The Annotated Memoirs of Ulysses S. Grant Ulysses S. Grant 2018-12-04 With kaleidoscopic, trenchant, path-breaking insights, Elizabeth D. Samet has produced the most ambitious edition of Ulysses Grant's Memoirs yet published. One hundred and thirty-three years after its 1885 publication by Mark Twain, Elizabeth Samet has annotated this lavish edition of Grant's landmark memoir, and expands the Civil War backdrop against which this monumental American life is typically read. No previous edition combines such a sweep of historical and cultural contexts with the literary authority that Samet, an English professor obsessed with Grant for decades, brings to the table. Whether exploring novels Grant read at West Point or presenting majestic images culled from archives, Samet curates a richly annotated, highly collectible edition that will fascinate Civil War buffs. The edition also breaks new ground in its attack on the "Lost Cause" revisionism that still distorts our national conversation about the legacy of the Civil War. Never has Grant's transformation from tanner's son to military leader been more insightfully and passionately explained than in this timely edition, appearing on the 150th anniversary of Grant's 1868 presidential election.

Reimagining Childhood Studies Spyros Spyrou 2018-12-13 Reimagining Childhood Studies incites, and provides a forum for, dialogue and debate about the direction and impetus for critical and global approaches to social-cultural studies of children and their childhoods. Set against the backdrop of a quarter century of research and theorising arising out of the "new" social studies of childhood, each of the 13 original contributions strives to extend the conceptual reach and relevance of the work being undertaken in the dynamic and expanding field of childhood studies in the 21st century. Internationally renowned contributors engage with contemporary scholarship from both the global north and south to address questions of power, inequity, reflexivity, subjectivities and representation from poststructuralist, posthumanist, postcolonial, feminist, queer studies and political economy perspectives. In so doing, the book provides a deconstructive and reconstructive dialogue, offering a renewed agenda for future scholarship. The book also moves the insights of childhood studies beyond the boundaries of this field, helping to mainstream insights about children's everyday lives from this burgeoning area of study and avoid the dangers of marginalizing both children and scholarship about childhood. This carefully curated collection extends beyond critiques of specified research arenas, traditions, concepts or approaches to serve as a bridge in the transformation of childhood studies at this important juncture in its history.

The Holocaust Laurence Rees 2017-04-18 n June 1944, Freda Wineman and her family arrived at

Auschwitz-Birkenau, the infamous Nazi concentration and death camp. After a cursory look from an SS doctor, Freda's life was spared and her mother was sent to the gas chambers. Freda only survived because the Allies won the war -- the Nazis ultimately wanted every Jew to die. Her mother was one of millions who lost their lives because of a racist regime that believed that some human beings simply did not deserve to live -- not because of what they had done, but because of who they were. Laurence Rees has spent twenty-five years meeting the survivors and perpetrators of the Third Reich and the Holocaust. In this sweeping history, he combines this testimony with the latest academic research to investigate how history's greatest crime was possible. Rees argues that while hatred of the Jews was at the epicenter of Nazi thinking, we cannot fully understand the Holocaust without considering Nazi plans to kill millions of non-Jews as well. He also reveals that there was no single overarching blueprint for the Holocaust. Instead, a series of escalations compounded into the horror. Though Hitler was most responsible for what happened, the blame is widespread, Rees reminds us, and the effects are enduring. *The Holocaust: A New History* is an accessible yet authoritative account of this terrible crime. A chronological, intensely readable narrative, this is a compelling exposition of humanity's darkest moment.

EMOTIONS Osho 2010-07-01 Strong emotions that we don't know how to handle effectively lie at the core of so many difficulties in the life of the individual. They can affect our relationships with loved ones, and how we function in our work. They play a profound role in how we feel about ourselves, and can even affect our physical health. And we are too often trapped in the dilemma of "expression" versus "repression." Expressing our emotions can often hurt others, but by repressing them - even in the benevolent guise of "self-control" - we risk hurting ourselves. Osho offers a third alternative, which is to understand the roots of our emotions and to develop the knack of watching them and learning from them as they arise, rather than being "taken over" by them. Eventually we find that even the most challenging and difficult situations no longer have the power to provoke us and cause us pain. Osho's unique insight into the workings of the mind, the heart, and the essence or "being" of the individual goes far beyond the understandings of conventional psychology. Over more than three decades of work with people from all walks of life, he has developed simple techniques and insights to help modern-day men and women to rediscover their own inner silence and wisdom.

