Italy Revisited Mary Melfi 2009 Taking an unconventional approach to autobiographical writing, this work serves as a double memoir, told in dialogue between a mother and a daughter. The conversation takes place in a medieval town high up in the Italian mountains, as the author, a Canadian writer, draws out her mother's childhood memories of life in southern Italy at the beginning of the 20th century. As they re-create that vanished world, the pair also finds greater understanding of the tumultuous relationships that sometimes exist between immigrant mothers and their children.

What Don't You Know? Michael C. LaBossiere 2008-05-06 Collected from LaBossiere's regular column in The Philosopher's Magazine, this fascinating set of philosophical provocations assumes no background in philosophy and focuses on matters that are of popular interest to the general public, yet are also philosophically significant.

Europe as I See It Romano Prodi 2000-12-19 What does "Europe" mean as we enter the 21st century? A rapidly-expanding club of nation states? A large single market in which labour, goods and services can move freely? A centralizing superstate run by unelected bureaucrats? An economic giant but a political pygmy on the world stage? Romano Prodi, President of the European Commission, tackles these and other questions in this important new book. It offers both a political vision and a personal statement by one of the most important political figures in Europe today. Central to Prodi's vision of Europe - what it can and should be - are the ideals of the European Union's founding fathers: Adenauer, De Gasperi, Monnet, Schuman. Their goal was a peaceful democratic Europe in which all the peoples of our continent could

live together in security, freedom, justice and equality. The path towards that goal, argues Prodi, is inextricably bound up with economics. As the EU's Member States voluntarily pool their national sovereignty, especially monetary sovereignty, that dream - that vision of Europe - is gradually coming true. This book will be of great interest to anyone concerned with Europe and its future.

The First Lady Carl Weber 2010-12-01 Charlene Wilson, First Lady of First Jamaica Ministries, has lived a good life with her beloved Bishop T.K. Wilson and their two beautiful children. But now that the Lord has seen fit to call her home, someone needs to take care of her man. . . That's why Charlene has planned to hang around in spirit--to make sure T.K. ends up with the right woman. First in line is Marlene, the mother of T.K.'s illegitimate daughter.

Then there's Monique Johnson, the unapologetic First Lady of Plastic Surgery and Implants. Next is Savannah Dickens, the church's attractive new choir soloist. And last but not least is Charlene's good friend Sister Lisa Mae Johnson, widow of Pastor Lee Jones. With the help of her friend Alison, Charlene prepares a series of letters addressed to the lucky ladies. No one else knows about the letters, but rest assured, they will shake up a whole lot of people. Charlene may soon be gone, but her presence will be felt. . . Imagining Italy Michael Hollington 2010-08-11 This book is a companion volume to Dickens and Italy, edited by Michael Hollington and Francesca Orestano, which aimed to fill an important gap in our understanding of England's paramount novelist by studying his personal, political and literary relation to the foreign country he loved best of all of those he visited. Its focus is wider and its scope more ambitious and speculative. Without in any way leaving Dickens or his writings about Italy behind, the attempt here is to approach the Victorian fascination with that country from a broader, more theoretical perspective in which several current debates about travel writing are taken up and critically redeployed. The book is articulated in three parts. Part One concerns what the writings of Dickens and other Victorians can tell us about the history and theory of travel and travel writing, and Part Two, what they can tell us about particular Victorian writers themselves and their work. In Part Three the focus shifts in order to compare writing and visual representations of the experience of 'abroad' in general and Italy in particular, in an era when what can be thought of as modern visual culture is gradually taking shape. The book aims to show that the study of how Victorians imagined Italy can lead to a deeper understanding of some of the stereotypes that continue to inform contemporary tourism.

Where Angels Fear to Tread Illustrated E M Forster 2021-04-11 Where Angels Fear to Tread (1905) is a novel by E. M. Forster. The title comes from a line in Alexander Pope's An Essay on Criticism: "For fools rush in where angels fear to tread". In 1991 it was made into a film by Charles Sturridge, starring Rupert Graves, Giovanni Guidelli, Helen Mirren, Helena Bonham Carter, and Judy Davis.[1] A ten-part radio adaptation of the novel was broadcast on BBC Radio 4.[2] An opera based on the novel by Mark Weiser was premiered at the Peabody Institute of Music in 1999, and received its professional premiere at Opera San Jose in 2015

Lacquer: Technology and Conservation Marianne Webb 2000-04-27 For the conservator this book is an invaluable tool when examining the options available for treatment of lacquer. Not only does it cover the technology and methods of treatment for both types of lacquer, but it assesses current practices enabling the conservator to make more informed decisions. Controversial issues are also debated, such as whether Asian lacquer should be restored in the Asian manner, using non-reversible materials, or using western methods that are theoretically reversible. As the book describes production technology and decorative techniques it will also be a useful aid for both art historians and collectors alike in identifying and dating lacquerware. For the conservator this book is an invaluable tool when examining the options available for treatment. Controversial issues are discussed such as whether Asian lacquer should be restored in the Asian manner, using non-reversible materials, or using western methods that are theoretically reversible. As the book describes

production technology and decorative techniques it will also prove to be a useful aid for both art historians and collectors alike in identifying and dating lacquerware. Lacquer has long been misunderstood, particularly because the word itself has been used to characterize many different materials. For centuries the term has been used to refer to the Asian and the European materials. At present it is used to describe any glossy coating, from cellulose nitrate to modern plastic finishes. * Assesses current practices, enabling conservators to make informed decisions * Includes new information on appearance of stress cracking and effect of light degradation * Covers both Asian and European lacquer for a comprehensive overview

