Strategic Brand Management Dr Kevin Lane Keller 2013-03-06 Strategic Brand Management 2e provides a comprehensive and up-to-date treatment of the subjects of brands, brand equity, and strategic brand management. Strategic brand management involves the design and implementation of marketing programmes and activities to build, measure, and manage brand equity. The book aims to provide managers with concepts and techniques to improve the long-term profitability of their brand strategies. It incorporates current thinking and developments on these topics from both academics and industry participants. It also combines a comprehensive theoretical foundation with numerous practical insights to assist managers in their day-to-day and long-term brand decisions.

Brand Management Tilde Heding 2008-12-19 For over two decades, it has been argued that the brand is an important value creator and should therefore be a top management priority. However, the definition of what a brand is remains elusive. This comprehensive textbook presents the reader with an exhaustive analysis of the scientific and paradigmatic approaches to the nature of brand as it has developed over the last twenty years. Taking a multi-disciplinary approach and offering an exhaustive analysis of brand research literature, it delivers a thorough understanding of the managerial implications of these different approaches to the management of the brand. Brand Management: Research, Theory and Practice fills a gap in the market, providing an understanding of how the nature of brand and the idea of the consumer differ in these approaches and offers in-depth insight into the opening question of almost every brand management course: "What is a brand?"

The Ad-Free Brand Chris Grams 2011-08-11 Today you can build powerful, enduring brands at amazingly low cost — without expensive ad campaigns, huge marketing budgets, self-interested outside agencies, or deep specialized expertise. All you need are passion for your brand, low-cost digital tools, and The Ad-Free Brand. Drawing on his experience helping build Red Hat's billion-dollar global brand, Chris Grams integrates classic brand positioning concepts with 21st century digital strategies, tools, and practices. Grams presents great new ways to collaboratively uncover, communicate, and evolve your ideal brand position, embed it in organizational culture, and work with your brand community to make it come to life. This step-by-step guide will lead you through the entire brand positioning process, while providing all you need to build a winning brand on a tight budget!

Marketing Management Philip Kotler 2019 The classic Marketing Management is an undisputed global best-seller - an encyclopedia of marketing considered by many as the authoritative book on the subject. This third European edition keeps the accessibility, theoretical rigour and managerial relevance - the heart of the book - and adds: * A structure designed specifically to fit the way the course is taught in Europe. * Fresh European examples which make students feel at home. * The inclusion of the work of prominent European academics. * A focus on the digital challenges for marketers. * An emphasis on the importance of creative thinking and its contribution to marketing practice. * New in-depth case studies, each of which integrates one of the major parts in the book. This textbook covers admirably the wide range of concepts and issues and accurately reflects the fast-moving pace of marketing in the modern world, examining traditional aspects of marketing and blending them with modern and future concepts. A key text for both undergraduate and postgraduate marketing programmes.

Marketing Management Philip Kotler 2012 This is the 14th edition of 'Marketing Management' which preserves the strengths of previous editions while introducing new material and structure to further enhance learning.

Final Reckoning Romen Bose 2021 From the innermost sanctum of the Prime Minister's private offices among the Minaret-studded buildings of Putrajaya to streets filled with tear-gassed protestors in downtown Kuala Lumpur, Romen Bose, a former international correspondent and political communications consultant to then Prime Minister Najib Razak, provides a gripping and engaging true story of drama, intrigue, violence and incompetence that finally ended the rule of Malaysia's sixty-one year old Barisan Nasional Government in May 2018. With a front-row seat to the major controversies that hit the Najib Razak administration, Romen reveals for the first-time how the country's leadership reacted to the disappearance of MH370 and the still classified covert moves to retrieve the remains of Malaysian victims following the shooting down of MH17. 'Final Reckoning' also gives a blow-by-blow account of how the 1MDB scandal rocked the Government and the attempts by the country's top politicians and their advisers to contain and explain it away.

