The Paths of Ethics in Research in Laos and Mekong Countries 2018-02-12 In an historic first, two ethics committees - one from Laos, the other from France - met in Vientiane in October 2015. Researchers examined a multitude of ethical issues related to health, the environment, and societies in countries in the Mekong region. Urgent, universal questions were discussed in local contexts ; productive debates illustrated a complex array of possible solutions. This book, born out of that meeting, serves as a guide for those working across the spectrum of scientific fields on paths to promote justice and reduce suffering. Like the Mekong River, the field of research ethics does not run in a straight line ; and like that river, everyone it touches discovers that what may initially appear to separate us ultimately serves to bring us together.

Liberating Women's History Berenice A. Carroll 1976 Papers furnishing a review and critique of past work in women's history are combined with selections delineating new approaches to the study of women in history and empirical studies considering ideological and class factors.

Introduction to Permaculture Bill Mollison 1991 Topics in this book include: Energy-efficient site analysis, planning & design methods. House placement & design for temperate, dryland & tropical regions. Urban permaculture: garden layouts, land access & community funding systems. Using fences, trellis, greenhouse & shadehouse to best effect. Chicken & pig forage systems; tree

crops & pasture integration for stock. Orchards & home woodlots for temperate, arid & tropical climates. How to influence microclimate around the house & garden. Large section on selected plant species lists, with climatic tolerances, heights & uses.

The Natural Way of Farming Masanobu Fukuoka 1985 "Imagine raising crops with no cultivation, no chemical fertilizers or herbicides, not even any added compost! Fukuoka has learned not to ask the impossible of nature, and is blessed with impossibly high yields. Instead of continually attempting to do a little bit more, he has looked for ways to do less, to leave off unnecessary labors, and yet his soil grows richer every year.... He offers us a provocative image of stewardship to the earth as the cornerstone to a society of sufficiency, permanence, and self-renewal."--Back cover.

Why Am I So Special? Barry Henkin 2013-12-14 *Why Am I So Special?* is the autobiography of Barry Henkin, a man whose kind heart, optimistic disposition, and encyclopedic memory for music and faces have enabled him to overcome the physical, mental, emotional, and societal obstacles that have confronted him since birth. Since 2011, Barry has been speaking to others faced with developmental challenges in the hope of motivating them to live their lives to their fullest potential. Having had the good fortune to happily work for a single employer for over three decades, Barry would also like to motivate employers and the greater community to provide more opportunities for people such as himself. The book has been written by Barry, with a little help from his friends, to enable him to deliver his message of hope and inspiration to a wider audience.

Le Leadership Efficace 2015-06-26

The One-Straw Revolution Masanobu Fukuoka 2010-09-08 Call it "Zen and the Art of Farming" or a "Little Green Book," Masanobu Fukuoka's manifesto about farming, eating, and the limits of human knowledge presents a radical challenge to the global systems we rely on for our food. At the same time, it is a spiritual memoir of a man whose innovative system of cultivating the earth reflects a deep faith in the wholeness and balance of the natural world. As Wendell Berry writes in his preface, the book "is valuable to us because it is at once practical and philosophical. It is an inspiring, necessary book about

agriculture because it is not just about agriculture.” Trained as a scientist, Fukuoka rejected both modern agribusiness and centuries of agricultural practice, deciding instead that the best forms of cultivation mirror nature’s own laws. Over the next three decades he perfected his so-called “do-nothing” technique: commonsense, sustainable practices that all but eliminate the use of pesticides, fertilizer, tillage, and perhaps most significantly, wasteful effort. Whether you’re a guerrilla gardener or a kitchen gardener, dedicated to slow food or simply looking to live a healthier life, you will find something here—you may even be moved to start a revolution of your own.

