Orlando Virginia Woolf 2013-09-04 Published by Hogarth Press in 1928, Orlando is at once an oddity, an indulgence, but also a slice of genius. The novel – because despite masquerading as a biography, it is a work of narrative fiction – tells the unlikely, impossible story of Orlando through his years as a male member of the Elizabethan Court, an affair with a Russian Princess, a subdued period of contemplation during the reign of James I, his time as an ambassador in Constantinople and the sudden transformation into a woman. Not content with such a plot twist Woolf allows her character to live on through the eighteenth and nineteenth centuries, using the journey to trace the female place in society while allowing Orlando the freedom to seduce, be seduced and to love in equal measure. After 80,000 words, Woolf leaves her heroine in the England of 1928 having completed a poem, The Oak Tree, that had been started some four centuries earlier.

A History of Gold and Money, 1450 to 1920 Pierre Vilar 1991 For much of human history, the motive force behind war, conquest, social conflict and world exploration has been the drive to acquire gold. From the ancient world of

Croesus to the wealthy dynasties of Renaissance Italy, from the earliest European explorations into Africa, America, and Asia to the gold rushes of the nineteenth century and the banking crises that lay beyond them, Pierre Vilar depicts the awesome power of avarice to structure the world in which we live. The insidious power of gold and money is the subject of this enlightening and entertaining history. The age of exploration brought an influx of treasure into Western Europe, prompting disputes between theologians and early economists over the causes of inflation in the sixteenth century. In time, American silver distorted metropolitan Spanish society beyond recognition. Vilar goes on to examine the roots of the modern banking and financial systems in institutions founded in Holland, England and France during the seventeenth and eighteenth centuries. And in the nineteenth century, the gold rushes of Australia, California and South Africa generated new modifications in the international monetary system. Vilar concludes the story of these developments with a discussion of the crisis of the 1920s that, in the wake of the world credit crash of 2008, is more pertinent than ever. *A History of Gold and Money* provides a unique work of synthesis on the role of money in modern economic history.

The Red Ribbon Lucy Adlington 2018-09-11 Shining a light on a little-known aspect of the Holocaust, Lucy Adlington weaves an unforgettable story of strength, survival, and a friendship that can endure anything. Three weeks after being detained on her way home from school, fourteen-year-old Ella finds herself in the Upper Tailoring Studio, a sewing workshop inside a Nazi concentration camp. There, two dozen skeletal women toil over stolen sewing machines. They are the seamstresses of Birchwood, stitching couture dresses for a perilous client list: wives of the camp's Nazi overseers and the female SS officers who make prisoners' lives miserable. It is a workshop where stylish designs or careless stitches can mean life or death. And it is where Ella meets Rose. As thoughtful and resilient as the dressmakers themselves, Rose and Ella's story is one of courage, desperation, and hope – hope as delicate and as strong as silk, as vibrant as a red ribbon in a sea of gray.

A Room of One's Own Virginia Woolf 2020-10-29 In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as *A Room of One's Own*, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women's independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' – Kate Mosse, *The Guardian* 'Probably the most influential piece of non-fictional writing by a woman in this century.' – Hermione Lee, *The Financial Times*

Eva Luna Isabel Allende 2018-05-03 **The remarkable novel from the multi-million bestselling author of *The House of the Spirits* and *The Japanese Lover*** Meet the unforgettable Eva Luna: a lover, a writer, a revolutionary and above all, a storyteller. Eva Luna is the daughter of a professor's assistant and a snake-bitten gardener – born poor, orphaned at an early age and working as a

servant. Eva is a naturally gifted and imaginative storyteller who meets people from all walks of life. Though she has no wealth, she trades her stories like currency with people who are kind to her. As she shares her stories, she introduces an eccentric cast of characters: the Lebanese émigré who takes her in, her Catholic godmother who believes in saints, a street urchin who grows up to be the leader of the guerrilla struggle, a celebrated trans cabaret star and a young refugee whose flight from postwar Europe will change Eva's life forever. As Eva tells her story, Isabel Allende brings to life a complex South American country – the rich, the poor, the sophisticated – in a novel that celebrates the power of imagination and storytelling. Praise for Isabel Allende's *Eva Luna*: 'Vibrant, colourful characters; the ordinary fused with the grotesque; a Latin American setting, tropical this time; vivid, elegant narrative. Allende's work glows' New York Times 'Sumptuous . . . a tale that spans forty years and moves from a surreal jungle to a modern-day urban capital where even the most apolitical are driven to risky anti-government activities' Chicago Tribune 'Allende rearranges reality with a blend of memories, mysticism and imagination' The Philadelphia Inquirer 'A remarkable novel, one in which a cascade of stories tumbled out before the reader, stories vivid and passionate and human' Washington Post 'Magnificent . . . Allende is a prodigious fabulist, weaving extraordinary tales' Publishers Weekly

