History of the Inca Empire Father Bernabe Cobo 2010-06-28 The Historia del Nuevo Mundo, set down by Father Bernabe Cobo during the first half of the seventeenth century, represents a singulary valuable source on Inca culture. Working directly from the original document, Roland Hamilton has translated that part of Cobo's massive manuscripts that focuses on the history of the kingdom of Peru. The volume includes a general account of the aspect, character, and dress of the Indians as well as a superb treatise on the Incas—their legends, history, and social institutions.

A Brief History of the Future Jacques Attali 2011-07-01 What will planet Earth be like in twenty years? At mid-century? In the year 2100? Prescient and convincing, this book is a must-read for anyone concerned about the future. Never has the world offered more promise for the future and been more fraught with dangers. Attali anticipates an unraveling of American hegemony as transnational corporations sever the ties linking free enterprise to democracy. World tensions will be primed for horrific warfare for resources and dominance. The ultimate question is: Will we leave our children and grandchildren a world that is not only viable but better, or in this nuclear world bequeath to them a planet that will be a living hell? Either way, he warns, the time to act is now.

Un tren a cuba Luis Arias Argüelles-Meres 2015-03-11 Tras una noche insomne, atrapado entre los recuerdos y el bochorno ambiental, el narrador se encuentra en la vieja casa familiar, abandonada y amenazando ruina, como tantas otras en Asturias, una fotografía cuyo protagonista exhibe una copa de ron y una sonrisa que invitan al brindis. Esta novela de Luis Arias Argüelles-Meres cuenta la historia de uno de los últimos hidalgos o señoritos rurales de la comarca del bajo Narcea y del bajo Nalón. El 24 de Diciembre de 1917, desaparece Alejandro Casares sin dejar rastro, cuando viajaba en el vasco desde Oviedo a Nalona. 1917 es una fecha clave en la biografía del protagonista de nuestra historia, ya que desaparece el día de nochebuena. Es un momento decisivo, también, a nivel mundial, ya que, por entonces, comienza el jazz, alcanzan el poder los bolcheviques, se inician los comienzos del fascismo y, en Asturias, tiene lugar la gran huelga que paraliza la región, por la acción organizada de los sindicatos, cuyo poder será decisivo en el futuro. En cualquier historia familiar quizás la vida más desconocida puede llegar a ser la epopeya más chispeante. De esta manera y a través de una narración precisa, Luis Arias Argüelles-Meres nos invita a recorrer ese mundo donde se deslizan personajes y relatos más o menos reales, más o menos fantásticos, que parecen haber dormido una larga siesta de verano poblada de juegos infantiles, con aroma a madre selvas, con sabor a manzana y a sidra. Un sopor sosegado y apacible y, sin embargo, envenenado de intrigas y mezquindades.

Faith's Checkbook C.H. Spurgeon 2014-10-09 Faith's Checkbook, written by world-renowned British pastor Charles H. Spurgeon, provides daily deposits of God's promises into your personal bank of faith. Spurgeon urges you to view each Bible promise as a check written by God that can be cashed by personally endorsing it and receiving the gift it represents. Cash in on the bountiful store of blessings when you withdraw daily from the Bank of Faith. This captivating eBook devotional offers inspiration and delight in our Lord, and it encourages readers to take God's promises to heart in just a few minutes of reading each day. Each verse is followed by a brief thought or application, making this eBook ideal for personal or family devotions wherever you may go. The Table of Contents is linked so you can conveniently find your place where you left off. If you skip a day, no problem, you can easily begin on the next day's reading. "A promise from God may very instructively be compared to a check payable to order," wrote Spurgeon. "It is given to the believer with the view of bestowing upon him some good thing. It is not meant that he should read it over comfortably, and then have done with it. No, he is to treat the promise as a reality, as a man treats a check."

