The Handbook of Global Media and Communication Policy Robin Mansell 2014-03-03
The Handbook of Global Media and Communication Policy offers insights into the boundaries of this field of study, assesses why it is important, who is affected, and with what political, economic, social and cultural consequences. Provides the most up to date and comprehensive collection of essays from top scholars in the field Includes contributions from western and eastern Europe, North and Central America, Africa and Asia Offers new conceptual frameworks and new methodologies for mapping the contours of emergent global media and communication policy Draws on theory and empirical research to offer multiple perspectives on the local, national, regional and global forums in which policy debate occurs

The Game Neil Strauss 2012-05-01 Hidden somewhere, in nearly every major city in the world, is an underground seduction lair. And in these lairs, men trade the most devastatingly effective techniques ever invented to charm women. This is not fiction. These men really exist. They live together in houses known as Projects. And Neil Strauss, the bestselling author and journalist, spent two years living among them, using the pseudonym Style to protect his real-life identity. The result is one of the most explosive and controversial books of the last decade—guaranteed to change the lives of men and transform the way women understand the opposite sex forever. On his journey from AFC (average frustrated chump) to PUA (pick-up artist) to PUG (pick-up guru), Strauss not only shares scores of original seduction techniques but also has unforgettable encounters with the likes of Tom Cruise, Britney Spears, Paris Hilton, Heidi Fleiss, and Courtney Love. And then things really start to get strange—and passions lead to betrayals lead to violence. The Game is the story of one man's transformation from frog to prince to prisoner in the most unforgettable book of this generation.

The Handbook of Journalism Studies Karin Wahl-Jorgensen 2009-01-13 This Handbook charts the growing area of journalism studies, exploring the current state of theory and setting an agenda for future research in an international context. The volume is structured around theoretical and empirical approaches, and covers scholarship on news production and organizations; news content; journalism and society; and journalism in a global context. Emphasizing comparative and global perspectives, each chapter explores: Key elements, thinkers, and texts Historical context Current state of the art Methodological issues Merits and advantages of the approach/area of studies Limitations and critical issues of the approach/area of studies Directions for future research Offering broad international coverage from top-tier contributors, this volume ranks among the first publications to serve as a comprehensive resource addressing theory and scholarship in journalism studies. As such, the Handbook of Journalism Studies is a must-have resource for scholars and graduate students working in journalism, media studies, and communication around the globe.

Journalism, fake news & disinformation Ireton, Cherilyn 2018-09-17

Indiscipliné Dominique Wolton 2012-02-16 En 35 ans, Dominique Wolton a travaillé sur 10 domaines de recherche qui éclairent l'avenir. L'individu et le couple ; le travail ; les médias ; l'espace public et la communication politique ; l'information et le journalisme ; Internet ; l'Europe ; la diversité culturelle et la mondialisation ; les rapports sciences-techniques-société ; connaissance et communication. Tous ces thèmes, au cœur des débats contemporains, il les a le plus souvent abordés à contre-courant des idées du moment, témoignant de sa lucidité et de son intuition. Ses recherches contribuent notamment à valoriser une conception originale de la communication qui privilégie l'homme et la démocratie plutôt que la technique et l'économie. Avec cette question fondamentale : comment cohabiter pacifiquement avec l'autre, aujourd'hui si proche grâce à la multitude des techniques, mais toujours aussi éloigné ? En repensant les rapports entre l'individu et le collectif, entre le même et le différent, il renouvelle la pensée politique à l'heure de la communication omniprésente. Dominique Wolton est directeur de l'Institut des sciences de la communication du CNRS. Il a fondé et dirige la revue *Hermès* du CNRS depuis 1988. Il est membre du conseil d'administration du groupe France Télévisions et président du conseil de l'éthique publicitaire de l'Autorité de régulation professionnelle de la publicité (ARPP). Il est l'auteur d'une trentaine d'ouvrages traduits en vingt langues, parmi lesquels : *Informers n'est pas communiquer*, *L'Autre Mondialisation*, *Internet, et après ?*, *Demain la francophonie*, *Penser la communication*, *Naissance de l'Europe démocratique*, *Éloge du grand public*.

