The Last of the Red-Hot Vampires Katie MacAlister 2021-11-19

Vienna Psychoanalytic Society Wiener Psychoanalytische Vereinigung 2008 Wien und die Psychoanalyse stehen in einer engen Verbindung - nicht zuletzt aufgrund des Wirkens Sigmund Freuds in dieser Stadt. Das 100-jährige Bestehen der Wiener Psychoanalytischen Vereinigung ist ein willkommener Anlass, die Geschichte des Vereins anhand seiner Mitglieder erstmals ausführlich in einem Bildband zu dokumentieren. Die Vereinigung, die aus der mittlerweile als legendär zu bezeichnenden, 1902 gegründeten Mittwoch-Gesellschaft hervorging, wurde 1938 zerstört und nach dem Ende der NS-Herrschaft 1946 neu gegründet. Vorgestellt werden sämtliche Mitglieder; das Herzstück bilden die ausführlicheren Biografien der 149 Mitglieder bis 1938 - vor allem, um jene, die die nationalsozialistische Gewaltherrschaft nicht überlebten, dem Vergessen zu entreißen und zu würdigen, aber auch um denen zu danken, die die Wiener Psychoanalytische Vereinigung wieder zu einem festen Bestandteil in Wien machten.

A Valley in Italy Lisa St. Aubin de Teran 1995-04-28 Of all the romantic obsessions in novelist Lisa St Aubin de Teran's life, the search for a castle occupied her the longest--until she saw the magnificent Villa Orsola deep in the Umbrian hills. Only after eagerly signing the ownership papers did she and her husband, painter Robbie Duff-Scott, discover they were the owners of a vast ruin lacking windowpanes, parts of the roof, and other essentials. A Valley in Italy recounts its restoration in the grand style of impossible house and the charms of bohemian family life. It also offers a rare portrait of the life of a Italian village, where "all things are made to be as enjoyable as possible." " Lisa St Aubin de Teran's

intuitive sense of place, her affection for the people around her, and her appreciation for native Italian grace make this a memorable book that can stand beside the best accounts of Italian life.

Neuropsychotherapy Klaus Grawe 2017-09-25 Neuropsychotherapy is intended to inspire further development and continual empirical updating of consistency theory. It is essential for psychotherapists, psychotherapy researchers, clinical psychologists, psychiatrists, neuroscientists, and mental-health professionals. Profoundly important and innovative, this volume provides necessary know-how for professionals as it connects the findings of modern neuroscience to the insights of psychotherapy. Throughout the book, a new picture unfolds of the empirical grounds of effective psychotherapeutic work. Author Klaus Grawe articulates a comprehensive model of psychological functioning-consistency theory-and bridges the gap between the neurosciences and the understanding of psychological disorders and their treatment. Neuropsychotherapy illustrates that psychotherapy can be even more effective when it is grounded in a neuroscientific approach. Cutting across disciplines that are characteristically disparate, the book identifies the neural foundations of various disorders, suggests specific psychotherapeutic conclusions, and makes neuroscientific knowledge more accessible to psychotherapists. The book's discussion of consistency theory reveals the model is firmly connected to other psychological theoretical approaches, from control theory to cognitive-behavioral models to basic need theories.

The Janus Faces of Genius Betty Jo Teeter Dobbs 1991 A landmark study of the 'founder of modern science'.

A New German Idealism Adrian Johnston 2018-05-01 In 2012, philosopher and public intellectual Slavoj Žižek published what arguably is his magnum opus, the one-thousand-page tome *Less Than Nothing: Hegel and the Shadow of Dialectical Materialism*. A sizable sequel appeared in 2014, *Absolute Recoil: Towards a New Foundation of Dialectical Materialism*. In these two books, Žižek returns to the German idealist G. W. F. Hegel in order to forge a new materialism for the twenty-first century. Žižek's reinvention of Hegelian dialectics explores perennial and contemporary concerns: humanity's relations with nature, the place of human freedom, the limits of rationality, the roles of spirituality and religion, and the prospects for radical sociopolitical change. In *A New German Idealism*, Adrian Johnston offers a first-of-its-kind sustained critical response to *Less Than Nothing* and *Absolute Recoil*. Johnston, a leading authority on and interlocutor of Žižek, assesses the recent return to Hegel against the backdrop of Kantian and post-Kantian German idealism. He also presents alternate reconstructions of Hegel's positions that differ in important respects from Žižek's version of dialectical materialism. In particular, Johnston criticizes Žižek's deviations from the secular naturalism and Enlightenment optimism of his chosen sources of inspiration: not only Hegel, but Karl Marx and Sigmund Freud too. In response, Johnston develops what he calls transcendental materialism, an antireductive and leftist materialism capable of preserving and advancing the core legacies of the Hegelian, Marxian, and Freudian traditions central to Žižek.

