**Fun Kids Activities At Home** Neil WJ Smith 2017-06-07 Here are some truly fun and convenient kids' activities with the emphasis on saving money by focusing on easy creative kids activities at home. And since they are mostly 'natural' you'll be using the free resources provided abundantly by Nature (and your pantry). I have a unique interest and expertise in finding fun kids activities at home. For most grandfathers having grand children means a time of just enjoying the occasional visit. Not the case when I became a full time live-in grandfather to my newborn granddaughter. In the end, at my own house, I spent more quality time with her than even most Dads do in a lifetime. This meant remembering, and finding, new and fun activities to share. This time sharing activities from the day after she was born to a schoolgirl nudging teenager years, became one of the best times of my life. And the activities we shared helped to make it so.

*Camp ABC* Zora Aiken 2013 An alphabet book on different ways to have fun at camp, including kayaking, painting, and yodeling.

*Paint by Sticker Kids: Beautiful Bugs* Workman Publishing 2018-04-17 The magic of Paint by Sticker Kids continues, combining the fun of coloring and stickers with the creativity of paint by number. The series just keeps growing, with another much-loved nature-themed topic: Bugs! Paint by Sticker Kids: Beautiful Bugs includes everything kids need to create 10 full-color illustrations of

their favorite creepy-crawlies: a firefly, a praying mantis, a ladybug, butterflies, ants, a painted grasshopper, a dragonfly, beetles, a bumblebee, and a weevil. Simply find the numbered sticker, peel it, and place it in the right space. Add the next, and the next—and watch a dazzling image come to life with color and spirit in the modern “low-poly” style (using geometric polygon shapes). The card-stock pages are perforated so artwork can be easily removed for framing or the fridge. Creating sticker art is as fun and meditative as coloring, and it’s a refreshing shake-up from the usual crayons and markers. Plus, the peel-and-place system allows kids to practice recognizing and learning numbers in an interactive, stress-free way. And it’s a great rainy day or travel activity (no cleanup!) that delivers hands-on fun for less than \$10.
