Sikhism in Global Context Pashaura Singh 2011 Papers presented at a seminar on 'Sikhism in global context', held at University of California during 4-6 December 2008.

Her Name Is Kaur Meeta Kaur 2014-06-17 Sikh American women do the lion's share of organizing and executing the business of the Sikh community, and they straddle multiple lives and worlds—cross-cultural, interreligious, intergenerational, occupational, and domestic—yet their experiences of faith, family, and community are virtually invisible in the North American milieu and have yet to be understood, documented, or shared. Until now. In Her Name is Kaur, Sikh American women explore the concept of love from many angles,

offering rich, critical insight into the lives of Sikh women in America. Through a chorus of multi-generational voices—in essays ranging in tone from dramatic to humorous—they share stories of growing into and experiencing self-love, spiritual love, love within family, romantic love, the love they nurture for humanity and the world through their professional work, and more. Eye-opening and multifaceted, this collection of stories encourages its readers to take the feeling of love and turn it into action—practical action that will make the world a better place to be for everyone, regardless of their faith or creed.

The Sikhs Patwant Singh 2007-12-18 Five hundred years ago, Guru Nanak founded the Sikh faith in India. The Sikhs defied the caste system; rejected the authority of Hindu priests; forbade magic and idolatry; and promoted the equality of men and women -- beliefs that incurred the wrath of both Hindus and Muslims. In the centuries that followed, three of Nanak's nine successors met violent ends, and his people continued to battle hostile regimes. The conflict has raged into our own time: in 1984 the Golden Temple of Amritsar -- the holy shrine of the Sikhs--was destroyed by the Indian Army. In retaliation, Sikh bodyguards assassinated Prime Minister Indira Gandhi. Now, Patwant Singh gives us the compelling story of the Sikhs -- their origins, traditions and beliefs, and more recent history. He shows how a movement based on tenets of compassion and humaneness transformed itself, of necessity, into a community that values bravery and military prowess as well as spirituality. We learn how Gobind Singh, the tenth and last Guru, welded the Sikhs into a brotherhood, with each man bearing the surname Singh, or "Lion," and abiding by a distinctive code of dress and conduct. He tells of Banda the Brave's daring conquests, which sowed the seeds of a Sikh state, and how the enlightened ruler Ranjit Singh fulfilled this promise by founding a Sikh empire. The author examines how, through the centuries, the Sikh soldier became an exemplar of discipline and courage and explains how Sikhs -- now numbering nearly 20 million worldwide -- have come to be known for their commitment to education, their business acumen, and their enterprising spirit. Finally, Singh concludes that it would be a grave error to alienate an energetic and vital community like the Sikhs if modern India is to realize its full potential. He urges India's leaders to learn from the past and to "honour the social contract with Indians of every background and persuasion."

Order of the Day Daljit Singh Jawa 2016-09-21 An important aspect of any Sikh religious service is the reading from the Guru Granth or taking Hukam Nama. The Guru Granth Sahib is a hefty tome of 1,430 pages. Sikh tradition is that from roughly the middle half of the Guru Granth, usually at the beginning of a randomly selected page (or the previous page if the hymn started there), one hymn is selected. This is read as the Hukam Nama or the Order of the Day. Clearly, many Sikhs living outside the Punjabi ambience would have great difficulty figuring out its meaning.

Sikhs in Asia Pacific Swarn Singh Kahlon 2016-09-13 This book is the second in a global trilogy looking at the unreported Sikh diaspora comprising mainly the non-English speaking countries. The first one in the Sikh Global Village series was Sikhs in Latin America published by Manohar. This volume covers Sikhs in Asia Pacific countries. The third will be on Sikhs in Europe. The Asia Pacific region is a vital and under-recognized home for the Sikh diaspora. Before 1947, most Sikhs migrated East. In addition to the commonly known destinations, the author also examines lesser known cases of Sikh migration to China, Korea, Japan and the Philippines. The book covers various aspects of the diaspora

including the history of migration relating to the British Indian Army police force. The British gave preference in recruiting Sikhs, and encouraged them to build gurdwaras and supported them to keep their Sikh identity. Soon after arrival, these early immigrants encouraged their village compatriots and relatives to migrate in large numbers to avail of the various opportunities for gainful employment or business. Not only is this wave of migration important in its own right, but Sikh migration to North America finds its origins in the Asia-Pacific Sikh diaspora, specifically from Shanghai. The decolonization of Asian countries slowed down the migration and in some cases resulted even in exodus of Indians/Sikhs at the same time as new destinations to North America and UK opened up. Migration to each country has a unique profile, traced vividly in the book. Additionally the author has made an effort to outline the similarities and differences in migration of Sikhs to the East against present migration to the West. Case studies are extensively used.

