*Point and Figure Charting* Thomas J. Dorsey 2013-07-17 An up-to-date look at point and figure charting from one of the foremost authorities in the field If you're looking for an investment approach that has stood the test of time—during both bull and bear markets—and is easy enough to learn, whether you're an expert or aspiring investor, then Point and Figure Charting, Fourth Edition is the book for you. Filled with in-depth insights and expert advice, this practical guide will help you grow your assets in any market. In this reliable resource, the world's top point and figure charting expert, Tom Dorsey returns to explain how traders and investors alike can use this classic technique—borne out of the irrefutable laws of supply and demand—to identify and capitalize on market trends. Describes, step-by-step, how to create, maintain, and interpret your own point and figure charts with regard to markets, sectors, and individual securities Explains how to use other indicators, including moving averages, advance-decline

lines, and relative strength to augment point and figure analysis Reveals how to use this approach to track and forecast market prices and develop an overall investment strategy Skillfully explains how to use point and figure analysis to evaluate the strength of international markets and rotate exposure from country to country Today's investment arena is filled with a variety of strategies that never seem to deliver on what they promise. But there is one approach to investment analysis that has proven itself in all types of markets, and it's found right here in Point and Figure Charting, Fourth Edition.

Collision of Destinies Steven L. Benson 2011-11-17 Steve Benson is a pugnacious, outgoing, and athletic twenty-six-year-old. After losing his first professional teaching assignment in Minneapolis, Minnesota, he puts his career on hold and hits the road in a rebuilt Volkswagen. The trip takes him to Ft. Lauderdale, Florida, where he discovers an ad asking for men with mechanical ability to work on ship. He wins the job and moves on board the 185 foot vessel on a promise he be chosen to accompany the newly remodeled vessel to South America. In this travelogue, the Miami-based renovation process is fraught with conflict and deception during which Steve and ten other crewmen survive the hostile work environment long enough to board passengers bound for the Galapagos Islands; where iguanas spit, whales calve, and seals dance in one of the worlds most unique wildlife sanctuaries. It is during this incredible journey that captain Mike of the M/V Buccaneer becomes Stevens father figure, the crew his surrogate family, and Steve moves a giant step closer to becoming a man.
