Strange Creatures Phoebe North 2021-06-01 From acclaimed author Phoebe North comes a riveting, unexpected, and beautiful contemporary novel about a girl whose brother mysteriously disappears, the family and friends he leaves behind, and the stories—real and imagined—that they tell themselves to fill the empty space. From the moment that Annie was born, she and her older brother, Jamie, were inseparable. Alike in almost every way, they promised to always take care of each other while facing the challenges of growing up different in suburban America. And when life became too much for them, they created their own space in the woods behind their house: a fantasy world, called Gumlea, where no one else could find them. And it was enough, for a while. But then came middle school, when Jamie grew dark and distant. He found new friends, a girlfriend, and a life away from Annie and Gumlea. Soon it was as if she hardly knew the brother who was her other half. And then, one day, he disappears. Annie, her family, and the entire community are devastated. And as the days turn into months turn into years, everyone begins to accept that Jamie is gone for good. Everyone, that is, except Annie, who believes that Jamie, somehow, has entered Gumlea, and who believes that she's the only one who can bring him back. But as Annie searches for answers and finds a new relationship with a girl she did not expect, she makes startling discoveries about her brother's disappearance—and has to decide how much of herself she's willing to give up in order to keep hope alive.

Heineken in Africa Olivier van Beemen 2019-08-01 For Heineken, "rising Africa" is already a reality: the profits it extracts there are almost 50 per cent above the global average, and beer costs more in some African countries than it does in Europe. Heineken claims its presence boosts economic development on the continent. But is this true? Investigative journalist Olivier van Beemen has spent years seeking the answer, and his conclusion is damning: Heineken has hardly benefited Africa at all. On the contrary, there

are some shocking skeletons in its African closet: tax avoidance, sexual abuse, links to genocide and other human rights violations, high-level corruption, crushing competition from indigenous brewers, and collaboration with dictators and pitiless anti-government rebels. Heineken in Africa caused a political and media furor on publication in The Netherlands, and was debated in their Parliament. It is an unmissable exposé of the havoc wreaked by a global giant seeking profit in the developing world.

Wonderland Avenue Danny Sugerman 2020-08-06 At the age of thirteen, Danny Sugerman- the already wayward product of Beverley Hills wealth and privilege- went to his first Doors concert. He never looked back. He became Jim Morrison's protégé and- still in his teens- manager of the Doors and then Iggy Pop. He also plunged gleefully into the glamorous underworld of the rock 'n' roll scene, diving headfirst into booze, sex and drugs: every conceivable kind of drug, ever day, in every possible permutation. By the age of twenty-one he had an idyllic home, a beautiful girlfriend, the best car in the world, two kinds of hepatitis, a diseased heart, a \$500 a day heroin habit and only a week to live. He lived. This is his tale. Excessive, scandalous, comic, cautionary and horrifying, it chronicles the 60s dream gone to rot and the early life of a Hollywood Wild Child who was just brilliant at being bad.

The Birth of Venus Sarah Dunant 2004-11-30 Alessandra Cecchi is not quite fifteen when her father, a prosperous cloth merchant, brings a young painter back from northern Europe to decorate the chapel walls in the family's Florentine palazzo. A child of the Renaissance, with a precocious mind and a talent for drawing, Alessandra is intoxicated by the painter's abilities. But their burgeoning relationship is interrupted when Alessandra's parents arrange her marriage to a wealthy, much older man. Meanwhile, Florence is changing, increasingly subject to the growing suppression imposed by the fundamentalist monk Savonarola, who is seizing religious and political control. Alessandra and her native city are caught between the Medici state, with its love of luxury, learning, and dazzling art, and the hellfire preaching and increasing violence of Savonarola's reactionary followers. Played out against this turbulent backdrop, Alessandra's married life is a misery, except for the surprising freedom it allows her to pursue her powerful attraction to the young painter and his art. *The Birth of Venus* is a tour de force, the first historical novel from one of Britain's most innovative writers of literary suspense. It brings alive the history of Florence at its most dramatic period, telling a compulsively absorbing story of love, art, religion, and power through the passionate voice of Alessandra, a heroine with the same vibrancy of spirit as her beloved city.

