**Medea** James J. Clauss 2020-07-07 From the dawn of European literature, the figure of Medea--best known as the helpmate of Jason and murderer of her own children--has inspired artists in all fields throughout all centuries. Euripides, Seneca, Corneille, Delacroix, Anouilh, Pasolini, Maria Callas, Martha Graham, Samuel Barber, and Diana Rigg are among the many who have given Medea life on stage, film, and canvas, through music and dance, from ancient Greek drama to Broadway. In seeking to understand the powerful hold Medea has had on our imaginations for nearly three millennia, a group of renowned scholars here examines the major representations of Medea in myth, art, and ancient and contemporary literature, as well as the philosophical, psychological, and cultural questions these portrayals raise. The result is a comprehensive and nuanced look at one of the most captivating mythic figures of all time. Unlike most mythic figures, whose attributes remain constant throughout mythology, Medea is continually changing in the wide variety of stories that circulated during antiquity. She appears as enchantress, helper-maiden, infanticide, fratricide, kidnapper, founder of cities, and foreigner. Not only does Medea's checkered career illuminate the opposing concepts of self and other, it also suggests the disturbing possibility of otherness within

self. In addition to the editors, the contributors include Fritz Graf, Nita Krevans, Jan Bremmer, Dolores M. O'Higgins, Deborah Boedeker, Carole E. Newlands, John M. Dillon, Martha C. Nussbaum, Christiane Sourvinou-Inwood, and Marianne McDonald.

**Medea and Her Children** Ludmila Ulitskaya 2007-12-18 Medea Georgievna Sinoply Mendez is an iconic figure in her Crimean village, the last remaining pure-blooded Greek in a family that has lived on that coast for centuries. Childless Medea is the touchstone of a large family, which gathers each spring and summer at her home. There are her nieces (sexy Nike and shy Masha), her nephew Georgii (who shares Medea's devotion to the Crimea), and their friends. In this single summer, the languor of love will permeate the Crimean air, hearts will be broken, and old memories will float to consciousness, allowing us to experience not only the shifting currents of erotic attraction and competition, but also the dramatic saga of this family amid the forces of dislocation, war, and upheaval of twentieth-century Russian life.

*Radically Elementary Probability Theory* Edward Nelson 1987 Using only the very elementary framework of finite probability spaces, this book treats a number of topics in the modern theory of stochastic processes. This is made possible by using a small amount of Abraham Robinson's nonstandard analysis and not attempting to convert the results into conventional form.

**Joe Dassin** Alain-Guy Aknin 2005 Petit-fils d'un juif russe émigré aux Etats-Unis, Joe Dassin s'est imposé en France comme l'une des plus belles voix de la chanson, et l'une des plus durables, restant aujourd'hui encore l'une de ses immuables vedettes. Rien, pourtant, ne prédestinait au statut d'idole cet Américain tout simple qui, après des études d'anthropologie, cherchait sa voie dans le cinéma et l'écriture. Devenu chanteur malgré lui, refusant les paillettes du star system, il s'est imposé parmi les plus grands, mais a toujours rigoureusement veillé à maintenir autour de sa vie privée un secret absolu. Pour la première fois, la légende de Joe Dassin est ici retracée en détail à travers une enquête consolidée par les témoignages de ceux qui l'ont intimement connu, depuis son anonymat universitaire jusqu'au sommet de sa gloire. Les blessures de sa jeunesse, les excès de ses dernières années, les aspects méconnus de cet homme à l'âme tourmentée sont dévoilés dans toute leur vérité, jusqu'au jour où son cœur a cessé de battre à Tahiti, l'île paradisiaque où il croyait trouver l'apaisement.

