What We Buried Kate A. Boorman 2019-02-26 Told from the split viewpoints of Liv and Jory, Kate A. Boorman's *What We Buried* is a psychological thrill ride that deftly explores how memories can lie, how time can bend, and how reconciling the truth can be a matter of life or death. “Do you ever just want to be believed?” Siblings Liv and Jory Brewer have grown up resenting each another. Liv—former pageant queen and reality TV star—was groomed for a life in the spotlight, while her older brother, Jory, born with a partial facial paralysis, was left in the shadows. The only thing they have in common is contempt for their parents. Now Liv is suing her mom and dad for emancipation, and Jory views the whole thing as yet another attention-getting spectacle. But on the day of the hearing, their parents mysteriously vanish, and the siblings are forced to work together. Liv feels certain she knows where they are and suspects that Jory knows more than he’s telling...which is true. What starts as a simple overnight road trip soon takes a turn for the dangerous and surreal. And as the duo speeds through the deserts of Nevada, brother and sister will unearth deep family secrets that force them to relive their pasts as they try to retain a grip on the present.

[Hoping for Continuity](#) Katariina Mustakallio 2005 The present volume includes essays originally given as papers at two conferences. The first *Passages from Antiquity to the Middle Ages* was held in Tampere

January 2003. The second conference, subtitled Aging, Old Age, and Death, was held in Tampere August 2005. This collection starts with the essays by Beryl Rawson and Didier Lett, which reflect the present state and the future challenges of the study of childhood. The latter part of this volume, starting from the Eva Cantarella's contribution on marriage, consists of thematic studies. They all show an interest in individuals and families in different stages of life seeking to secure continuity, that is, continuity of the family, its material fortune, name, memory, and the continuity of its individual members in the afterlife.

The Nature of Spectacle Jim Igoe 2017-09-12 Today crisis appears to be the normal order of things. We seem to be turning in widening gyres of economic failure, species extinction, resource scarcity, war, and climate change. These crises are interconnected ecologically, economically, and politically. Just as importantly, they are connected—and disconnected—in our imaginations. Public imaginations are possibly the most important stage on which crises are played out, for these views determine how the problems are perceived and what solutions are offered. In *The Nature of Spectacle*, Jim Igoe embarks on multifaceted explorations of how we imagine nature and how nature shapes our imaginations. The book traces spectacular productions of imagined nature across time and space—from African nature tourism to transnational policy events to green consumer appeals in which the push of a virtual button appears to initiate a chain of events resulting in the protection of polar bears in the Arctic or jaguars in the Amazon rainforest. These explorations illuminate the often surprising intersections of consumerism, entertainment, and environmental policy. They show how these intersections figure in a strengthening and problematic policy consensus in which economic growth and ecosystem health are cast as mutually necessitating conditions. They also take seriously the potential of these intersections and how they may facilitate other alignments and imaginings that may become the basis of alternatives to our current socioecological predicaments.

Slave Stealers Timothy Ballard 2018-09-04 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, *Incidents in the Life of a Slave Girl*, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Odes Sharon Olds 2016-09-20 Following the Pulitzer prize-winning collection *Stag's Leap*, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Angels and Demons in Art Rosa Giorgi 2005 This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. Without knowing why he starts to silently stalk him, unaware of where it will lead him.
