The Strange Case of Dr. Jekyll and Mr. Hyde Robert Louis Stevenson 2018-10-16 The Strange Case of Dr. Jekyll and Mr. Hyde is about a London lawyer named Gabriel John Utterson who investigates strange occurrences between his old friend, Dr. Henry Jekyll, and the evil Edward Hyde. There are two personalities within Dr. Jekyll, one apparently good and the other evil; completely opposite levels of morality. The novel's impact is such that it has become a part of the language, with the very phrase "Jekyll and Hyde" coming to mean a person who is vastly different in moral character from one situation to the next. 'The Strange Case of Dr. Jekyll and Mr. Hyde' is a thrilling Gothic horror novel. John Utterson, a prosecutor, is on his weekly walk with his relative, who proceeds to tell him of an encounter with a man he had seen some months ago while coming home late at night from Cavendish Place. The tale describes a sinister figure named Edward Hyde who tramples a young girl, disappears into a door on the street, and re-emerges to pay off her relatives with 10 pounds in gold and a cheque signed by respectable gentleman Dr. Henry Jekyll (a client and friend of Utterson's) for 90 pounds. Jekyll had recently and suddenly changed his will to make Hyde the sole beneficiary. This development concerns and disturbs Utterson, who makes an effort to seek out Hyde. Utterson fears that Hyde is blackmailing Jekyll for his money. Upon finally managing to encounter Hyde, Hyde's ugliness, as if deformed, amazes Utterson. Although Utterson cannot say exactly how or why, Hyde provokes an instinctive feeling of revulsion in him. Much to Utterson's surprise, Hyde willingly offers Utterson his address. After one of Jekyll's dinner parties, Utterson stays behind to discuss the matter of Hyde with Jekyll. Utterson notices Jekyll turning pale, yet he assures Utterson that everything involving Hyde is in order and that he is to be left alone.

The Holy Spirit John Bevere 2013-08-15 The Holy Spirit is often portrayed as something "weird." But the Bible makes it clear that the Spirit is not something. He is someone—a Person who has promised to never leave your side.

John Bevere invites you into a personal discovery of the most ignored and misunderstood Person in the Church: the Holy Spirit.

Breaking Dawn Stephenie Meyer 2008-08-02 In the explosive finale to the epic romantic saga, Bella has one final choice to make. Should she stay mortal and strengthen her connection to the werewolves, or leave it all behind to become a vampire? When you loved the one who was killing you, it left you no options. How could you run, how could you fight, when doing so would hurt that beloved one? If your life was all you had to give, how could you not give it? If it was someone you truly loved? To be irrevocably in love with a vampire is both fantasy and nightmare woven into a dangerously heightened reality for Bella Swan. Pulled in one direction by her intense passion for Edward Cullen, and in another by her profound connection to werewolf Jacob Black, a tumultuous year of temptation, loss, and strife have led her to the ultimate turning point. Her imminent choice to either join the dark but seductive world of immortals or to pursue a fully human life has become the thread from which the fates of two tribes hangs. This astonishing, breathlessly anticipated conclusion to the Twilight Saga illuminates the secrets and mysteries of this spellbinding romantic epic. It's here! #1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with the highly anticipated companion, *Midnight Sun*: the iconic love story of Bella and Edward told from the vampire's point of view. "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- The New York Times

Home, Memory and Belonging in Italian Postcolonial Literature Chiara Giuliani 2021 This lucid and finely crafted book explores how migration has made home a constantly evolving concept and how practices of home-making can extend through memory and imagination to include spaces as diverse as the call centre and the train station. Providing detailed new readings of a range of postcolonial texts in Italian, this book will be essential reading for all scholars and students who engage with cultural representations of migration. Emma Bond, Reader, University of St Andrews, Scotland This is an inspirational book that provides a compelling analysis of how migration literature negotiates and reconceives notions of home. Giuliani brilliantly explores how domestic and public spaces