Around the World in 80 Cigars Nick Hammond 2019-09-12 Lifestyle journalist Nick Hammond takes readers on a quarter-century expedition of wonder. From the bamboo forests of Japan to the peat burns of the Scottish Hebrides; from the dripping rainforest of Borneo to the scorched savannah of Africa; *Around The World In 80 Cigars* follows a natural observer through weird and wonderful adventures, each linked by the golden thread of a fine cigar. Ever been stuck in a minefield? Wondered what a sultry night in Havana is really all about? Wished you could sail in a hot air balloon over Cognac, go lobster fishing off Scotland, or dive with great white sharks off Gaansbai? All these adventures and more are told in searing detail in this beautifully packaged memoir.

A Love Made New Kathleen Fuller 2016-09-13 Abigail Schrock knows God can make all things new, but does that include her broken heart? It seems as if everyone is falling in love in Birch Creek, including Abigail Schrock. But when heartbreak descends on her already fragile world, she can't help but feel that if she'd only been a little prettier, she could be on her way down the aisle. To make matters worse, Abigail's two sisters have found love, and all Abigail can seem to find is the chocolate she has stashed away in the pantry. Asa Bontrager has never had trouble with the ladies in his Amish community—his good looks have always gotten him far. Which is why he's baffled by the call he's received from God to pursue Abigail, a woman who seems determined to turn him away. Can Abigail find the peace and joy she so desperately desires? Will she allow herself to stop running and melt into the embrace of unforeseen comfort? If she does, she may discover a love powerful enough to restore her hope in a promising future.

Transactions on Petri Nets and Other Models of Concurrency XIII Maciej Koutny 2018-11-20 The 13th volume of ToPNoC contains revised and extended versions of a selection of the best workshop papers presented at the 38th International Conference on Application and Theory of Petri Nets and Concurrency, Petri Nets 2017, and the 17th International Conference on Application of Concurrency to System Design, ACS D 2017. The 9 papers cover a diverse range of topics including model checking and system verification, refinement, and synthesis; foundational work on specific classes of Petri nets; and innovative applications of Petri nets and other models of concurrency. Application areas covered in this volume are: fault-tolerance, service composition, databases, communication protocols, business processes, and distributed systems. Thus, this volume gives a good overview of ongoing research on concurrent systems and Petri nets.

Yoga, Power & Spirit Alberto Villoldo 2017-07-25 The Yoga Sutras of Patanjali is the classic Hindu text on the spiritual practice of yoga. Written more than 2,000 years ago, these teachings provide a rich, contemplative understanding of yoga and philosophy. Derived from an ancient oral tradition, when the Divine feminine was worshiped, the Yoga Sutras were later taught by priests and scholars from a masculine tradition that obscured their deep wisdom. While there are many scholarly translations of the Yoga Sutras, in this book, best-selling author and shaman Alberto Villoldo reveals how these teachings are available to us at all times—without gurus, temples, or decades of study. Villoldo's own fieldwork with the high shamans of the Americas has shown that the goals of shamanism and yoga are identical, and he demonstrates the parallels in their practices. In a series of short, inspirational passages from the Sutras, the reader is led toward self-realization and enlightenment in its simplest form. In this treasured book, Villoldo brings to life the spiritual teachings of yoga in a pure and practical way—stripped of dogma and brimming with poetry and spirit.