Communication 1989

Truth and Consequences Keith Olbermann 2008-02-26 Short, sharp, and oftentimes shocking, Keith Olbermann's "Special Comments" have made his nightly MSNBC program, Countdown with Keith Olbermann, must-see viewing—and the fastest-growing news show on cable TV. In these segments, Olbermann calls out the perpetrators of mismanagement, brutality, cronyism, and the appalling lack of accountability at the highest levels of the Bush administration. In so doing, Olbermann goes where most of the mainstream media fear to tread—and his rapidly expanding audience eagerly follows. In Truth and Consequences, Olbermann collects the best of his Special Comments, presented here with additional observations and other new material. Whether taking to task the likes of Vice President Dick Cheney and (the thankfully former) Secretary of Defense Donald Rumsfeld, who compare critics of the Iraq War to Nazi appeasers, or giving his impassioned perspective on why torture is un-American and what it really means to support our troops, or grilling timid lawmakers who fail to rein in presidential overreach and abuses of executive power, Olbermann's devastatingly blunt (and at times wickedly funny) commentary cuts to the core of the duplicity and cynicism of a government that has lost the ability to distinguish between leading our great nation and ruling it. Naturally, Keith Olbermann's candor and razor-sharp polemic have earned him many detractors and enemies. His antagonists in the media, such as Bill O'Reilly, have mocked him and accused him of rank intolerance. Yes, Keith Olbermann is intolerant—of hypocrisy, demagoguery, fear-mongering, and especially the equation of dissent with treason. In Truth and Consequences, he fights to reclaim for himself and all Americans the dignity of speaking one's mind and acting on one's conscience. Praise for Keith Olbermann "A truth-telling, Bush-bashing accidental liberal hero." —New York "The most honest man in news . . . Olbermann clearly relishes his feuds and doesn't seem to worry much about sparking new ones." —Rolling Stone "Part Jon Stewart (the funny), Dennis Miller (the erudite and biting sub-references), [and] H. L. Mencken (the skewering of power and stupidity in equal doses) as well as crusading journalist . . . Olbermann has emerged as a kind of force of nature." —San Francisco Chronicle "Intelligent, well-read, forceful and incisive." —Rocky Mountain News

Mystifying the Monarch Jeroen Deploige 2006 The power of monarchs has traditionally been as much symbolic as actual, rooted in popular imagery of sovereignty, divinity, and authority. In *Mystifying the Monarch*, a distinguished group of contributors explores the changing nature of that imagery—and its political and social effects—in Europe from the Middle Ages to the present day. They demonstrate that, rather than a linear progression where perceptions of rulers moved inexorably from the sacred to the banal, in reality the history of monarchy has been one of constant tension between mystification and demystification.

Fighting Fakes - The Nordic Way Per Lundgren 2018-04-24 Word matters and is the foundation for dialogue and democracy and so is trust. Thus, the phenomenon "Fake News" understood as propaganda, lies, disinformation and fake factory stories are serious threats to our democracies. The Nordic Council of Ministers urges for finding ways to meet this challenge and is launching a booklet to create a debate on how to counter fakes and build trust in words and facts. The booklet is based upon results from a meeting in September 2017 of a high-level group of key experts on the topic and in particular from four experts contributing by focusing on media and information literacy, ethical standards and quality journalism to be among the best tools to counter fakes. This booklet will be launched at the UNESCO World Press Freedom Day 2018 in Accra asking for international feedback on its recommendations.

Platform Capitalism in India Adrian Athique 2020-09-24 This volume provides a critical examination of the evolution of platform economies in India. Contributions from leading media and communications scholars present case studies that illustrate the social and economic ambitions at the heart of Digital India. Across interdisciplinary domains of business, labour, politics, and culture, this book examines how digital platforms are embedding automated systems into the social fabrics of everyday life. Encouraging readers to explore the phenomenon of platformisation in context, the book uncovers the distinctive features of platform capitalism in India.

Between what we say and what we think: Where is mediatization? Jairo Ferreira 2018-12-21

In Defiance of Painting Christine Poggi 1992-01-01 The invention of collage by Picasso and Braque in 1912 proved to be a dramatic turning point in the development of Cubism and Futurism and ultimately one of the most significant innovations in twentieth-century art. Collage has traditionally been viewed as a new expression of modernism, one allied with modernism's search for purity of means, anti-illusionism, unity, and autonomy of form. This book - the first comprehensive study of collage and its relation to modernism - challenges this view. Christine Poggi argues that collage did not become a new language of modernism but a new language with which to critique modernism. She focuses on the ways Cubist collage - and the Futurist multimedia work that was inspired by it - undermined prevailing notions of material and stylistic unity, subverted

the role of the frame and pictorial ground, and brought the languages of high and low culture into a new relationship of exchange.

Geopolitics of Chaos Ignacio Ramonet 1998 Director of Le Monde Diplomatique, the author presents an original, discriminating and lucid political matrix for understanding what he calls the OC current disorder of the worldOC0 in terms of Internationalization, Cyberculture and Political Chaos."

L'Espace géographique 1983

The African Film Industry UNESCO 2021-10-01 The production and distribution of film and audiovisual works is one of the most dynamic growth sectors in the world. Thanks to digital technologies, production has been growing rapidly in Africa in recent years. For the first time, a complete mapping of the film and audiovisual industry in 54 States of the African continent is available, including quantitative and qualitative data and an analysis of their strengths and weaknesses at the continental and regional levels. The report proposes strategic recommendations for the development of the film and audiovisual sectors in Africa and invites policymakers, professional organizations, firms, filmmakers and artists to implement them in a concerted manner.

