Hay otros mundos pero están en Fantasy Varios autores 2013-12-20 Épicos, míticos, mágicos, distópicos, apocalípticos... Hay otros mundos, pero están en Fantasy. La literatura fantástica se ha vuelto imprescindible. Como género de entretenimiento, como fenómeno popular, pero también como alternativa para una realidad en revisión. Soñamos otros pasados, cuestionamos el presente, reinventamos el futuro. Exploramos universos, seguimos a héroes ignotos, descubrimos objetos, hábitos y criaturas. Y todo ello, porque está en nuestra naturaleza imaginar. Porque sabemos que hay otras formas de existir. Porque no podemos aceptar una lectura única del mundo. El sello Fantasy que publica a autores de la talla de Terry Pratchett, Trudi Canavan, Brent Weeks, China Miéville o Paolo Bacigalupi y apuesta por voces nacionales como Concepción Perea o Jesús Cañadas, pretende con este ebook gratuito ofrecer contenido e información extras como entrevistas a autores, imágenes inéditas, links a booktrailers, entre otras cosas, para promover la fantasía, la ciencia ficción y el terror de corte clásico. Te animamos a que lo descargues y disfrutes de la magia, la leyenda y los universos paralelos. Reseñas: «La literatura fantástica pasa por un momento maravilloso y emocionante, y la aparición de nuevos sellos editoriales como este, dedicado a llevar parte de nuestro vibrante trabajo a los lectores españoles, es motivo de gran celebración. Estoy encantado de formar parte de este proyecto.» China Miéville «Entrar a formar parte de un sello literario como este con mi primera novela y verme acompañada de autores de la talla de China Miéville y Paolo Bacigalupi es un honor. Esto abre un interesante camino para las nuevas voces de la literatura fantástica y la ciencia ficción en nuestro país. Es lo que todos los lectores del género queríamos encontrar.» Concepción Perea

The Shadows J. R. Ward 2015 A latest entry in the best-selling series follows the exploits of two brothers bound by more than blood who discover a conspiracy that will change their

destiny. By the #1 New York Times best-selling author of *Love Reborn*.

It Stephen King 2016-01-01 It: Chapter Two—now a major motion picture! Stephen King's terrifying, classic #1 New York Times bestseller, "a landmark in American literature" (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including *Bag of Bones*, *Hearts in Atlantis*, and *11/22/63*. But it all starts with *It*. "Stephen King's most mature work" (St. Petersburg Times), "It will overwhelm you...to be read in a well-lit room only" (Los Angeles Times).

Mendelssohn is on the Roof Jiří Weil 1998 Julius Schlesinger, aspiring SS officer, has received orders to remove from the roof of Prague's concert hall the statue of the Jewish composer Felix Mendelssohn. But which of the figures adorning the roof is the Jew? Remembering his course on racial science, Schlesinger instructs his men to pull down the statue with the biggest nose. Only as the statue they have carefully chosen begins to topple does he recognize that it is not Mendelssohn; it is Richard Wagner. Thus begins a story of disarming simplicity that traces the transformation of ordinary lives in Nazi-occupied Prague. Death abetted by the petty malevolence of Nazi functionaries wins all the battles but ultimately loses the war, defeated by the fragile flowering of courage and defiance.

El camino de las sombras (El Ángel de la Noche 1) Brent Weeks 2010-09-30 El asesino perfecto no tiene amigos, solo objetivos... La primera parte de «El Ángel de la Noche», la trilogía de fantasía épica que ha convertido a Brent Weeks en uno de los autores revelación de la literatura fantástica. La muerte es un arte, y Durzo Blint lo ejecuta a la perfección, sea en una callejuela oscura o en las grandes estancias de palacio. Incluso el poderoso Sa'kagé, la organización criminal que mueve los hilos y los intereses en la ciudad de Cenaria, lo respeta. La vida carece de valor si se ha nacido en las calles, y para Azoth la única manera de escapar a la miseria y el miedo que siempre lo han acompañado es ser temido antes que temer, matar antes de que lo maten. Si quiere sobrevivir, debe convencer a Blint de que lo acepte como aprendiz. Pero aprender a asesinar con el mejor exige más que un duro adiestramiento. Hay que cambiar de identidad. Hay que olvidar el pasado y aquello en lo que se creía. Hay que aprender a moverse como las sombras en un mundo de intrigas donde nobles, plebeyos y criminales son meras piezas en una partida que acaba de empezar. «Levántate, chaval. Es hora de matar.» Reseña: «El camino de las sombras es una novela que resultará apasionante para los aficionados a la fantasía épica. Y es solo el comienzo.» Historia y libros

