**You Can't Lose Them All** Sal Iacono 2021-01-12 In this informative and entertaining book, learn from Cousin Sal how not to gamble your life away -- along with many other life lessons -- so you don't have to learn the hard way. Over the last forty years, Cousin Sal has made bets with doctors, lawyers, teachers, agents, bookies, writers, comedians, radio DJs, tv producers, baseball players, front office executives, bandleaders, movie stars, publicists, weed lab owners, hedge fund operators, and even professional wrestlers. From his early days growing up in Brooklyn and Long Island flipping baseball cards to now hosting podcasts and TV shows and managing several offshore accounts we don't talk about, Cousin Sal has truly become the average American sports fan's go to source for gambling tips. So here's how not to do it . . . With hilarious tales of love and loss, winning and (a lot) of losing, crazy family and fatherhood, and a life saga that inspired the Phil Collins' song, "Against All Odds," Cousin Sal has now written THE Vegas super-system, MIT-algorithmic, sharp-approved book for how to gamble like a pro -- or at least not how not to go broke and lose your kids to Child Protective Services.

Carver launch a sensational series with technical blueprints of the racing ships by visionary automotive designer Hayashi. A Midwesterner by birth and upbringing (I grew up in Huron, Ohio), I've lived in New England ever since attending college at Brown University, in Rhode Island. Now I live outside Boston with my wife and daughters, and also with a boxer named Hermione and a cat named Moonlight. I've loved science fiction since I first began to read, and from the time I began writing, I always knew my first love was going to be SF. I'm not sure where you'd place me as a writer: I love astronomy and cosmology and hard SF concepts, and yet the characters are the most important thing to me in any story, whether it's a story I'm reading or a story I'm writing. It's the people, and the sense of wonder, that have always made science fiction--and science!--so awe-inspiring to me. Basically, I have always tried to write stories that I would want to read myself. Some years ago, I developed and hosted on the air an educational TV series for middle-school classrooms, called Writing Science Fiction and Fantasy--teaching kids the basics of how to turn ideas into stories. That later turned into a computer-based course called, oddly enough, Science Fiction and Fantasy Writing. In 2005, I decided it was about time to put the information online as a public service, available for free to any aspiring writer. It's online now, and you can use it anytime you like, just by going to <http://www.writesf.com>. I also invite you to stop by and read my regular blog, at <http://starrigger.blogspot.com>, or my web site at <http://www.starrigger.net>. Thanks for visiting! And please take a look at the video trailer for my novel Sunborn. If you'd like to view it in full-screen for full effect, you can do that at <http://www.youtube.com/watch?v=K03RMcSeiY4>. -- Jeffrey A. Carver

unforgiveness, and a tendency to play God. Journey with Willie through the chapters of *Lost and Found Along The Way*, as he sheds these tendencies, and in doing so finds a renewed, richer, and deeper faith. The first few chapters are narrative historical fiction portraying James in Acts 12:2 facing his execution along with supposed reactions from his loved ones. At the end of this narrative, we transition back to nonfiction with the discovery of James' gravesite some eight hundred years after his martyrdom. Willie then explains how the Camino pilgrimages began along the Camino, also known as, The Way. No other nonfiction book offers such a unique back story of Saint James and the Camino. The following chapters, and the bulk of the book, follow Willie's own Camino journeys, present vivid descriptions of the geography on the trail and historical background provide readers with a nearly firsthand experience of The Camino de Santiago. True and dramatic faith walk stories demonstrate God's hand in people's lives and guide readers to dig deeper into their own spiritual life and get outside their comfort zone. The final chapter of *Lost and Found Along The Way* instructs fellow sojourners in how to follow Willie's example to strengthen their own faith and share it with those who have lost their own faith—no hiking boots required.
