Into the War Italo Calvino 2014 "These three stories, set during the summer of 1940, draw on Italo Calvino's memories of his own adolescence during the Second World War, too young to be forced to fight in Mussolini's army but old enough to be conscripted into the Italian youth brigades. The callow narrator of these tales observes the mounting unease of a city girding itself for war, the looting of an occupied French town, and nighttime revels during a blackout. Appearing here in its first English translation, *Into the War* is one of Calvino's only works of autobiographical fiction. It offers both a glimpse of this writer's extraordinary life and a distilled dram of his wry, ingenious literary voice."--from cover, page [4].

Marcovaldo Italo Calvino 2012-10-26 A charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life. Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece "conveys the sensuous, tangible qualities of life" (The New York Times).

Hermit in Paris Italo Calvino 2014 "The posthumously published collection *Hermit in Paris* draws together an array of Italo Calvino's autobiographical writings that provide an illuminating and unexpectedly intimate portrait of one of the postwar era's most inventive and fascinating writers. In these pages, Calvino recounts his experiences in Italy's antifascist resistance, pays homage to his influences, traces the evolution of his literary style, and, in one of the book's most humorous and entertaining sections, provides a wry commentary on his travels in the United States in 1959 and 1960"--

Invisible Cities Italo Calvino 2013-08-12 Italo Calvino's beloved, intricately crafted novel about an Emperor's travels—a brilliant journey across far-off places and distant memory.

"Cities, like dreams, are made of desires and fears, even if the thread of their discourse is secret, their rules are absurd, their perspectives deceitful, and everything conceals something else." In a garden sit the aged Kublai Khan and the young Marco Polo—Mongol emperor and Venetian traveler. Kublai Khan has sensed the end of his empire coming soon. Marco Polo diverts his host with stories of the cities he has seen in his travels around the empire: cities and memory, cities and desire, cities and designs, cities and the dead, cities and the sky, trading cities, hidden cities. As Marco Polo unspools his tales, the emperor detects these fantastic places are more than they appear.

Our Ancestors Italo Calvino 2010-12-23 Viscount Medardo is bisected by a Turkish cannonball on the plains of Bohemia; Baron Cosimo, at the age of twelve, retires to the trees for the rest of his days; Charlemagne's knight, Agiluf, is an empty suit of armour. These three vivid images are the points of departure for Calvino's classic triptych of moral tales, now published in one volume and all displaying the exuberant talent of a master storyteller.

Their powers of speech are magically taken from them and instead they have only tarot cards with which to tell their tales. Mr. Palomar Italo Calvino 1986-09-22 A novel of a delightful eccentric on a search for truth, by the renowned author of *Invisible Cities*. In The New York Times Book Review, the poet Seamus Heaney praised Mr. Palomar as a series of "beautiful, nimble, solitary feats of imagination." Throughout these twenty-seven intricately structured chapters, the musings of the crusty Mr. Palomar consistently render the world sublime and ridiculous. Like the telescope for which he is named, Mr. Palomar is a natural observer. "It is only after you have come to know the surface of things," he believes, "that you can venture to seek what is underneath." Whether contemplating a fine cheese, a hungry gecko, or a topless sunbather, he tends to let his meditations stray from the present moment to the great beyond. And though he may fail as an objective spectator, he is the best of company. "Each brief chapter reads like an exploded haiku," wrote Time Out. A play on a world fragmented by our individual perceptions, this inventive and irresistible novel encapsulates the life's work of an artist of the highest order, "the greatest Italian writer of the twentieth century" (The Guardian).

Todos los relatos tienen el mismo protagonista, Marcovaldo, y siguen más o menos el mismo esquema. El texto de presentación dice: ;En medio de la ciudad de cemento y asfalto, Marcovaldo va en busca de la Naturaleza. Pero ¿aún existe? La que él encuentra es una naturaleza rencorosa, contrahecha, comprometida con la vida artificial. Personaje bufo y melancólico, Marcovaldo protagoniza una serie de fábulas modernas;, es la última encarnación de una serie de cándidos héroes pobre diablos a lo Charlot, con una particularidad: la de ser un ;hombre de la Naturaleza;, un ;Buen Salvaje; exiliado en la ciudad industrial. ¿Libro para niños? ¿Libro para jóvenes? ¿Para adultos? O más bien, ¿es un libro en el que el autor expresa su propia relación, perpleja e interrogante, con el mundo?». Italo Calvino

A Permanent Member of the Family Russell Banks 2013-11-12 Suffused with Russell Banks's trademark lyricism and reckless humor, the twelve stories in *A Permanent Member of the Family* examine the myriad ways we try—and sometimes fail—to connect with one another, as we seek a home in the world. In the title story, a father looks back on the legend of the cherished family dog whose divided loyalties mirrored the fragmenting of his marriage. "A Former Marine" asks, to chilling effect, if one can ever stop being a parent. And in the haunting, evocative "Veronica," a mysterious woman searching for her daughter may not be who she claims she is. Moving between the stark beauty of winter in upstate New York and the seductive heat of Florida, Banks's acute and penetrating collection demonstrates the range and virtuosity of both his narrative prowess and his startlingly panoramic vision of modern American life.

An Amateur's Guide to the Night Mary Robison 2019-02-12 "Mary Robison's short stories are short, subtle, and substantial . . . Her ironic sense of detail bursts from every sentence." —*Vogue* *An Amateur's Guide to the Night* stands as a perfect example of Mary Robison's beloved narrative style: purposeful, clipped, and devastating in its restraint. Reflecting on the life of disaffected youth, these stories speculate on how they often manage to remain deferent towards the rest of society—and document how spectacularly they often fail. "These thirteen stories are glimpses from a moving train into lit parlors, dinettes, bedrooms and dens . . . Think of Robison as the engineer, blowing the whistle, calling the stops and starts; invisible when you want to ask her why we're stalled here in the middle of nowhere, between stations, jobs, relationships and decisions." —*Los Angeles Times*

Italo Calvino's Animals Serenella Iovino 2021-09-23 The words 'Anthropocene animals' conjure pictures of dead albatrosses' bodies filled with plastic fragments, polar bears adrift on melting ice sheets, solitary elephants in the savannah. Suspended between the impersonal nature of the Great Extinction and the singularity of exotic individuals, these creatures appear remote,

disconnected from us. But animals in the Anthropocene are not simply 'out there.' Threatening and threatened, they populate cities and countryside, often trapped in industrial farms, zoos, labs. Among them, there are humans, too. Italo Calvino's *Animals* explores Anthropocene animals through the visionary eyes of a classic modern author. In Calvino's stories, ants, cats, chickens, rabbits, gorillas, and other critters emerge as complex subjects and inhabitants of a world under siege. Beside them, another figure appears in the mirror: that of an anthropos without a capital A, epitome of subaltern humans with their challenges and inequalities, a companion species on the difficult path of co-evolution.

Illustrating Calvino's novel are high quality photographs of the 15th c Visconti Tarot deck, the oldest known surviving deck in existence. The Visconti deck is dispersed between the Pierpont Morgan Library, the Accademia Carrara in Bergamo, and others are in a private collection. An essay by Sergio Samek Ludovici discusses the game of Tarots and the history of the Visconti-Sforza Packs.