Al filo de las sombras (El Ángel de la Noche 2) Brent Weeks 2010-11-19 El asesino perfecto no tiene un nombre, sino mil rostros... La segunda parte de «El Ángel de la Noche», la trilogía de fantasía épica que dio a conocer a un nuevo autor del género, Brent Weeks. La partida ha empezado. Todas las piezas han tomado posiciones e inician sus movimientos. Todas menos una. Tras la muerte de Durzo Blint, su maestro, y de Logan, su mejor amigo y el legítimo heredero al trono, Kylar Stern siente que ya nada le ata a Cenaria, un país sometido a los caprichos del invasor: el rey dios Garoth Ursuul. Mientras los incendios y el pillaje se adueñan de la metrópoli, mientras miles de refugiados emprenden la huida y los resistentes se disponen a luchar, Kylar decide renunciar a su antigua vida. Sin embargo, la noticia de que Logan está vivo, oculto en la peor de las prisiones, coloca a Kylar en una difícil encrucijada: su talento como asesino podría salvar a un amigo y a un país, pero... ¿a qué precio? «Diles que el Ángel de la Noche camina. Diles que la Justicia ha llegado.» Reseña: «Al filo de las sombras no te dejará descansar ni un momento. Si te apetece quedarte despierto hasta más tarde que nunca devorando un gran relato de asesinos, Al filo de las sombras te

encantará. Sin duda, recomendado.» Only the Best Sci-fi

Terra Nostra Carlos Fuentes 2003 One of the great masterpieces of modern Latin American fiction, *Terra Nostra* is concerned with nothing less than the history of Spain and of South America, with the Indian Gods and with Christianity, with the birth, the passion, and the death of civilizations. Fuentes skillfully blends a wide range of literary forms, stories within stories, Mexican and Spanish myth, and famous literary characters in this novel that is both a historical epic and an apocalyptic vision of modern times. *Terra Nostra* is that most ambitious and rare of creations—a total work of art.

I, Claudius Robert Graves 2013-04-01 The Julio-Claudian family possessed all the brutality and dysfunctionality of the Sopranos, but with fewer (or no) constraints on their power to injure outsiders or each other. From this raw material Robert Graves brilliantly recreates a world of power, intrigue and cruelty, a world permeated through and through with the threat of sudden and violent death. In the process he raises striking, sometimes unanswerable questions: was Tiberius really as depraved as Suetonius suggests? Was Livia the true power behind Augustus' throne? And did she really poison all those people? Did Caligula seriously plan to make his horse a consul? Whether or not we can answer these questions, this was certainly a world in which such things could happen. With an Afterword by Tom Griffith.

The Count of Monte Cristo Alexander Dumas 2019-06-27 The Count of Monte Cristo is an adventure novel by French author Alexandre Dumas. It is one of the author's most popular works, along with *The Three Musketeers*. Like many of his novels, it is expanded from plot outlines suggested by his collaborating ghostwriter Auguste Maquet. The story takes place in France, Italy and islands in the Mediterranean during the historical events of 1815-1838. It begins from just before the Hundred Days period (when Napoleon returned to power after his exile) and spans through to the reign of Louis-Philippe of France. The historical setting is a

fundamental element of the book. An adventure story primarily concerned with themes of hope, justice, vengeance, mercy and forgiveness, it focuses on a man who is wrongfully imprisoned, escapes from jail, acquires a fortune and sets about getting revenge on those responsible for his imprisonment. However, his plans have devastating consequences for the innocent as well as the guilty. In addition, it is a story that involves romance, loyalty, betrayal and selfishness, shown throughout the story as characters slowly reveal their true inner nature. The book is considered a literary classic today. According to Luc Sante, "The Count of Monte Cristo has become a fixture of Western civilization's literature, as inescapable and immediately identifiable as Mickey Mouse, Noah's flood, and the story of Little Red Riding Hood."

But the world is changing, and Terry isn't content to watch. When word gets around about an important government experiment in the small town of Hawkins, she signs on as a test subject for the project, code-named MKULTRA. The remote lab, deep in the woods, contains a mystery Terry is determined to uncover. Behind the walls of Hawkins National Laboratory--and the piercing gaze of its director, Dr. Martin Brenner--lurks a conspiracy greater than Terry could have ever imagined. Debt David Graeber 2012 Economic history states that money replaced a bartering system, yet there isn't any evidence to support this axiom. Anthropologist Graeber presents a stunning reversal of this conventional wisdom. For more than 5000 years, humans have used elaborate credit systems to buy and sell goods. Since the beginning of the agrarian empires, humans have been divided into debtors and creditors. Through time, virtual credit money was

replaced by gold and the system as a whole went into decline. This fascinating history is told for the first time.
