

and grammar exercises throughout the book. An engaging story line, useful for practicing reading as well staying engaged and interested in the learning process. Developed by Japanese language experts and experienced high-school Japanese teachers, it includes practice activities for reading, writing, speaking, listening and understanding Japanese. The activities are varied and interesting, mirroring the book, and they help you polish every aspect of your Japanese language skills. Written activities center around practicing writing kanji, hiragana, and katakana in the context of the textbook. Whether you're learning Japanese for fun, preparing for a Japanese proficiency exam, want to achieve AP or IB level competency, or just want to get an A in Japanese class, the Beginning Japanese series is your key to becoming a confident Japanese-speaker. All exercises are designed to be used along with the Beginning Japanese textbook but can also be used independently to supplement any other Japanese language textbook.

Reading to Learn in a Foreign Language Keiko Koda 2018-09-03 This book describes a theory-guided approach to Foreign Language (FL) course development, implementation, instruction and assessment. It documents the development and implementation of a theory-guided approach designed to exploit cross-linguistically sharable competencies as resources for promoting FL learning. The volume delineates the processes of (a) identifying cross-linguistically sharable competencies, (b) exploring ways of exploiting sharable competencies as resources in promoting language skills through their purposeful use for content learning, (c) implementing the instructional approach in multiple EFL classrooms, and (d) evaluating the approach by comparing learning outcomes across classrooms. It presents a solid conceptual framework that integrates theories in multiple research domains, including second language acquisition, knowledge acquisition, and language assessment. It also provides detailed descriptions of framework construction and classroom implementation - the two processes that are integral to course design and development.

Beginning Japanese Michael L. Kluemper 2010-03-20 This is a complete Japanese textbook and language learning package for beginning learners. Start speaking, reading and writing Japanese today with the most exciting new introduction to the Japanese language! Beginning Japanese follows the story of Kiara, an American exchange student who lives in Japan and loves to study Japanese. With the help of her Japanese friends and the time-traveling Tomo Tanuki (raccoon dog), Kiara learns to speak, read, and write Japanese while she visits famous people and places in Japanese history. Illustrated with manga-style comics—a fun way to learn Japanese and written by experienced high-school Japanese teachers, this Japanese textbook will show you how to pronounce Japanese; read and write hiragana, katakana, and 125 basic kanji; and understand conversational Japanese. Key features of this program: An engaging storyline—including a time-travel adventure—unfolds as learners advance, adding motivation to master the language. Authentic written, visual, and oral materials embedded naturally throughout. Kanji is taught beginning with Chapter 1—and together with current vocabulary rather than separately. (At the end of Vol. 1 you'll know 148 kanji). Technology is used extensively for authentic tasks. A dedicated website provides additional content and updates. Content is aligned with the ACTFL National Standards. The CD-ROM includes: Native Japanese language speakers. Pronunciation guides. Accompanying dialogues. New word lists. Fun songs. Listening activities and tests. Extensive printable exercises. The Beginning Japanese Website includes: Online games and activities. Additional information and updates. Downloadable Hiragana Practice Book, Katakana Practice Book, kana practice sheets. Downloadable kanji and kana flash cards. Beginning Japanese is the first volume in a 3-level series. Deepen your learning with the Beginning Japanese Workbook, a volume of drills and exercises that reinforce the lessons in the textbook. If you already speak basic Japanese, continue your learning with the second level, Intermediate Japanese. Whether you're learning Japanese for fun, preparing for a Japanese proficiency exam, or want to achieve AP- or IB-level

competency, *Beginning Japanese* is your key to becoming a confident Japanese-speaker.