Wallenstein's Tod / Death of Wallenstein Friedrich Schiller 2004 This is the third and final part of the Wallenstein trilogy by German playwright and mastermind Friedrich Schiller. The work as a whole produced a profound impression, and it is certainly Schiller's masterpiece in dramatic literature. He brings out with extraordinary vividness the ascendancy of Wallenstein over the wild troops whom he has gathered around him, and at the same time we are made to see how the mighty general's schemes must necessarily end in ruin, not merely because a plot against him is skilfully prepared by vigilant enemies, but because he himself is lulled into a sense of security by superstitious belief in his supposed destiny as revealed to him by the stars. Wallenstein is the most subtle and complex of Schiller's dramatic conceptions, and it taxes the powers of the greatest actors to present an adequate rendering of the motives which explain his strange and dark career. The love-story of Max Piccolomini and Thekla is in its

own way not less impressive than the story of Wallenstein with which it is interwoven. This is the bilingual edition of this literary masterpiece including the English and German versions of the play.

Morning Hours Moses Mendelssohn 2011-02-01 The last work published by Moses Mendelssohn during his lifetime, *Morning Hours* (1785) is also the most sustained presentation of his mature epistemological and metaphysical views, all elaborated in the service of presenting proofs for the existence of God. But *Morning Hours* is much more than a theoretical treatise. It also plays a central role in the drama of the *Pantheismusstreit*, Mendelssohn's "dispute" with F. H. Jacobi over the nature and scope of Lessing's attitude toward Spinoza and "pantheism". As the latest salvo in a war of texts with Jacobi, *Morning Hours* is also Mendelssohn's attempt to set the record straight regarding his beloved Lessing in this connection, not least by demonstrating the absence of any practical (i.e., religious or moral) difference between theism and a "purified pantheism".

Where Have All the Soldiers Gone? James J. Sheehan 2009 A critical study of the tumultuous history of Europe during the twentieth century analyzes how the continent's repudiation of violence in the wake of World War II has affected the region, led to a rejection of defense budgets in favor of social stability and economic growth, and caused a growing rift between the U.S. and Europe. Reprint.

Anachronism and Antiquity Tim Rood 2020-02-06 This book is a study both of anachronism in antiquity and of anachronism as a vehicle for understanding antiquity. It explores the post-classical origins and changing meanings of the term 'anachronism' as well as the presence of anachronism in all its forms in classical literature, criticism and material objects. Contrary to the position taken by many modern philosophers of history, this book argues that classical antiquity had a rich and varied understanding of historical difference, which is reflected in sophisticated notions of anachronism. This central hypothesis is tested by an examination of attitudes to temporal errors in ancient literary texts and chronological writings and by analysing notions of anachronistic survival and multitemporality. Rather than seeing a sense of anachronism as something that separates modernity from antiquity, the book suggests that in both ancient writings and their modern receptions chronological rupture can be used as a way of creating a dialogue between past and present. With a selection of case-studies and theoretical discussions presented in a manner suitable for scholars and students both of classical antiquity and of modern history, anthropology, and visual culture, the book's ambition is to offer a new conceptual map of antiquity through the notion of anachronism.

Mastering the Art of French Cooking Julia Child 1976 Anyone can cook in the French manner anywhere, wrote Mesdames Beck, Bertholle, and Child, with the right instruction. And here is the book that, for forty years, has been teaching Americans how. *Mastering the Art of French Cooking* is for both seasoned cooks and beginners who love good food and long to reproduce at home the savory delights of the classic cuisine, from the historic Gallic masterpieces to the seemingly artless perfection of a dish of spring-green peas. This beautiful book, with more than one hundred instructive illustrations, is revolutionary in its approach because: It leads the cook infallibly from the buying and handling of raw ingredients, through each essential step of a recipe, to the final creation of a delicate confection. It breaks down the classic cuisine into a logical sequence of themes and variations rather than presenting an endless and diffuse catalogue of recipes; the focus is on key recipes that form the backbone of French cookery and lend themselves to an infinite number of elaborations bound to increase anyone's culinary repertoire.