Lead with Wisdom Mark Strom 2013-12-16 A practical guide for leading others with wisdom, integrity, and humanity This book argues that great leadership requires wisdom. Rather than a formulaic managerial approach to leadership, Lead with Wisdom presents the case for leadership based on our shared humanity and the stories that unite us. What emerges is a model of leadership based on learning to read key patterns of human experience: the way language shapes our reality, how we form new meaning through conversation, how relationships determine influence and how we deal with uncertainty. It presents readers with the tools and illustrated examples to implement the four arts of leading wisely: how to draw out and create a new story in the organization, how to find and leverage the brilliance of people, how to speak with promise to restore meaning and hope, and how to show grace in dealing with the most demanding people and circumstances. Offers a leadership approach rooted in our shared humanity and the stories which unite and define us Ideal for corporate leaders, middle managers, administrators, and anyone else with management responsibilities Written by a popular speaker on leadership and the author of Arts of the Wise Leader, with personal CEO experience and a PhD in the history of ideas Structured as one key idea per page or double page spread with funky line drawings supporting the concepts and skills For anyone who wants to lead with wisdom, integrity, and humanity, Lead with Wisdom offers a welcome alternative to traditionally robotic and formulaic leadership strategies.

All These Things Shall Give Thee Experience Neal A. Maxwell 1992-04-01

Global Marketing Management Masaaki (Mike) Kotabe 2016-12-01 The 7th Edition of Global Marketing Management prepares students to become effective managers overseeing global marketing activities in an increasingly competitive environment. The text’s guiding principle, as laid out concisely and methodically by authors Kotabe and Helsen, is that the realities of international marketing are more “multilateral.” Suitable for all business majors, the text encourages students to learn how marketing managers work across business functions for effective corporate performance on a global basis and achievement of overall corporate goals. Global Marketing Management brings timely coverage in various economic and financial as well as marketing issues that arise from the acutely recessionary market environment.

Saving Grace Devine Catherine Cavendish 2017-01-15 Can the living help the dead ... and at what cost? When Alex Fletcher finds a painting of a drowned girl,

she's unnerved. When the girl in the painting opens her eyes, she is terrified. And when the girl appears to her as an apparition and begs her for help, Alex can't refuse. But as she digs further into Grace's past, she is embroiled in supernatural forces she cannot control, and a timeslip back to 1912 brings her face to face with the man who killed Grace and the demonic spirit of his long-dead mother. With such nightmarish forces stacked against her, Alex's options are few. Somehow she must save Grace, but to do so, she must pay an unimaginable price.

Balbuzar Geïrard Moncombe 2021-11-23 In the Sarboucane sea, Balbuzar the pirate reigns supreme. He attacks, plunders, sinks, and ransoms everything that comes within his reach. Savage, cruel, formidable, certainly, Balbuzar is; but also with a certain bonhomie, and a great sense of justice. He is in harmony with the sea, the islands, the wind, the rocks. Around him, birds, always. Men, women, children...they all love him. For he is free as the air. But now the Empress Pépita XIII is worried about her state of affairs, and Balbuzar's constant plundering. She sends against him her best officer, the Commodore, at the head of an armada. He represents force, order, law. Arrogant, domineering, relentless. And sure to be the one who will clean the Sarboucane sea. Balbuzar and the Commodore clash. Two exceptional sailors, two sharp warriors. The fight begins, shattering, tumultuous. The struggle, however, is unequal, for the Commodore has immense resources, an army behind him and the power of the empire. He's built a gigantic ship that will surely sweep away the pirates and their black-flag flotilla. Balbuzar's fate seems certain. Will the outlaw will be crushed by the enormity of the adversary? Cooked in the imperial pot? Or will the cunning pirate will find the rift in the monster's breastplate? Will he will defeat his monstrous foe, like David blasting Goliath? Balbuzar is the story of a confrontation between two worlds, that of royalty and that of piracy, between conformity and diversity. Gérard Moncombe's text deftly balances action, humor and poetry, while artist Frédéric Pillot's stunning, gorgeously detailed illustrations help paint this rousing, unforgettable tale. One that you'll want to come back to again and again... A fable about freedom, about resistance, about power. And an ode to nature.

New Reading 360: Pocket Books: Group Pack Pearson Education 2000-01-07 The New Reading 360 series is designed to provide a solid literary foundation for infants and build on previous literacy knowledge for juniors. Pocket books have been written to get children reading independently and for fun. They provide the opportunity to improve reading stamina and fluency. The titles for the first set in level 7 are: The Cow and the Fly; The Wonderful Weatherman; Billy

and the Brolly Boy; and Trolley Trouble.

