## Warning Miracle

Larry Coryell's Power Jazz Guitar Larry Coryell 2002 (Book). More than a method or exercise book, this guide challenges jazz guitarists to increase originality in their thinking and playing. Master player Larry Coryell takes readers deep inside the music to make connections between ideas and the guitar fretboard, helping them unlock their own creativity. This book/CD set builds logically from basic ideas to more advanced techniques, which Coryell explains in fine detail. He highlights musical ways to understand complex jazz concepts and presents his unique approach to improvisation by providing exciting new ways to play scales, intervals, arpeggios, melody and chords. Emphasizing group interaction and solos that sizzle, Coryell taps his decades of experience as a performer to offer insights into inventive, powerful ensemble playing. "This book should open the door to a better understanding in our quest for advanced guitar playing." Al DiMeola

*The Conch Trumpet* David Eggleton 2015 "The Conch Shell calls to the scattered tribes of contemporary New Zealand. It sounds the signal to listen closely, critically and 'in alert reverie'. David Eggleton's reach of references, the marriage of high and low, the grasp of popular and classical allusion, his eye both for cultural trash and epiphanic beauty, make it seem as if here Shakespeare shakes down in the

Pacific. There are dazzling compressions of history; astonishing paens to harbours, mountains, lakes and rivers; wrenchingly dark, satirical critiques of contemporary politics, of solipsism, narcissism, the apolitical, the corporate, with a teeming vocabulary to match ... In this latest collection David Eggleton is court jester/philosopher/lyricist, and a kind of male Cassandra, roving warningly from primeval swampland to gritty cityscape to the information and disinformation cybercloud"--Back cover

form until near the end. The work begins with much more obscure fragments drawn from the introduction, accompanimental figures, transitions, cadences and so forth. These eventually give way to more familiar motives derived from the themes themselves. All of these elements are gradually assembled over the last half of the piece until the themes finally appear in more or less their original form.

*Bright Boulevards, Bold Dreams* Donald Bogle 2009-02-19 In *Bright Boulevards, Bold Dreams*, Donald Bogle tells—for the first time—the story of a place both mythic and real: Black Hollywood. Spanning sixty years, this deliciously entertaining history uncovers the audacious manner in which many blacks made a place for themselves in an industry that originally had no place for them. Through interviews and the personal recollections of Hollywood luminaries, Bogle pieces together a remarkable history that remains largely obscure to this day. We discover that Black Hollywood was a place distinct from the studio-system-dominated Tinseltown—a world unto itself, with unique rules and social hierarchy. It had its own talent scouts and media, its own watering holes, elegant hotels, and fashionable nightspots, and

of course its own glamorous and brilliant personalities. Along with famous actors including Bill "Bojangles" Robinson, Hattie McDaniel (whose home was among Hollywood's most exquisite), and, later, the stunningly beautiful Lena Horne and the fabulously gifted Sammy Davis, Jr., we meet the likes of heartthrob James Edwards, whose promising career was derailed by whispers of an affair with Lana Turner, and the mysterious Madame Sul-Te-Wan, who shared a close lifelong friendship with pioneering director D. W. Griffith. But Bogle also looks at other members of the black community—from the white stars' black servants, who had their own money and prestige, to gossip columnists, hairstylists, and architects—and at the world that grew up around them along Central Avenue, the Harlem of the West. In the tradition of Hortense Powdermaker's classic *Hollywood: The Dream Factory* and Neal Gabler's *An Empire of Their Own*, in *Bright Boulevards, Bold Dreams*, Donald Bogle re-creates a vanished world that left an indelible mark on Hollywood—and on all of America.

and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and "zap" the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.