English Loanwords in Japanese Akira Miura 2011-12-20 Toriningu-pantsu are not training pants for babies who have not yet been toilet-trained. Toreningu-pantsu are sweat pants. When you jump into a swimming pool you will get wet, but not necessarily uetto. Volleyball, which was invented in the United States, is known as bareboru in Japan, but the tennis volley was the English gentleman's pride before it was America's. A tennis volley is therefore pronounced in British style, bore, not as American bare. Oru means "all" but has a more limited usage. Bosu is often used more negatively than English boss. Many people imagine that speakers of English who study the Japanese language find their way eased by the profusion of "English words" the Japanese have borrowed. Students of the language, however, often complain that borrowed words are more problematic than the older terms in the Japanese word pool. One of the biggest problems is the lack of adequate reference materials on the terms. Many of the existing works do little more than define the terms. This book handles the problematic areas. Here a reader will find sample sentences, tips on usage, and warnings against easy-to-commit mistakes. There are fascinating studies of how certain "English" terms were coined in Japan and of what led the Japanese to redefine certain common English words. Miura examines how certain words entered Japanese, and why they became popular. He theorizes on why an unexpected pronunciation developed. In discussing the borrowed terms, the author draws on many linguistic scholars, discusses prevailing beliefs on etymology and pronunciation, and uses his own considerable experience with both English and Japanese to help the student gain control of some of the most problematic words borrowed by Japanese from English. Each of the 850 words discussed under the text's more than 350 main headings is included in an index for quick reference. The detail and currency of the explanations contained in this book are unmatched by other books on the subject. For the student hard put to use these borrowed words, this text offers real help.

Elementary Japanese Volume Two Yoko Hasegawa 2006-02-15 This is an extensive beginning level Japanese textbook and Japanese language learning package. Elementary Japanese is designed for students who are just beginning their study of Japanese at the first-year college level or on their own. The author and contributors have created a highly structured approach to learning Japanese that is based on learning the fundamental patterns and constructions of the language as well as the writing system including basic kanji. Systematic grammatical explanations are provided in enough detail for this book to be used as a reference work as well as an introductory textbook. The accompanying MP3 audio CD is a great way to learn Japanese and ensures correct pronunciation and helps to build listening comprehension. After completing this course, you will be able to: Describe yourself, your family and your friends. Talk about daily events using basic vocabulary and grammatical constructions. Understand conversations on these topics as well as classroom activities. Read Japanese articles and write short and simple compositions and letters.

日本語の基礎 2020-10-05 Third edition of Genki's second volume exercise book. This workbook should be used in conjunction with the second volume of the main textbook. It includes exercises from the 11 lessons that correspond to the grammatical contents of the main book. The audios are available in an application for the mobile phone. Contents Conversation and Grammar (Lessons 13-23) - Exercises for grammar items - Questions - Listening comprehension Reading and Writing (Lessons 13-23) - Exercises for replacing hiragana with kanji

Japanese Kanji Made Easy Michael L. Kluemper 2015-04-28 This highly-visual book introduces an effective new method to learn over 1,000 Japanese kanji characters using visual stimuli and pictographs. Learning the fundamental kanji characters used to write Japanese can be challenging, but

this book is designed to speed up learning by presenting the 1,000 most common characters using a mnemonic approach. In a fun and accessible way to learn Japanese, each kanji is associated with memorable visual and verbal clues. For example, the Japanese character for person is superimposed over a sketch of a smiling man. The visual clue is "a person standing on two legs". By seeing the distinctive shape of the kanji, learners create a mental image of its meaning. Each character is presented as part of a group of characters which share similar traits. These groups use common root symbols known as radicals; they are also categorized by themes such as colors, numbers, animals, or body parts. Pronunciations, meanings and common vocabulary compounds are provided for each character in the group. Mnemonic clues are also given for the basic 92 hiragana and katakana phonetic symbols. A free audio CD helps you learn pronunciation for all of the characters and vocabulary in this book. The introduction explains the basic history and structure of the kanji. Key feature of this Japanese kanji book include: Hiragana and katakana phonetic symbols Easy-to-remember drawings and stories for ALL characters Thousands of vocabulary words Audio CD for pronunciation practice

Basic German Heiner Schenke 2004 Suitable for both independent study and class use, this text comprises an accessible reference grammar and related exercises in a single volume.

Geography David Waugh 2000 Plate tectonics - Earthquakes and volcanoes - Weathering and slopes - Glaciation - Coasts - Deserts - Weather and climate - Soils - Biogeography - Population - Urbanisation - Farming and food supply - Rural land use - Energy resources - Manufacturing industries - Transport and interdependence - World development.

