Lina Wertmuller Josette Déléas 2009-07 Une histoire qui commence au XIXe siècle, avec un ancêtre tout droit sorti d'un roman de cape et d'épée, puis le destin de Lina Wertmüller, l'enfant rebelle, s'amorce entre les deux guerres et annonce une vie d'artiste engagée, d'iconoclaste fascinante, à l'image d'une uvre déroutante In this critical biography, we discover a daredevil aerialist whose work on stage and screen has generated passionate controversies. Lina Wertmüller, the first woman to be nominated for an Oscar, is, according to Henry Miller, a better filmmaker than any male director. She speaks her mind with forthrightness, using the language of the lower classes to explore sexual politics, to praise man in disorder and to denounce threats to individual freedom. A fascinating journey with a multitalented artist who takes humanity very seriously while laughing at herself.

*The Fallen Veil* Raisa Adah Rexer 2021-03-05 Between 1839 and the end of the nineteenth century, millions of nude photographs of the female form--artistic, pornographic, and everything in-between--were produced in France, the birthplace of photography. Drawing upon government records, legal decisions, newspaper accounts, and contemporary literature, Raisa Rexer recounts the history of these illicit and ubiquitous images and elucidates their immense cultural and artistic reach. Rexer focuses in particular on the ways that nude photographic imagery influenced some of the greatest authors of the period, including Charles Baudelaire, the Goncourt brothers, and Émile Zola, and sets their work against historical records and nonfiction print sources to tell the story of evolving perceptions of nude photography. In the period immediately after photography's invention, nude photographs were vitally connected to the questions of art and artistry, particularly with regard to photography's aspirations to high cultural status. By the end of the century, however, as production and sales expanded internationally and as photographs of nudes flooded the streets and shops, proliferation of these pictures was increasingly viewed as one of a host of social problems plaguing France. Illustrated with nearly ninety period images, *The Fallen Veil* offers the first full treatment of the photographic nude in the nineteenth century and considers how this history continues to influence many of the same questions we ask today about art, pornography, and the relation between the two.

**Un Cadavre dans les œillets** Dale Mayer 2022-03-15 Du luxe à la misère... Le chaos s'apaise... Les crimes cessent... À moins que... ? Après avoir été impliquée dans deux affaires de meurtres depuis qu'elle est revenue vivre, il y a peu, dans la ville pittoresque de Kelowna, après son divorce, la jardinière Doreen Montgomery a acquis une réputation à la hauteur de celle de sa grand-mère. Le seul moyen d'empêcher les gens de jaser, c'est de mener une vie paisible à la limite de l'ennui jusqu'à ce que les médias et les voisins finissent par l'oublier. C'est ce que compte faire Doreen en prévoyant une visite du célèbre jardin des œillets, à Kelowna. Des plantes, encore des plantes, personne n'y trouvera à redire. Mais quand elle assiste à une dispute entre une belle jeune femme et son petit ami, elle ne peut s'empêcher d'être inquiète. Suffisamment pour suivre le couple sur le parking et dans la ville. Lorsqu'une fusillade interrompt l'après-midi placide, il est trop tard pour se demander comment son meilleur ennemi, le brigadier Mack Moreau, réagira en apprenant qu'elle est impliquée une fois de plus dans une autre de ses enquêtes. Entre les nouveaux cadavres dans les œillets et les rebondissements dans une vieille affaire de disparition d'enfant, Doreen ne chôme pas, même si elle essaie tant bien que mal de cacher son implication à Nan, à Mack Moreau et surtout aux médias. Mais une certaine personne ne quitte pas Doreen des yeux... une personne qui ne peut pas se permettre qu'elle découvre les réponses aux questions qu'elle pose.

*States of Decadence* Guri Barstad 2016-12-14 *States of Decadence* is a two volume anthology that focuses on the literary and cultural phenomenon of decadence. Particular attention is given to literature from the end of the 1800s, the fin de siècle; however, the essays presented here are not restricted to this historical period, but draw lines both back in time and forward to our day to illuminate the contradictory multiplicity inherent in decadence. Furthermore, the essays go beyond literary studies, drawing on a number of the tropes and themes of decadence manifested in the arts and culture, such as in music, opera, film, history, and even jewelry design.

As she places his art within frameworks of colour, the feminine Other (the Manette in Manet), and consumerism, Armstrong seeks to expand and revise our understanding of this artist as a painter of modern life.
