Sea Harrier FRS 1 vs Mirage III/Dagger Douglas C. Dildy 2017-09-21 Following Argentina's military operation to take possession of the Falkland Islands/Islas Malvinas, British Prime Minister Margaret Thatcher's government launched a major naval operation to return them to British rule. Defending the Royal Navy task force were two small squadrons totalling 20 Sea Harriers (SHARs). Initial clashes between SHARs and Argentine Mirages and Daggers on 1 May 1982 failed to eliminate the Sea Harrier defenders. FAA fighter-bomber pilots relied on daring and courageous ultra-low level attacks, frequently escaping the Sea Harrier's limited capabilities, against Royal Navy warships and auxiliaries, causing considerable damage during Operation Corporate, the large-scale amphibious operation to repossess the islands. Publishing 35 years after the end of the conflict, this fully illustrated volume offers a balanced and objective examination of the SHAR and the Argentine Mirage and Dagger aircraft, highlighting the attributes of both and the skills and courage of the pilots flying them.

Crowdfunding Opportunities and Challenges Jim Verdonik 2016-01-06 Crowdfunding Opportunities and Challenges answers three basic questions about the many securities law changes created by the JOBS Act of 2012 that people loosely call Crowdfunding: Is Crowdfunding the best thing to happen to young and growing businesses since the Internet was invented? Or is Crowdfunding more like a poorly built fire cracker that will blow up in the faces of both investors and businesses? If Crowdfunding is both an opportunity and a challenge, how do you end up a winner instead of a loser? Crowdfunding Opportunities and Challenges gives you the information you need to answer these questions whether you are an entrepreneur planning a capital raising offering or an attorney advising clients about their offerings.

Death and Dark Money Seeley James 2016-03-08 Legendary veteran Jacob Stearne's inquiry into the last words of a dying lobbyist clashes with heiress Pia Sabel's probe of financial anomalies in her father's company, driving them both into an international conspiracy - from which neither will escape unscathed. Decorated hero Jacob Stearne is preparing a romantic dinner for a beautiful woman when a lobbyist is shot to death in his driveway. Across town, former athlete Pia Sabel wants to unravel a money laundering scheme in the company that bears her name. These two seemingly disparate events drive the pair into the same dark intersection of American political funding and foreign influence. When they start asking questions, bodies begin to pile up. As they dig deeper, shadowy financiers emerge in the center of the conspiracy. Pia and Jacob face the most formidable enemy to date: greed. And worse: realizing some of the people who govern the world's biggest economy and deadliest military owe their offices to foreigners. Discovering who pulls the puppet's strings will shock Pia and Jacob to the depths of their souls. Ripped from tomorrow's headlines, this wild journey kept me on the edge all the way through - Melissa K. DEATH & DARK MONEY is the second installment of the epic mystery series weaving the stories of Pia's tragic childhood and Jacob's often humorous quest for sanity into the backdrop of terrorism, corruption, and intrigue. Political Narratives in the Middle East and North Africa Wolfgang Mühlberger 2020-02-13 This book discusses the role of political narratives in shaping perceptions of instability and conceptions of order in the Middle East and North Africa (MENA). The authors illustrate how, in times of socio-political turmoil and outbursts of discontent such as the Arab Spring, political entrepreneurs explain and justify their political agendas by complementing hard power solutions with attractive ideas and discursive constructions that appeal to domestic constituencies and geopolitical allies. The book is divided into two parts. The first focuses on non-state actors, such as confessional communities and ideological movements, who aim to develop narratives that are convincing to their respective polities. It also studies regional powers that seek to determine their positions in a competitive environment via distinctive narrations of order. In part two, the authors investigate the narratives of global players that aim to explain and justify their role in an evolving international order.