**Moral Tales** Jean-François Marmontel 1766

The Rejection of Consequentialism Samuel Scheffler 1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also

believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

*Media Reception Studies* Janet Staiger 2005-07 *Media Reception Studies* broadly surveys the past century of scholarship on the ways in which audiences make meaning out of mass media. It synthesizes in plain language social scientific, linguistic, and cultural studies approaches to film and television as communication media. Janet Staiger traverses a broad terrain, covering the Chicago School, early psychological approaches, Soviet theory, the Frankfurt School, mass communication research and critical theory, linguistics and semiotic theory, social-psychoanalytical research, cognitive psychology, and cultural studies. She offers these theories as a set of tools for understanding the complex relationships between films and their audiences, TV shows and their viewers. She explains such questions as the behavior of fans; the implications of gender, sexuality, and race/ethnicity with regard to the media; the effect of violence, horror, and sexually explicit images on viewers; and the place of memory in spectatorship. Providing an organized and lucid introduction to a staggering amount of work, *Media Reception Studies* is an indispensable resource for anyone interested in understanding the effects of mass media.

**Parity of the Sexes** Sylviane Agacinski 2001 Agacinski's articulation of the theory of "parity" helped inspire a law that went into effect in May 2000 requiring France's political parties to fill 50 percent of the candidacies in every race with women. Agacinski's model of parity does not strive for the nebulous ideal of "equality" between the sexes; instead, it demands a concrete formula for political contests: an equal number of female and male candidates in every election. This theory that has sparked impassioned debate across France and around the globe.

**Fire In the East** Paul Bracken 2010-12-14 On May 11, 1998, India began testing nuclear weapons. The world will never be the same. The Indian test of five

atomic bombs, and the Pakistani tests that answered a few weeks later, marked the end of the arms control system that has kept the world from nuclear war for half a century. As Paul Bracken, professor of management and political science at Yale University, explains in this landmark study, they signal the reemergence of something the world hasn't seen since the sixteenth century--modern technologically adept military powers on the mainland of Asia. In *Fire in the East*, Professor Bracken reveals several alarming trends and secrets, such as how close Israel actually came to a germ warfare attack during the Gulf War, why "globalization" will spur the development of weapons of mass destruction, how American interests are endangered by Asian nationalism, and how to navigate what he names the second nuclear age. *Fire in the East* is a provocative account of how the Western monopoly on modern arms is coming to an end, and how it will forever transform America's role on the stage of international politics.

*Le cinéma de Gainsbourg-- affirmatif!* Alain-Guy Aknin 2007 Les auteurs explorent les multiples participations de S. Gainsbourg au cinéma, à la télévision, dévoilant sa carrière d'acteur, de publiciste, de metteur en scène, insistant sur ses thèmes de prédilection, son goût d'une certaine mythologie, et cette symbolique d'idées qui l'habitait et qui peut expliquer selon eux certains de ses comportements insolites.

**The Rough Guide Book of Playlists** Mark Ellingham 2007 This second edition of the Rough Guide Book of Playlists contains more than 500 lists of which 50 are new to this edition. The lists are recommendations of ten songs (sometimes a couple more, sometimes a couple less), covering artists (Rufus Wainwright to Thelonius Monk, Al Green to Manu Chao, Glenn Gould to Julie Andrews), genres (Bebop Classics to Reggae Toasters to Punk Originals to Hot Club jazz), songs (10 best Dylan covers; 8 classic versions of Summertime; 10 love songs that don't cloy), quirks and silliness (Songs about Chickens and Insects; Who let the frogs out?; Big Pizza Pie crooners; Take this Job and Shove it!). There's even a literary edge with playlists like '10 songs raved about in Murakami novels'. Each of the Playlists has a nugget about the song (why you want it on your iPod), and a listings of where it's from (remember CDs?).

*Stuff Parisians Like* Olivier Magny 2011-07-05 In the tradition of the New York Times bestseller *Stuff White People Like*, a tongue-in-cheek homage to Parisians. To be mistaken for a Parisian, readers must buy the newspaper *Le Monde*, fold it, and walk. Then sit at a café and make phone calls. Be sure to order San Pellegrino, not any other kind of fizzy water. They shouldn't be surprised when a waiter brings out two spoons after they order le moelleux au chocolat- it is understood that the dessert is too sinfully delicious not to share. Go to l'île Saint-Louis-all Parisians are irredeemably in love with that island. Feel free to boldly cross the street whenever the impulse strikes- pedestrian crosswalks are too dangerous. If they take a cruise on the Seine, they will want to stand outside, preferably with their collar popped up. If they want to decorate, may we suggest the photographs of Robert Doisneau? To truly be cool in Paris, own an iPhone, wear Converse sneakers, and order sushi.