Asiatische Banise Heinrich Anshelm von Ziegler und Kliphausen 1965

Going Forth by Day Bill Viola 2002 Introduction by John G. Hanhardt.

The Reel Middle Ages Kevin J. Harty 2015-08-13 Those tales of old—King Arthur, Robin Hood, The Crusades, Marco Polo, Joan of Arc—have been told and retold, and the tradition of their telling has been gloriously upheld by filmmaking from its very inception. From the earliest of Georges Méliès's films in 1897, to a 1996 animated Hunchback of Notre Dame, film has offered not just fantasy but exploration of these roles so vital to the modern psyche. St. Joan has undergone the transition from peasant girl to self-assured saint, and Camelot has transcended the soundstage to evoke the Kennedys in the White House. Here is the first comprehensive survey of more than 900 cinematic depictions of the European Middle Ages—date of production, country of origin, director, production company, cast, and a synopsis and commentary. A bibliography, index, and over 100 stills complete this remarkable work.

The Education of the Stoic Fernando Pessoa 2005 In 1999, translator Richard Zenith made a new find in the Pessoa archive in Lisbon: a group of prose writings by a previously unknown heteronym, the Baron of Teive.' The Portuguese volume of these writings has been received by scholars as a crucial piece of the puzzle that is Pessoa's oeuvre. The Education of the Stoic is the unique work left by the Baron of Teive, who, after destroying all his previous literary attempts and before destroying himself, explains 'the impossibility of producing superior art.' It is the dark companion piece to *The Book of Disquiet*.'

The Americanization of the World William Thomas Stead 1902

Zitty 2004

The Strange Last Voyage of Donald Crowhurst Nicholas Tomalin 2017-10-03 In early 1968, desperate entrepreneur Donald Crowhurst was trying to sell a nautical navigation device he had developed when he saw that the Sunday Times would be sponsoring the Golden Globe Race, the first ever solo, round-the-world sailing competition. An avid amateur sailor, Crowhurst sensed a marketing opportunity and shocked the world by entering the competition using an untested trimaran of his own design. Shock soon turned to amazement when he quickly took the lead, checking in by radio message from locations far ahead of his seasoned competitors. But on July 10, 1969, roughly eight months after he had sailed from England--and less than two weeks from his expected triumphant return--his wife was informed that his boat, the Teignmouth Electron, had been discovered drifting quietly, abandoned in the middle of the Atlantic Ocean. Crowhurst was missing, assumed drowned. How did he come to such an end when his race had begun with such incredible promise? In this masterpiece of investigative journalism, Nicholas Tomalin and Ron Hall reconstruct one of the greatest modern stories of one man's descent into self-delusion, public deception, and madness. Based on in-depth interviews with Crowhurst's family and friends, combined with gripping excerpts from his logbooks that revealed (among other things) he had been falsifying his locations all along, Tomalin and Hall paint an unforgettable, haunting portrait of a complex, deeply troubled man and his final fateful journey.

Joseph Beuys, the Multiples Joseph Beuys 1997 Edited by Jarg Schellmann. Essays by Dierk Stemmler, Joan Rothfuss, Jarg Schellmann and Peter Nisbet. Afterword by James Cuno and Kathy Halbreich.

e-topia William J. Mitchell 1999-08-19 How an electronically connected world will shape cities and urban relationships of the future. The global digital network is not just a delivery system for email, Web pages, and digital television. It is a whole new urban infrastructure—one that will change the forms of our cities as dramatically as railroads, highways, electric power supply, and telephone networks did in the past. In this lucid, invigorating book, William J. Mitchell examines this new infrastructure and its implications for our future daily lives. Picking up where his best-selling *City of Bits* left off, Mitchell argues that we must extend the definitions of architecture and urban design to encompass virtual places as well as physical

ones, and interconnection by means of telecommunication links as well as by pedestrian circulation and mechanized transportation systems. He proposes strategies for the creation of cities that not only will be sustainable but will make economic, social, and cultural sense in an electronically interconnected and global world. The new settlement patterns of the twenty-first century will be characterized by live/work dwellings, 24-hour pedestrian-scale neighborhoods rich in social relationships, and vigorous local community life, complemented by far-flung configurations of electronic meeting places and decentralized production, marketing, and distribution systems. Neither digiphile nor digiphobe, Mitchell advocates the creation of e-topias—cities that work smarter, not harder.