Intermediate Japanese Michael L. Kluemper 2012-01-10 This is complete Japanese textbook and learning package for intermediate level students. In the intermediate level of this highly-acclaimed new series, learners will continue to study Japanese through an engaging story line which slowly unfolds over the arc of the text, keeping things interesting and adding the motivation needed to master new material. This story-based approach is a great way to learn Japanese. The emphasis in Intermediate Japanese is on real-life situations drawn from contemporary Japanese culture and authentic written, visual and oral materials embedded in the lessons. Available in both hardcover and paperback, Intermediate Japanese includes an accompanying audio disc, and free web-based multimedia resources with additional exercises. A separate Workbook is available with corresponding one-of-a-kind practice activities. Key features of this program: The focus is very visual. The book's narrative is told with manga-style story pages, and the CD-ROM uses colorful video. Authentic written, visual, and oral materials are embedded very naturally throughout the book. Independent learners and classroom students alike will find this an accessible and upbeat way to master contemporary Japanese. Kanji characters are emphasized here more than in other textbooks and are taught as an integral part of learning Japanese spoken vocabulary, rather than separately. By the end of this book, learners will have mastered 149 additional kanji, for a cumulative total of 300 kanji. The CD-ROM includes Native Japanese language speakers. Pronunciation guides for all new words. Accompanying dialogues. The Beginning Japanese Website includes: Online games and activities. Additional information and updates. Downloadable Hiragana Practice Book, Katakana Practice Book, kana practice sheets. Downloadable kanji and kana flash cards. Beginning Japanese is the second volume in a 3-level series. Deepen your learning with the Intermediate Japanese Workbook, a volume of drills and exercises that reinforce the lessons in the textbook.

Short Stories in Chinese John Balcom 2013-06-25 A dual-language edition of Chinese stories—many appearing in English for the first time This new volume of eight short stories, with parallel translations, offers students at all levels the opportunity to enjoy a wide range of contemporary literature from the

world's most spoken language, without having to constantly refer back to a dictionary. The stories—many of which appear here in English for the first time—are by well-known writers as well as emerging voices. From a story by Li Rui about the honest simplicity of a Shanxi farmer to one by Ma Yuan exposing the seamy underside of contemporary urban society, they are infused with both rural dialect and urban slang and feature a wide range of styles and points of view. Complete with notes, the stories make excellent reading in either language.

日本語の日常会話 2001 This text presents an easy-to-use student's reference guide to the most common colloquialisms in the Japanese language. All the entries and sample sentences are presented in romanized Japanese, with English word and phrase equivalents. The perfect guide to speaking real Japanese Beyond Polite Japanese offers more than 500 words and phrases for those who want to take a step beyond Japanese textbooks and speak like a native without spending decades in the country. Many of the entries cover traditional slang, while other entries take up more

Toyota Production System Y. Monden 2012-12-06 The Just-in-time (JIT) manufacturing system is an internal system in use by its founder, Toyota Motor Corporation, but it has taken on a new look. *Toyota Production System, Second Edition* systematically describes the changes that have occurred to the most efficient production system in use today. Since the publication of the first edition of this book in 1983, Toyota has integrated JIT with computer integrated manufacturing technology and a strategic information system. The JIT goal of producing the necessary items in the necessary quantity at the necessary time is an internal driver of production and operations management. The addition of computer integrated technology (including expert systems by artificial intelligence) and information systems technology serve to further reduce costs, increase quality, and improve lead time. The new Toyota production system considers how to adapt production schedules to the demand changes in the marketplace while satisfying the goals of low cost, high quality, and timely delivery. The first edition of this book, *Toyota Production System*, published in 1983, is the basis for this book. It was translated into many languages including Spanish, Russian, Italian, Japanese, etc., and has played a definite role in inspiring production management systems throughout the world.

English as a Global Language David Crystal 2012-03-29 Written in a detailed and fascinating manner, this book is ideal for general readers interested in the English language.

Japanese Grammar Nobuo Akiyama 2012-06-21 A concise summary of Japanese grammar is presented for beginning students of the language. Topics include parts of speech, sentence structure, idioms, and pronunciation advice. All Japanese words are presented phonetically. Important points of grammar or vocabulary, as well as subject heads, are printed in a second color as a quick-reference aid for students. New to this edition is a Japanese-English vocabulary list.

Japanese from Zero! 1 George Trombley 2006-05-01 "The Japanese language uses a set of symbols called 'hiragana' (to spell Japanese words), 'katakana' (to spell foreign words), and 'kanji' (to represent

entire words or names). Over the course of BOOK 1, we will teach you groups of hiragana piece-by-piece to gradually build up your understanding and familiarity."--Introduction.

