Human Computation Edith Law 2011-08-08 Human computation is a new and evolving research area that centers around harnessing human intelligence to solve computational problems that are beyond the scope of existing Artificial Intelligence (AI) algorithms. With the growth of the Web, human computation systems can now leverage the abilities of an unprecedented number of people via the Web to perform complex computation. There are various genres of human computation applications that exist today. Games with a purpose (e.g., the ESP Game) specifically target online gamers who generate useful data (e.g., image tags) while playing an enjoyable game. Crowdsourcing marketplaces (e.g., Amazon Mechanical Turk) are human computation systems that coordinate workers to perform tasks in exchange for monetary rewards. In identity verification tasks, users perform computation in order to gain access to some online content; an example is reCAPTCHA, which leverages millions of users who solve CAPTCHAs every day to correct words in books that optical character recognition (OCR) programs fail to recognize with certainty. This book is aimed at achieving four goals: (1) defining human computation as a research area; (2) providing a comprehensive review of existing work; (3) drawing connections to a wide variety of disciplines, including AI, Machine Learning, HCI, Mechanism/Market Design and Psychology, and capturing their unique perspectives on the core research questions in human computation; and (4) suggesting promising research directions for the future. Table of Contents: Introduction / Human Computation Algorithms / Aggregating Outputs / Task Routing / Understanding Workers and Requesters / The Art of Asking Questions / The Future of Human Computation

Ceremonies and Processions of the Cathedral Church of Salisbury Chr. Wordsworth 2018-03-09 Excerpt from Ceremonies and Processions: Of the Cathedral Church of Salisbury Ver' since the establishment of the new Cathedral Church at Salisbury in the days of Abp Langton and K. Henry III., if not from the earlier times of Lant'ranc and the Norman Conqueror, the use OF sarum has maintained a certain prestige in England, and even in the Church beyond the seas. In 1228 Pope Gregory IX. Had heard of the fame of Osmund's Institutions', and it was averted by a Roman Catholic writer in 1608, that in ancient tymes the Catholicke Bishops of Salzlrby obtayned the Titles of the Pope's Maister of the Cerimonyes, and had their places alwayes assigned them in the Pope's Chappell and other solemnityes at Rome, according to that And in the Provincial Episcopal College of the Abp of Canterbury, when the Primate of All England is solemnly celebrating Divine Service, the Bishop of Salisbury, according to antient custom, rules the choir as Precentor'. The Church of Salisbury in successive generations maintained its preeminence ac prec/a ra, ' £11.1a is a: inter om'duos were epithets constantly applied to it by the printers of its Service-books and recourse was had to members of the Chapter, as experts in the Rubrick and the Ordinal, by those who were in doubt and perplexity thereabout, in the thirteenth and following centuries. In 1256 Bp Giles de Bridport had maintained' that 'among the churches of the whole world, the Church of Sarum hath shone resplendent, like the sun in his full orb, in respect of its divine service, and its ministers'; and after the introduction of printing (to judge from the catalogue of the British Museum) few Churches, if any, had a larger number of editions of their service-books printed between the years 1475 and 1558, than this unpretentious city in Wiltshire. That an interest in Sarum Use has not altogether died out in modern times, we may infer from the fact that so many. An Early Self Susanne Zepp 2014-11-19 What role has Jewish intellectual culture played in the development

of modern Romance literature? Susanne Zepp seeks to answer this question through an examination of five influential early modern texts written between 1499 and 1627: Fernando de Rojas's *La Celestina*, Leone Ebreo's *Dialoghi d'amore*, the anonymous tale *Lazarillo de Tormes* (the first picaresque novel), Montaigne's *Essais*, and the poetical renditions of the Bible by João Pinto Delgado. Forced to straddle two cultures and religions, these Iberian conversos (Jews who converted to Catholicism) prefigured the subjectivity which would come to characterize modernity. As "New Christians" in an intolerant world, these thinkers worked within the tensions of their historical context to question norms and dogmas. In the past, scholars have focused on the Jewish origins of such major figures in literature and philosophy. Through close readings of these texts, Zepp moves the debate away from the narrow question of the authors' origins to focus on the innovative ways these authors subverted and transcended traditional genres. She interprets the changes that took place in various literary genres and works of the period within the broader historical context of the sixteenth and seventeenth centuries, demonstrating the extent to which the development of early modern subjective consciousness and its expression in literary works can be explained in part as a universalization of originally Jewish experiences.