The Selected Prose of Fernando Pessoa Fernando Pessoa 2007-12-01 A selection of prose by “Portugal’s greatest writer of the twentieth century . . . as addictive, and endearing, as Borges and Calvino” (The Washington Post Book World). Building on the wonderful *Fernando Pessoa & Co.: Selected Poems*, which was acclaimed by Booklist as “a beautiful one-volume course in the soul of the twentieth century,” translator Richard Zenith has now edited and translated selections from Pessoa’s prose, offering a second volume of this forgotten master’s flights of imagination and melancholy wit. Though known primarily as a poet, Pessoa wrote prose in several languages and every genre—the novel, short stories, letters, and essays. The pieces collected here span intellectual inquiry, Platonic dialogue, and literary rivalries between Pessoa’s many alter egos—a diverse cast of literary voices he called ‘heteronyms’—who launch movements and write manifestos. There are appreciations of Shakespeare, Dickens, Wilde, and Joyce; critical essays in which one heteronym derides the work of another; experiments with automatic writing; and works that toy with the occult. Also included is a generous selection from Pessoa’s masterpiece, *The Book of Disquiet*, freshly translated by Richard Zenith from newly discovered materials. Fernando Pessoa was one of the greatest exponents of modernism. *The Selected Prose of Fernando Pessoa* is an important contribution to literature that brings back to life a forgotten but crucial part of the canon.

Recalculating Charles Bernstein 2018-05-02 The poems in *Recalculating* take readers on a journey through the history and poetics of the decades since the end of the Cold War as seen through the lens of social and personal turbulence and tragedy.

Foe Into Friend Marion Dönhoff (Gräfin.) 1982

House of Tides Kenneth White 2000 White’s latest work is an extraordinary hybrid of intimate autobiography, social commentary, live literary theory, geopoetic fieldwork, oceanic poem, quiet cultural manifesto, all rolled into one. His account of his journey up through England to Scotland is not only a humorous sociological analysis, it is a heartfelt homecoming, accompanied by the opening up of new intellectual and cultural perspectives.

Germany Neil MacGregor 2015-09-29 For the past 140 years, Germany has been the central power in continental Europe. Twenty-five years ago a new German state came into being. How much do we really understand this new Germany, and how do its people understand themselves? Neil MacGregor argues that, uniquely for any European country, no coherent, overarching narrative of Germany’s history can be constructed, for in Germany both geography and history have always been unstable. Its frontiers have constantly shifted. Königsberg, home to the greatest German philosopher, Immanuel Kant, is now Kaliningrad, Russia; Strasbourg, in whose cathedral Wolfgang von Goethe, Germany’s greatest writer, discovered the distinctiveness of his country’s art and history, now lies within the borders of France. For most of the five hundred years covered by this book Germany has been composed of many separate political units, each with a distinct history. And any comfortable national story Germans might have told themselves before 1914 was destroyed by the events of the following thirty years. German history may

be inherently fragmented, but it contains a large number of widely shared memories, awarenesses, and experiences; examining some of these is the purpose of this book. MacGregor chooses objects and ideas, people and places that still resonate in the new Germany—porcelain from Dresden and rubble from its ruins, Bauhaus design and the German sausage, the crown of Charlemagne and the gates of Buchenwald—to show us something of its collective imagination. There has never been a book about Germany quite like it.

