Secret Doctrine of Anahuac Samael Aun Weor 2017-12-15 "Be ye therefore wise as serpents..." --Jesus. A mysterious serpent is found in all religions and mythologies, yet its true meaning was known only to initiates of the secret doctrine... In the Bible, a serpent tempted Eve, yet a serpent also healed the Israelites. Apollo fought the dreaded Python, while a healing serpent rose upon the rod of Aesculapius. The dual nature of the serpent is obvious, yet few know that the serpent is within us. In *The Secret Doctrine of Anahuac*, Samael Aun Weor explores the traditions of the Aztecs to demonstrate the universal, dualistic symbol of the serpent, its practical meaning, and its vital role in our lives, whether aiding our spiritual development or tempting us towards degeneration and suffering. Yet, this is not a book of theories or beliefs, but a manual of practical techniques that you can begin applying today, such as meditation, awakening in the world of dreams, jinn science, sexual transmutation, and much more. By awakening consciousness, you no longer need beliefs or theories, because you will know the truth from your own experience. "When the igneous serpent of our magical powers ascends along the spinal medullar canal of the human body, it is our Divine Mother Kundalini. When the igneous serpent descends downwardly projected from the coccygeal bone towards the atomic infernos of humans, it is the abominable Kundabuffer organ... the tail of Satan." --Samael Aun Weor

Comporta Bliss Carlos Souza 2018-05-14 Sometimes called the Ibiza of Portugal, Comporta, with its relaxed pace and artistic community, is the ideal destination for those looking to wander off course. A favorite of personalities like Christian Louboutin, Jacques Grange, and Anselm Kiefer, the fishing village's swaths of beaches and patchworks of rice paddies are serene backdrops for the striking homes found there: rustic cabanas and thatched-roof huts reflecting the carefree lifestyle that has become Comporta's hallmark. This distinctive setting challenges the minds of architects and designers, yielding unique spaces that delightfully blur the line between interior and exterior. Discover the beauty of simplicity with Comporta Bliss.

The Ancient Secret of the Flower of Life, Volume 2 Drunvalo Melchizedek 2000
The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

The Yellow Book Samael Aun Weor 2011 Learn the practical science to work directly with the root energy of all existence, and experience for oneself the reality of the ancient and mysterious Divine Mother Kundalini, spoken of in all the world's great religions. Includes practices of meditation, transmutation, astral projection, pranayama, and the long-hidden Jinn Science.

Sevastopol Sketches (Sebastopol Sketches) Count Leo Nikolayevich Tolstoy
2013-01-01 "Sevastopol Sketches (Sebastopol Sketches)" is a collection of three works of historical fiction in which Tolstoy draws upon his real life experiences during the Siege of Sevastopol. The titular location draws its name from that of a city in Crimea and takes place during the Crimean war. The three tales in this collection are respectively titled "Sevastopol in December," "Sevastopol in May," and "Sevastopol in August." In the December tale Tolstoy

introduces us to Sevastopol by giving the reader a tour and introducing us to the settings, mannerisms, and background that would be relevant in the following tales. In the May tale Tolstoy examines the senselessness of war, musings that would lay the foundation for his much larger work and magnum opus "War and Peace." In the third and final tale the fall of the town is detailed. Published in 1855 "Sevastopol" was written near the beginning of the author's literary career. It is a book in which we begin to see the writer exhibit a quality of prose that would one day establish him as the greatest of all writers in the Russian and any other language.

Pilgrimage and Ambiguity Angela Hobart 2017 This book reflects on sites such as shrines, monasteries or a revered mountain, cave or tree, shared by more than one religion in Europe, the Middle East, Asia and Brazil. It explores how their multiple meanings, inherent ambiguity and shared rituals, transcending the confines of orthodoxy, may contribute to their power for the pilgrim.

Music and the Occult Joscelyn Godwin 1995 This book is an adventure into the unexplored territory of French esoteric philosophies and their relation to music. Occultism and esotericism flourished in nineteenth-century France as they did nowhere else. Many philosophers sought the key to the universe, some claimed to have found it, and, in the unitive vision that resulted, music invariably played an important part. These modern Pythagoreans all believed in the Harmony of the Spheres and in the powerful effects of music on the human soul and body. Faced with the challenge of the rationalist Enlightenment, then with that of modern scientism, they adapted their occultism to the prevailing style. A widely published musicologist and authority on esotericism, Godwin is able to give a clear and concise context for these philosophers' often surprising beliefs, and he demonstrates how this "speculative music" influenced composers such as Satie and Debussy, who were familiar with occultism. His long study of music and the Western esoteric tradition makes him uniquely qualified to unravel the strange story of these forgotten sages.

Le Yoga des Pharaons Geneviève Khane 2016-07-06 A la suite d'un appel ressenti dès l'adolescence, le yogi Babacar Khane a redécouvert dans les temples et les tombeaux de l'ancienne Egypte les bases d'un yoga dynamique et athlétique, très adapté à l'homme d'aujourd'hui. Comment ce yoga a-t-il pu apparaître, puis disparaître du sol égyptien ? Est-ce à la suite des multiples invasions et conquêtes subies par l'Egypte ? En réalité, des traces de yoga égyptien subsistent, à notre insu, dans la prière musulmane et dans certaines attitudes chrétiennes, de même que subsistent encore dans le judaïsme, le christianisme et l'islam une partie des rites et des croyances de l'ancienne Egypte. Mais ce livre ne s'arrête pas au pied des pyramides. Il remonte le Nil, à la recherche d'un passé plus lointain encore : celui des origines de l'homme, esquissant une histoire du yoga qui se confond avec l'histoire de l'humanité.
