The Court Cities of Northern Italy Charles M. Rosenberg 2010-06-21 This volume examines the painting, sculpture, decorative arts, and architecture produced in nine important court cities of Italy during the course of the fourteenth, fifteenth, and sixteenth centuries. Although each chapter represents a separate study of a particular geographical locale, many common themes emerge. This volume gives a multifaceted consideration of the art created for princes, prelates, confraternities, and civic authorities – works displayed in public squares, private palaces, churches, and town halls. Including six essays specially commissioned that explore the interaction of artists and their civic and/or courtly patrons within the context of prevailing cultural, political, and religious circumstances, *The Court Cities of Northern Italy* provides a rich supplement to traditional accounts of the artistic heritage of the Italian Renaissance, which has traditionally focused on the Florentine, Venetian, and Roman traditions. The book includes 35 color plates and 221 black and white illustrations.

Defending Middle-Earth Patrick Curry 2004-10-21 A scholar explores the ideas within *The Lord of the Rings* and the world created by J. R. R. Tolkien: “A most valuable and timely book” (Ursula K. Le Guin, *Los Angeles Times*—bestselling author of *Changing Planes*). What are millions of readers all over the world getting out of reading the *Lord of the Rings* trilogy? *Defending Middle-earth* argues, in part, that the appeal for fans goes far deeper than just quests and magic rings and hobbits. In fact, through this epic, Tolkien found a way to provide something close to spirit in a secular age. This thoughtful book focuses on three main aspects of Tolkien’s fiction: the social and political structure of Middle-earth and how the varying cultures within it find common cause in the face of a shared threat; the nature and ecology of Middle-earth and how what we think of as the natural world joins the battle against mindless, mechanized destruction; and the spirituality and ethics of Middle-earth—for which the author provides a particularly insightful and resonant examination. Includes a new afterword

Dizionario letterario Bompiani degli autori di tutti i tempi e di tutte le letterature 1963

Fear in the World Corrado Alvaro 2021-03-23 Corrado Alvaro's *Fear in the World* was published a decade before Orwell's 1984, but is not well known outside Italy, perhaps because of the timing of the publication just before the Second World War. Alvaro had visited the Soviet Union as a journalist, but was probably motivated to write this dystopian novel by aspects of modernity that concerned him, particularly the use of fear for political purposes which was not afflicting Russia alone. He was interested in the psychology of fear and the extent to which individuals and the crowd participate in their own regimentation. The names of countries, cities and leading political figures such as Stalin are never referred to, but as in the works of Orwell they are clearly identifiable from their descriptions: the author was writing in a Fascist country against a Fascist censor and had to cut his cloth accordingly. This is a dark novel, not quite as dark as 1984, but it is more claustrophobic. The feeling of inevitability is there from the first page, and it is experienced as we experience real life. The imagined truth takes us closer to where we really are. The

travails of the love affair at the core of this novel quite possibly arise from perceptions that the regime exploits in a quite ad hoc manner. And it leads the reader through an extraordinary sequence of events and observations which encompass a vast range of emotions and ideas expressed in a unique prose style. The modern Leviathan appears to be a well-oiled machine, but towards the end it becomes clear that this is merely an appearance of efficiency and omniscience, but appearances can be powerful. Alvaro is particularly interested in how the state uses quasireligious mechanisms and rituals to assert its power. The central character returns to the country after a long period abroad, and sees things initially through foreign eyes, living a life similar to the one Alvaro did when in Russia. He is not a natural rebel, and very much wants to fit in, but he finds this difficult to achieve. The regime boasts that it has an ally in history, but destiny is elusive, however much the characters feel that they are driven by it.

The Complete Danteworlds Guy P. Raffa 2009-08-01 Dante Alighieri's Divine Comedy has, despite its enormous popularity and importance, often stymied readers with its multitudinous characters, references, and themes. But until the publication in 2007 of Guy Raffa's guide to the Inferno, students lacked a suitable resource to help them navigate Dante's underworld. With this new guide to the entire Divine Comedy, Raffa provides readers—experts in the Middle Ages and Renaissance, Dante neophytes, and everyone in between—with a map of the entire poem, from the lowest circle of Hell to the highest sphere of Paradise. Based on Raffa's original research and his many years of teaching the poem to undergraduates, *The CompleteDanteworlds* charts a simultaneously geographical and textual journey, canto by canto, region by region, adhering closely to the path taken by Dante himself through Hell, Purgatory, and Paradise. This invaluable reference also features study questions, illustrations of the realms, and regional summaries. Interpreting Dante's poem and his sources, Raffa fashions detailed entries on each character encountered as well as on many significant historical, religious, and cultural allusions.

[Gli anni Ottanta e la letteratura](#) Sergio Pautasso 1991

[The Book of Disquiet](#) Fernando Pessoa 2010-12-09 Sitting at his desk, Bernardo Soares imagined himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other

employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, *The Book of Disquiet* is a classic of existentialist literature.

