**A History of South African Literature** Christopher Heywood 2004-11-18 This book is a critical study of South African literature, from colonial and pre-colonial times onwards. Christopher Heywood discusses selected poems, plays and prose works in five literary traditions: Khoisan, Nguni-Sotho, Afrikaans, English, and Indian. The discussion includes over 100 authors and selected works, including poets from Mqhayi, Marais and Campbell to Butler, Serote and Krog, theatre writers from Boniface and Black to Fugard and Mda, and fiction writers from Schreiner and Plaatje to Bessie Head and the Nobel prizewinners Gordimer and Coetzee. The literature is explored in the setting of crises leading to the formation of modern South Africa, notably the rise and fall of the Emperor Shaka's Zulu kingdom, the Colenso crisis, industrialisation, the colonial and post-colonial wars of 1899, 1914, and 1939, and the dissolution of apartheid society. In Heywood's study, South African literature emerges as among the great literatures of the modern world.

**Leonardo Pisano (Fibonacci)** L. E. Sigler 2014-06-28 The Book of Squares by Fibonacci is a gem in the mathematical literature and one of the most important mathematical treatises written in the Middle Ages. It is a collection of theorems on indeterminate analysis and equations of second degree which yield, among other results, a solution to a problem proposed by Master John of Palermo to Leonardo at the Court of Frederick II. The book was dedicated and presented to the Emperor at Pisa in 1225. Dating back to the 13th century the book exhibits the early and continued fascination of men with our number system and the relationship among numbers with special properties such as prime numbers, squares, and odd numbers. The faithful translation into modern English and the commentary by the translator make this book accessible to professional mathematicians and amateurs who have always been intrigued by the lure of our number system.

**Graffiti and the Writing Arts of Early Modern England** Juliet Fleming 2011-12-15  
Tattoos and graffiti immediately bring to mind contemporary urban life and its inhabitants. But in fact, both practices date back much further than is generally thought—even by scholars. Drawing on a previously unavailable archive, Juliet Fleming reveals the unknown and disregarded literary arts of sixteenth century England. In *Graffiti and the Writing Arts of Early Modern England*, Fleming argues that our modern assumptions of what constitutes written expression have limited our access to and understanding of early modern history and writing. Fleming combines detailed historical scholarship with intellectual daring in a work that describes how writing practices have not been limited to the boundaries of the page; instead they have included body surfaces, ceramics, ceilings, walls, and windows. Moving beyond what has been preserved in print and manuscript, this book claims the whitewashed wall as the primary textual canvas of the early modern English, explores the tattooing practices of sixteenth-century Europeans, and uncovers the poetics of ceramic cookware. *Graffiti and the Writing Arts of Early Modern England* will provide a startling new perspective for scholars of early modern literature and cultural history.

**Winnfred & Agnes** Agnes Lottering 2002 This very readable book offers a the true account of a Zululand family whose lives were touched in equal measure by tribal belief and Christianity, healing herbs, magical birds and the tokeloshe, a mischievous creature surrounded by myth and sexual innuendo. It is a story of betrayal, grand passion, bewitchment, abuse and the triumph of love. A love-story and family saga; and social history.. In the late 19th century, well-to-do British and Irish traders started operating in Ngome in northern KwaZulu-Natal. They took Zulu wives and adopted Zulu cultural practices, including polygamy, which meant that they fathered numerous children with their various wives. Agnes Lottering, the author of this book, is one of their offspring. Her grandfather, the Rorke after whom Rorke's Drift was called, came from Dublin; her grandmother was a princess of the Myeni tribe of Ubumbo. women who found them in a social environment that was neither Zulu nor British, where women, now without the strict codes that governed Zulu marriages, were basically at the mercy of the men: white men, far removed from their own society with its constraints, and coloured men who had never known a coherent, stable social environment. Both Agnes and her mother were loved with passion, but both were also abused. Caught in the cross-current of two cultures and never completely belonging to either, they both managed not to have their spirit broken. In fact, Agnes is and emerges from her narrative almost larger than life.

