The Indian Girl's Dream Kiruthika N T 2022-08-02 Life is full of illusions. Sometimes life makes us believe that things are always going to be the same despite the fact of how good or bad you are, and then all of a sudden it hits us with a sudden realization of reality where everything turns upside down. One event, one person, one sentence or even one decision can change your life forever. It shows a whole new world in front of you to which you have been blind the whole time, and that whole new perspective confuses you since you are not used to it. We are left alone and confused in that state that consumes a lot of time from our present; if not addressed properly, it will rob our joy from the future too. The story that I'm going to say is also something like this. I have learned a lot from life, and I wanted you to know that no matter how hard your situation can be, just remember that it is just one of the pages in your book and you never know what comes next. I'm Kiruthika Nagesh, and this is my story.

Ethnic Church Meets Megachurch Prema A. Kurien 2017-06-20 Traces the religious adaptation of members of an important Indian Christian church– the Mar Thoma denomination – as they make their way in the United States. This book exposes how a new paradigm of ethnicity and religion, and the megachurch phenomenon, is shaping contemporary immigrant religious institutions, specifically Indian American Christianity. Kurien draws on multi-site research in the US and India to provide a global perspective on religion by demonstrating the variety of ways that transnational processes affect religious organizations and the lives of members, both in the place of destination and of origin. The widespread prevalence of megachurches and the dominance of American evangelicalism created an environment in which the traditional practices of the ancient South Indian Mar Thoma denomination seemed alien to its American-born generation. Many of the young adults left to attend evangelical megachurches. Kurien examines the pressures church members face to incorporate contemporary American evangelical worship styles into their practice, including an emphasis on an individualistic faith, and praise and worship services, often at the expense of maintaining the ethnic character and support system of their religious community. Kurien's sophisticated analysis also demonstrates how the forces of globalization, from the period of colonialism to contemporary out-migration, have brought about tremendous changes among Christian communities in the Global South. Wide in scope, this book is a must read for an audience interested in the study of global religions and cultures.

an arena to make place and challenge the majoritarian, exclusionary, and introverted tendencies of contemporary India. Places do not simply exist. They are made and remade by the acts of individuals and communities at particular historical moments. In India today, the place for Muslims is shrinking as the revanchist Hindu Right increasingly realizes its vision of a Hindu nation. Religion enables Muslims to re-envision India as a different kind of place, one to which they unquestionably belong. Analyzing the religious narratives, practices, and constructions of religious subjectivity of diverse groups of Muslims in Old Delhi, Kalyani Devaki Menon reveals the ways in which Muslims variously contest the insular and singular understandings of nation that dominate the sociopolitical landscape of the country and make place for themselves. Menon shows how religion is concerned not just with the divine and transcendental but also with the anxieties and aspirations of people living amid violence, exclusion, and differential citizenship. Ultimately, *Making Place for Muslims in Contemporary India* allows us to understand religious acts, narratives, and constructions of self and belonging as material forces, as forms of the political that can make room for individuals, communities, and alternative imaginings in a world besieged by increasingly xenophobic understandings of nation and place.

We Shall See About It Ambrosine Aureliano 2013-12-26 *We Shall See About It* is the singular and fantastic tale of a well-versed chit and the hazards she confronts in a botanic garden. Watch! as Cliff sallies forth to do battle with peevish, mythical beings and surly, nightmarish beasts. Squirm! as she takes on the most caustically fearsome creature of all: her Great-aunt Vestia at teatime. Thrill! to her adventures which include four quarrelsome cats who would prefer to be elsewhere, and a petulant Shih Tzu who would rather be napping. Salivate! While any number of delectable pastries are described, and Gawk in wonder! when Cliff is disabused of any "iffy" notions she might have had about life being a cakewalk. Possibly a cursory glance or two while flopped out on the sofa. A choice no longer has to be made between cates and dainties, because *We Shall See About It* dishes out ample servings of both.