Imago Dei Andrea Gallo 2000

On Ugliness Umberto Eco 2011-10-18 In the mold of his acclaimed *History of Beauty*, renowned cultural critic Umberto Eco's *On Ugliness* is an exploration of the monstrous and the repellant in visual culture and the arts. What is the voyeuristic impulse behind our attraction to the gruesome and the horrible? Where does the magnetic appeal of the sordid and the scandalous come from? Is ugliness also in the eye of the beholder? Eco's encyclopedic knowledge and captivating storytelling skills combine in this ingenious study of the Ugly, revealing that what we often shield ourselves from and shun in everyday life is what we're most attracted to subliminally. Topics range from Milton's Satan to Goethe's Mephistopheles; from witchcraft and medieval torture tactics to martyrs, hermits, and penitents; from lunar births and disemboweled corpses to mythic monsters and sideshow freaks; and from Decadentism and picturesque

ugliness to the tacky, kitsch, and camp, and the aesthetics of excess and vice. With abundant examples of painting and sculpture ranging from ancient Greek amphorae to Bosch, Brueghel, and Goya among others, and with quotations from the most celebrated writers and philosophers of each age, this provocative discussion explores in-depth the concepts of evil, depravity, and darkness in art and literature.

The Science of Folk-Lore Alexander Haggerty Krappe 2018-12-12 First published in 1930, this volume aimed to provide an overview of folk-lore which contrasted with the Anthropological school. Consciously working in the legacy of Savigny and the Brothers Grimm, the author explored the unrecorded traditions found within popular fiction, custom, belief, magic and ritual, attempting a reconstruction of humanity's spiritual history through popular rather than elite voices. The work was intended to prove useful to scholars of related fields to folk-lore, with hopes of eventual interdisciplinarity.

The confessions of a concubine Roberta Mezzabarba 2021-07-24 One day you will be happy, but first life will teach you how to be strong. A powerful novel, charged with strong emotions, with a cadenced rhythm. A story of domestic violence, of psychological abuse that will grab you in the gut. Mysia, a young woman, and her monochromatic life that step by step will become increasingly tinged with black, a black that knows sadness, fear, mourning. And in an escalation of violence, when the situation seems to become irreparable, impossible to bear, it will seem as if there is only one solution... But life is sometimes able to surprise us, and although this will not represent a fair reward for the wrongs suffered, perhaps over time it

will be able to mitigate the memories, cushioning sharp edges and opening an unhopd-for glimmer of light. Every one of us deserves a life in color, deserves to finally be the architect of our own destiny, without succumbing any longer, to finally be free to love, to love each other. PUBLISHER: TEKTIME

Iceland's Bell Halldor Laxness 2007-12-18 Sometimes grim, sometimes uproarious, and always captivating, Iceland's Bell by Nobel Laureate Halldór Laxness is at once an updating of the traditional Icelandic saga and a caustic social satire. At the close of the 17th century, Iceland is an oppressed Danish colony, suffering under extreme poverty, famine, and plague. A farmer and accused cord-thief named Jon Hreggvidsson makes a bawdy joke about the Danish king and soon after finds himself a fugitive charged with the murder of the king's hangman. In the years that follow, the hapless but resilient rogue Hreggvidsson becomes a pawn entangled in political and personal conflicts playing out on a far grander scale. Chief among these is the star-crossed love affair between Snaefridur, known as "Iceland's Sun," a beautiful, headstrong young noblewoman, and Arnas Arnaeus, the king's antiquarian, an aristocrat whose worldly manner conceals a fierce devotion to his downtrodden countrymen. As their personal struggle plays itself out on an international stage, Iceland's Bell creates a Dickensian canvas of heroism and venality, violence and tragedy, charged with narrative enchantment on every page.

Rivista italiana di scienze, lettere ed arti colle Effemeridi della pubblica istruzione 1864

The Imagined Immigrant Ilaria Serra 2009 Using original sources--such as newspaper articles, silent movies, letters, autobiographies, and interviews--Ilaria Serra depicts a large tapestry of images that accompanied mass Italian migration to the U.S. at the turn of the twentieth century. She chooses to translate the Italian concept of *immaginario* with the Latin *imago* that felicitously blends the double English translation of the word as "imagery" and "imaginary." *Imago* is a complex knot of collective representations of the immigrant subject, a mental production that finds concrete expression; impalpable, yet real. The "imagined immigrant" walks alongside the real one in flesh and rags.

The Forbidden Zone Mary Borden 2008 Mary Borden worked for four years in an evacuation hospital unit following the front lines up and down the European theater of the First World War. This beautifully written book, to be read alongside the likes of Sassoon, Graves, and Remarque, is a collection of her memories and impressions of that experience. Describing the men as they march into battle, engaging imaginatively with the stories of individual soldiers, and recounting procedures at the field hospital, the author offers a perspective on the war that is both powerful and intimate.

The Falconer Elizabeth May 2014-05-06 Edinburgh, 1844. Beautiful Aileana Kameron only looks the part of an aristocratic young lady. In fact, she's spent the year since her mother died developing her ability to sense the presence of Sithichean, a faery race bent on slaughtering humans. She has a secret mission:

to destroy the faery who murdered her mother. But when she learns she's a Falconer, the last in a line of female warriors and the sole hope of preventing a powerful faery population from massacring all of humanity, her quest for revenge gets a whole lot more complicated. The first volume of a trilogy from an exciting new voice in young adult fantasy, this electrifying thriller blends romance and action with steampunk technology and Scottish lore in a deliciously addictive read.