Montana Noir James Grady 2017-08-21 "Thoroughly entertaining . . . from desperate writing students in Missoula to a van of itinerant strippers working the Hi-Line paralleling the Canadian border." —Publishers Weekly A Parade Magazine "Books We Love" Pick The Big Sky State may seem to lack the shadowy urban mazes traditional to the noir genre. But in Montana, darkness is found in the regions of the heart, driving the desperate and deadly to commit the most heinous of crimes. Here, James Grady and Keir Graff, both Montana natives, masterfully curate this collection of hard-edged Western tales. Montana Noir includes Eric Heidle's "Ace in the Hole," an Edgar Award nominee for Best Short Story, and impressive contributions by David Abrams, Caroline Patterson, Thomas McGuane, Janet Skeslien Charles, Sidner Larson, Yvonne Seng, James Grady, Jamie Ford, Carrie La Seur, Walter Kirn, Gwen Florio, Debra Magpie Earling, and Keir Graff. "Terrific . . . Montana Noir is one of the high points in Akashic's long-running and justly celebrated Noir series . . . varying landscapes reflect the darkness within the people who walk the streets or drive the country roads." —Booklist "Montana may not have the back alleys so common to noir but it has western justice which can be quick, brutal and final and that is as satisfying as anything found in the urban streets that typically attract the dark beauty of the noir genre." —New York Journal of Books "Certain noir standbys prove both malleable and fertile in these 14 new stories . . . If Montana has a dark side, is anywhere safe from noir?" —Kirkus Reviews

The lexeme in descriptive and theoretical morphology Olivier Bonami After being dominant during about a century since its invention by Baudouin de Courtenay at the end of the nineteenth century, morpheme is more and more replaced by lexeme in contemporary descriptive and theoretical morphology. The notion of a lexeme is usually associated with the work of P. H. Matthews (1972, 1974), who characterizes it as a lexical entity abstracting over individual inflected words. Over the last three decades, the lexeme has become a cornerstone of much work in both inflectional morphology and word formation (or, as it is increasingly been called, lexeme formation). The papers in the present volume take stock of the descriptive and theoretical usefulness of the lexeme, but also address many of the challenges met by classical lexeme-based theories of morphology.

Good Booty Ann Powers 2017-08-15 NPR Best Books of 2017 In this sweeping history of popular music in the United States, NPR's acclaimed music critic examines how popular music shapes fundamental American ideas and beliefs, allowing us to communicate difficult emotions and truths about our most fraught social issues, most notably sex and race. In *Good Booty*, Ann Powers explores how popular music became America's primary erotic art form. Powers takes us from nineteenth-century New Orleans through dance-crazed Jazz Age New York to the teen scream years of mid-twentieth century rock-and-roll to the cutting-edge adventures of today's web-based pop stars. Drawing on her deep knowledge and

insights on gender and sexuality, Powers recounts stories of forbidden lovers, wild shimmy-shakers, orgasmic gospel singers, countercultural perverts, soft-rock sensitivos, punk Puritans, and the cyborg known as Britney Spears to illuminate how eroticism—not merely sex, but love, bodily freedom, and liberating joy—became entwined within the rhythms and melodies of American song. This cohesion, she reveals, touches the heart of America's anxieties and hopes about race, feminism, marriage, youth, and freedom. In a survey that spans more than a century of music, Powers both heralds little known artists such as Florence Mills, a contemporary of Josephine Baker, and gospel queen Dorothy Love Coates, and sheds new light on artists we think we know well, from the Beatles and Jim Morrison to Madonna and Beyoncé. In telling the history of how American popular music and sexuality intersect—a magnum opus over two decades in the making—Powers offers new insights into our nation psyche and our soul.

Wine Wars Mike Veseth 2011-06-16 Writing with wit and verve, Mike Veseth (a.k.a. the Wine Economist) tells the compelling story of the war between the market trends that are redrawing the world wine map and the terroirists who resist them. Wine and the wine business are at a critical crossroad today, transformed by three powerful forces. Veseth begins with the first force, globalization, which is shifting the center of the wine world as global wine markets provide enthusiasts with a rich but overwhelming array of choices. Two Buck Chuck, the second force, symbolizes the rise of branded products like the famous Charles Shaw wines sold in Trader Joe's stores. Branded corporate wines simplify the worldwide wine market and give buyers the confidence they need to make choices, but they also threaten to dumb down wine, sacrificing terroir to achieve marketable McWine reliability. Will globalization and Two Buck Chuck destroy the essence of wine? Perhaps, but not without a fight, Veseth argues. He counts on "the revenge of the terroirists" to save wine's soul. But it won't be easy as wine expands to exotic new markets such as China and the very idea of terroir is attacked by both critics and global climate change. Veseth has "grape expectations" that globalization, Two Buck Chuck, and the revenge of the terroirists will uncork a favorable future for wine in an engaging tour-de-force that will appeal to all lovers of wine, whether it be boxed, bagged, or bottled.