Bonfire Songs Patrick Macey 1998 Fra Girolamo Savonarola had a profound effect on the political and moral life of Florence in the 1490s, and his legacy lived on during the century after his execution in 1498, not just in Florence but in Ferrara and beyond the Alps, as far as Paris, Munich, and London. This study reconstructs contexts and musical settings for the popular tradition of sacred laude that were sung during the Savonarolan carnivals in 1496, 1497, and 1498. It further examines a broad network of patronage for the courtly tradition of Latin motets that provided elaborate musical settings for Savonarola's meditations on Psalms 30 and 50. The friar's success in Florence can be partially attributed to his adoption of sacred laude (and the tunes of bawdy carnival songs) that had been promoted by Lorenzo de' Medici. The texts of the old carnival songs were suppressed, but the music was adapted to laude with texts that proclaim the friar's prophecy of castigation and renewal. The citizens could thus internalize Savonarola's message by singing it. Savonarola himself wrote several lauda texts, and their musical settings are reconstructed here, as well as those for an underground tradition of laude written to venerate him after his execution. Part II turns to the courtly tradition and the Latin motet. Several Catholic patrons, scattered from Ferrara to France to England, were drawn to the friar's prison meditation on Psalms 30 and 50, and they commissioned elaborate musical settings of the opening words of both. A dozen motets on the friar's psalm meditations can be traced from composers such as Willaert, Rore, Le Jeune, Lassus, and Byrd. Savonarola's highly personal texts inspired some of the most moving musical settings of the sixteenth century, in spite of the Church's unfavourable attitude toward the friar's disruptive example, which had set a precedent for Protestant reformers such as Martin Luther.

The Slynx Tatyana Tolstaya 2016-10-25 "A postmodern literary masterpiece." –The Times Literary Supplement Two hundred years after civilization ended in an event known as the Blast, Benedikt isn't one to complain. He's got a job—transcribing old books and presenting them as the words of the great new leader, Fyodor Kuzmich, Glorybe—and though he doesn't enjoy the privileged status of a Murza, at least he's not a serf or a half-human four-legged Degenerator harnessed to a troika. He has a house, too, with enough mice to cook up a tasty meal, and he's happily free of mutations: no extra fingers, no gills, no cockscombs sprouting from his eyelids. And he's managed—at least so far—to steer clear of the ever-vigilant Saniturations, who track down anyone who manifests the slightest sign of Freethinking, and the legendary screeching Slynx that waits in the wilderness beyond. Tatyana Tolstaya's *The Slynx* reimagines dystopian fantasy as a wild, horripilating amusement park ride. Poised between Nabokov's *Pale Fire* and Burgess's *A Clockwork Orange*, *The Slynx* is a brilliantly inventive and shimmeringly ambiguous work of art: an account of a degraded world that is full of echoes of the sublime literature of Russia's past; a grinning portrait of human inhumanity; a tribute to art in both its sovereignty and its helplessness; a vision of the past as the future in which the future is now.

Symbolic Scores Willem Elders 1994 This volume is the first monograph on Renaissance music devoted to discuss compositions which involve symbolism inspired by ideas and themes inherent in the musical culture of the time, and to present means for controlling the process of their interpretation.

Ovid's Epistles Ovid 1776

Tractatus Figurarum Philip Evan Schreur 1989-01-01 Notational complexity, or subtilitas, was engendered in the late fourteenth century by a thorough probing of all the rhythmic possibilities within the accepted mensurations. As French and Italian notational practices began to diverge at the beginning of the Ars nova, composers invented new rhythmic symbols?figurae?as their innovations required, and this resulted in a variety of notations that were as confusing to the musician of the day as they are to the modern scholar. In the third quarter of the fourteenth century, a notational system combining elements of the French and Italian systems was put forth in the *Tractatus figurarum*. This system proposed a standard of set of figurae for simultaneous combinations of any two of the four prolations of the French mensural system. Edmond Coussemaker's 1869 edition of the *Tractatus figurarum*, which attributes the treatise to Philippus de Caserta, was based on his knowledge of only four of the fourteen surviving manuscripts. A critical study of all the

sources, including the important Newberry Library manuscript, leads to a corrected version of the text and allows the entire system to be resurrected. The critical edition is joined with fully annotated translation on facing pages. An Introduction discusses the authorship and theory of the treatise, as well as placing it within the context of the music theory of the fourteenth century. Full descriptions of all the manuscript sources and four full-color plates of the Newberry Library manuscript are included. The system of the *Tractatus figurarum* was beautifully creative, but it did not meet with success. Nevertheless, the treatise proves itself invaluable to the study of the *Ars subtilior* in revealing certain basic notational principles that may be applied to surviving musical compositions, illuminating the notational subtleties in which the music delighted.

What Is a Limerick Jonathan Bryant Dean 2004-10-01 *The Torch Carrier* is a memoir of a young widower. Antonio who after losing his wife and high school sweetheart Cynthia to Breast Cancer, turns to his journal and nightly dreams about his wife to find solace in his newly transparent existence. When the B side to his new life as a widower (Single and Available) forces him to address this status it is Cynthia who helps guide him through his emotional awkwardness of starting over as he turns to pen and pad to secure a relationship with an old friend. It is this woman Nereida who possesses the qualities he prayed for, so Antonio tries to convince Nereida that they were meant to be. The problem? He's not ready for an intimate relationship, and Nereida has just become available. Antonio knows she won't be on the market whenever he does become ready, so he leaps forward hoping his instincts are right even if the rest of his life isn't. Through letters and poems he regains his identity as a person and man while juggling his pining emotions for his wife as he finds the balance in his heart and a new appreciation for love the second time around.

