Collecting Sidchrome Spanners Dick Lynch 2021-11-20 Collecting Sidchrome Spanners started out as a catalogue of all Sidchrome hand tools manufactured under Siddons ownership or management (1942 to 1991). It has eventually grown to encompass much more and now includes not only all the tools with their relevant dates and codes and how they have developed and have looked over time, but the Sidchrome back story, the marketing of them and the accompanying ephemera and documentation from which the text has been drawn. In short, this book is the complete collector's guide to this fascinating icon of Australian manufacturing. Dick Lynch has spent the last four years collecting, collating and distilling this information from a myriad of sources, of which a full set of contemporary catalogues were only part. Finding original documentation and condensing it into a readable, interesting but readily referenced text has been the challenge and the results speak for themselves. The book is a must have for Sidchrome collectors. It is a comprehensive catalogue of all the Sidchrome hand tools produced in the Siddons ownership of 49 years and how these tools evolved, including a history of the organization through its advertising and marketing efforts. The book is lavishly and extensively illustrated with over 1,000 photographs and includes a fulsome description of all the tools involved, as well as comprehensive tables that condense a plethora of information into a readily referenced and an interesting read. The depth and scope of this magnificent volume is without parallel in the spanner collecting genre. Collecting Sidchrome Spanners is a sister title to Collecting Titan Chisels by Dick Lynch first published in 2016, reprinted in January 2019.

**The Shopkeeper's Home** Caroline Rowland 2015-10-15 Have you ever wondered what the homes of the owners of these beautiful retail spaces might be like? Caroline Rowland visits both the stores and the homes of more than 30 of the most stylish independent lifestyle retailers to give you a peek behind the scenes. The first part of the book gives core interior decorating advice using elements from the shopkeepers' stores and homes. It describes inspirational furniture and lighting ideas, suggests ways to store and display everything from books to quirky collections, and offers advice on layout, walls and floors too. Caroline Rowland uses the second half to take us through her personal curation of independent stores from across the globe. Ranging from lifestyle stores to vintage emporia, homewares to crafts shops in all kinds of retail spaces, from converted barns to repurposed gas stations as well as more conventional places with traditional shopfronts. From the avenues of the USA and the streets of the UK, to hidden corners of Europe, the book explores retail outlets and stylish interior design ideas. It's easy to be inspired by the stories of these people who live their dream and find out how their retail life

inspires their home and vice versa.

*Live Life in Full Bloom* Mary Rodman 2019-07-15 Bloom: A flower, especially one cultivated for its beauty. God calls us to be a beautiful flower in the mundane and the mayhem of life. Mary challenges you to look past the tragedies in your life, your humdrum routines and your daily chaos to see Christ. These devotions point to His presence in every part of our lives, when we simply take the time to notice. On a scale of 1-10: 1 your soul is in utter turmoil and 10 your soul is in excellent condition and connected to God, what number would you select? These devotions give you the ability to connect with God on a daily basis, simply by focusing on your day to day routine. Whether your day is mundane or mayhem, you will be challenged to increase your awareness of God and feel His daily presence. Please share your thoughts about where you see God today on Mary's blog post--Introduction to Live Life in Full Bloom. Rediscover the awe of God's creation of the white iris and be humbled by the hidden blessings that can be found through tragedy as you join Mary on this journey. When the Lord puts a Log Distance Friend on your heart and in your mind, what should you do? Say a prayer on their behalf! Mary shares how the Holy Spirit nudged her to pray for her Long Distance Friend who was in a season of grief. The phrase "remember the toilet" will become a reminder to look at the positive side of an ungrateful person or a challenging situation in your life. Chuckle as Mary shares her rotisserie experience at the sleep clinic, and how she was humbly reminded of the blessings in her life which she had taken for granted. Can you answer the question--Who Are You? There is often a difference between how we perceive ourselves and how God sees us. This devotion will speak to your heart as you learn to see yourself through God's eyes. This easy to follow, yet deep devotion is the cornerstone of Mary's retreat, "Who Are You? Discover the woman God created you to be." Use these devotions to discover a renewed awareness of Jesus in your life. Through her words, Mary will remind you to BLOOM in all of life's situations. Experience the joy of seeing God daily and transform your life into extraordinary living with Jesus. What a beautiful devotional book! I love the wonderful stories Mary weaves throughout the book. She is a gifted writer sharing hope and the love of our God, who makes our lives far from mundane. Even in sharing about her bathroom remodel, she shares golden nuggets like, "I pray every drop of water from my new rain shower head will remind me Christ washes away my sins." Awesome! HomeSpace Darren Palmer 2016-08-24 Through a selection of family homes, Darren Palmer gives us an insight into their occupants' relationship to their living spaces, providing information as well as solutions to questions we may have about what some of our own design challenges may currently be, or may be in the future. Whether single parents with one child, married couples with kids, older working couples with grown children and grandchildren, middle-aged couples with no kids and no pets - our lives have different demands, and our homes reflect this, in every way. Each family group will have a different set of needs and challenges; the associated constraints, requirements and solutions resulting in specially designed spaces that are as individual as all the people living within them. Darren's book demonstrates in engaging, information-filled text and stunning photography that we can draw inspiration and practical solutions from the way different families have tailored various interior design elements - storage, lighting, furniture, materials, larger and smaller spaces - to their unique brief. In HomeSpace, we'll find out what makes people happy and fulfilled through the homes they have created, homes that work to support the family in their lives.