eight chapters, by question), including: What were the main effects of your parents' divorce on your life? What do you say to those who claim that "children are resilient" and "children are happy when their parents are happy"? What would you like to tell your parents then and now? What do you want adults in our culture to know about divorce? What role has your faith played in your healing? Their simple and poignant responses are difficult to read and yet not without hope. Most of the contributors--women and men, young and old, single and married--have never spoken of the pain and consequences of their parents' divorce until now. They have often never been asked, and they believe that no one really wants to know. Despite vastly different circumstances and details, the similarities in their testimonies are striking; as the reader will discover, the death of a child's family impacts the human heart in universal ways.

We the Living Ayn Rand 2009-05-05 Ayn Rand's first published novel, a timeless story that explores the struggles of the individual against the state in Soviet Russia. First published in 1936, We the Living portrays the impact of the Russian Revolution on three human beings who demand the right to live their own lives and pursue their own happiness. It tells of a young woman's passionate love, held like a fortress against the corrupting evil of a totalitarian state. We the Living is not a story of politics, but of the men and women who have to struggle for existence behind the Red banners and slogans. It is a picture of

what those slogans do to human beings. What happens to the defiant ones? What happens to those who succumb? Against a vivid panorama of political revolution and personal revolt, Ayn Rand shows what the theory of socialism means in practice. Includes an Introduction and Afterword by Ayn Rand's Philosophical Heir, Leonard Peikoff

Four Dervishes Hammad Rind 2021-10-01 "...arrives like the brightest comet, a dazzling work of art full of invention, playfulness and Chaucerian tale-telling, by fakirs in a far-off cemetery. Their ornate stories are full of Mughals and caliphs, old kings and city black-outs. This heady, compelling fusion of cultures – East meeting West – complete with social satire is a remarkable debut. Easily the most remarkable work of fiction to come out of Wales in a thousand moons." – Jon Gower "Four Dervishes is a fascinating adaptation of a medieval classic spun into a satirical and magical realist novel about our times." – Tabish Khair One monsoon night, a power cut forces a man full of disappointments on to the streets of the town. Sheltering in a cemetery he comes across four others – a grave digger, an aristocrat, an honourable criminal and a messiah – each with a past, and with a story to tell. Crimes have been committed, dark family secrets revealed, fortunes rise and fall, the varieties of love are explored, and new selves are discovered in a rich round of storytelling. And as the Disappointed Man discovers, a new story is about to begin... Four Dervishes draws on a long tradition of storytelling as it skewers issues like religious bigotry, injustice, the denial of women's rights, and class division. Lavishly inventive, verbally rich, an exotic confection, this novel is both darkly thematic and humorously playful.

ENGLISH DESCRIPTION Ibon Martín, the master of suspense, is back. After the success of The Tulip Dance, Ibon Martín returns with a sinuous, magnetic and impeccable thriller, in which Ane Cestero and his special unit confront an enemy with multiple faces: the irrational hatred that can inhabit any of us. Hatred is the most dangerous enemy of all. Seagulls fly restlessly over the seafaring city of Hondarribia, which has dressed in its best attire to

celebrate a special day. Their squawks compete with the joyous sounds that flood the streets, where neighbors prepare to enjoy the party unaware of the terrible threat that looms over them. Horror is unleashed in the middle of the parade. A savage and accurate stab floods the cold stone ground with blood. A woman has been murdered. And she won't be the last. Petty officer Ane Cestero and her special unit will have to hunt down a fierce and relentless assassin, capable of hiding in plain sight from an entire town. *Time of the Seagulls* is a sinuous, magnetic and impeccable thriller that confronts us with the worst of the enemies: the visceral, hidden hatred that beats in us all.

Upside Down Eduardo Galeano 2014-05-13 From the winner of the first Lannan Prize for Cultural Freedom, a biting funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable *Memory of Fire* Trilogy, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in *Upside Down*, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, *Upside Down* makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by intelligence, an ineradicable sense of humor, and hope." -Los Angeles Times, front page
