Racism in American Popular Media: From Aunt Jemima to the Frito Bandito Brian D. Behnken 2015-03-24 This book examines how the media—including advertising, motion pictures, cartoons, and popular fiction—has used racist images and stereotypes as marketing tools that malign and debase African Americans, Latinos, American Indians, and Asian Americans in the United States. • Addresses the current and important subject of how the powerful and pervasive messages in the media communicate and reinforce common racial stereotypes about people of color to vast audiences—especially children • Examines popular depictions of people of color going back to the 1880s and details how those depictions have changed • Explores "fun" subject matter that student readers find interesting—pop culture and how it shapes our daily experiences—with an analytical, critical edge

Shadowland Peter Straub 2015-08-18 You have been there... if you have ever been afraid. Come back. To a dark house deep in the Vermont woods, where two friends are spending a season of horror, apprenticed to a Master Magician. Learning secrets best left unlearned. Entering a world of incalculable evil more ancient than death itself. More terrifying. And more real. Only one of them will make it through.

3 books to know London Charles Dickens 2019-05-18 Welcome to the 3 Books To Know series, our idea is to help readers learn about fascinating topics through three essential and relevant books. These carefully selected works can be fiction, non-fiction, historical documents or even biographies. We will always select for you three great works to instigate your mind, this time the topic is: London. Great Expectations by Charles Dickens. Mrs. Dalloway by Virginia Woolf. A Journal of the Plague Year by Daniel Defoe. Great Expectations is the thirteenth novel by Charles Dickens and his penultimate completed novel: a bildungsroman that depicts the personal growth and personal development of an orphan nicknamed Pip. Great Expectations is full of extreme imagery—poverty, prison ships and chains, and fights to the death—and has a colourful cast of characters who have entered popular culture. Mrs. Dalloway is a novel by Virginia Woolf that details a day in the life of Clarissa Dalloway, a fictional high-society woman in post-First World War England. It is one of Woolf's best-known novels. Created from two short stories, "Mrs Dalloway in Bond Street" and the unfinished "The Prime Minister," the novel addresses Clarissa's preparations for a party she will host that evening. A Journal of the Plague Year is a novel by Daniel Defoe, first published in March 1722. This novel is an account of one man's experiences of the year 1665, in which the Great Plague or the bubonic plague struck the city of London. In the book, Defoe goes to great pains to achieve an effect of verisimilitude, identifying specific neighborhoods, streets, and even houses in which events took place. Additionally, it provides tables of casualty figures and discusses the credibility of various accounts and anecdotes received by the narrator. This is one of many books in the series 3 Books To Know. If you liked this book, look for the other titles in the series, we are sure you will like some of the topics

The Game of Our Lives Peter Gzowski 2004 In this bestselling timeless classic, Peter Gzowski recounts the 1980-81 season he spent travelling around the NHL circuit with the Edmonton Oilers. These were the days when the young Oilers, led by a teenaged Wayne Gretzky, were poised on the edge of greatness, and about to blaze their way into the record books and the consciousness of a nation. While the story of the early Oilers embodies the book, *The Game of Our Lives* is much more than a retelling of one season in the life of an NHL team. Unlike any book ever written in the annals of hockey, Gzowski beautifully weaves together the anatomy of a modern NHL team with the magnificent history of the game to create one of the best books about hockey in Canada. Here are the great teams and the great players through the ages—Morenz, Richard, Howe, Orr, Hull—the men whose rare and indefinable genius on the ice exemplified the speed, grit and innovation of the game. *The Game of Our Lives* is the best book on the Canadian passion for hockey; a wondrously perceptive account of the hold the game has on Canadians. —Jack Granatstein, *The National Post*

Colonial Australian Fiction Ken Gelder 2017-04-07 Over the course of the nineteenth century a remarkable array of types appeared – and disappeared – in Australian literature: the swagman, the larrikin, the colonial detective, the bushranger, the “currency lass”, the squatter, and more. Some had a powerful influence on the colonies’ developing sense of identity; others were more ephemeral. But all had a role to play in shaping and reflecting the

social and economic circumstances of life in the colonies. In *Colonial Australian Fiction: Character Types, Social Formations and the Colonial Economy*, Ken Gelder and Rachael Weaver explore the genres in which these characters flourished: the squatter novel, the bushranger adventure, colonial detective stories, the swagman's yarn, the Australian girl's romance. Authors as diverse as Catherine Helen Spence, Rosa Praed, Henry Kingsley, Anthony Trollope, Henry Lawson, Miles Franklin, Barbara Baynton, Rolf Boldrewood, Mary Fortune and Marcus Clarke were fascinated by colonial character types, and brought them vibrantly to life. As this book shows, colonial Australian character types are fluid, contradictory and often unpredictable. When we look closely, they have the potential to challenge our assumptions about fiction, genre and national identity. Graphic Worlds of Peter Bruegel the Elder H. Arthur Klein 1963-06-01 Renowned for his effervescent and rollicking paintings of Flemish life, Peter Bruegel the Elder also holds a place among the world's finest engraving designers. This collection contains 64 of his engravings plus a woodcut, arranged in two parts. The first depicts the outer world of nature and man, including landscapes, ships and the sea, and memorable portraits of sixteenth-century Flanders citizens, from aristocrats and burghers to villagers and peasants. The second part envisions the inner worlds of imagination, morality, and religion with scenes from the Gospels and Apocrypha. In addition, the book offers cogent and stimulating commentaries by H. Arthur Klein that provide details of Bruegel's life and influences as well as his techniques. Many of these prints served as models for subsequent Bruegel canvases, and each image is accompanied by an essay that places it within its historical context. A unique survey of the best and most magical work of one of history's greatest printmakers, this volume offers a prized addition to the collections of all connoisseurs, especially those interested in the art of engraving.
