*A Biography of Ordinary Man* François Laruelle 2018-01-16 This book is a foundational text for our understanding of François Laruelle, one of France's leading thinkers, whose ideas have emerged as an important touchstone for contemporary theoretical discussions across multiple disciplines. One of Laruelle's first systematic elaborations of his ethical and "non-philosophical" thought, this critical dialogue with some of the dominant voices of continental philosophy offers a rigorous science of individuals as minorities or as separated from the World, History, and Philosophy. Through novel theorizations of finitude and determination in the last instance, Laruelle develops a thought "of the One" as a "minoritarian" paradigm that resists those paradigms that foreground difference as the conceptual matrix for understanding the status of the minority. The critique of the "unitary illusion" of philosophy developed here stands at the foundation of Laruelle's approach to "uni-lateralizing" the power of philosophy and the universals with which it has always thought, and

thereby acts as a basis for his subsequent investigations of victims, mysticism, and Gnosticism. This book will appeal to students and scholars of continental philosophy, philosophy of religion, ethics, aesthetics, and cultural theory.

The Photographer František Drtikol Vladimír Birgus 2000 "Although the book covers many aspects of Drtikol's career and life-work, it is mainly devoted to his photographs. 120 duotone and 8 colour full-page reproductions of Drtikol's works from the Museum of Decorative Arts in Prague and a number of other public and private collections illustrate representative selections from all his creative periods, with an emphasis on Drtikol's masterly nudes from the second half of the 1920s, when he moved gradually from his beginnings in pictorialism and symbolism to react in his highly individual way to current avant-garde trends. The text, supplemented with almost fifty other reproductions, analyzes and characterizes Drtikol's photographs and locates them in the wider spiritual and artistic context of their time with the help of quotations from Drtikol's notes and correspondence. The monograph also contains a complete exhibition history, bibliographic listing, and a number of little known works, some never before published."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. **The Second Birth** Omraam Mikhaël Aïvanhov 2013-08-14 To be born a second time is to be born to a new life, the life of the Kingdom of God, the life of the great Universal White Brotherhood. Two thousand years ago, in Palestine, Jesus gave us the key to all spiritual work, when he said, 'Unless a man be born of water and the Spirit, he cannot enter into the Kingdom of God'. Today, the Master Omraam Mikhaël Aïvanhov interprets these words for our benefit. The water Jesus speaks of is Love; the Spirit, fire, is Wisdom, and Love and Wisdom unite to give birth to Truth which is the new life. In his commentary, the Master Omraam Mikhaël Aïvanhov shows how these three virtues of Love, Wisdom and Truth, correspond to man's psychic structure composed of heart, mind and will. Explaining that our physical bodies mirror our psychic being, he shows how Cosmic Intelligence has inscribed the secret of love in our mouths, that of wisdom in our ears and that of truth in our eyes. This volume, which is the first of a series, sets out the essential foundations of Omraam Mikhaël Aïvanhov's Teaching and reveals the vast scope of his thought in which Holy

Scripture, esoteric symbolism and the sciences of man and of nature meet and complete each other in one all-embracing synthesis.

**The Book Of Yaak** Rick Bass 1997-09-15 The Yaak Valley of northwestern Montana is one of the last great wild places in the United States, a land of black bears and grizzlies, wolves and coyotes, bald and golden eagles, wolverine, lynx, marten, fisher, elk, and even a handful of humans. It is a land of magic, but its magic may not be enough to save it from the forces threatening it now. The Yaak does have one trick up its sleeve, though: a writer to give it voice. In *Winter* Rick Bass portrayed the wonder of living in the valley. In *The Book of Yaak* he captures the soul of the valley itself, and he shows how, if places like the Yaak are lost, we too are lost. Rick Bass has never been a writer to hold back, but *The Book of Yaak* is his most passionate book yet, a dramatic narrative of a man fighting to defend the place he loves.

Ethics and Politics of Translating Henri Meschonnic 2011-07-12 What if meaning were the last thing that mattered in language? In this essay, Henri Meschonnic explains what it means to translate the sense of language and how to do it. In a radical stand against a hermeneutical approach based on the dualistic view of the linguistic sign and against its separation into a meaningful signified and a meaningless signifier, Henri Meschonnic argues for a poetics of translating. Because texts generate meaning through their power of expression, to translate ethically involves listening to the various rhythms that characterize them: prosodic, consonantal or vocalic patterns, syntactical structures, sentence length and punctuation, among other discursive means. However, as the book illustrates, such an endeavour goes against the grain and, more precisely, against a 2500-year-old tradition in the case of biblical translation. The inability of translators to give ear to rhythm in language results from a culturally transmitted deafness. Henri Meschonnic decries the generalized unwillingness to remedy this cultural condition and discusses the political implications for the subject of discourse.