H. D. & Bryher Susan McCabe 2021-10-15 *H.D. & Bryher: An Untold Love Story of Modernism* takes on the daring task of examining the connection between two queer women, one a poet and the other a historical novelist, living from the late 19th century through the 20th century. When they met in 1918, H.D. was a modernist poet, married to a shell-shocked adulterous poet, and pregnant by another man. She fell in love with Bryher, who was entrapped by her wealthy secretive family. Their bond grew over Greek poetry, geography, ancient history and literature, the telegraph, and telepathy. They felt their love-and their true identities existed invisibly- a giddy, and disturbing element to their relationship; they lived off and on in distant geographies, though in near continual contact. This book exposes why literary history has occluded this

love story of the world wars and poetic modernism.

Sos: Season of Storms Fabian Adegunle Badejo 2021-06-03 Poetry. African & African American Studies. Caribbean Studies. "Many of its best moments are simple stories about people. An old woman sits in the wreckage of her home;... There is searching; sweating and wading through water. Corned beef is eaten and children run after chickens. People pray and sing and wait. People fight for their homes; and their 'feet beat the ground to dust.' These are poems about survival; life; and the daily work of turning an often troubled island into a homeland of justice and freedom."--Mark Yokoyama (from the Introduction) "A frank; passionate description of a life in the Caribbean impacted by hurricanes; power outages; health crises; and pandemic. SOS: SEASON OF STORMS also highlights the region's history of racial injustice and provides insight into St. Martin protests. Badejo's voice; intimate and tinged with humor."--Jeannine Hall Gailey "For all the existential toxicity exposed in his poetry; Badejo still holds the sun between his fingers without being burnt. I am inspired by the author's rebellious but tender attentiveness to the plight of tortured and twisted humanity."--Emmanuel Adetoyese Badejo

Tiepolo's Hound Derek Walcott 2014-09-09 From the Nobel laureate, a book-length poem on two educations in painting, a century apart "Between me and Venice the thigh of a hound; my awe of the ordinary, because even as I write, paused on a step of this couplet, I have never found its image again, a hound in astounding light." Tiepolo's Hound joins the quests of two Caribbean men: Camille Pissarro--a Sephardic Jew born in 1830 who leaves his native St. Thomas to follow his vocation as a painter in Paris--and the poet himself, who longs to rediscover a detail--"a slash of pink on the inner thigh / of a white hound"--of a Venetian painting encountered on an early visit from St. Lucia to New York. Both journeys take us through a Europe of the mind's eye, in search of a connection between the lost, actual landscape of a childhood and the mythical landscape of empire. Published with twenty-five full-color reproductions of Derek Walcott's own paintings, the poem is at once the spiritual biography of a great artist in self-imposed exile, a history in verse of Impressionist painting, and a memoir of the poet's desire to catch the visual world in more than words.

Buyology Martin Lindstrom 2010-02-02 NEW YORK TIMES BESTSELLER • “A fascinating look at how consumers perceive logos, ads, commercials, brands, and products.”—Time How much do we know about why we buy? What truly influences our decisions in today's message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can “cool” brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

Raymond Queneau's *Chêne Et Chien* Raymond Queneau 1995 The French writer Raymond Queneau (1903-1976) is coming to be recognized as one of the major voices in 20th-century literature. Although twelve of his novels have been translated, "Chêne et Chien," considered by specialists to be the keystone of his oeuvre, has not until now been available in English. Labeled a -novel in verse- by Queneau, this autobiographical poem recounts the poet's childhood, portions of that childhood revisited through psychoanalysis, and finally his joy at finding himself whole. The translator's introduction situates the work in Queneau's life and oeuvre, addresses the problem of poetry as autobiography, examines the structure of the poem itself and discusses the difficulties of translating Queneau's many moods and rich wordplay into English verse. Explanatory notes complete the volume."

Opera in Seventeenth-Century Venice Ellen Rosand 2007-10-09 "In this elegantly constructed study of the early decades of public opera, the conflicts and cooperation of poets, composers, managers, designers, and singers—producing the art form that was soon to sweep the world and that has been dominant ever since—are revealed in their first freshness."—Andrew Porter "This will be a standard work on the subject of the rise of Venetian opera for decades. Rosand has provided a decisive contribution to the reshaping of the entire subject. . . She offers a profoundly new view of baroque opera based on a solid documentary and historical-critical foundation. The treatment of the artistic self-consciousness and professional activities of the librettists, impresarios, singers, and composers is exemplary, as is the examination of their reciprocal relations. This work will have a positive effect not only on studies of 17th-century, but on the history of opera in general."—Lorenzo Bianconi
