Raise Your Hand Alice Paul Tapper 2019-03-26 11-year-old Alice Paul Tapper-- daughter of CNN's Jake Tapper--is challenging girls everywhere to speak up! When Alice Tapper noticed that the girls in her class weren't participating as much as the boys, she knew she had to do something about it. With help from her Girl Scout troop and her parents, she came up with a patch that other girls could earn if they took a pledge to be more confident in school. Alice even wrote an op-ed about the experience for the New York Times! Inspired by that piece, this picture book illustrates her determination, bravery, and unwillingness to accept the status quo. With Marta Kissi's delightful illustrations depicting Alice's story, young readers everywhere will want to follow Alice's lead and raise their hand!

Herman and Rosie Gus Gordon 2013-10-15 Once upon a time in a very busy city, on a very busy street, in two very small apartments, lived... Herman and Rosie. Herman liked playing the oboe, the smell of hot dogs in the winter, and watching films about the ocean. Rosie liked pancakes, listening to old jazz records, and watching films about the ocean. They both loved the groovy rhythm of the city, but sometimes the bustling crowds and constant motion left them lonely, until one night ... A Neal Porter Book

a baby as an offering to the witch who lives in the forest. They hope this
sacrifice will keep her from terrorizing their town. But the witch in the
Forest, Xan, is kind. She shares her home with a wise Swamp Monster and a
Perfectly Tiny Dragon. Xan rescues the children and delivers them to welcoming
families on the other side of the forest, nourishing the babies with starlight
on the journey. One year, Xan accidentally feeds a baby moonlight instead of
starlight, filling the ordinary child with extraordinary magic. Xan decides she
must raise this girl, whom she calls Luna, as her own. As Luna's thirteenth
birthday approaches, her magic begins to emerge--with dangerous consequences.
Meanwhile, a young man from the Protectorate is determined to free his people
by killing the witch. Deadly birds with uncertain intentions flock nearby. A
volcano, quiet for centuries, rumbles just beneath the earth's surface. And the
woman with the Tiger's heart is on the prowl . . . The Newbery Medal winner

THE EARLY GRADE READING ASSESSMENT Amber K. Gove 2011-09-28 The Early Grade
Reading Assessment (EGRA) measures students' progress towards reading. EGRA
gauges early literacy skills through a 15-minute individual oral assessment of
five fundamental reading skills. RTI worked with education experts to develop
the EGRA in 2006, and it has been piloted and implemented in more than 40
countries. This volume aims to take stock of the substantial amount of
information and experience generated through the use of EGRA, and to share this
knowledge with practitioners, policymakers, and international donors. Chapters
cover not only particular applications of the instrument but also put EGRA in
the context of broader issues and developments in literacy and education.

The Universe in Your Hand Christophe Galfard 2016-04-19 "If Ms. Frizzle were a
physics student of Stephen Hawking, she might have written *THE UNIVERSE IN YOUR
HAND*, a wild tour through the reaches of time and space, from the interior of a
proton to the Big Bang to the rough suburbs of a black hole. It's friendly,
excitable, erudite, and cosmic." —Jordan Ellenberg, New York Times bestselling

author of *How Not To Be Wrong* Quantum physics, black holes, string theory, the Big Bang, dark matter, dark energy, parallel universes: even if we are interested in these fundamental concepts of our world, their language is the language of math. Which means that despite our best intentions of finally grasping, say, Einstein's Theory of General Relativity, most of us are quickly brought up short by a snarl of nasty equations or an incomprehensible graph. Christophe Galfard's mission in life is to spread modern scientific ideas to the general public in entertaining ways. Using his considerable skills as a brilliant theoretical physicist and successful young adult author, *The Universe in Your Hand* employs the immediacy of simple, direct language to show us, not explain to us, the theories that underpin everything we know about our universe. To understand what happens to a dying star, we are asked to picture ourselves floating in space in front of it. To get acquainted with the quantum world, we are shrunk to the size of an atom and then taken on a journey. Employing everyday similes and metaphors, addressing the reader directly, and writing stories rather than equations renders these astoundingly complex ideas in an immediate and visceral way. Utterly captivating and entirely unique, *The Universe in Your Hand* will find its place among other classics in the field.

Sans Moi Marie Desplechin 2001 A publishing phenomenon which has sold over 120,000 copies in France ..'Leaves you feeling better prepared for life . . . the deepest emotions and the most delicate feelings are evoked with an astonishing economy of means.' Paris Vogue ..When she needs a babysitter for her two children, the narrator of Sans Moi hires Olivia - recovering drug user, sometime prostitute, brought up in care. One might have thought she was adding to her burdens. But life is not just a question of the past, and people are not simply the products of their worst experiences. Confronted by the challenges of loneliness and change, the narrator realizes that Olivia has as much to give her as she has needs of her own. In the year they live together, companionship, intimacy and humour create a friendship full of vitality and mutual respect.

The Big Rubber Ball in Space David Paul Martin 2021-12-06 Within these passages lies a tale of atonement. Punishment, though not without compassion, is entwined with interplanar wars of apocalyptic proportion by the stoic tutelage of Halo, the Paladin Lord. Trespassers of his tenets try to salvage their dignity, yet groomed in discipline and tact are those that have caused offense. Through a training course which tests the very fabric of the soul, the lines of alter-realities, and the paradox of time travel intermingle. Planar defenders attempt to sew the rifts between tradition and innovation. Intimate knowledge of trespasses and morality of the spirit realm lie as a foundation for the physicality. The deviations of reality are played out in a hallucination that questions science, sorcery, and sexuality.