Advertising Confluence A. Arora 2014-12-15 Advertising Confluence offers a unique blend of both traditional and contemporary social media thinking about advertising and integrated brand promotions throughout the world. Dr. Arora Anshu and Dr. Sabine Bacouel-Jentjens bring together articles that analyze creative social advertising in US, France, and Tunisia and offer a wide spectrum of advertising confluence from both the developed and emerging world. Contributors focus on both empirical studies with practical application as well as examinations of theoretical and methodological developments in the field of advertising studies. In all, they examine the wide range of global and local advertising strategies, the depth of integrated marketing communications, and the future of social media advertising.

Marketing Management Philip Kotler 2021-04-09 This print textbook is available for students to rent for their classes. Building Customer-based Brand Equity Kevin Lane Keller 2001

The Brand Flip Marty Neumeier 2015-07-24 Best-selling brand expert Marty Neumeier shows you how to make the leap from a company-driven past to the consumer-driven future. You'll learn how to flip your brand from offering products to offering meaning, from value protection to value creation, from cost-based pricing to relationship pricing, from market segments to brand tribes, and from customer satisfaction to customer empowerment. In the 13 years since Neumeier wrote *The Brand Gap*, the influence of social media has proven his core theory: "A brand isn't what you say it is - it's what they say it is." People are no longer consumers or market segments or tiny blips in big data. They don't buy brands. They join brands. They want a vote in what gets produced and how it gets delivered. They're willing to roll up their sleeves and help out--not only by promoting the brand to their friends, but by contributing content, volunteering ideas, and even selling products or services. At the center of the book is the Brand Commitment Matrix, a simple tool for organizing the six primary components of a brand. Your brand community is your tribe. How will you lead it?

The Future of Branding Rajendra K. Srivastava 2015-12-17 New ideas change the world. From social movements to scientific discovery the power of an idea is to reshape the world, who we are, and how we live. Changes in the increasingly dynamic competitive environment require a focus on what should be

done, not just what is currently done. The inspiration for this book is to provide an outlet for cogent ideas that will help managers build and maintain brands in the future marketplace. Written by the leading minds management from around the globe who are redefining best practices in managing brands, It examines the future of branding on key concepts including brand performance management, brand strategy, brand building, revitalizing brands, brand valuation, brand analysis, brand protection, and brand experience. The all-star team includes: Martin Roll, Kevin Lane Keller, Don E. Schultz, Bernd Schmitt, Jean-Noel Kapferer, , V. Kumar, Bharath Rajan, Lluís Martínez-Ribes, Shi Zhang, Jean Yannis Suvatjis, Leslie de Chernatony, Vanessa M. Patrick and Henrik Hagtvedt, Gregory M Thomas, Jeffrey Parkhurst Srinivas Reddy, Anupam Jaju, Werner Reinartz, Jeffery Andrien, Paul Benoit, Philip C Zerrillo, Cem Bahadir, and Rajendra K Srivastava.

Brand Management Tilde Heding 2020-05-10 Brand Management: Mastering Research, Theory and Practice is a valuable resource for those looking to understand how a brand can be conceptualized and thus managed in all its complexity. Going beyond the 'quick fixes' of branding, it offers a comprehensive overview of brand management theories from the last 35 years. A highly regarded textbook, this fully updated third edition brings fresh perspectives on the latest research in, and analysis of, the various approaches to brand management. More than 1,000 academic sources have been carefully divided into a taxonomy with eight schools of thought - offering depth, breadth and precision to one of the most elusive management disciplines of our time. Perfectly marrying theory with practice, this comprehensive text is particularly useful for advanced undergraduate and postgraduate students of brand management, strategy and marketing.

The Routledge Companion to Contemporary Brand Management Francesca Dall'Olmo Riley 2016-07-15 The amount and range of brand related literature published in the last fifty years can be overwhelming for brand scholars. This Companion provides a uniquely comprehensive overview of contemporary issues

in brand management research, and the challenges faced by brands and their managers. Original contributions from an international range of established and emerging scholars from Europe, US, Asia and Africa, provide a diverse range of insights on different areas of branding, reflecting the state of the art and insights into future challenges. Designed to provide not only a comprehensive overview, but also to stimulate new insights, this will be an essential resource for researchers, educators and advanced students in branding and brand management, consumer behaviour, marketing and advertising.

