What Really Happened In Wuhan Sharri Markson 2021-10-01 Walkley Award-winning journalist, Sharri Markson is the Investigations Editor at The Australian and host of prime-time show Sharri on Sky News Australia. The origins of Covid-19 are shrouded in mystery. Scientists and government officials insisted, for a year and a half, that the virus had a natural origin, ridiculing anyone who dared contradict this view. Tech giants swept the internet, censoring and silencing debate in the most extreme fashion. Yet it is undeniable that a secretive facility in Wuhan was immersed in genetically manipulating bat-coronaviruses in perilous experiments. And as soon as the news of an outbreak in Wuhan leaked, the Chinese military took control and gagged all laboratory insiders. Part-thriller, part-expose, What Really Happened in Wuhan is a ground-breaking investigation from leading journalist Sharri Markson into the origins of Covid-19, the cover-ups, the conspiracies and the classified research. It features never-before-seen primary documents exposing China's concealment of the virus, fresh interviews with whistleblower doctors in Wuhan and crucial eyewitness accounts that dismantle what we thought we knew about when the outbreak hit. With unprecedented access to Washington insiders, Markson takes you inside the White House, with senior Trump lieutenants revealing first-hand accounts of fiery Oval Office clashes and new stories of compromised government advisors and censored scientists. Bravely reported and chillingly laid out, Markson brings to light the stories of the pandemic from the people on the ground: the scientists and national security officials who raised uncomfortable truths and were labelled conspiracy theorists, until government agencies began to suspect they might have been right all along. These brave individuals persisted through bruising battles and

played a crucial role in investigating the origins of Covid-19 to finally, in this book, bring us closer to the truth of what really happened in Wuhan.

The Enigma of Room 622 Joël Dicker 2022-09-13 “Dicker salutes Agatha Christie even as he drops the reader through one trapdoor into another, so that by the end, we doubt we’ve ever read another novel quite like it. (We haven’t.) Fans of Ruth Ware and Lucy Foley will hug this book in between chapters; the many readers who love Anthony Horowitz’s mysteries will celebrate. And me? I’ll be reading it again.”—A. J. Finn, #1 New York Times bestselling author of *The Woman in the Window* A burnt-out writer’s retreat at a fancy Swiss hotel is interrupted by a murder mystery in this metafictional, meticulously crafted whodunit from the New York Times bestselling author of *The Truth About the Harry Quebert Affair*. A writer named Joël, Switzerland’s most prominent novelist, flees to the Hôtel de Verbier, a luxury resort in the Swiss Alps. Disheartened over a recent breakup and his longtime publisher’s death, Joël hopes to rest. However, his plans quickly go awry. It all starts with a seemingly innocuous detail: at the Verbier, there is no room 622. Before long, Joël and fellow guest Scarlett uncover a long-unsolved murder that transpired in the hotel’s room 622. The attendant circumstances: the succession of Switzerland’s largest private bank, a mysterious counterintelligence operation called P-30, and a most disreputable sabotage of hotel hospitality. A European phenomenon, *The Enigma of Room 622* is a matryoshka doll of intrigue—as precise as a Swiss watch—and Dicker’s most diabolically addictive thriller yet. Between the World and Me Ta-Nehisi Coates 2015-07-14 #1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME’S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH’S “BOOKS THAT HELP ME THROUGH” • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as “required reading,” a bold and personal literary exploration of America’s racial history by “the most important essayist in a generation and a writer who changed the national political conversation about race” (Rolling Stone) NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation’s history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates’s attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory

experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.

De la terre à la lune Jules Verne 1966 A la fin de la guerre fédérale des états-Unis, les fanatiques artilleurs du Gun-Club (Club-Canon) de Baltimore sont bien désœuvrés. Un beau jour, le président, Impey Barbicane, leur fait une proposition qui, le premier moment de

stupeur passé, est accueillie avec un enthousiasme délirant. Il s'agit de se mettre en communication avec la Lune en lui envoyant un boulet, un énorme projectile qui serait lancé par un gigantesque canon ! Tandis que ce projet inouï est en voie d'exécution, un Parisien, Michel Ardan, un de ces originaux que le Créateur invente dans un moment de fantaisie, et dont il brise aussitôt le moule, télégraphie à Barbicane: « Remplacez obus sphérique par projectile cylindroconique. Partirai dedans »... Avec ses personnages parfaitement campés, son humour toujours présent, *De la Terre à la Lune* est une des grandes oeuvres de Jules Verne, une de ses plus audacieuses anticipations.