Modern Art, 19th & 20th Centuries Meyer Schapiro 1978 Traces the evolution from cultured artists who added literary and historical elements to their paintings to the painters who relied on sensibility alone, with a discussion of the social meaning of abstract art

White Skin, Black Fuel Andreas Malm 2021-05-18 Rising temperatures and the rise of the far right. What disasters happen when they meet? In the first study of the far right's role in the climate crisis, *White Skin, Black Fuel* presents an eye-opening sweep of a novel political constellation, revealing its deep historical roots. Fossil-fuelled technologies were born steeped in racism. No one loved them more passionately than the classical fascists. Now right-wing forces have risen to the surface, some professing to have the solution—closing borders to save the nation as the climate breaks down. Epic and riveting, *White Skin, Black Fuel* traces a future of political fronts that can only heat up.

TV Creators James L. Longworth, Jr. 2000-11-01 ER, Law & Order, and The Sopranos are just a few of the dramas that launched a new era of television at the turn of the millennium. *TV Creators* gives scholars and fans alike an exclusive, firsthand account of the lives, philosophies, and contributions of the writers and producers responsible for these and other outstanding prime time programs. James Longworth affords twelve outstanding creators of television drama an open, uncensored forum in which they discuss everything from their work ethic to the political and social issues affecting the television industry.

Twentieth-Century French Philosophy Alan D. Schrift 2009-02-04 This unique book addresses trends such as vitalism, neo-Kantianism, existentialism, Marxism and feminism, and provides concise biographies of the influential philosophers who shaped these movements, including entries on over ninety thinkers. Offers discussion and cross-referencing of ideas and figures Provides Appendix on the distinctive nature of French academic culture

The Dhimmi Bat Ye'or 1985 Examines the treatment of non-Arab people under the rule of the Muslims and collects historical documents related to this subject

Du journalisme Eugène Tavernier 1902

The Writing Public Elizabeth Andrews Bond 2021-03-15 Inspired by the reading and writing habits of citizens leading up to the French Revolution, *The Writing Public* is a compelling addition to the long-running debate about the link between the Enlightenment and the political struggle that followed. Elizabeth Andrews Bond scoured France's local newspapers spanning the two decades prior to the Revolution as well as its first three years, shining a light on the letters to the editor. A form of early social media, these letters constituted a lively and ongoing conversation among readers. Bond takes us beyond the glamorous salons of the intelligentsia into the everyday worlds of the craftsmen, clergy, farmers, and women who composed these letters. As a result, we get a fascinating glimpse into who participated in public discourse, what they most wanted to discuss, and how they shaped a climate of opinion. *The Writing Public* offers a novel examination of how French citizens used the information press to form norms of civic discourse and shape the experience of revolution. The result is a nuanced analysis of knowledge production during the Enlightenment. Thanks to generous funding from Michigan State University and its participation in TOME (Toward an Open Monograph Ecosystem), the ebook

editions of this book are available as Open Access (OA) volumes, available on the Cornell University Press website and other Open Access repositories.

Introduction to Journalism Richard Rudin 2013-08-06 Anyone studying journalism, or training for the industry, will benefit from the broad scope of information and guidance packed into this textbook. Those already employed in journalism or related areas will also find it useful as a reference book. Essential techniques employed by journalists working across all media are supplemented with detailed sections on the workings of public administration, law, health and safety, regulation and training. Each chapter concludes with suggested learning activities and an extensive list of resources for further study and investigation. The approach throughout chapters covering background issues (e.g. law) is 'journalism centred': all topics are related to the interests and concerns of journalists and journalism. Students of the City and Guilds Diploma in Media Techniques will find the book particularly relevant to their studies as it has been developed to reflect the syllabus of this course.

Crossing Borders, Crossing Cultures Massimo Rospoche 2019-09-23 This volume explores the challenges and possibilities of research into the European dimensions of popular print culture. Popular print culture has traditionally been studied with a national focus. Recent research has revealed, however, that popular print culture has many European dimensions and shared features. A group of specialists in the field has started to explore the possibilities and challenges of research on a wide, European scale. This volume contains the first overview and analysis of the different approaches, methodologies and sources that will stimulate and facilitate future comparative research. This volume first addresses the benefits of a media-driven approach, focussing on processes of content recycling, interactions between text and image, processes of production and consumption. A second perspective illuminates the distribution and markets for popular print, discussing audiences, prices and collections. A third dimension refers to the transnational dimensions of genres, stories, and narratives. A last perspective unravels the communicative strategies and dynamics behind European bestsellers. This book is a source of inspiration for everyone who is interested in research into transnational cultural exchange and in the fascinating history of popular print culture in Europe.

A History of the French in London Debra Kelly 2013 This book examines, for the first time, the history of the social, cultural, political and economic presence of the French in London, and explores the multiple ways in which this presence has contributed to the life of the city. The capital has often provided a place of refuge, from the Huguenots in the 17th century, through the period of the French Revolution, to various exile communities during the 19th century, and on to the Free French in the Second World War. It also considers the generation of French citizens who settled in post-war London, and goes on to provide insights into the contemporary French presence by assessing the motives and lives of French people seeking new opportunities in the late 20th and early 21st centuries. It analyses the impact that the French have had

historically, and continue to have, on London life in the arts, gastronomy, business, industry and education, manifest in diverse places and institutions from the religious to the political via the educational, to the commercial and creative industries.