Observing Homosexual and Gender Nonconformity Behaviors Michael Lambertus 2018-12-07 Michael Lambertus examines the influence of perceived homosexual sexual and gender nonconform behaviors on the elicitation of two moral emotions, disgust and contempt, as well as moral judgment of male participants in his study. In doing so, he considers the extent to which these men endorse specific cultural beliefs about masculinity—also referred to as 'masculinity ideology'. The author succeeds in proving an increase in disgust towards perceived homosexual, but not towards heterosexual sexual behavior of a description of a fictional person, the more the participants advocate masculine gender role norms.

Love's Reckoning (The Ballantyne Legacy Book #1) Laura Frantz 2012-09-01 On a bitter December day in 1785, Silas Ballantyne arrives at the door of master blacksmith Liege Lee in York, Pennsylvania. Just months from becoming a master blacksmith himself, Silas is determined to finish his apprenticeship and move west. But Liege soon discovers that Silas is a prodigious worker and craftsman and endeavors to keep him in York. Silas becomes interested in both of Liege's daughters, the gentle and faith-filled Eden and the clever and high-spirited Elspeth. When he chooses one, will the other's jealousy destroy their love? In this sweeping family saga set in western Pennsylvania, one man's choices in love and work, in friends and enemies, set the stage for generations to come. Love's Reckoning is the first entry in The Ballantyne Legacy, a rich, multi-layered historical quartet from talented writer Laura Frantz, beginning in the late 1700s and following the Ballantyne family through the end of the Civil War.

Complex Network Analysis in Python Dmitry Zinoviev 2018-01-19 Construct, analyze, and visualize networks with networkx, a Python language module. Network analysis is a powerful tool you can apply to a multitude of datasets and situations. Discover how to work with all kinds of networks, including social, product, temporal, spatial, and semantic networks. Convert almost any real-world data into a complex network--such as recommendations on co-using cosmetic products, muddy hedge fund connections, and online friendships. Analyze and visualize the network, and make business decisions based on your analysis. If you're a curious Python programmer, a data scientist, or a CNA specialist interested in mechanizing mundane tasks, you'll increase your productivity exponentially. Complex network analysis used to be done by hand or with non-programmable network analysis tools, but not anymore! You can now automate and program these tasks in Python. Complex networks are collections of connected items, words, concepts, or people. By exploring their structure and individual elements, we can learn about their meaning, evolution, and resilience. Starting with simple networks, convert real-life and synthetic network graphs into networkx data structures. Look at more sophisticated networks and learn more powerful machinery to handle centrality calculation, blockmodeling, and clique and community detection. Get familiar with presentation-quality network visualization tools, both programmable and interactive--such as Gephi, a CNA explorer. Adapt the patterns from the case studies to your problems. Explore big networks with NetworKit, a high-performance networkx substitute. Each part in the book gives you an overview of a class of networks, includes a practical study of networkx functions and techniques, and concludes with case studies from various fields, including social networking, anthropology, marketing, and sports analytics. Combine your CNA and Python programming skills to become a better network analyst, a more accomplished data scientist, and a more versatile programmer. What You Need: You will need a Python 3.x installation with the following additional modules: Pandas (≥ 0.18), NumPy (≥ 1.10), matplotlib (≥ 1.5), networkx (≥ 1.11), python-louvain (≥ 0.5), NetworKit (≥ 3.6), and generalizesimilarity. We recommend using the Anaconda distribution that comes with all these modules, except for python-louvain, NetworKit, and generalizesimilarity, and works on all major modern operating systems.

A Change of Fortune (Ladies of Distinction Book #1) Jen Turano 2012-11-01 Lady Eliza Sumner is on a mission. After losing her family, her fiance, and her faith, the disappearance of her fortune is the last straw. Now, masquerading as Miss Eliza Sumner, governess-at-large, she's determined to find the man