HBO's acclaimed crime drama *The Wire* has only become more popular and influential. The issues it tackled, from the failures of the drug war and criminal justice system to systemic bias in law enforcement and other social institutions, have become more urgent and central to the national conversation. The show's actors, such as Idris Elba, Dominic West, and Michael B. Jordan, have gone on to become major stars. Its creators and writers, including David Simon and Richard Price, have developed dedicated cult followings of their own. Universities use the show to teach everything from film theory to criminal justice to sociology. Politicians and activists reference it when discussing policy. When critics compile lists of the Greatest TV Shows of All Time, *The Wire* routinely appears near or at the top. But while there has been a great deal of critical analysis of the show and its themes, until now there has never been a definitive, behind-the-scenes take on how it came to be made. With unparalleled access to all the key actors and writers involved in its creation, Jonathan Abrams tells the astonishing, compelling, and complete account of *The Wire*, from its inception and creation through its end and powerful legacy.

Tell Them of Battles, Kings, and Elephants Mathias Énard 2019-10-29 Michelangelo's adventure in Constantinople, from the "mesmerizing" (*New Yorker*) and "masterful" (*Washington Post*) author of *Compass In 1506*, Michelangelo—a young but already renowned sculptor—is invited by the sultan of Constantinople to design a bridge over the Golden Horn. The sultan has offered, alongside an enormous payment, the promise of immortality, since Leonardo da Vinci's design has been rejected: "You will surpass him in glory if you accept, for you will succeed where he has failed, and you will give the world a monument without equal." Michelangelo, after some hesitation, flees Rome and an irritated Pope Julius II—whose commission he leaves unfinished—and arrives in Constantinople for this truly epic project. Once there, he explores the beauty and wonder of the Ottoman Empire, sketching and describing his impressions along the way, as he struggles to create what could be his greatest architectural masterwork. *Tell Them of Battles, Kings, and Elephants*—constructed from real historical fragments—is a thrilling page-turner about why stories are told, why bridges are built, and how seemingly unmatched fragments, seen from the opposite sides of civilization, can mirror one another.

Mindstorms Seymour A. Papert 2020-10-06 In this revolutionary book, a renowned computer scientist explains the importance of teaching children the basics of computing and how it can prepare them to succeed in the ever-evolving tech world. Computers have completely changed the way we teach children. We have Mindstorms to thank for that. In this book, pioneering computer scientist Seymour Papert uses the invention of LOGO, the first child-friendly programming language, to make the case for the value of teaching children with computers. Papert argues that children are more than capable of mastering computers, and that teaching computational processes like de-bugging in the classroom can change the way we learn everything else. He also shows that schools saturated with technology can actually improve socialization and interaction among students and between students and teachers. Technology changes every day, but the basic ways that computers can help us learn remain. For thousands of teachers and parents who have sought creative ways to help children learn with computers, Mindstorms is their bible.

The Water Is Wide Pat Conroy 2010-08-31 New York Times Bestseller: The "miraculous" memoir of an inspiring teacher and the students who changed his life on an impoverished South Carolina island (Newsweek). Though the children of Yamacraw Island live less than two miles from the southern mainland, they can't name the US president or the ocean that surrounds them. Most can't read or write. Many of the students are the descendants of slaves, handicapped by poverty and isolation. When Pat Conroy arrives, an eager young teacher at the height of the civil rights movement, he finds a community still bound by the bitter effects of racism, but he is determined to broaden its members' horizons and give them a voice. In this poignant memoir, which Newsweek called "an experience of joy," the New York Times-bestselling author of *The Prince of Tides* plumbs his experiences as a young teacher on an isolated South Carolina island to reveal the shocking inequalities of the American education system.

Woodstock Nation, which the author wrote in longhand while lying upside down, stoned, on the floor of an unused office of the publisher, is the product of those five days. Other works by Mr. Hoffman include *Revolution for the Hell of It* and *Fuck the System*, which he describes as a "tender love epic"."-- Back cover.

