The State of Affairs Esther Perel 2017-10-10 Iconic couples' therapist and bestselling author of *Mating in Captivity* Esther Perel returns with a provocative look at relationships through the lens of infidelity. An affair: it can rob a couple of their relationship, their happiness, their very identity. And yet, this extremely common human experience is so poorly understood. What are we to make of this time-honored taboo—universally forbidden yet universally practiced? Why do people cheat—even those in happy marriages? Why does an affair hurt so much? When we say infidelity, what exactly do we mean? Do our romantic expectations of marriage set us up for betrayal? Is there such a thing as an affair-proof marriage? Is it possible to love more than one person at once? Can an affair ever help a marriage? Perel weaves real-life case stories with incisive psychological and cultural analysis in this fast-paced and compelling book. For the past ten years, Perel has traveled the globe and worked with hundreds of couples who have grappled with infidelity. Betrayal hurts, she writes, but it can be healed. An affair can even be the doorway to a new marriage—with the same person. With the right approach, couples can grow and learn from these tumultuous experiences, together or apart. Affairs, she argues, have a lot to teach us about modern relationships—what we expect, what we think we want, and what we feel entitled to. They offer a unique window into our personal and cultural attitudes about love, lust, and commitment. Through examining illicit love from multiple angles, Perel invites readers into an honest, enlightened, and entertaining exploration of modern marriage in its many variations. Fiercely intelligent, *The State of Affairs* provides a daring framework for understanding the intricacies of love and desire. As Perel observes, “Love is messy; infidelity more so. But it is also a window, like no other, into the crevices of the human

heart.”

Skin Folk Nalo Hopkinson 2015-01-27 World Fantasy Award Winner: Fiction that “combines a richly textured multicultural background with incisive storytelling,” by the author of *The Salt Roads* (Library Journal). In *Skin Folk*, with works ranging from science fiction to Caribbean folklore, passionate love to chilling horror, Nalo Hopkinson is at her award-winning best spinning tales like “Precious,” in which the narrator spews valuable coins and gems from her mouth whenever she attempts to talk or sing. In “A Habit of Waste,” a self-conscious woman undergoes elective surgery to alter her appearance; days later she’s shocked to see her former body climbing onto a public bus. In “The Glass Bottle Trick,” the young protagonist ignores her intuition regarding her new husband’s superstitions—to horrifying consequences. Hopkinson’s unique and vibrant sense of pacing and dialogue sets a steady beat for stories that illustrate why she received the 1999 John W. Campbell Award for Best New Writer. Entertaining, challenging, and alluring, *Skin Folk* is not to be missed.

Blended Learning in Higher Education D. Randy Garrison 2011-09-09 This groundbreaking book offers a down-to-earth resource for the practical application of blended learning in higher education as well as a comprehensive examination of the topic. Well-grounded in research, *Blended Learning in Higher Education* clearly demonstrates how the blended learning approach embraces the traditional values of face-to-face teaching and integrates the best practices of online learning. This approach has proven to both enhance and expand the effectiveness and efficiency of teaching and learning in higher education across disciplines. In this much-needed book, authors D. Randy Garrison and Norman D. Vaughan present the foundational research, theoretical framework, scenarios, principles, and practical guidelines for the redesign and transformation of the higher education curriculum. *Blended Learning in Higher Education*

Outlines seven blended learning redesign principles Explains the professional development issues essential to the implementation of blended learning designs Presents six illustrative scenarios of blended learning design Contains practical guidelines to blended learning redesign Describes techniques and tools for engaging students

Illuminati Henry Makow 2009 Makow argues that mankind is being deliberately sabotaged by a powerful cult that controls the credit of the nations.

Religious Conflict and Coexistence Yohan Yoo 2020-09-04 The articles in this volume present a variety of theoretical and historical cases to enlarge our understanding of religious conflict and coexistence. Seven out of the ten articles discuss cases of major religions in Korea, including Shamanism, Buddhism, Taoism, Confucianism, and Christianity. They explore the particularity of Korean religions in seeking theological and philosophical inclusiveness, playing a positive role in society and building stable interreligious relations. The other three articles cover non-Korean themes including religious conflict of interfaith families, a biblical analysis of particularism and universalism and a new interpretation of Paul's letter to the Romans. All of these articles are aimed at identifying major causes of religious conflict and finding some effective solutions drawn from various theoretical and practical domains.