Emma, etc Jane Austen 1841

Hannah Arendt Irving Horowitz 2017-07-28 Hannah Arendt: Radical Conservative paints a broad picture of the personal traits and professional achievements in the work of an extremely complex iconographic figure in twentieth-century intellectual life. Writing about Hannah Arendt is an exercise in the biographic intersecting with the academic. It is an effort to bring together contexts of work with contents of thought. This volume was written in response to continuing interest in her work and also to the bitter and sometimes emotional attacks of her toughest critics. Horowitz emphasizes her unique contributions to political philosophy. Hannah Arendt has been described in many ways. She has been called a feminist, a dedicated worker for and writer about Jewish causes, a German advocate of its highest aspirations and assumed superiority to just about any other linguistic and national tradition, and a person whose very name is identified with anti-Nazism. Irving Louis Horowitz conveys the passion Hannah Arendt's scholarship has elicited as well as the diversity of her writings. Hannah Arendt's career is a lesson in the life of the human mind. Her reflections on our political universe are both interesting and compelling. Those who identify themselves firmly within a single tradition or culture may escape the problem of relativism, but they also suffer the problem of absolutism. This long-standing tension between traditions, cultures, and systems is what Horowitz has taken from Arendt's writings. Her sense of nuance has made her a compelling figure in twentieth-century ideas and a controversial voice well into the twenty-first century.

Alternative Politische Organisation - APO 4.0? 2019-12-09 Fridays for Future, Ende Gelände, Unteilbar auf der einen, die, wenn auch nur noch überschaubare, Permanenz von »PEGIDA« und die auf Öffentlichkeitswirkung ausgerichteten rechtsradikalen Provokationen der neurechten »Identitären« auf der anderen Seite: Die Gesellschaft ist wieder in Bewegung geraten. Neue und alte Akteure, Ideen, und Konfliktlinien werden wieder stärker außerhalb des Parlamentes, außerhalb der Parteien verhandelt. Und das nicht nur in Deutschland, sondern international, wie die Präsidentschaftswahl in der Ukraine und die jüngsten Proteste der Gelbwesten in Frankreich und gegen die Regierung Viktor Orbans in Ungarn zeigen. Der Titel »APO 4.0« stellt dabei den Versuch dar, Vergangenheit und Gegenwart des Protestes in der Geschichte der Bundesrepublik zu verhandeln. »APO« verweist auf den Namensgeber der »Außerparlamentarischen Opposition« und jene im Nachgang auf die Chiffre »1968« verkürzte Zeitspanne, als eine nachrückende Generation kritischer Jugendlicher sich gegen die von den Älteren postulierten Sachzwänge und Alternativlosigkeiten zur Wehr setzte. Der Zusatz »4.0« verweist ebenfalls auf darauf, dass die heutigen Proteste in einer Nachkriegs-Traditionslinie mit den früheren APOs der Kampf dem Atomtod-Kampagne Ende der 1950er Jahre, der Studentenbewegung und ihrer Ausläufer in den 1960er und 1970er Jahren und der Bürgerbewegung in der DDR 1989/90 stehen, und markiert zudem die Bedeutung des Internets für aktuelle Mobilisierungen. Was also ist »neu« an der aktuellen APO? Welche Inhalte, Akteure, Praktiken kennzeichnen die Protestkultur im 21. Jahrhundert? Und was bedeutet die APO 4.0 für die Demokratie?

Italien Gianluca Falanga 2012-03-30 Spätestens seit Goethes Italien-Reise blicken die Deutschen sehnsüchtig nach Süden, auf das Land, in dem die Zitronen blühen. Inzwischen haben sich Millionen

Deutsche ihren Traum erfüllt, ob als Pauschalтуриist am Strand von Rimini oder als Wein- und Kunstfreund in der Toskana. Die Klischees vom Dolce Vita sind so zahlreich wie die von den Schattenseiten Italiens, von allgegenwärtiger Korruption, innerstädtischen Müllbergen und ehrenwerten Mafiosi. Für Gianluca Falanga dagegen ist die italienische Gesellschaft eine lebendige Vielfalt unterschiedlichster Kulturen und Lebensstile, in der Avantgarde und Rückständigkeit, Leidenschaft und Apathie, Anmut und Brutalität nebeneinander bestehen. Falanga führt durch die chaotischen Zustände seines Heimatlandes, erzählt von der Geschichte und politischen Kultur Italiens, vom Alltag und dem Zusammenleben seiner Landsleute. Ein Kompass für alle Italien-Liebhaber.