Women's Rights, Human Rights J. S. Peters 2018-05-11 This comprehensive and important volume includes contributions by activists, journalists, lawyers and scholars from twenty-one countries. The essays map the directions the movement for women's rights is taking--and will take in the coming decades--and the concomittant transformation of prevailing notions of rights and issues. They address topics such as the rapes in former Yugoslavia and efforts to see that a War Crimes Tribunal responds; domestic violence; trafficking of women into the sex trade; the persecution of lesbians; female genital mutilation; and reproductive rights.

Women and Power in the Middle Ages Mary Erler 1988 Power in medieval society has traditionally been ascribed to figures of public authority--violent knights and conflicting sovereigns who altered the surface of civic life through the exercise of law and force. The wives and consorts of these powerful men have generally been viewed as decorative attendants, while common women were presumed to have had no power or consequence. Reassessing the conventional definition of power that has shaped such portrayals, *Women and Power in the Middle Ages* reveals the varied manifestations of female power in the medieval household and community--from the cultural power wielded by the wives of Venetian patriarchs to the economic power of English peasant women and the religious power of female saints. Among the specific topics addresses are Griselda's manipulation of silence as power in Chaucer's "The Clerk's Tale"; the extensive networks of influence devised by Lady Honor Lisle; and the role of medieval women book owners as arbiters of lay piety and ambassadors of culture. In every case, the essays seek to transcend simple polarities of public and private, male and female, in order to provide a more realistic analysis of the workings of power in feudal society.

A Brief History of Women in Quebec Denyse Baillargeon 2014-09-09 A Brief History of Women in Quebec examines the historical experience of women of different social classes and origins (geographic, ethnic, and racial) from the period of contact between Europeans and Aboriginals to the twenty-first century to give a nuanced and complex account of the main transformations in their lives. Themes explored include demography, such as marriage, fecundity, and immigration; women's work outside and inside the home, including motherhood; education, from elementary school to post-secondary and access to the professions; the impact of religion and government policies; and social and political activism, including feminism and struggles to attain equality with men. Early chapters deal with New France and the first part of the nineteenth century, and the remaining are devoted to the period since 1880, an era in

which women's lives changed rapidly and dramatically. The book concludes that transformation in the means of production, women's social and political activism (including feminism), and Quebec nationalism are three main keys to understanding the history of Quebec women. Together, the three show that women's history, far from being an adjunct to "general history," is essential to a full understanding of the past. Originally published in French with the title *Brève histoire des femmes au Québec*.

Open Your Heart Alexie Morin 2021-09-15 A much-celebrated auto-fictional feminist memoir, finally available in English. In this frank and unforgettable book, celebrated Québécois writer Alexie Morin becomes the subject of her own story as she places a childhood friendship under a microscope. An autobiographical novel set in a small industrial town in Quebec during the 1990s, *Open Your Heart* recounts the story of a difficult friendship between two girls brought together by illness and operations suffered at a young age. One girl suffers from severe strabismus, while the other was born blue. The first, defiant, feels that something is wrong with her, while the second is an angelic child loved by all. One becomes a writer, and the other dies at eighteen, during an operation that should have saved her life. In this debut novel, Morin stakes out an exceptional pursuit for truth in these old memories as she grapples with death, love, bonding and solitude.

Mindele's Journey Mariette Bermowitz 2012 *Mindele's Journey* began when her father pulled her onto the rooftop through an attic window to escape Nazi soldiers. Her mother and four siblings were not so lucky. Mindele never saw them again. Her father went into hiding while she was taken to a convent and renamed Mariette. As danger loomed, the Mother Superior sent her to live in the Belgian countryside where she was protected and nurtured by three loving women she called "les tantes." Mariette will have a life-long relationship with them. The "war after the war" began when Mariette's father took her back to live with him in the squalor of a world devoid of meaning for the Jews who survived. They emigrated to America, but she will always feel torn between two worlds. After a broken marriage, her quest for wholeness took her to Iran. Looking up at thousands of shards of broken mirror covering the domed ceiling of a mosque, Mariette suddenly saw herself as all those broken pieces. "Do you remember?" fills the pages as she flees and returns to so many lives: as a Jewish child in a convent, as a free-spirited woman, and eventually as the lover of a German dealing with his own war-tainted history. You are invited to pack your imaginary bags and come along on *Mindele's Journey*...through war-torn and post-war Europe, the world of the artist and musician she married, the travels to Germany, Israel, Brazil, and Iran, seeking to unravel the secrets of her past. "*Mindele's Journey*" was edited by Nancy Wait.