Strategic Brand Management Kevin Lane Keller 1998 This volume provides a comprehensive, up-to-date treatment of the subject of brands, brand equity and strategic brand management. It provides insights into how profitable brand strategies can be created by building, measuring and managing brand equity.

Managing Brand Equity David A. Aaker 2009-12-01 The most important assets of any business are intangible: its company name, brands, symbols, and slogans, and their underlying associations, perceived quality, name awareness, customer base, and proprietary resources such as patents, trademarks, and channel relationships. These assets, which comprise brand equity, are a primary source of competitive advantage and future earnings, contends David Aaker, a national authority on branding. Yet, research shows that managers cannot identify with confidence their brand associations, levels of consumer awareness, or degree of customer loyalty. Moreover in the last decade, managers desperate for short-term financial results have often unwittingly damaged their brands through price promotions and unwise brand extensions, causing irreversible deterioration of the value of the brand name. Although several companies, such as Canada Dry and Colgate-Palmolive, have recently created an equity management position to be guardian of the value of brand names, far too few managers, Aaker concludes, really understand the concept of brand equity and how it must be implemented. In a fascinating and insightful examination of the phenomenon of brand equity, Aaker provides a clear and well-defined structure of the relationship between a brand and its symbol and slogan, as well as each of the five underlying assets, which will clarify for managers exactly how brand equity does contribute value. The author opens each chapter with a historical analysis of either the success or failure of a particular company's attempt at building brand equity: the fascinating Ivory soap story; the transformation of Datsun to Nissan; the decline of Schlitz beer; the making of the Ford Taurus; and others. Finally, citing examples from many other companies, Aaker shows how to avoid the temptation to place short-term performance before the health of the brand and, instead, to manage brands strategically by creating, developing, and exploiting each of the five assets in turn

Frenemies Ken Auletta 2019-06-04 An intimate and profound reckoning with the changes buffeting the \$2 trillion global advertising and marketing business from the perspective of its most powerful players, by the bestselling author of *Googled* Advertising and marketing touches on every corner of our lives, and the industry is the invisible fuel powering almost all media. Complain about it though we might, without it the world would be a darker place. But of all the industries wracked by change in the digital age, few have been turned on their heads as dramatically as this one. Mad Men are turning into Math Men (and women--though too few), an instinctual art is transforming into a science, and we are a long way from the days of Don Draper. *Frenemies* is Ken Auletta's reckoning with an industry under existential assault. He enters the rooms of the ad world's most important players, meeting the old guard as well as new powers and power brokers, investigating their perspectives. It's essential reading, not simply because of what it reveals about this world, but because of the potential consequences: the survival of media as we know it depends on the money generated by advertising and marketing--revenue that is in peril in the face of technological changes and the fraying trust between the industry's key players.

The New Strategic Brand Management Jean-Noël Kapferer 2012-01-03 Adopted internationally by business schools and MBA programmes, The New Strategic Brand Management is simply the reference source for senior strategists, positioning professionals and postgraduate students. Over the years it has not only established a reputation as one of the leading works on brand strategy, but also has become synonymous with the topic itself. Using an array of international case studies, Jean-Noël Kapferer covers all the leading issues faced by brand strategists today. With both gravitas and intelligent insight, the book reveals new thinking on topics such as putting culture and content into brands, the impact of private labels and the comeback of local brands. This updated fifth edition of The New Strategic Brand Management builds on its impressive reputation, including new information to enable students and practitioners to stay up to date with targeting, adding recent research and market knowledge to the discipline. With dedicated sections for specific types of brands (luxury, corporate and retail), international examples and case studies from companies such as Audi, Nivea, Toyota and Absolut Vodka; plus models and frameworks such as the Brand Identity Prism; it remains at the forefront of strategic brand thinking.

The Handbook of Marketing Research Rajiv Grover 2006-06-23 The Handbook of Marketing Research: Uses, Misuses, and Future Advances comprehensively explores the approaches for delivering market insights for fact-based decision making in a market-oriented firm. Divided into four parts, the Handbook addresses (1) the different nuances of delivering insights; (2) quantitative, qualitative, and online data gathering techniques; (3) basic and advanced data analysis methods; and (4) the substantial marketing issues that clients are interested in resolving through marketing research.