Gift Basket Design Book Shirley Frazier 2008-02-26 When she published her first book about starting a home-based gift basket business, Shirley George Frazier blazed the trail for other home-based business owners coast to coast. She also tapped a growing demand for gift baskets, the all-occasion solution for personalized and memorable presents. Her business was such a phenomenon that Frazier turned her experiences into a book to instruct readers how to make these baskets themselves, combining the creative with the practical and even providing designs for those who wanted to start their own business! This all-new revised edition features: *distinctive holiday ideas *alternate containers for gift baskets *new gift baskets geared for: the techie, the college student, the pet lover, and more! Shirley George Frazier is also the author of *MARKETING STRATEGIES FOR THE HOME-BASED BUSINESS* (November '07) and *HOW TO START A HOME-BASED GIFT BASKET BUSINESS*, 4th edition. She is a business owner and marketing expert who appears at small-business workshops across the country, and is often featured on TV network shows as an expert on home-based businesses.

The Phoenician Origin of Britons, Scots & Anglo-Saxons Laurence Austine Waddell 1924

The Paradox of Choice Barry Schwartz 2009-10-13 Whether we're buying a pair of jeans, ordering a cup of coffee, selecting a long-distance carrier, applying to college, choosing a doctor, or setting up a 401(k), everyday decisions—both big and small—have become increasingly complex due to the overwhelming abundance of choice with which we are presented. As Americans, we assume that more choice means better options and greater satisfaction. But beware of excessive choice: choice overload can make you question the decisions you make before you even make them, it can set you up for unrealistically high

expectations, and it can make you blame yourself for any and all failures. In the long run, this can lead to decision-making paralysis, anxiety, and perpetual stress. And, in a culture that tells us that there is no excuse for falling short of perfection when your options are limitless, too much choice can lead to clinical depression. In *The Paradox of Choice*, Barry Schwartz explains at what point choice—the hallmark of individual freedom and self-determination that we so cherish—becomes detrimental to our psychological and emotional well-being. In accessible, engaging, and anecdotal prose, Schwartz shows how the dramatic explosion in choice—from the mundane to the profound challenges of balancing career, family, and individual needs—has paradoxically become a problem instead of a solution. Schwartz also shows how our obsession with choice encourages us to seek that which makes us feel worse. By synthesizing current research in the social sciences, Schwartz makes the counter intuitive case that eliminating choices can greatly reduce the stress, anxiety, and busyness of our lives. He offers eleven practical steps on how to limit choices to a manageable number, have the discipline to focus on those that are important and ignore the rest, and ultimately derive greater satisfaction from the choices you have to make.

The Dictator's Handbook Bruce Bueno de Mesquita 2011-09-27 Explains the theory of political survival, particularly in cases of dictators and despotic governments, arguing that political leaders seek to stay in power using any means necessary, most commonly by attending to the interests of certain coalitions.

The Violence of Incarceration Phil Scraton 2008-07-01 Conceived in the immediate aftermath of the humiliations and killings of prisoners in Afghanistan and Iraq, of the suicides and hunger strikes at Guantanamo Bay and of the disappearances of detainees through extraordinary rendition, this book explores the connections between these shameful events and the inhumanity and degradation of domestic prisons within the 'allied' states, including the USA, Canada, Australia, the UK and Ireland. The central theme is that the revelations of extreme brutality perpetrated by allied soldiers represent the inevitable end-product of domestic incarceration predicated on the use of extreme violence including lethal force. Exposing as fiction the claim to the political moral high ground made by western liberal democracies is critical because such claims animate and legitimate global actions such as the 'war on terror' and the indefinite detention of tens of thousands of people by the United States which accompanies it. The myth of moral virtue works to hide, silence, minimize and deny the brutal continuing history of violence and

incarceration both within western countries and undertaken on behalf of western states beyond their national borders.

The Central Intelligence Agency Arthur Burr Darling 1990 Discusses the history of the CIA from its origin during World War I through years of peacetime, and examines its intentions, goals and purpose during that time
