*The History of al-Tabari Vol. 29* ?abar? 1990-07-12 This volume opens when the caliph al-Mansur has just defeated the rebellion of Muhammad the Pure Soul in 145/762-3 and is now securely established in power. The main concerns of the remaining thirteen years of his reign are the building of his new capital at Baghdad, on which al-Tabari's text contains details not previously published in English, and his efforts to have his nephew 'Isa b. Musa replaced as heir apparent by his own son Muhammad al-Mahdi, a maneuver that required all his political skills. The circumstances of al-Mansur's death in 158/775 are described in vivid detail, and this section is followed by a series of anecdotes, some serious, some humorous, most vivid and lively, that illustrate his character and habits. The last section of the volume describes the reign of al-Mahdi, more pious than his father but also more liberal and open-handed. Along with routine administration, space is devoted to the bizarre intrigues that accompanied the rise and fall of the vizier Ya'qub b. Dawud and the mysterious circumstances of the caliph's own death in 169/785, followed by a short collection of character stories. In addition, the volume also contains important information about warfare on the Byzantine frontier and in Khurasan. A discounted price is available when purchasing the entire 39-volume History of al-Tabari set. Contact SUNY Press for more information.

Heart Softeners Shaykh Muhammad Ibn Salih Al-Uthaymeen 2018-11 In the name of Allah, the Most Merciful and Most Compassionate. Praise to the One Who completed this religion and sent guidance through His Messenger salAllahu 'alayhi wa sallam. To begin: Every so often our daily lives preoccupy us and turn us away from Allah's promise. When we walk out of our homes, turn on the radio, TV, or Internet, we are distracted by the evils we see and hear. As result of immorality and unashamed disobedience, our hearts grow hard and distant from Allah and His Messenger's call. We know the message of Islam is true, but we are weak due to the rigidity of our heart, spirit and mind. In times like these, we need something to penetrate that stiffness. We need a remedy to soften that hardness and the inflexibility of our choices. Disunity and harshness afflicts this Ummah today. Consequently, many people have turned away from brotherhood, caring, and even Islam itself. Their hearts have transformed into dwellings of complete hatred for a sinner, disdain toward the weak Muslim, and jealousy of their successful brother or sister. I have selected some ahaadeeth from the most authentic book after the Qur'aan to soften the hearts in our chests. I used Shaykh Muhammad ibn Saalih Al-

'Uthaymeen's explanations for the ahaadeeth selected. The ahaadeeth selected come from a book in Imam Al-Bukhari's collection titled Riqaq: Heart Softeners. This chapter brings tears to one's eyes, fear to one's mind, and most importantly it diminishes the rigidity in one's heart. I ask Allah to make the translation and compilation solely for His pleasure. I pray to Allah for acceptance of this deed and His mercy in the Hereafter. Abu Aaliyah Abdullah ibn Dwight Battle Ramadan 18th, 1433Doha, Qatar (c)

*The Book of the Jihad of 'Ali ibn Tahir al-Sulami (d. 1106)* Niall Christie 2017-07-05 In 1105, six years after the first crusaders from Europe conquered Jerusalem, a Damascene Muslim jurist named 'Ali ibn Tahir al-Sulami (d. 1106) publicly dictated an extended call to the military jihad (holy war) against the European invaders. Entitled Kitab al-Jihad (The Book of the Jihad), al-Sulami's work both summoned his Muslim brethren to the jihad and instructed them in the manner in which it ought to be conducted, covering topics as diverse as who should fight and be fought, treatment of prisoners and plunder, and the need for participants to fight their own inner sinfulness before turning their efforts against the enemy. Al-Sulami's text is vital for a complete understanding of the Muslim reaction to the crusades, providing the reader with the first contemporary record of Muslim preaching against the crusaders. However, until recently only a small part of the text has been studied by modern scholars, as it has remained for the most part an unedited manuscript. In this book Niall Christie provides a complete edition and the first full English translation of the extant sections (parts 2, 8, 9 and 12) of the manuscript of al-Sulami's work, making it fully available to modern readers for the first time. These are accompanied by an introductory study exploring the techniques that the author uses to motivate his audience, the precedents that influenced his work, and possible directions for future study of the text. In addition, an appendix provides translations of jihad sermons by Ibn Nubata al-Fariqi (d. 985), a

**Names from Africa** Ogonna Chuks-orji 1972 "The giving of names is of great importance in Africa. People are named after events, happenings, great things, the days of the week, or the order in which they were born. For example, if a couple had long wanted a son, in Nigeria they may call him "Ayinde" (Yoruba), meaning the one we prayed for. In Ghana, if a boy is born on Saturday he is called "Kwame" (Akan). In Tanzania, the second born of twins will be called "Doto" (Zaramo). People have asked me whether names like James, Gary, or Francis could be translated into African form. There is no direct translation from English names to African, but if we go back to the original meaning of an English name, we can often find an African equivalent. For example, the English Theodore and the Ibo "Okechuku" both mean "God's gift."--From preface.

**The End of India** Khushwant Singh 2017-10-25 'I thought the nation was coming to an end' When Khushwant Singh witnessed the violence of Partition nearly seventy years ago, he believed that he had seen the worst that India could do to herself. But after the carnage in Gujarat in 2002, he had reason to feel that the worst, perhaps, was still to come. Analysing the communal violence in Gujarat in 2002, the anti-Sikh riots of 1984, the burning of Graham Staines and his children, the targeted killings by terrorists in Punjab and Kashmir, Khushwant Singh forces us to confront the absolute corruption of religion that has made us among the most brutal people on earth. He also points out that fundamentalism has less to do with religion than with politics. And communal politics, he reminds us, is only the most visible of the demons we have nurtured and let loose upon ourselves. A brave and passionate book, The End of India is a wake-up call for every citizen concerned about his or her own future, if not the nation's.

Inspired by the teachings of Islam, names fulfill the cherished ambitions of a true Muslim. Unfortunately, a large number of Muslims with names of Arabic or Persian origin are unaware of their meaning and their bearing on Islamic heritage. Many parents select names for their children consisting of uncommon Arabic words with phonetic effect. But these meanings are often devoid of any religious meaning or cultural resonance. In *The Dictionary of Muslim Names*, Salahuddin Ahmed provides a helpful and substantive guide to common and less-common Muslim names. This lively and informative dictionary lists the original Arabic, Persian, or Turkish spelling, as well as a precise English transliteration. The names' meaning and bearing on Islamic heritage or world history are referenced, along with historical figures who bore the name - an Imaam, a Sultan, a saint - and accompanying examples"--Back cover.

**What the Koran Really Says** Ibn Warraq 2002 Islam has worldwide influence, and even in the United States is experiencing a period of unprecedented growth. Its sacred book, the Koran, is the subject of voluminous commentary, yet it rarely receives the kind of objective critical scrutiny that has been applied to the texts of the Bible for over a century. To correct this neglect of objective scholarship, this author has assembled an excellent collection of critical commentaries on the Koran published by noted scholars from the beginning of the 20th century to recent times. These important studies, as well as his own lengthy introduction, show that little about the text of the Koran can be taken at face value. Among the fascinating topics discussed is evidence that early Muslims did not understand Muhammad's original revelation, that the ninth-century explosion of literary activity was designed to organize and make sense of an often incoherent text, and that much of the traditions surrounding Muhammad's life were fabricated long after his death in an attempt to give meaning to the Koran. Also of interest are suggestions that Coptic and other Christian sources heavily influenced much of the text and that some passages reflect even an Essenian background reaching back to the community of the Dead Sea Scrolls. This outstanding volume will be a welcome resource to interested lay readers and scholars alike.
