Includes a grisly quiz to test your knowledge. These bestselling titles are sure to be a huge hit with yet another generation of Terry Deary fans.

Constantine and Christendom ; The Oration to the Saints ; The Greek and Latin Accounts of the Discovery of the Cross ; The Edict of Constantine to Pope Silvester Constantine I (Emperor of Rome) 2003 This volume makes available three works attributed to Constantine ¶6 two of which were certainly not written by him ¶6 which are important sources for historians of the papacy, Christianity and Constantine himself. The Oration to the Saints is an intellectual defense of Christianity, which puts the case for monotheism, extols the incarnation and voluntary abasement of the Son of God, and finally declares Constantine¶2s personal adherence to the Savior. The legend of the discovery of the True Cross by the empress Helena, mother of Constantine, following her conversion to Christianity is presented in translations of two variant accounts. The third text, the Edict of Constantine, presents Constantine¶2s

supposed edict to Pope Silvester transferring lands to the papacy. An introduction considers the authorship, motivation and historical context for each of the works, and extensive annotation elucidates textual difficulties and allusions.

The Republic of St. Peter Thomas F. X. Noble 2010-08-03 The Republic of St. Peter seeks to reclaim for central Italy an important part of its own history. Noble's thesis is at once original and controversial: that the Republic, an independent political entity, was in existence by the 730s and was not a creation of the Franks in the 750s. Noble examines the political, economic, and religious problems that impelled the central Italians—and a succession of resolute popes—to seek emancipation from the Byzantine Empire. He delineates the social structures and historical traditions that produced a distinctive political society, describes the complete governmental apparatus of the Republic, and provides a comprehensive assessment of the Franco-papal alliance.

Nurse Writers of the Great War Christine Hallett 2016-02-15 This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. The First World War was the first 'total war'. Its industrial weaponry damaged millions of men and drove whole armies underground into dangerously unhealthy trenches. Many were killed. Many more suffered terrible, life-threatening injuries: wound infections such as gas gangrene and tetanus, exposure to extremes of temperature, emotional trauma and systemic disease. In an effort to alleviate this suffering, tens of thousands of women volunteered to serve as nurses. Of these, some were experienced professionals, while others had undergone only minimal training. But regardless of their preparation, they would all gain a unique understanding of the conditions of industrial warfare. Until recently their contributions, both to the saving of lives and to our understanding of warfare, have remained largely hidden from view. By combining biographical research with textual analysis, *Nurse writers of the great war* opens a window onto their insights into the nature of nursing and the impact of warfare.

Politics and Culture in Renaissance Naples Jerry H. Bentley 2014-07-14 Examining the cultural history of Renaissance Naples with an emphasis on humanism, the author also evaluates Naples in the broader context of fifteenth-century Italy and Renaissance Europe in general. He addresses several prominent

themes of Renaissance history: patron- client relationships, the development of a realistic, Machiavellian approach to matters of statecraft and diplomacy, and the influence of Neapolitan humanists on European culture in general. Originally published in 1987. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Brave New World Revisited Aldous Huxley 1965 Describes the shocking scientific devices and techniques available to any group in a position to manipulate society

Bubble in the Bathtub Jo Nesbo 2011-01-04 The Fart Powder was such a successful invention that Doctor

Proctor, Nilly, and Lisa couldn't stop there. Next up: a time-travelling bathtub. You just hop in, lather up the Time Soap, and wish for where you'd like to go. Doctor Proctor has plans for this new invention. You see, he lost his true love years ago, when Juliette Margarine married an evil count. The good Doctor has never quite gotten over this, and he's going back to change it. But when things go wrong, it's up to Nilly and Lisa to travel back in time to right all wrongs and reunite the two lovebirds. Nothing is quite so simple in a Jo Nesbo book. Enter a herd of hippos, a scheming assistant, and Time Soap that keeps going awry, sending Nilly and Lisa to the storming of the Bastille! Fortunately, as in every Jo Nesbo book, the Fart Powder solves everything.

The Instituto Oratoria of Quintilian: Books IV-VI Quintilian 1921

The USA Terry Deary 2001 This work is bulging with some of the nastiest moments in American history since cruel Chris Columbus first sighted land. Read on for ghastly details on the grim Pilgrim Fathers, find out the truth about Billy the Kid and Calamity Jane, and see if you could have survived on the American Plains.

Mein Kampf (English) Adolf Hitler 2016-06-26 In Mein Kampf, Hitler used the main thesis of "the Jewish peril", which posits a Jewish conspiracy to gain world leadership. The narrative describes the process by which he became increasingly antisemitic and militaristic, especially during his years in Vienna. He speaks of not having met a Jew until he arrived in Vienna, and that at first his attitude was liberal and tolerant. When he first encountered the anti-semitic press, he says, he dismissed it as unworthy of serious consideration. Later he accepted the same anti-semitic views, which became crucial in his program of national reconstruction of Germany. Mein Kampf has also been studied as a work on political theory. For example, Hitler announces his hatred of what he believed to be the world's two evils: Communism and Judaism. During his work, Hitler blamed Germany's chief woes on the parliament of the Weimar Republic, the Jews, and Social Democrats, as well as Marxists, though he believed that Marxists, Social Democrats,

and the parliament were all working for Jewish interests. He announced that he wanted to completely destroy the parliamentary system, believing it to be corrupt in principle, as those who reach power are inherent opportunists.