Bad Girls of the Bible Liz Curtis Higgs 2004-01-20 Ten of the Bible's best-known femmes fatales parade across the pages of this popular and unforgettable study with situations that sound oh-so-familiar. Women everywhere marvel at those "good girls" in Scripture—Sarah, Mary, Esther—but on most days, that's not who they see when they look in the mirror. Most women (if they're honest) see the selfishness of Sapphira or the deception of Delilah. They catch a glimpse of Jezebel's take-charge pride or Eve's disastrous disobedience. Like Bathsheba, Herodias, and the rest, today's modern woman is surrounded by temptations, exhausted by the demands of daily living, and burdened by her own desires. So what's a good girl to do? Learn from their lives, says beloved Bible study teacher and speaker Liz Curtis Higgs, and choose a better path. Whether they were "Bad to the Bone," "Bad for a Season, but Not Forever" or only "Bad for a Moment," these infamous sisters show women how not to handle the challenges of life. With her trademark humor and encouragement, Higgs combines a contemporary retelling of the stories of these "other women" in Scripture with a solid, verse-by-verse study to teach us how to avoid their tragic mistakes and joyfully embrace grace. Let these Bad Girls show you why studying the Bible has never been more fun! Includes Discussion Questions and Study Guide

The Garland Encyclopedia of World Music Alison Arnold 2017-09-25 First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

Learning from Other Religious Traditions Hans Gustafson 2018-05-16 This book brings together academic scholars from across various religious traditions to reflect on the beauty they find in traditions other than their own. They examine these aspects and reflect on how they inform and constructively assist with rethinking their own religious worldviews and practices. Each scholar investigates the various implications, questions, insights, and challenges that are generated in the process of doing so. Traditions discussed include Āsātrū Heathenism, Buddhism, Catholicism, Evangelical Christianity, Hinduism, Islam, Judaism, LDS Mormon Christianity, Lutheranism, Presbyterianism, Sikhism, Sufism, Western Buddhism, and Zen Mahāyāna Buddhism. Instead of focusing only or primarily on the theory and practice of interreligious dialogue, this book presents living examples of learning from other religious traditions, identities, and persons.

The Oxford Handbook of Sikh Studies Pashaura Singh 2014-03-27 The Oxford Handbook of Sikh Studies innovatively combines the ways in which scholars from

fields as diverse as philosophy, psychology, religious studies, literary studies, history, sociology, anthropology, political science, and economics have integrated the study of Sikhism within a wide range of critical and postcolonial perspectives on the nature of religion, violence, gender, ethno-nationalism, and revisionist historiography. A number of essays within this collection also provide a more practical dimension, written by artists and practitioners of the tradition. The Handbook is divided into eight thematic sections that explore different 'expressions' of Sikhism. Historical, literary, ideological, institutional, and artistic expressions are considered in turn, followed by discussion of Sikhs in the Diaspora, and of caste and gender in the Panth. Each section begins with an essay by a prominent scholar in the field, providing an overview of the topic. Further essays provide detail and further treat the fluid, multivocal nature of both the Sikh past and the present. The Handbook concludes with a section considering future directions in Sikh Studies.

The Guru Granth Sahib Pashaura Singh 2003-09-26 This book examines three closely related questions in the process of canon formation in the Sikh tradition: how the text of the Adi Granth came into being, the meaning of gurbani, and how the Adi Granth became the Guru Granth Sahib. The censure of scholarly research on the Adi Granth was closely related to the complex political situation of Punjab and brought the whole issue of academic freedom into sharper focus. This book addresses some of these issues from an academic perspective. The Adi Granth, the sacred scripture of the Sikhs, means 'first religious book' (from the word 'adi' which means 'first' and 'granth' which means 'religious book'). Sikhs normally refer to the Adi Granth as the Guru Granth Sahib to indicate a confession of faith in the scripture as Guru. The contents of the Adi Granth are commonly known as bani (utterance) or gurbani (the utterance of the Guru). The transcendental origin (or ontological status) of the hymns of the Adi Granth is termed dhur ki bani (utterance from the beginning). This particular understanding of revelation is based upon the doctrine of the sabad, or divine word, defined by Guru Nanak and the succeeding Gurus. This book also explores the revelation of the bani and its verbal expression, devotional music in the Sikh tradition, the role of the scripture in Sikh ceremonies, and the hymns of Guru Nanak and Guru Arjan.

ICT Systems and Sustainability Milan Tuba 2020-02-28 This book proposes new technologies and discusses future solutions for ICT design infrastructures, as reflected in high-quality papers presented at the 4th International Conference on ICT for Sustainable Development (ICT4SD 2019), held in Goa, India, on 5-6 July 2019. The conference provided a valuable forum for cutting-edge research discussions among pioneering researchers, scientists, industrial engineers, and students from all around the world. Bringing together experts from different countries, the book explores a range of central issues from an international perspective.

