The Fables of La Fontaine John Metz 1986 The Fables of La Fontaine enjoyed universal success from their first appearance in 1668. Fifty years later a collection of songs was published in Paris based on some of these tales set to vaudeville tunes and other simple airs. For th is new edition of these unknown settings the author has written an extensive historical introduction, translated all the texts into English, and provided invaluable suggestions on performance practice. A delightful and witty addition to the concert repertory.

The Killer of Little Shepherds Douglas Starr 2011-11-01 Winner of the Gold Dagger Award A fascinating true crime story that details the rise of modern forensics and the development of modern criminal investigation. At the end of the nineteenth century, serial murderer Joseph Vacher terrorized the French countryside, eluding authorities for years, and murdering twice as many victims as Jack The Ripper. Here, Douglas Starr revisits Vacher's infamous crime wave, interweaving the story of the two men who eventually stopped him—prosecutor Emile Fourquet and Dr. Alexandre Lacassagne, the era's most renowned criminologist. In dramatic detail, Starr shows how Lacassagne and his colleagues were developing forensic science as we know it. Building to a gripping courtroom denouement, *The Killer of Little Shepherds* is a riveting contribution to the history of criminal justice.

Anne-Marie Fauques de Vaucluse, a Tiger among the Bluestockings Julia Gasper 2021-09-22 Anne-Marie Fauques de Vaucluse fled from France to England in 1756 to avoid being sent to the Bastille for writing a book denouncing the tyranny of Louis XV and Madame de Pompadour. When the book was printed the French government tried to get it suppressed and the author arrested, but failed. Author of twenty books in both French and English, she was an eccentric, brilliant, and wayward woman who escaped from a convent in her youth and had

numerous love-affairs, some disastrous. Novelist, political satirist, poet, feminist and animal rights advocate, she was determined to play a role in the Enlightenment intellectual scene and succeeded despite all the odds. Fauques was at one time the mistress of the Young Pretender and was a friend of some of the most scandal-prone figures of the time, including John Cleland, Elizabeth Craven and William Beckford. This biography unravels the confusion surrounding the identity of a woman who was nun, whore, criminal, lunatic and genius. The cover picture shows the Fountain of Vaucluse, painting by Thomas Cole 1841.

The Shepherd-flock Motif in the Miletus Discourse (Acts 20:17-38) Against Its Historical Background Bernard Aubert 2009 The Shepherd-Flock Motif in the Miletus Discourse (Acts 20:17-38) Against Its Historical Background provides a comprehensive survey of the use of the shepherd-flock motif in the ancient world for the readers of the New Testament. This review of Ancient Near Eastern, Jewish, Greco-Roman, and Christian sources is guided by a motific approach that integrates the concept of metaphor, Semantics, and the comparative method. A chief concern of this study is to apply this knowledge to the study of Luke-Acts, especially the Miletus Discourse (Acts 20:17-38). The shepherd-flock motif appears to be central in this speech and helps to integrate other motifs and themes in this discourse, such as the kingship motif. The Shepherd-Flock Motif in the Miletus Discourse (Acts 20:17-38) Against Its Historical Background is indispensable to the study of motifs in the New Testament and contributes meaningfully to the scholarly research on Luke-Acts.

Narrative Transformations from L'Astrée to Le Berger Extravagant Leonard Hinds 2002 Though Honore d'Urfe's L'Astree (1607-28) and Charles Sorel's Le berger extravagant (1627-28) use similar imagery of death, entombment, and renewal, Hinds (French language and literature, Indiana U.) argues that they use them to different ends. Indeed, he says, the latter is a parody of the first, and between them lies a watershed between romanticism and the reaction against it. Annotation copyrighted by Book News, Inc., Portland, OR

knowledge, and on the regulation of sexuality in modern society. Yet throughout his life, Foucault was continually concerned with Christianity, other spiritual movements and religious traditions, and the death of God, and these themes and materials scattered are throughout his many writings. Religion and Culture collects for the first time this important thinker's work on religion, religious experience, and society. Here are classic essays such as The Battle for Chastity , alongside those that have been less widely read in English or in French. Selections are arranged in three groupings: Madness, Religion and the Avant-Garde; Religions, Politics and the East; and Christianity, Sexuality and the Self: Fragments of an Unpublished Volume. Ranging from Foucault's earliest studies of madness to Confessions of the Flesh , the unpublished fourth volume of his History of Sexuality , his final thoughts on early Christianity, Religion and Culture makes Foucault's work an indispensable part of contemporary religious thought, while also making an important link between religious studies and cultural studies.

Selected Fables Jean de La Fontaine 2014-03-13 La Fontaine's verse fables turned the traditional folktales derived from Aesop and a range of Oriental sources into some of the greatest, and best-loved, poetic work in French. His versions of stories such as 'The Hare and the Tortoise' and 'The Wolf and the Lamb' are witty and sophisticated, satirizing human nature in miniature dramas in which the outcome is always unpredictable. The behaviour of both animals and humans is usually centred on deception and cooperation (or the lack of it), as they cheat and fight each other, arguing about life and death, property and food, in an astonishing variety of narrative styles. The fables have long been popular with all ages, though their ironic take on contemporary society in French aristocratic circles is best appreciated by adults. This new translation by Christopher Betts matches the original in inventiveness and subtlety. It includes half of the fables first published in twelve books between 1668 and 1693, across the full range of subjects and themes. The fables are illustrated with a selection of Gustave Doré's majestic engravings, and an introduction offers insights into La Fontaine's life and literary artistry.

