**Texas Ranger** John Boessenecker 2016-04-26 The New York Times bestseller! “Frank Hamer, last of the old breed of Texas Rangers, has not fared well in history or popular culture. John Boessenecker now restores this incredible Ranger to his proper place alongside such fabled lawmen as Wyatt Earp and Eliot Ness. Here is a grand adventure story, told with grace and authority by a master historian of American law enforcement. Frank Hamer can rest easy as readers will finally learn the truth behind his amazing career, spanning the end of the Wild West through the bloody days of the gangsters.” --Paul Andrew Hutton, author of *The Apache Wars* To most Americans, Frank Hamer is known only as the “villain” of the 1967 film *Bonnie and Clyde*. Now, in *Texas Ranger*, historian John Boessenecker sets out to restore Hamer’s good name and prove that he was, in fact, a classic American hero. From the horseback days of the Old West through the gangster days of the 1930s, Hamer stood on the front lines of some of the most important and exciting periods in American history. He participated in the Bandit War of 1915, survived the climactic gunfight in the last blood feud of the Old West, battled the Mexican Revolution’s spillover across the border, protected African Americans from lynch mobs and the Ku Klux Klan, and ran down gangsters, bootleggers, and Communists. When at last his career came to an end, it was only when he ran up against another legendary Texan: Lyndon B. Johnson. Written by one of the most acclaimed historians of the Old West, *Texas Ranger* is the first biography to tell the full story of this near-mythic lawman.

But he's never met a cricket before, which really isn't surprising, because, along with his friend Harry Cat, Tucker lives in the very heart of New York City—the Times Square subway station. Chester Cricket never intended to leave his Connecticut meadow. He'd be there still if he hadn't followed the entrancing aroma of liverwurst right into someone's picnic basket. Now, like any tourist in the city, he wants to look around. And he could not have found two better guides—and friends—than Tucker and Harry. The trio have many adventures—from taking in the sights and sounds of Broadway to escaping a smoky fire. Chester makes a third friend, too. It is a boy, Mario, who rescues Chester from a dusty corner of the subway station and brings him to live in the safety of his parents' newsstand. He hopes at first to keep Chester as a pet, but Mario soon understands that the cricket is more than that. Because Chester has a hidden talent and no one—not even Chester himself—realizes that the little country cricket may just be able to teach even the toughest New Yorkers a thing or two. *The Cricket in Times Square* is George Selden at his best, and the new illustrations and interior images by Garth Williams make this edition a special treat.

**After the Blast** Eric Wagner 2020-04-03 On May 18, 1980, people all over the world watched with awe and horror as Mount St. Helens erupted. Fifty-seven people were killed and hundreds of square miles of what had been lush forests and wild rivers were to all appearances destroyed. Ecologists thought they would have to wait years, or even decades, for life to return to the mountain, but when forest scientist Jerry Franklin helicoptered into the blast area a couple of weeks after the eruption, he found small plants bursting through the ash and

animals skittering over the ground. Stunned, he realized he and his colleagues had been thinking of the volcano in completely the wrong way. Rather than being a dead zone, the mountain was very much alive. Mount St. Helens has been surprising ecologists ever since, and in *After the Blast* Eric Wagner takes readers on a fascinating journey through the blast area and beyond. From fireweed to elk, the plants and animals Franklin saw would not just change how ecologists approached the eruption and its landscape, but also prompt them to think in new ways about how life responds in the face of seemingly total devastation.

Karina, meanwhile, thinks she has found an escape from their run-down ethnic neighborhood in the modern home of a mill manager—until she discovers she is expected to perform the duties of both housekeeper and mistress. When Janos witnesses a gruesome accident at his furnace on the same day Karina learns she will lose her job, the Kovac family begins to unravel. Janos learns there are people at the mill who pose a greater risk to his life than the work itself, while Karina—panicked by the thought of returning to work at the boarding house—becomes unhinged and wreaks a path of destruction so wide that her children are swept up in the storm.