The Holy Granth 1985

Anand Sahib Amar 2008-01-01

The Garland Encyclopedia of World Music Ellen Koskoff 2017-09-25 This volume makes available the full range of the American/Canadian musical experience, covering—for the first time in print—all major regions, ethnic groups, and traditional and popular contexts. From musical comedy to world beat, from the songs of the Arctic to rap and house music, from Hispanic Texas to the Chinese

communities of Vancouver, the coverage captures the rich diversity and continuities of the vibrant music we hear around us. Special attention is paid to recent immigrant groups, to Native American traditions, and to such socio-musical topics as class, race, gender, religion, government policy, media, and technology.

Play Keyboard with Ease Vanshika Verma Khare 2020-06-21 If you want to learn to play the keyboard, you certainly need this book. This book enables you to play songs in a step by step manner using the Scientific Pitch Notation System (C, D, E, F, G, A, B). Through this book, you learn to train your ears by hearing music. Ear training is the soul of musicians that builds a bridge between the language of music and sounds designated by that language. The more we train our ears to recognize this connection, the better we get at playing music as our ability to observe musical structures improve. Play Keyboard with Ease contains step-wise instructions as well as Chords, Notations and Scales of top Bollywood songs.

Signal Analysis of Hindustani Classical Music Asoke Kumar Datta 2017-03-10 This book presents a comprehensive overview of the basics of Hindustani music and the associated signal analysis and technological developments. It begins with an in-depth introduction to musical signal analysis and its current applications, and then moves on to a detailed discussion of the features involved in understanding the musical meaning of the signal in the context of Hindustani music. The components consist of tones, shruti, scales, pitch duration and stability, raga, gharana and musical instruments. The book covers the various technological developments in this field, supplemented with a number of case studies and their analysis. The book offers new music researchers essential insights into the use the automatic concept for finding and testing the musical features for their applications. Intended primarily for postgraduate and PhD students working in the area of scientific research on Hindustani music, as well as other genres where the concepts are applicable, it is also a valuable resource for professionals and researchers in musical signal processing.

Beacons of Dharma Christopher Patrick Miller 2019-12-15 Today's globalized society faces some of humanity's most unprecedented social and environmental challenges. Presenting new and insightful approaches to a range of these challenges, the timely volume before you draws upon individual cases of exemplary leadership from the world's Dharma traditions—Hinduism, Sikhism, Jainism, and Buddhism. The volume's authors refer to such exemplary leaders as "beacons of Dharma," highlighting the ways in which each figure, via their inspirational life work, provide us with illuminating perspectives as we continue to confront cases of grave injustice and needless suffering in the world. Taking on difficult contemporary issues such as climate change, racial and gender inequality, industrial agriculture and animal rights, fair access to healthcare and education, and other such pressing concerns, *Beacons of Dharma* offers a promising and much needed contribution to our global remedial discussions. Seeking to help solve and alleviate such social and environmental issues, each of the chapters in the volume invites contemplation, inspires action, and offers a freshly invigorating source of hope.

Original Light Snatam Kaur 2016-04-01 The Kundalini Yoga tradition speaks of a call to the Divine that awakens "the Original Light of the soul." Through meditation, prayer, and sacred song, those of all faiths can connect with this illuminating source—Kundalini, the universal energy of awareness and healing that awakens within. With *Original Light*, kirtan (devotional chant) singer Snatam Kaur takes us into the heart of the path, as taught in the Aquarian Sadhana, its primary guide to daily practice. Readers explore Kundalini Yoga's key principles, enriched by Snatam Kaur's stories and insights as a lifelong practitioner. She then teaches its five stages of practice, including preparation, sacred recitations, breathing fundamentals, energizing yoga sets, meditations, morning chants, and more. This invaluable resource offers for the first time Snatam Kaur's personal instruction—a direct transmission from her teacher and Kundalini Yoga's founder, Yogi Bhanjan—to anyone inspired by yoga or devotional singing. Includes two CDs with guided chants and practices.

Sacred and Secular Musics Virinder S. Kalra 2014-11-20 How does the

sacred/secular opposition explain itself in the context of musical production? This volume traces this binary as it frames Western Classical music and Indian Classical music in the 18th and 19th centuries, laying the ground for a contemporary exploration of what is ostensibly sacred music in South Asia. Offering a potent critique of musicological knowledge-making, Virinder S. Kalra explores examples of South Asian musics in various domains and traverses a new cartography of music in which the sacred and the secular overlap. Drawing on examples which include Qawwali, kirtan and popular devotional genres, *Sacred and Secular Musics* offers new empirical material, as well as new insights into conceptualising religion and music, and the ways in which music performs sacredness and secularity across the contested India-Pakistan border in the region of Punjab. Through its deconstruction of the sacred/secular opposition, *Sacred and Secular Musics* explores the relationship of religion and music to wider questions of religion and politics. Its postcolonial approach brings Asia into the Western sacred/secular opposition, and provides a set of analytical tools - a language and range of theories - to allow further exploration of non-western religious music.