are reconfigured in postcolonial literature, allowing us to grasp the complexity of the lived experiences of migrants. Giulianis engaging work offers an innovative perspective on migration culture; an essential reading for anyone interested in Postcolonial, Memory and Space Studies. Simone Brioni, Associate Professor, Stony Brook University, USA This book examines the meaning of home through the investigation of a series of public and private spaces recurrent in Italian postcolonial literature. The chapters, by considering Termini train station in Rome, phone centres, the condominium, and the private spaces of the bathroom and the bedroom, investigate how migrant characters inhabit those places and turn them into familiar spaces of belonging. Home, Memory and Belonging in Italian Postcolonial Literature suggests home spaces as a lens to examine these places and the practices enacted by their inhabitants to feel at home. Drawing on a wide array of sources, this book focuses on the role played by memory in creating transnational connections between present and past locations and on how these connections shape migrants sense of self and migrants identity. Dr Chiara Giuliani is Lecturer in Italian Studies at University College Cork (Ireland). She researches different aspects of postcolonial literature, questions of home and identity, as well as the cultural representation of the Chinese community in Italy. She has published widely on these topics in academic journals and books.

The Italian Renaissance State Andrea Gamberini 2012-03-29 This magisterial study proposes a revised and innovative view of the political history of Renaissance Italy. Drawing on comparative examples from across the peninsula and the kingdoms of Sicily, Sardinia and Corsica, an international team of leading scholars highlights the complexity and variety of the Italian world from the fourteenth to early sixteenth centuries, surveying the mosaic of kingdoms, principalities, signorie and republics against a backdrop of wider political themes common to all types of state in the period. The authors address the contentious problem of the apparent weakness of the Italian Renaissance political system. By repositioning the Renaissance as a political, rather than simply an artistic and cultural phenomenon, they identify the period as a pivotal moment in the history of the state, in which political languages, practices and tools, together with political and governmental institutions, became vital to the evolution of a modern European political identity.

Labics - Structures Maria Claudia Clemente 2019-03-15 Labics is a rising Rome-based architectural firm that has gained great international acclaim in recent years for both its projects and its submissions to major competitions. Its guiding principle is the idea of "structure." Each of the firm's projects--which range from housing and office buildings to museums, cultural centers, schools, subway stations, and public spaces--is intended to exemplify the importance of the respective type of structure. Labics--Structures is the first book on Labics's remarkable and rapidly growing body of work. The book is arranged in four chapters that explore the idea of structure in different

contexts: "Geometric," "Bearing," "Circulation," and "Public Space Structures." Alongside topical essays, it features twenty projects selected by the firm's founding directors, Maria Claudia Clemente and Francesco Isidori, to represent the diversity of the firm's work, as well as its wide geographic reach--with buildings in Italy, Finland, Switzerland, England, Bosnia and Herzegovina, Saudi Arabia, and Iran. Each project is documented with atmospheric photographs and a wealth of plans and diagrams to illustrate concepts and details.

fundamental changes are on the horizon. The younger generation is entering the luxury market, bringing new values and demands that will redefine the very meaning of luxury. The sector should expand in the realms of travel, health, leisure, even cannabis. For brands to resonate with these younger consumers they will have to develop substance beyond a high-quality product or a desirable logo. Greenwashing won't cut it--brands will need to take seriously issues like diversity, sustainability, and ethical production. To ensure his portrait of the industry has the depth and nuance of real-world experience, Rambourg interviews several CEOs from the largest groups and brands, including Kering, Cartier, Puma, and Moncler, in addition to drawing on his own observations from over two decades in luxury. Future Luxe is engaging, wise, and deeply informed, a vital read for those new to the industry as well as veterans planning for continued success.

In the Facebook Aquarium Ippolita 2015-11-12 In their new work research collective Ippolita provides a critical investigation of the inner workings of Facebook as a model for all commercial social networks. Facebook is an extraordinary platform that can generate large profit from the daily activities of its users. Facebook may appear to be a form of free entertainment and self-promotion but in reality its users are working for the development of a new type of market where they trade relationships. As users of social media we have willingly submitted to a vast social, economic and cultural experiment. By critically examining the theories of Californian right-libertarians, Ippolita show the thread connecting Facebook to the European Pirate Parties, WikiLeaks and beyond. An important task today is to reverse the logic of radical transparency and apply it to the technologies we use on a daily basis.
