more importantly, an improved understanding of the principled limits on vision and memory that can lead to failure of identification. Factors such as viewing conditions, duress, elevated emotions, and biases influence the visual perception experience. Perceptual experiences are stored by a system of memory that is highly malleable and continuously evolving, neither retaining nor divulging content in an informational vacuum. As such, the fidelity of our memories to actual events may be compromised by many factors at all stages of processing, from encoding to storage and retrieval. Unknown to the individual, memories are forgotten, reconstructed, updated, and distorted. Complicating the process further, policies governing law enforcement procedures for conducting and recording identifications are not standard, and policies and practices to address the issue of misidentification vary widely. These limitations can produce mistaken identifications with significant consequences. What can we do to make certain that eyewitness identification convicts the guilty and exonerates the innocent? Identifying the Culprit makes the case that better data collection and research on eyewitness identification, new law enforcement training protocols, standardized procedures for administering line-ups, and improvements in the handling of eyewitness identification in court can increase the chances that accurate identifications are made. This report explains the science that has emerged during the past 30 years on eyewitness identifications and identifies best practices in eyewitness procedures for the law enforcement community and in the presentation of eyewitness evidence in the courtroom. In order to continue the advancement of eyewitness identification research, the report

recommends a focused research agenda. Identifying the Culprit will be an essential resource to assist the law enforcement and legal communities as they seek to understand the value and the limitations of eyewitness identification and make improvements to procedures.

The Tenth Edition of the best-selling Cases and Materials on Employment Discrimination welcomes a new co-author, Stephanie Bornstein, whose contributions are reflected throughout. Like earlier editions, the tenth edition blends cases, notes, and problems into an integrated pedagogy that balances scholarly and practice perspectives. The authors build a conceptual framework for understanding how discrimination is defined in theory and proven in litigation. The text allows professors to explore particular interests more deeply and permits them to contrast a litigation approach with compliance, investigation, and counseling perspectives characteristic of modern employment law practice. The broad coverage integrates scholarship with legal doctrine. The useful Statutory Supplement is available for separate purchase. New to the Tenth Edition: *Bostock v. Clayton County* (prohibiting sexual orientation and gender identity discrimination as discrimination "because of sex") *Our Lady of Guadalupe School v. Morrissey-Berru* (expanding Title VII's "ministerial exception") *Comcast Corp. v. Nat'l Ass'n of African American Owned Media* (holding no mixed motive proof allowed under Section 1981) Expanded discussion of causation in the wake of *Bostock*, including *Comcast* and *Babb v. Wilkie* (on federal sector ADEA claims) Expanded and updated materials on Critical Race Theory Expanded and updated materials on gender discrimination and sex stereotyping, including sexual orientation, gender identity, and caregiver discrimination Expanded coverage of pay discrimination and the Equal Pay Act Professors and student will benefit from: An integrated pedagogy that balances scholarly and practice perspectives A conceptual framework that shows how discrimination is defined and proven in litigation A design that allows teachers to shift between litigation approaches and compliance, investigation, and counseling perspectives Integration of scholarship with legal doctrine

Police Promotion Super Course Andrew Borrello 2013-01-07 The contents of this book are designed specifically for law enforcement officers, front-line supervisors, and managers who have reached the point in their careers where they are ready to advance their rank. The focus of this information is on the police promotional oral interview. In a majority of police agencies across the country the oral interview is both the most critical part of the promotion process and the most difficult. An officer's performance during the oral interview is paramount because the process is highly competitive. Officers must "out-score" others also vying for promotion. This is difficult in that candidates may be competing against dozens or even hundreds of other police personnel many of whom may have greater education or more experience. The goal of this book is to provide professional law enforcement officers with a highly effective and valuable preparatory edge. This "edge" translates into real-world techniques, easy-to-apply skills, and a wealth of information on how to be distinctive and perform in an exceptional manner during the oral interview.