Aeneas Takes the Metro Fiona Cox 2017-12-02 "This study traces Virgil's journey through twentieth-century France by examining his profile in the works of Gide, Aragon, Valéry, Pagnol, Klossowski, Butor, Simon and Pinget, and by looking at how their Virgilian appropriations complement and modify current readings of the "Aeneid" and other works. His presence in these works provides insights not only into modern French culture but into the Virgilian oeuvre itself. This process of mutual illumination is highlighted in Cox's argument by theories of intertextuality and dialogism. Although Virgil's presence in French literature is characterized by its focus on exile and uncertainty, Cox's study reaffirms the multivalency of this great European poet and his continuing relevance at the turn of the millennium."

The Image of the Good Shepherd as a Source for the Spirituality of the Ministerial Priesthood Nicholas Cachia 1997 The introduction sets up the shepherd image by presenting some basic principles for arriving at the theological meaning of this image. The study goes on to illustrate the interdependence and interplay of traditions in relation to the meaning of the shepherd image. The author studies the image in its Near Eastern background, in the literature of the Old Testament, especially John's Gospel, in the Fathers of the Church, and finally in the writings of the recent Popes.

After Lavinia John Watkins 2017-05-09 The Renaissance jurist Alberico Gentili once quipped that, just like comedies, all wars end in a marriage. In medieval and early modern Europe, marriage treaties were a perennial feature of the diplomatic landscape. When one ruler decided to make peace with his enemy, the two parties often sealed their settlement with marriages between their respective families. In *After Lavinia*, John Watkins traces the history of the practice, focusing on the unusually close relationship between diplomacy and literary production in Western Europe from antiquity through the seventeenth century, when marriage began to lose its effectiveness and prestige as a tool of diplomacy. Watkins begins with Virgil's foundational myth of the marriage between the Trojan hero Aeneas and the Latin princess, an account that formed the basis for numerous medieval and Renaissance celebrations of dynastic marriages by courtly poets and propagandists. In the book's second half, he follows the slow decline of diplomatic marriage as both a tool of statecraft and a literary subject, exploring the skepticism and suspicion with which it was viewed in the works of Spenser and Shakespeare. Watkins argues that the plays of Corneille and Racine signal the passing of an international order that had once accorded women a place of unique dignity and respect.

Decolonizing Mission Partnerships Taylor Walters Denyer 2020-06-26 We all know that healthy partnerships are essential to fruitful boundary-crossing ministries, but how exactly do we create them? What barriers must be overcome, and what self-examination must we do? How do the legacies of colonialism, racism, and unhealed trauma impact missional collaborations today? In this doctoral thesis, Denyer reflects on these questions as she examines the history of relational dynamics between American and Congolese United Methodists in the

By surveying memoirs, magazines, and journals, and conducting in-depth interviews, Denyer presents a complex and multifaceted example of a partnership that is in the process of decolonizing. More than just a history lesson, *Decolonizing Mission Partnerships* presents the questions, hard truths, pitfalls, and toxic assumptions we must face when attempting to be in mission together.

French Renaissance and Baroque Drama Michael Meere 2015-02-26 French Renaissance and Baroque Drama helps us rethink pressing issues of the day, such as war, possession, sacrifice, religious conversion, law, and gender. This volume includes essays that employ a range of cutting-edge approaches to elucidate questions such as the social, religious, legal, and political functions of drama, how the staged body transmits emotions to the audience, and the ways in which drama creates communities of inclusion and exclusion, especially during times of conflict.

Poetry at Stake Carrie Noland 2021-03-09 Taking seriously Guillaume Apollinaire's wager that twentieth-century poets would one day "mechanize" poetry as modern industry has mechanized the world, Carrie Noland explores poetic attempts to redefine the relationship between subjective expression and mechanical reproduction, high art and the world of things. Noland builds upon close readings to construct a tradition of diverse lyricists--from Arthur Rimbaud, Blaise Cendrars, and René Char to contemporary performance artists Laurie Anderson and Patti Smith--allied in their concern with the nature of subjectivity in an age of mechanical reproduction.

Israel's Only Shepherd Wayne Baxter 2012-01-26 Despite being recognized as the most 'Jewish' Gospel, many argue that Matthew was penned by someone who sought to distance himself from Judaism. Scholars have used diverse approaches for determining the relationship between Matthew and the variegated Judaism of the first century, but few recognize the important piece that the Evangelist's Christology - in particular the shepherd motif - brings to the puzzle of his socio-religious orientation. Wayne Baxter contends that there are distinctive tendencies in the shepherd metaphor's appropriation by non-Christ-believing Jewish and Graeco-Roman authors as well as Christ-believing authors approximately contemporary with Matthew, which reflect distinct patterns of thought. By comparing these uses of the shepherd metaphor Baxter unearths clues about the Evangelist's socio-religious orientation. Baxter is able to use this to determine the metaphor's contribution to the overall theological framework of the Gospel, specifically, its Christology, soteriology, and the Evangelist's view of mission. Moreover, he is able to ascertain Matthew's socio-religious orientation, and thus, its implications for the debate surrounding the 'parting of the ways' between Judaism and Christianity.