**Problematising the African Renaissance** Eddy Maloka 2000 These papers address aspects of the contentious intellectual and policy debate about the revival and revitalisation of Africa's political, economic and cultural situation - the so-called African Renaissance. The work considers the ideological antecedents of the concept of the African Renaissance; the African Renaissance as an imperative for survival; and how President Thabo Mbeki of South Africa and the ANC use the notion. The contributors discuss the ethical ramifications of globalisation; whether neo-liberalism can be considered a stable base for the African Renaissance; and the likelihood of genuine progress when there are many indicators that neo-liberalism is unleashing a kind of global apartheid. On this judgement, they draw parallels with the apartheid era in South Africa, and envisage a similar struggle for change. The contributors are five scholars including the Russian, Vladimir Shubin, and the book's editor Eddie Maloka.

*A Place Called Vatmaar* Andrew Henry Martin Scholtz 2000 A hundred years ago, a small settlement sprang up in the Northern Cape. A rich diversity of people moved in, as the children were born, Vatmaar became a village. A. H. M. Scholtz tells of Oom Chai, who in turn tells of a Vuurmaak, who in turn introduces someone else. Thus a chain of stories is created interlinking the fates of unforgettable characters like Lance-Corporal George Lewis and his Tswana wife, Rush, Sis Bet, Old Chetty, Hendruk, January, Tant Vonnie and her daughters as they recount tales of the Anglo-Boer War, the diamond diggings, court cases and stokvels: the tricksters and the tricked, marriages and funerals, love and betrayal. *A Place Called Vatmaar* is a panoramic novel: compelling, wise and humane.

**Seeing Sense** Leon Van Nierop 1998

*Coming Through Slaughter* Michael Ondaatje 2011-03-23 Bringing to life the fabulous, colorful panorama of New Orleans in the first flush of the jazz era, this book tells the story of Buddy Bolden, the first of the great trumpet players--some say the originator of jazz--who was, in any case, the genius, the guiding spirit, and the king of that time and place. In this fictionalized meditation, Bolden, an unrecorded father of Jazz, remains throughout a tantalizingly ungraspable phantom, the central mysteries of his life, his art, and his madness remaining felt but never quite pinned down. Ondaatje's prose is at times startlingly lyrical, and as he chases Bolden through documents and scenes, the novel partakes of the very best sort of modern detective novel--one where the enigma is never resolved, but allowed to manifest in its fullness. Though more 'experimental' in form than either *The English Patient* or *In the Skin of a Lion*, it is a fitting addition to the renowned Ondaatje oeuvre.

*Mind Your Colour* V. A. February 2019-06-04 This book is essentially about stereotypes as found in the literature and culture of South Africa. It deals specifically with those people referred to in the South African racial legislation as 'coloureds'. Routledge is an imprint of Taylor & Francis, an informa company.

**David's Story** Zoë Wicomb 2015-04-25 The 1987 publication of *You Can't Get Lost in Cape Town* won Zoë Wicomb an international readership and wide critical acclaim. As richly imagined and stylistically innovative as Wicomb's debut work, *David's Story* is a mesmerizing novel, multilayered and multivoiced, at times elegiac, wry, and expansive. Unfolding in South Africa at the moment of Nelson Mandela's release from prison in 1991, the novel explores the life and vision of David Dirkse, part of the underground world of activists, spies, and saboteurs in the liberation movement a world seldom revealed to outsiders. With "time to think" after the unbanning of the movement, David is researching his roots in the history of the mixed-race "Coloured" people of South Africa and of their antecedents among the indigenous people and early colonial settlers. But David soon learns that he is on a hit list, and, caught in a web of betrayal and surveillance, he is forced to rethink his role in the struggle for "nonracial democracy," the loyalty of his "comrades," and his own conceptions of freedom. Through voices and stories of David and the women who surround him responding to, illuminating, and sometimes contradicting one another Wicomb offers a moving exploration of the nature of political vision, memory, and truth.

**Farthest North** Fridtjof Nansen 1898 In September of 1893, Norwegian zoologist Fridtjof Nansen and a crew manned the schooner *Fram*, intending to drift, frozen in the Arctic pack-ice, to the North Pole. When it became clear that they would miss the pole, Nansen and his companion Hjalmar Johansen struck off by themselves. Racing the shrinking pack-ice, they attempted, by dog-sled, to go "farthest north." They survived a winter in a moss hut eating walrus and polar bears, and the public assumed they were dead. In the spring of 1896, after three years of trekking, and having made it to within four degrees of the pole, they returned to safety. Nansen's narrative stands with the best writing on polar exploration.