And as they stroll through the Luxembourg Gardens, remember-they can't go wrong wearing black.

**The Paris Metro 40th Anniversary Issue** Joel Stratte-McClure 2016-07-14 The Paris Metro was a fortnightly, English-language magazine in France that published sixty-four issues between June 1976 and December 1978. Although time can diminish or exaggerate the past, there seems to be agreement that there was something special and unique about The Paris Metro - and the creative people associated with it. Published roughly in chronological order, these fifty anecdotes, memoirs, reflections and vignettes written in 2016 by former staff members, freelancers and readers of The Paris Metro provide a glimpse of the magazine's then-magical presence and now-mythical stature. The compilation provides some insight into the magazine's allure and includes scores of illustrations and extracts plucked from past issues. And photo spreads by two of the best photographers in Paris during the 1970s.

**Encyclopedia of French Film Directors** Philippe Rège 2009-12-11 Cinema has been long associated with France, dating back to 1895, when Louis and Auguste Lumi\_re screened their works, the first public viewing of films anywhere. Early silent pioneers Georges MZli\_s, Alice Guy BlachZ and others followed in the footsteps of the Lumi\_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In Encyclopedia of French Film Directors, Philippe Rège identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers, nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary, including dates and places of birth and death; information on the individual's education and professional

training; and other pertinent details, such as real names (when the filmmaker uses a pseudonym). The entries also provide complete filmographies, including credits for feature films, shorts, documentaries, and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age\_Jean Renoir and RenZ Clair\_to French New Wave artists such as Fran\_ois Truffaut and Jean-Luc Godard.

*Kiki Smith* Vivien Bittencourt 2006 Kiki Smith: The Venice Story is based on Vivien Bittencourt's and Vincent Katz's video about Kiki Smith's eight-room installation in 2005 at the Fondazione Querini Stampalia in Venice. Taking inspiration from the Querini Stampalia family collection, with paintings by Pietro Longhi, a model by Antonio Canova, Sevres porcelain, and elaborate furniture and mirrors, Smith worked to fill a floor in the palazzo that had been turned into a contemporary art space, by combining reinvented Venetian images with ideas and pictures culled from her study of the experiences of women in America during colonial times. In this book, Smith discusses her Venice work - which included bronze, porcelain, glass, drawing, etching, photography, and video. On a deeper level, much of the work here relates to Smith's childhood with two parents who were artists, and Smith discusses how that background impacted her life as an artist. The book includes 19 new works created by Smith especially for this publication.

*Edith Piaf* Philippe Crocq 2012 « Edith est incomparable, elle peut faire pleurer en chantant l'annuaire du téléphone » disait Cocteau. Sa seule présence sur scène suffit. Son pouvoir de conviction fait le reste. Certes, elle raconte toujours une même histoire, la sienne. Mais les vies les plus bouleversantes, sont celles qui ont été vécues. Son authenticité fait rouler les larmes. Piaf sait, d'instinct, ce qui convient le mieux à sa personnalité et à son public. Petite, frêle, toute de noir vêtue, elle n'invente rien, ne dissimule rien, ne fait qu'exacerber ses ressentis. Elle est le froid, la pluie, la faim, les ruelles sales, les caniveaux et l'amour. Le public sait qu'elle a vécu tout cela, et il s'engouffre de plus belle dans les souvenirs de l'artiste, tétanisé par son aura. Du haut de son mètre quarante-sept, Edith Piaf a durablement marqué l'histoire de la chanson française par sa personnalité et sa voix hors du commun. Cinquante ans après sa mort, cet ouvrage retrace, à travers une collection de photographies en parties exclusives le parcours chaotique et flamboyant de la plus grande chanteuse de notre époque. En partenariat avec la maison de disque EMI, cet ouvrage comportera un CD collector sur la 2eme de couverture.