*Dressing Barbie* Carol Spencer 2019-03-19 A legendary fashion designer for Barbie shares the story of her adventures working behind-the-scenes at Mattel, and spotlights the creations that transformed the world's most famous doll into a style icon in this beautifully designed book—published in commemoration of Barbie's sixtieth anniversary—illustrated with 100 full-color photographs, including many never-before-seen images of rare and one-of-a-kind pieces from the author's private archive. *Dressing Barbie* is a dazzling celebration of the clothes that made America's favorite doll, and the incredible woman behind them. For thirty-five years, Carol Spencer enjoyed an unparalleled reign as a Barbie fashion designer, creating some of Barbie's most iconic looks from the early 1960s until the late 1990s. Barbie's wide-ranging wardrobe—including princess gowns and daisy-print rompers, flirty sundresses and smart pantsuits—combined fashion trends and haute couture with a liberal dose of fantasy. In *Dressing Barbie*, the successful and prolific designer reminisces about her time at Mattel working with legendary figures such as Ruth Handler, Barbie's creator, and Charlotte Johnson, the original Barbie designer, and talks about her best and most beloved clothing designs from each decade. But Carol's most impressive creation is her own life. As Handler famously said, "Barbie always represented the fact that a girl has choices"—a credo Carol epitomized. In *Dressing Barbie*, she talks candidly about how she broke free of the constraints of the late 1950s to pursue a dazzling career and an independent life for herself. Over the course of her successful and prolific career, Carol won many accolades. She was the first designer to have her signature on the doll, the first to go on a signing tour, the first to design a limited-edition Barbie Doll for collectors, and the designer of the biggest selling Barbie of all time. Now, Carol is the first member of the inner circle to take fans behind the pink

curtain, revealing the fashion world of Barbie, the quintessential California girl, as never before.

**The Dumnonian Compass** S B Postlewhite 2021-05-15 Darcy Bennett just wants to be normal. Normal clothes, normal friends, a normal life... But between her parent's antics and the mysterious creatures that keep turning up, 'normal' is not happening for her. Darcy is the daughter of two eccentric, and obsessive archaeologists, who are so work focussed, they often seem to forget she exists. On a family holiday to Cornwall, Darcy discovers there is a task before her and it is hers alone; one that challenges her ideas about the world and more so, about herself. In exploring the strange happenings, Darcy becomes trapped in an alternate world where the rules are vastly different from those she knows. Sent on a journey by a stranger, Darcy begins to understand that being true to herself is more important than 'fitting in', and friends can be made in the most unlikely of places. She realises her physical journey is to find a way back home; yet her emotional discovery is to value real love, true loss and the knowing of the right things; this is the hardest path for Darcy to travel... "A coming-of-age story blended with wonderous and enlightening places and beings that create an overall tale of enjoyment that Lewis Carroll himself would love...well done on this exceptional book and I do look forward to continuing the story with Darcy soon..." Amanda, Indiebooks reviewer

**Mystical San Francisco** 2005 A wealth of breathtaking photographs shot from unusual camera angles and imaginative viewpoints provide new perspectives on the beauty and magic of the City by the Bay--

under moonlight, shrouded in fog or simply shining under the California sun. San Francisco Chronicle photojournalist Frederic Larson and the late Pulitzer Prize winning columnist Herb Caen shared a love of San Francisco's beauty and majesty that they captured in photographs and words over the course of decades. Now they are united: Larson's spectacular photographs--shot from unique perspectives in the light of the moon and the rising sun, shrouded in fog--and Caen's beautiful tributes excerpted from hundreds of columns. The city's glorious landmarks are seen through the camera lens, places like the Golden Gate Bridge and Golden Gate Park, Chinatown and Alcatraz, the frenzied bustle of Fisherman's Wharf, the timeless romance of cable cars. The Larson-Caen collaboration exposes the city for what it is--vibrant, innovative, and endlessly surprising.