Horrible Histories: Groovy Greeks Terry Deary 2011-12-01 Apparently the Greeks (we are talking about the Ancient variety) were a rather groovy bunch. The boys didn't start school until they were seven, and girls didn't have to go at all. Greek children invented all manner of cool games just for something to do, and the grown-ups invented the Olympic Games and made the men run naked. But as this Horrible History shows you, things were not always quite so jolly... and some of the things the Groovy Greeks did were actually, well, quite horrible! So read on to see... * Why groovy Greek girls ran about naked pretending to be bears * Who had the world's first flushing toilet * Why dedicated doctors tasted their patients' ear wax! Ugh! ... plus many more yucky facts about the Groovy Greeks!

Eusebius Pamphilius: Church History, Life of Constantine, Oration in Praise of Constantine Eusebius Pamphilius

Odes Sharon Olds 2016-09-20 Following the Pulitzer prize-winning collection *Stag's Leap*, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

This Book Is Gay Juno Dawson 2021-09-07 The bestselling young adult non-fiction book on sexuality and gender! Lesbian. Gay. Bisexual. Transgender. Queer. Intersex. Straight. Curious. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Brave New World Revisited Aldous Huxley 2014-01-01 When Aldous Huxley wrote his famous novel *Brave New World*, he did so with the sincere belief that the dystopian world he created was a true possibility given the direction of the social, political and economic world order. Written almost thirty years later, *Brave New World Revisited* is a re-evaluation of his predictions based on the changes he had witnessed in the meantime. In this twelve-part essay, Huxley argues that society is moving toward his dystopian vision even faster than he had originally assumed, and provides his own suggestions on how to

bring an end to this decadent decline. *Brave New World Revisited* condemns symptoms of modern life such as overpopulation, propaganda and extreme government control while providing a staunch defence of individualism. Despite being published over fifty years ago, the problems identified in *Brave New World Revisited* are still startlingly relevant, lending a chilling credibility to Aldous Huxley's unsettling predictions. HarperTorch brings great works of non-fiction and the dramatic arts to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperTorch collection to build your digital library.

The King's Body Sergio Bertelli 2010-11 *The King's Body* offers a unique and up-to-date overview of a central theme in European history: the nature and meaning of the sacred rituals of kingship. Informed by the work of recent cultural anthropologists, Sergio Bertelli explores the cult of kingship, which pervaded the lives of hundreds of thousands of subjects, poor and rich, noble and cleric. His analysis takes in a wide spectrum, from the Vandal kings of Spain and the long-haired kings of France, to the beheaded kings of England and France, Charles I and Louis XVI. Bertelli explores the multiple meanings of the rites related to the king's body, from his birth (with the exhibition of his masculinity) to the crowning (a rebirth) to his death (a triumph and an apotheosis). We see how particular occasions such as entrances, processions, and banquets make sense only as they related directly to the king's body. Bertelli also singles out crowd-participatory aspects of sacred kingship, including the rites of violence connected with the interregnum (perceived as a suspension of the law) and the rites of expulsion for a tyrant's body, emphasizing the inversion of crowning rituals. First published in Italy in 1990, *The King's Body* has been revised and updated for English-speaking readers and expertly translated from the Italian by R. Burr Litchfield. Deftly argued and amply illustrated, this book is a perfect introduction to the cult of kingship in the West; at the same time, it illuminates for modern readers how strangely different the medieval and early modern world was from our own.

[Pregnancy, Delivery, Childbirth](#) Nadia Filippini 2020-07-13 This book reconstructs the history of conception, pregnancy and childbirth in Europe from antiquity to the 20th century, focusing on its most significant turning points: the emergence of a medical-scientific approach to delivery in Ancient Greece, the impact of Christianity, the establishment of the man-midwife in the 18th century, the medicalisation of

childbirth, the emergence of a new representation of the foetus as "unborn citizen", and, finally, the revolution of reproductive technologies. The book explores a history that, far from being linear, progressive or homogeneous, is characterised by significant continuities as well as transformations. The ways in which a woman gives birth and lives her pregnancy and the postpartum period are the result of a complex series of factors. The book therefore places these events in their wider cultural, social and religious contexts, which influenced the forms taken by rituals and therapeutic practices, religious and civil prescriptions and the regulation of the female body. The investigation of this complex experience represents a crucial contribution to cultural, social and gender history, as well as an indispensable tool for understanding today's reality. It will be of great use to undergraduates studying the history of childbirth, the history of medicine, the history of the body, as well as women's and gender history more broadly.