McCarthy's Bar Pete McCarthy 2014-03-18 "It was half past five in the morning as I lurched through the front door of the B&B. Mrs. O'Sullivan appeared just in time to see me pause to admire the luminous Virgin holy water stand with integral night-light, and knock it off the wall. Politely declining the six rounds of ham sandwiches on the tray she was holding, I edged gingerly along the hallway to the wrong bedroom door and opened it." Despite the many exotic places Peter McCarthy has visited, he finds that nowhere else can match the particular magic of Ireland, his mother's homeland. In McCarthy's Bar, his journey begins in Cork and continues along the west coast to Donegal in the north. Traveling through spectacular landscapes, but at all times obeying the rule, "never pass a bar that has your name on it," he encounters McCarthy's bars up and down the land, meeting fascinating people before pleading to be let out at four o'clock in the morning. Through adventures with English hippies who have colonized a desolate mountain; roots-seeking, buffet-devouring American tourists; priests for whom the word "father" has a loaded meaning; enthusiastic Germans who "here since many years holidays are making;" and his fellow barefoot pilgrims on an island called Purgatory, Peter pursues the secrets of Ireland's global popularity and his own confused Irish-Anglo identity. Written by someone who is at once an insider and an outsider, McCarthy's Bar is a wonderfully funny and affectionate portrait of a rapidly changing country.

Free, Fair, and Alive David Bollier 2019-09-03 Free, Fair, and Alive is a penetrating cultural critique, table-pounding political treatise, and practical playbook for "commoning" -- free, self-organizing systems ranging from alternative currencies to open-source everything. It presents a bold and compelling alternative to the dead-end, predatory market-state system.

Werke August Strindberg 1921

Code Gerfried Stocker 2003 Edited by Gerfried Stocker and Christine Schepf. Essays by Peter J. Bentley, Erkki Huhtamo, Friedrich Kittler and Pierre Levy.

Patterns of Commoning David Bollier 2015-11-06 What accounts for the persistence and spread of "commoning," the irrepressible desire of people to collaborate and share to meet everyday needs? How are the more successful projects governed? And why are so many people embracing the commons as a powerful strategy for building a fair, humane and Earth-respecting social order? In more than fifty original essays, Patterns of Commoning addresses these questions and probes the inner complexities of this timeless social paradigm. The book surveys some of the most notable, inspiring commons around the world, from alternative currencies and open design and manufacturing, to centuries-old community forests and co-learning commons - and dozens of others. David Bollier (www.bollier.org) is an American author, activist and independent scholar who has studied the commons for nearly twenty years. Silke Helfrich (commonsblog.wordpress.com) is a German author and independent activist of the commons who blogs at www.commonsblog.de, and cofounder of the Commons-Institut in Germany. With Michel Bauwens, Bollier and Helfrich are cofounders of the Common Strategies Group. For more information, go to the book's website, Patterns of Commoning (www.patternsofcommoning.org)

Passenger to Teheran Victoria Sackville-West 1926

Damnation Peter Beck 2018-02-01 Dead clients are bad for business, something that Tom Winter, head of security at a private Swiss bank, knows only too well. When a helicopter explosion kills a valuable client and a close colleague, Winter teams up with the mysterious Egyptian businesswoman Fatima Hakim to expose the truth behind their deaths. Together they follow the money trail around the world and back into the Swiss mountains, the NSA watching their every move. As they start closing in on the truth, Winter and Fatima turn from being the hunters to the hunted, finding themselves in a deadly, high-stakes race against the clock.

Life Intense Tristan Garcia 2018-08-13 Our lives today are oppressed by the demand that we live, feel and experience with ever greater intensity. We are enticed to try exotic flavors and smells; urged to enjoy a wide range of sexual experiences; pushed to engage in extreme sports and recreational drugs - all in the pursuit of some new, unheard-of intensity. Tristan Garcia argues that such intensity rarely lives up to its promise. It always comes at a price: one that defines the ethical predicament of contemporary life. The notion of intensity was the hidden key to Garcia's landmark book *Form and Object*. In *The Life Intense*, the first part of his ambitious *Letting Be* trilogy, he begins to develop it in detail. This first book focuses on ethics; the forthcoming volumes will be devoted to politics and then metaphysics.

The Most Beautiful Villages of Scotland Hugh Palmer 2004 A collection of lavish photographs celebrates some of Scotland's most scenic glens and lochs, in a tribute that features such subjects as the picturesque fishing village of Auchmithie, the Edinburgh-surrounded community of Dean Village, and the island port-village of Tobermory on Mull. 15,000 first printing. BOMC.