An Introduction to Japanese - Syntax, Grammar & Language Michiel Kamermans 2010-03 Starting at the very basics and working its way up to important language constructions, "An introduction to Japanese" offers beginning students, as well as those doing self-study, a comprehensive grammar for the Japanese language. Oriented towards the serious learner, there are no shortcuts in this book: no romanised Japanese for ease of reading beyond the introduction, no pretending that Japanese grammar maps perfectly to English grammar, and no simplified terminology. In return, this book explains Japanese the way one may find it taught at universities, covering everything from basic to intermediary Japanese, and even touching on some of the more advanced constructions.

Spanish Sentence Builders - a Lexicogrammar Approach Dylan Viñales 2020-05-05 Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

ESL Intermediate/Advanced Grammar Mary Ellen Munoz Page 2012-05-11 A study guide to English grammar that contains explanations, simple examples, and ample exercises to practice and learn with an answer key at the back of the book.

onomatopoeia 2003 One of the hurdles to overcome when learning to speak Japanese is learning to use onomatopoeia in the way that the Japanese do. This text offers an introduction to the subject for beginners. It defines onomatopoeia, explains its role in Japanese language and culture and gives examples of usage. There are many hurdles to overcome in learning to speak Japanese naturally, but the biggest is learning to use onomatopoeia in the way that the Japanese do: to give nuance or shades of meaning. This text is divided into two parts. The first is an introduction to the subject for

Medical-surgical Nursing Lois White 2002 Medical-Surgical Nursing: An Integrated Approach, 2E examines all aspects of this nursing field, from how and where the health care delivery system is set up, to the nurse's role in care related to IV therapy and diagnostic testing, to legal and ethical responsibilities, communication, and cultural diversity. This revised edition also includes new chapters covering alternative therapies, and responding to emergencies. Case studies, critical thinking questions, and exercises developing care plans encourage students to think beyond the classroom. Full color illustrations, cross-referencing between chapters, and suggested resources are among the many features that will appeal to students. Diagnostic tests are listed alphabetically in chart form making important information about the test, normal values and nursing responsibilities easy to find. Chapter end critical thinking questions help students apply chapter content. "Web Flash" box suggests Internet sites students can consult for additional information. Text includes a glossary, a list of abbreviations and acronyms, a listing of the latest NANDA nursing diagnoses and Standard Precautions

The Military Guide to Financial Independence and Retirement Doug Nordman 2011-06 "Filled with examples, checklists, websites, and a rich collection of appendices that deal with inflation, multiple income streams, and the value of a military pension, this book is essential reading for anyone contemplating retiring from the military"--From publisher's website.

A Guide to Japanese Grammar Mr Tae Kim 2014-01-23 My guide to Japanese grammar has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go.

Remembering the Kanji James W. Heisig 2012 This book focuses on the pronunciation and reading of the Kanji presented in Remembering the Kanji V. 1. The Kanji in this volume are organized into groups based on the building blocks of the characters to facilitate their study.

日本語の文法 Makino, Seiichi 1995 Dictionary of Intermediate Japanese Grammar arranged in dictionary format and accompanied by rich example sentences that will help students of this book be able to acquire the necessary knowledge to master intermediate Japanese

Essential Japanese Vocabulary Akira Miura 2013-08-20 This is a clear, simple and compact guide to colloquial, everyday Japanese. Acquire basic proficiency in spoken Japanese. A streamlined, efficient approach. Perfect for self-learners or classroom use. Includes kanji and kana. Essential Japanese Vocabulary teaches all the Japanese grammar you need to speak and understand simple spoken Japanese. Covering only what is essential, it provides an efficient way for learners who have limited time to gain basic proficiency and begin to communicate naturally with Japanese language speakers. Intended for both self-study and classroom use the guide offers a practical course in colloquial Japanese, but leaves aside forms that are unnecessary or little used as well as those that are more important for written Japanese. In short chapters, it helps the user understand the logic of Japanese grammar, while its straightforward explanations and clear examples make learning as easy as possible. The book includes a glossary of grammatical terms and an index, as well as appendixes on Japanese pronunciation and verb conjugation. In a focused and convenient approach, Essential Japanese Vocabulary is an indispensable tool for beginners just starting to learn Japanese or a handy aid for more experienced learners who wish to refresh their knowledge.