Why Do We Kill? Kelvin Sewell 2011-06-01 Former Baltimore City homicide detective Kelvin Sewell has seen it all. Gang members burned alive; a baby unceremoniously stuffed into the ground by its own mother; a sex offender who killed a child in a delusional jealous rage. The constant grind of bearing witness to violent death has given Sewell an unprecedented perspective into the minds of killers. He sat in the Baltimore Police Department's interview room with 14-year-old Devon Richardson as the teen tried to explain why he shot a woman he didn't know in the back of the head. He watched the father of 17-year-old Nicole Edmonds cry over the corpse of his dead daughter, murdered for a cellphone. But now for the first time Sewell has decided to share the insights and the pain, the dehumanizing effects of crime and waves of psychic despair and social dysfunction in his groundbreaking book, *Why Do We Kill?* "I think people deserve to know the truth," said Sewell, a 20-year veteran of Baltimore City's police department. "They need to get a sense of why people kill in Baltimore. I want people to see what we see as detectives," he explained. "I think there are misconceptions about crime in Baltimore, and I hope this book will clear them up." The book recounts some of the most notorious homicide cases in Baltimore in the past decade, all told from the

perspective of the cop who worked them. Joining forces with Sewell is award-winning investigative reporter Stephen Janis, who covered City Hall for the now-defunct Baltimore Examiner and is founder of the award-winning news website Investigative Voice. "What makes this book different is the collaborative voice," said Janis. "Kelvin would discuss his thoughts on the cases and I then tried to tell the story by adding the context that comes naturally with being a reporter." Janis's colleague at Investigative Voice, reporter and political scientist Alan Z. Forman, served as editor for the project. Janis is no stranger to the Baltimore crime scene, winning a string of prestigious awards for his crime reporting, including two consecutive Maryland-Delaware-DC Press Association awards in Category A for his series on the murders of sex workers and his investigation into the high number of unsolved killings in Baltimore.

Tempête rouge Tom Clancy 1998-10 "Tom Clancy était déjà l'auteur de l'éblouissante odyssée-cavale à l'Ouest d'un sous-marin soviétique (*Octobre rouge*), si documentée qu'elle avait été éditée par l'Académie navale américaine d'Annapolis. Il récidive avec un roman-fleuve à mi-chemin du jeu guerrier, cher aux stratèges et aux surdoués de l'informatique, et du grand roman de guerre. L'invention géniale du livre, c'est la maskirovka, savant coup de bluff destiné à égarer les Occidentaux... Tom Clancy est un maître absolu dans l'art d'entretenir le suspense." Jean-Michel Gourevitch, *Le Point*. "Indéniablement, Tom Clancy est un peintre de guerre. Sa mise en scène des théâtres d'opérations, qu'il s'agisse de l'Islande envahie par les Soviétiques, du porte-avions "Nimitz" saccagé par deux missiles ou des combats dans les villages du Hanovre, est parfaite, captivante, imagée à souhait. Sans oublier

quelques zestes plus simplement romanesques, épices d'une épatante hécatombe." Claude Michel Cluny, L'Express. "Un thriller militaire à couper le souffle." Arnould de Liedekerke. Le Figaro Magazine.

Start with Why Simon Sinek 2011-12-27 The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

Mojo Rising James L. Dickerson 2017-09 Mojo Rising: Masters of the Art includes stories by Nobel and Pulitzer Prize-winning author William Faulkner, Pulitzer Prize-winning author Eudora Welty, Pulitzer Prize-winning writer Tennessee Williams, Richard Wright (generally regarded as one of the top three African American writers in American history), noted Civil War historian and novelist Shelby Foote, author Willie Morris (legendary editor of Harper's Magazine in the 1960s, novelist, and journalist), American Book Award winner Ellen Gilchrist (who contributed a previously unpublished story), Stark Young, New York Times drama critic and author of "So Red the Rose," Elizabeth Spencer (graduate of Belhaven College and Vanderbilt University; University of Mississippi creative writing instructor; five-time winner of the O. Henry Award for short fiction,) and novelist and short writer Ellen Douglas, whose work has appeared in The New Yorker and in the O. Henry collection of prize stories. "As an art form, the short story has been shunted to the fringe of literary expression," says Sartoris Literary Group publisher James L. Dickerson. "We want to keep the short story alive--and the best way to do that is to provide it with a loving home. To that end we plan to publish each year an anthology of contemporary writers who are associated with the Mojo Triangle."

The Preacher Chris Snider 2013-05-16 In a dark new age, a hero emerges. In a near-Apocalyptic future, preacher Jacob Cross has a calling on his life that would make the strongest man tremble -- defeat the most horrendous creatures hell can produce... and battle them constantly. Victory is assured only if he can locate the three partners promised to him in a vision. Heroes, demons, God and Man -- in the end, blood will be shed, and if Jacob and his friends have their way, the devil will be bound forever.
