The Fire Next Time James Baldwin 2017 First published in 1963, James Baldwin's *A Fire Next Time* stabbed at the heart of America's so-called "Negro problem". As remarkable for its masterful prose as it is for

its uncompromising account of black experience in the United States, it is considered to this day one of the most articulate and influential expressions of 1960s race relations. The book consists of two essays, "My Dungeon Shook" and "Letter to my Nephew on the One Hundredth Anniversary of Emancipation," and "Down At The Cross" and "Letter from a Region of My Mind." It weaves thematic threads of love, faith, and family into a candid assault on the hypocrisy of the so-called "land of the free," insisting on the inequality implicit to American society. "You were born where you were born and faced the future that you faced," Baldwin writes to his nephew, "because you were black and for no other reason." His profound sense of injustice is matched by a robust belief in "monumental dignity," in patience, empathy, and the possibility of transforming America into "what America must become."