The End of Karma: Hope and Fury Among India's Young Somini Sengupta 2016-03-07 "[A] sharply observed study . . . richly detailed portraits."—Economist
Somini Sengupta emigrated from Calcutta to California as a young child in 1975. Returning thirty years later as the bureau chief for The New York Times, she found a vastly different country: one defined as much by aspiration and possibility—at least by the illusion of possibility—as it is by the structures of sex and caste. *The End of Karma* is an exploration of this new India through the lens of young people from different worlds: a woman who becomes a Maoist rebel; a brother charged for the murder of his sister, who had married the "wrong" man; a woman who opposes her family and hopes to become a police officer. Driven by aspiration—and thwarted at every step by state and society—they are making new demands on India's democracy for equality of opportunity, dignity for girls, and civil liberties. Sengupta spotlights these stories of ordinary men and women, weaving together a groundbreaking portrait of a country in turmoil.

¿Cuál es el futuro del capitalismo? Raúl Ornelas 2021-04-05 Frente a las catástrofes en curso es urgente formular interpretaciones que permitan entender el presente convulso que vivimos. En esta obra presentamos 8 reflexiones sobre el futuro del capitalismo formuladas a partir de dos preguntas comunes: cómo se sostiene el sistema y cuáles son las vías de su superación. Las y los autores coinciden en dos cuestiones fundamentales: el carácter terminal del capitalismo como resultado de la crisis contemporánea y la necesidad de crear relaciones sociales que ofrezcan alternativas para los pueblos. A la constatación de que el capitalismo ha encontrado límites sociales y ambientales que ponen en cuestión su existencia, se suma un amplio diagnóstico sobre las abyecciones, disfuncionalidades y contradicciones que caracterizan nuestra época. Asimismo, se presentan las experiencias de diversos pueblos, organizaciones y luchas que en muchas partes del mundo están abriendo caminos a la transformación social, entre los que destacan las mujeres, los jóvenes y los pueblos originarios. El debate sobre la situación en México también ocupa un lugar central entre estas discusiones.

Human Enhancement Julian Savulescu 2009-01-22 To what extent should we use technological advances to try to make better human beings? Leading philosophers debate the possibility of enhancing human cognition, mood, personality, and physical performance, and controlling aging. Would this take us beyond the bounds of human nature? These are questions that need to be answered now.

The World According to Monsanto Marie-Monique Robin 2014-02-04 An investigation of the massive agribusiness company, from a winner of the Rachel Carson Prize: “Well supported by wide-ranging scientific evidence.” —Kirkus Reviews The result of a remarkable three-year-long investigation that took award-winning journalist and documentary filmmaker Marie-Monique Robin across four continents, *The World According to Monsanto* tells the little-known yet shocking story of this agribusiness giant—the world’s leading producer of GMOs (genetically modified organisms)—and how its new “green” face is no less malign than its PCB- and Agent Orange-soaked past. Robin reports that, following its long history of manufacturing hazardous chemicals and lethal herbicides, Monsanto is now marketing itself

as a “life sciences” company, seemingly convinced about the virtues of sustainable development. However, Monsanto now controls the majority of the yield of the world’s genetically modified corn and soy—ingredients found in more than 95 percent of American households—and its alarming legal and political tactics to maintain this monopoly are the subject of worldwide concern. Released alongside the documentary film of the same name, *The World According to Monsanto* is sure to change the way we think about food safety and the corporate control of our food supply.

Secret Judgments of God Noble David Cook 2001 In the wake of European expansion, disease outbreaks in the New World caused the greatest loss of life known to history. Post-contact Native American inhabitants succumbed in staggering numbers to maladies such as smallpox, measles, influenza, and typhus, against which they had no immunity. A collection of case studies by historians, geographers, and anthropologists, "Secret Judgments of God" discusses how diseases with Old World origins devastated vulnerable native populations throughout Spanish America. In their preface to the paperback edition, the editors discuss the ongoing, often heated debate about contact population history.