Children of the Rainbow Moris Farhi 2001-09-01 *Children of the Rainbow* is a highly acclaimed novel by Turkish-born author Moris Farhi. It tackles a subject rarely mentioned, the plight of Central and East European gypsies in the shadow of the Holocaust. Through an absorbing combination of fact, fiction, and mythology, Farhi tells the story of Branko, a Roma gypsy baby born in the Auschwitz concentration camp, who receives the prophecy that he will be his people's savior.

A Brilliant Darkness Joao Magueijo 2009-11-24 On the night of March 26, 1938, nuclear physicist Ettore Majorana boarded a ship, cash and passport in hand. He was never seen again. In *A Brilliant Darkness*, theoretical physicist João Magueijo tells the story of Majorana and his research group, "the Via Panisperna Boys," who discovered atomic fission in 1934. As Majorana, the most brilliant of the group, began to realize the implications of what they had found, he became increasingly unstable. Did he commit suicide that night in Palermo? Was he kidnapped? Did he stage his own death? *A Brilliant Darkness* chronicles Majorana's invaluable contributions to science—including his major discovery, the Majorana neutrino—while revealing the truth behind his fascinating and tragic life.

Dickens and Italy Marialuisa Bignami 2020-06-01 'Dickens and America' has been amply studied, his no less important relationship to Italy much less so, despite his friend Forster's

assertion that his long stay in Genoa represented 'the turning-point of his career.' This book, arising from a major conference held in Genoa in 2007, attempts to redress the balance, focusing primarily on Dickens's two major writings about Italy—the travel book *Pictures from Italy* of 1845, and Part Two of his great novel *Little Dorrit* of 1855–7. It falls into six sections: the first concerns Dickens's enjoyment of leisure for the first time in his life in Italy; the second, his response to the visual attractions of Italy, both natural and artistic; the third, his political stance about Italy in the period of the Risorgimento; the fourth, his preoccupation with death and decay in what he saw and experienced in Italy; the fifth, his representation of 'Italianness' in *Little Dorrit* and elsewhere; and the sixth, his relation to modern and contemporary writers about Italy. It thus aims to fill a vital gap in Dickens studies.

Yann Tiersen - Kerber Yann Tiersen 2021-07-01 (Piano Solo Songbook). "I think there is a similarity between the infinite big and the infinite smallness of everything," says Yann Tiersen. "It's the same experiment looking through a microscope as it is a telescope." Named after a chapel in a small village on the island of Ushant, Kerber marks a new chapter in critically-acclaimed composer Yann Tiersen's career. A chapter still true to Tiersen's nuanced and subtle approach but one that sets out with his most overtly electronic material to date. Beautifully textured, highly immersive and thoughtfully constructed, Tiersen creates an electronic world, providing an environment in which the piano source exists. A sense of place has often been a central theme in Tiersen's work and here that is no different. Each track is tied to a place mapping out the immediate landscape that surrounds Tiersen's home, linking back to his thoughts on the possibilities of the infinite smallness. This official, exclusive folio is beautifully printed on high-quality, uncoated paper with striking graphic artwork. All seven pieces are presented for solo piano and follow an exclusive introduction to the project.

An Elegy for September John Nichols 2014-04-01 He is fifty, a man of middle years with a weak heart and two failed marriages. Mourning the loss of the boundless energy he squandered as a young man, he is a creature of habit now, relying on daily patterns to pace himself, to conserve what is left. She is nineteen, young enough to be his daughter, full of the vitality of youth and fearless—or perhaps only blind to the dangers life brings. Spare and moving, *An Elegy for September* captures the turning point in the life of a man as he confronts his own mortality—and confronts truths about himself he never suspected. Featuring some of John Nichols's best writing, *An Elegy for September* is a brief, poignant, and eloquent novel that renders an age-old story in a fresh and powerful form. "One of the finest things he has ever written."—Los Angeles Times

Selected Poems of Eugene Lee-Hamilton (1845-1907) Eugene Lee-Hamilton 2002 This selection is designed to display the range of Eugene Lee-Hamilton's verse at its best. Though this late-Victorian poet was praised by reviews of his own day, including John Addington Symonds, and is represented in modern Oxford and Penguin anthologies, there has been no 20th century collection of his poems. This volume has a long introduction summarizing Lee-Hamilton's strange life, outlining his poetic development, and placing his verse in its 19th century context. Notes record the textual sources of all poems and discuss Lee-Hamilton's revisions.

Lisa Mara Batacchi: The Time of Discretion Lisa Mara Batacchi 2020 The Time of Discretion' is an intimate, slow and relational time. It is also an artistic project, at its first chapter. Besides Italy, it has been developed in the remote areas on the south-east border of the Gobi Desert and in the Guizhou Province (South China), in search of rituals, ancient textile practices or together in one.0The research documented here crosses experience and representation, dramatically compares East and West, advancing a dense theoretical scenario in relation to globalization processes.