Living Crafts, Historic Tools Michael Emery 2013-04-28 What we celebrate today as "crafts" were once the means of everyday manufacture. The craftsman's product was not quaint, archaic, or merely decorative—it was essential. The tools that created these necessities speak to the early American spirit of ingenuity. Simple but resourceful, each tool was a beautiful, clever marriage of form and function, endowed with a life of its own, uniquely forged and perfectly suited for its purpose. The Landis Valley Village & Farm Museum, the leading public attraction devoted to Pennsylvania German (Pennsylvania Dutch) culture, works to preserve and carry the art of handcrafts into the modern age by educating and delighting visitors with their vast collection and craftwork demonstrators often in authentic dress, using period tools. With this book, the museum celebrates the hand tool as a medium of expression and salutes those who wield it with skillful pride. Through hundreds of images of these elegantly purposeful hand tools, the history of American handcraft is traced—sure to delight the luddite at heart.

Life of Brine Phil Jarratt 2017-08-01 “In the not-so-small world of surfing, Phil Jarratt has seen it all. Luckily for us, he’s a fearless, funny storyteller, with a reporter’s unsentimental eye and an endearing modesty. But his memoir is, above all, a haunting self-portrait: the boy practising drop-knee cutbacks in his mother’s full-length mirror in mid-century Wollongong becomes a man.” William Finnegan, Pulitzer Prize-winning author of *Barbarian Days* *Life of Brine* is the memoir of Phil Jarratt, one of the world’s best-known chroniclers of surfing culture whose lifelong pursuit of the perfect wave has placed him in the midst of some of the most exciting moments in surfing’s modern history. Jarratt, who has courted controversy in his long career as a journalist, editor and documentarian, pulls no punches as he rides an exhilarating wave of nostalgia from the sixties up until now, through the heady days of drugs, alcohol and excess in Bali and Biarritz and other exotic locations in between. Filled with debauchery, reflection and insight, this is a book that will be devoured by surfers young and old.

**The Way We Eat Now** Bee Wilson 2019-05-07 An award-winning food writer takes us on a global tour of what the world eats--and shows us how we can change it for the better Food is one of life's great joys. So why has eating become such a source of anxiety and confusion? Bee Wilson shows that in two generations the world has undergone a massive shift from traditional, limited diets to more globalized ways of eating, from bubble tea to quinoa, from Soylent to meal kits. Paradoxically, our diets are getting healthier and less healthy at the same time. For some, there has never been a happier food era than today: a time of unusual herbs, farmers' markets, and internet recipe swaps. Yet modern food also kills--diabetes and heart disease are on the rise everywhere on earth. This is a book about the good, the terrible, and the avocado toast. A riveting exploration of the hidden forces behind what we eat, *The Way We Eat Now* explains how this food revolution has transformed our bodies, our social lives, and the world we live in.

**Gardenalia** Sally Coulthard 2012 Gardens are now considered by many people to be an extension of the home, and with the popularity of reclaiming, re-using and re-inventing rather than buying brand new items, now is the time to embrace the value of outdoor salvage. *Gardenalia* provides the inspiration and the know-how for creating a perfect outdoor room. In the first section of the book Sally Coulthard guides the reader through the myriad choices of recycled and reclaimed materials and objects you can employ in your garden to inject style and personality. *Gardenalia* can be introduced in many forms, from recycled wooden fences and charming old gates, to reclaimed brick for paths and edging, and metal plant supports, pergolas and arches. Statuary and ornaments offer decorative devices and design focal points. All types of furniture - from classical benches to weather-beaten old tables and retro deckchairs - can create stylish areas for dining and relaxing, while containers and tools provide the perfect finishing touches. The second section covers a wide variety of different garden spaces, taking in potagers, vintage and formal style gardens, relaxing spaces, container gardening, colourful corners, potting sheds, spaces for work and play and even animal sanctuaries for wildlife and pets. A host of inventive ideas show you how to breathe new life and uses into salvaged pieces. *Gardenalia* offers practical guidance for the perennial garden tasks of planning your space, incorporating seating and

eating areas and creating exciting backdrops and structures for your plants.