Thus Spake Zarathustra Friedrich Wilhelm Nietzsche 2003 Wayne (English, Edison College, Fort Myers) emphasizes the word play in German philosopher Nietzsche's (1844-1900) famous and famously difficult treatise. He also preserves the rough edges that many previous translators have sought to file down. He does not provide notes or an index. Annotation (c)

De Carabobo a Puntofijo Rafael Caldera 2016 Las páginas que van a leer son breves y densas. Escritas con esa prosa mesurada y clásica que le es propia, nos llevan a galope por la que ha sido la gesta de esta tierra nuestra desde inicios de la república hasta que se configura el Pacto de Puntofijo. Probablemente su mayor interés de que su autor ha tenido la fortuna de ser, desde muy joven, protagonista fundamental de lo que cuenta, al menos de los últimos setenta años y por ello es uno de los poco venezolanos que puede relatar la historia política contemporánea casi como parte de su vida personal. Este libro, de allí su oportuna presencia, nos enseña cómo desde esos orígenes se pasa de una hegemonía a la otra, la violencia incesante para pasar de una camarilla a la otra, los vendedores de barajitas, el caudillismo; pero también el civilismo y las luces y el valor de muchos que es nuestro mejor legado.

Juan Ramón Jiménez Arroyo Arrayás, Luis Miguel 2017-02-21 Acercarnos a la obra de Juan Ramón Jiménez desde la convicción de que en su poesía se ofrece no sólo un tesoro de belleza y deleite, sino también un pensamiento sugerente, vivo y actual; no en vano expresó el poeta su necesidad y su deseo de dedicarse a los tres cultivos eternos: la inteligencia, la sensibilidad y la conciencia. Así pues, los capítulos que aquí se presentan, escritos todos ellos a reconocidos especialistas, nos invitan a gozar de la poesía y del pensamiento juanramonianos descubriéndonos la íntima e intensa unión que en el poeta de Moguer hay entre experiencia estética, compromiso ético y búsqueda metafísica.

Sinners in the Hands of an Angry God Jonathan Edwards 2019-08-15 Preached at Enfield, Connecticut on July 8, 1741, this is perhaps the greatest sermon ever preached in America—and is certainly among the most well known. Owing to its forthright dealing with God’s wrath and His intense hatred of sin and the sinner, it is also one of the most controversial. Indeed, for more than three-quarters of the sermon Edwards lays down a relentless stream of the most vivid and horrifying descriptions of the danger facing unregenerate men. While it is difficult to read such graphic language, there is abundant hope in the sermon’s conclusion. Edwards puts it this way, “And now you have an extraordinary opportunity, a day wherein Christ has thrown the door of mercy wide open and stands calling and crying with a loud voice to poor sinners.” While those who would rather ignore God’s justice in favor of His mercy condemn Edwards and his sermon, those who were present and actually heard him preach that day reacted in a decidedly different manner. According to the diary of Reverend Stephen Williams who attended the sermon, “Before the sermon was done there was a great moaning and crying through the whole House, ‘what shall I do to be saved; oh, I am going to hell, etc.’” The diary goes on to indicate that Edwards had to interrupt his sermon and come down to minister to those who were under such awful conviction. And so, in spite of what the scoffers might think or say, “the amazing and astonishing power of God” was manifested among the people that day—with many falling not into the hands of an angry God, but into the arms of a mighty Savior.

Third Spiritual Alphabet Francisco de Osuna 2014-04-29 For the first time, in 33 years, here is a complete analytical and comparative study of the only two English translations of this marvelous work. This effort, which lies within your grasp, is a pains-taking effort to not only compare the wording, but also the footnotes and supply variant references to this stunning work; in particular making references back to our copy of the Spanish text for clarity. More importantly, this effort is coordinated with Teresa of Avila's works. Thus an additional 400 notes, in combination with comparatives between the variant references are supplied. This work has been translated by the Sisters of Stanbrook.