who ran off with her fortune, reclaim the money, and head straight back to London. Much to Mr. Hamilton Beckett's chagrin, all the eyes of New York society--all the female ones, at least--are on him. Unfortunately for all the matchmaking mothers and eligible daughters, he has no plans to marry again, especially with his hands full keeping his business afloat and raising his two children alone. When Eliza's hapless attempts to regain her fortune put her right in Hamilton's path, sparks instantly begin to fly. The discovery of a common nemesis causes them to join forces, but with all their plans falling by the wayside and their enemies getting the better of them, it will take a riot of complications for Hamilton and Eliza to realize that God just might have had a better plan in mind all along. "Set in New York City circa 1880, Turano's historical romance has witty dialogue, a spunky heroine, a bounty of humor, and a fast-paced plot. There are wonderful secondary characters, too, including an ankle-biting boy, a relentlessly matchmaking mother, and a full cast of despicable villains. A Change of Fortune will make a delightful addition to any library." --Booklist (starred review) "Turano's charming story of losing and gaining both wealth and love in 1880s New York City will certainly please fans of witty and classic romance stories."--RT Book Review "[A] delightfully lighthearted debut novel."--Desert News

Turn The Ship Around! L. David Marquet 2015-10-08 'David Marquet is the kind of leader who comes around only once in a generation ... his ideas and lessons are invaluable' Simon Sinek, author of Start With Why Captain David Marquet was used to giving orders. In the high-stress environment of the USS Santa Fe, a nuclear-powered submarine, it was crucial his men did their job well. But the ship was dogged by poor morale, poor performance and the worst retention in the fleet. One day, Marquet unknowingly gave an impossible order, and his crew tried to follow it anyway. He realized he was leading in a culture of followers, and they were all in danger unless they fundamentally changed the way they did things. Marquet took matters into his own hands and pushed for leadership at every level. Before long, his crew became fully engaged and the Santa Fe skyrocketed from worst to first in the fleet. No matter your business or position, you can apply Marquet's approach to create a workplace where everyone takes responsibility for their actions, people are healthier and happier - and everyone is a leader.

Flights of Fancy Jen Turano 2019-01-01 Miss Isadora Delafield may be an heiress, but her life is far from carefree. When her mother begins pressuring her to marry an elderly and uncouth duke, she escapes from the high society world she's always known and finds herself to be an unlikely candidate for a housekeeper position in rural Pennsylvania. Mr. Ian MacKenzie is known for his savvy business sense and has built his reputation and fortune completely on his own merits. But when his adopted parents are in need of a new housekeeper and Isadora is thrown into his path, he's unexpectedly charmed by her unconventional manner. Neither Isadora nor Ian expected to find the other so intriguing, but when mysterious incidents on the farm and the truth of Isadora's secret threaten those they love, they'll have to set aside everything they thought they wanted for a chance at happy-ever-after.

Rhett's Make-Believe Marriage Liz Isaacson 2022-09-19 To save her business, she'll have to risk her heart. Will their fake marriage take them out of the friend zone? "Readers looking for a clean Christian book with mature but handsome cowboy billionaires and the women who love them, will find heaps to enjoy starting with this book. A binge-worthy read." In D'Tale Magazine Rhett Walker has been in Three Rivers for a year, relying on the Foster sisters next door as he rebuilds his ranch after a tornado hits town. He's closest to Evelyn, and they spend a lot of time together. While he's entertained thoughts of starting a relationship with her, there's always a boyfriend and their friendship between them. Evelyn Foster runs a successful, secretive matchmaking service for the women of Three Rivers. She helps set up situations so cowboys can get out of their own way and see the beautiful woman standing right in

front of them. Business is great-until people start to lose confidence in her abilities because her boyfriends all seem to break up with her. To save her business, she'll have to risk her heart. And her pride. She knocks on Rhett's door-the only person she thinks will go along with her crazy plan. Could their make-believe marriage be exactly what they both need to get out of their own way and find a happily-ever-after?

Daddy K M Neuhold 2020-01-16 Joey needs a Daddy... Intimacy has never been my main priority. Not what people expect to hear from someone who's been head camera man for the single best studio in the kind of industry I work in. Einstein and the Time Machine Luca Novelli 2017-06-01 Albert Einstein wasn't afraid to think for himself. And as a young man, he had little choice--after barely passing his final exams in college, he couldn't find a job in physics and had to take a job reviewing inventors' patent applications at an office in Bern, Switzerland. But in his free time he wrote papers with fantastical theories. That light is both a wave and a particle. That matter can become energy, and energy can become matter. That space can "bend" and time is relative. Other scientists ignored him at first, but in time would realize he was absolutely correct about nearly everything, and it turned the world of physics upside down. *Einstein and the Time Machine* is a fast-paced, entertaining biography of the greatest thinkers of the twentieth century. In addition to its lively story, it includes 190 illustrations, a glossary, and sidebars covering related topics, from time travel to the Nobel Prize to the origin of the universe--the Big Bang.

The 1921 Annual of Advertising Art Art Directors Club 2018-12-19 The publishing boom of the early twentieth century led to an entirely new vocation, that of art direction for editorial publications and advertising. In 1921, the recently formed Art Directors Club resolved to show that their profession involved more than just signage for selling products. Their exhibition of paintings and drawings, intended to prove their work worthy of artistic consideration, was judged by a jury that featured some of the era's most distinguished names in illustration and art, including Ashcan School painter Robert Henri; Charles Dana Gibson, creator of the "Gibson Girl"; and outstanding New York artist Joseph Pennell, among others. This reproduction of the exhibition's catalog offers a generous selection of more than 300 halftone images, accompanied by an appendix of the ads' corresponding sources. New to this edition are added pages of brilliant color reproductions of a selection of the best materials. Entries by leaders in the field include J. C. Leyendecker's ads for Arrow shirts, Maxfield Parrish's Mazda Lamp calendar pages, Franklin Booth's line art, and contributions by Norman Rockwell, Edward Penfield, N. C. Wyeth, and other luminaries. Students of art, illustration, and advertising as well as professional illustrators, historians, and anyone with an appreciation of advertising art will find this volume a richly evocative source of historic commercial art.

The Intersections of Whiteness Evangelia Kindinger 2019-01-30 Trumpism and the racially implied Islamophobia of the "travel ban"; Brexit and the yearning for Britain's past imperial grandeur; Black Lives Matter; the public backlash against Merkel's refugee policies in Germany. These seemingly national responses to the changing demographics in a multitude of Western nations need to be understood as effects of a global/transnational crisis of whiteness. *The Intersections of Whiteness* brings together scholars from different disciplines to shed light on these manifestations in the United States, the United Kingdom, South Africa and Germany. Applying methodology stemming from critical race theory's investment in intersectionality, the contributions of this edited collection focus on specific intersections of whiteness with gender, class, space, affect and nationality. Offering valuable insights into the contours of whiteness and its instrumentalisation across different nations, societies and cultures, this incisive volume creates transnational dialogue and will appeal to students and researchers interested in fields such as critical whiteness and race studies, gender studies, cultural studies and social policy.

Fiduciary Government Evan J. Criddle 2018-10-31 The idea that the state is a fiduciary to its citizens has a long pedigree - ultimately reaching back to the ancient Greeks, and including Hobbes and Locke among its proponents. Public fiduciary theory is now experiencing a resurgence, with applications that range from international law, to insider trading by members of Congress, to election law and gerrymandering. This book is the first of its kind: a collection of chapters by leading writers on public fiduciary subject areas. The authors develop new accounts of how fiduciary principles apply to representation; to officials and judges; to problems of legitimacy and political obligation; to positive rights; to the state itself; and to the history of ideas. The resulting volume should be of great interest to political theorists and public law scholars, to private fiduciary law scholars, and to students seeking an introduction to this new and increasingly relevant area of study.

The Philosophy of Humor Yearbook Steven Gimbel 2020-08 This yearbook, the sole publication of its kind, addresses the contemporary interest in the philosophy of humor. It invites philosophers from

various traditions to share studies of humor, laughter, and the comic, and their roles (e.g., epistemological, ethical, aesthetic) within the history and practice of philosophy. It publishes not only scholarly articles of the highest quality, but also humorous or satirical pieces of philosophic interest.
