The Bunker Diary Kevin Brooks 2019-08-06 I can't believe I fell for it. It was still dark when I woke up this morning. As soon as my eyes opened I knew where I was. A low-ceilinged rectangular building made entirely of whitewashed concrete. There are six little rooms along the main corridor. There are no windows. No doors. The elevator is the only way in or out. What's he going to do to me? What am I going to do? People are really quite simple, and they have simple needs. Food, water, light, space, privacy. Maybe a small measure of dignity. A bit of freedom. What happens when someone simply takes all that away?

He is the Sun, She is the Moon Heide Wunder 1998 Renowned German social historian Heide Wunder refers to the cosmic image contained in the 1578 Book of Marital Discipline that characterizes the relationship between husband and wife. Today, "He is the sun, she is the moon" might be interpreted as a hierarchy of dominance and subordination. At the time it was used, however, sun and moon reflected the different but equal status of husband and wife. Wunder shows how the history of women and the history of gender relations can provide crucial insights into how societies organize themselves and provide resources for political action. She observes actual circumstances as well as the normative rules that were supposed to guide women's lives. We learn what skills were necessary to take charge of households, what people ate, how they furnished their homes, what birth control measures were available, what role women played in peasant protest. Wunder finds that, in addition to the history of losses and setbacks for women observed by so many current interpreters, there is a history of gains as well. The regency of noble women was normal, as was the shared responsibility of wife and husband in a peasant household, an artisan's workshop, or a merchant's business. Using sources as diverse as memoirs, wedding and funeral sermons, novels, and chronicles, and including a wealth of demographic information, Wunder reveals a surprising new image of early modern women and provides a richer interpretation of early modern Europe.

The Reader Bernhard Schlink 2001-05-01 Hailed for its coiled eroticism and the moral claims it makes upon the reader, this mesmerizing novel is a story of love and secrets, horror and compassion, unfolding against the haunted landscape of postwar Germany. When he falls ill on his way home from school, fifteen-year-old Michael Berg is rescued by Hanna, a woman twice his age. In time she becomes his lover—then she inexplicably disappears. When Michael next sees her, he is a young law student, and she is on trial for a hideous crime. As he watches her refuse to defend her innocence, Michael gradually realizes that Hanna may be guarding a secret she considers more shameful than murder.

This Land Was Made for You and Me (But Mostly Me) Bruce McCall 2013-11-05 The billionaire Russian “oilgarch” whose replica of Czar Alexander II’s yacht plies a vast man-made Crimean lake, brimming not with water but billions of gallons of petroleum from his own pipeline... The packaged-suttee mogul Sir Sith Ram Pramba, who sliced the top off Mount Everest and installed it on his terrace atop a Park Avenue apartment building... The heir to a California railroad spike fortune who uses a private cross-country tunnel, assembled from giant redwoods laid end to end, for 120-mph runs in cars from his exotic écupe between San Francisco and New York... The vast Montana lodge where Gulfstreams land in the living room and an ex-CIA drone ferries fresh casks of Côtes du Rhône along the three-mile route between the wine cellar and the dining hall... The unsinkable forty-room polystyrene iceberg cum floating vacation retreat where Claude Ste. Nervous, the Quebec Styrofoam king, cruises the Arctic Ocean in high summer and, riding on his tamed polar bear, hunts for baby seals... These and dozens more of that new breed of swashbuckling post-millennial Midases dedicated to self-indulgent fun—whatever the cost in money, ecological mayhem, environmental devastation, and other such nuisances—are celebrated in *This Land Was Made for You and Me (but Mostly Me)*, this lavishly illustrated chronicle that nobody expected or even wanted, but that Bruce McCall and David Letterman went ahead and created anyway.

The Last Summer Ricarda Huch 2016-02-24 A psychological thriller by the pioneering German writer Ricarda Huch. A novel of letters from the last century – but one with an astonishingly modern feel. Now for the first time in English.. Russia at the beginning of the 20th century. To counter student unrest, the governor of St Petersburg closes the state university. Soon afterwards he arrives at his summer residence with his family and receives a death threat. His worried wife employs a young bodyguard, Lju, to protect her husband. Little does she know that Lju sides with the students – and the students are plotting an assassination. Why Peirene chose to publish this book: 'I came upon this novel in the original German a year ago. And I loved it. It's a proper epistolary novel. Even though written more than 100 years ago, it feels as relevant now as then. The Last Summer asks how people can be trapped by an ideology? A topical story. An enjoyable read. A gem.' Meike Ziervogel, publisher 'I was gripped by this remarkable short novel, a cavalcade of individual voices emerge with great freshness from the shadow of revolution. It is both a work of its time, and a timeless work.' Imogen Robertson 'She is the First Lady of Germany. No, she is probably the First Lady of Europe.' Thomas Mann 'The very model of the stylish female troublemaker... a social revolutionary in the deepest sense.' Clive James

The Myth of Medea and the Murder of Children Lillian Corti 1998-01-01 Corti focuses on the meaning and importance of the act of child murder in literary treatments of the ancient myth. A projection of commonly experienced emotions that are often repressed and denied, Medea is the central figure in a tragedy

encompassing the psychology of abusive individuals as well as the destructive quality of patriarchal institutions. In the Euripidean prototype of the tragedy, child murder exposes the ironic issue of archaic communal values, and in the version by the Roman Seneca, disaster results from decadent emotional excess, but Corti asserts that the ancient custom of exposing superfluous infants is relevant to the psychology of both works. The abandonment of infants and persecution of witches are essential elements in the context of Pierre Corneille's vision of Medea as absolute authority imposing order on the petty rivalries of aristocratic children. In the pessimistic drama of the 19th century Austrian poet Franz Grillparzer, the punitive pedagogy of abusive parents, the disruptive effects of repressed memory, and the persecutory potential of group psychology function together as a constellation of interdependent pathologies. Finally, Corti asserts that the extraordinary number of 20th-century writers who have presented versions of the myth of Medea suggests that the drama of child murder is peculiarly relevant to the human predicament in our own age. An important work for students, scholars, and other researchers concerned with myth, world literature, cultural and women's studies, gender, and the psychology of abuse.

A Slap in the Face Abbas Khider 2022-03-22 Now in paperback, the touching, timely story of an Iraqi refugee in Germany. In our era of mass migration, much of it driven by war and its aftermath, *A Slap in the Face* could not be more timely. It tells the story of Karim, an Iraqi refugee living in Germany whose right to asylum has been revoked in the wake of Saddam Hussein's defeat. But Hussein wasn't the only reason Karim left, and as Abbas Khider unfolds his story, we learn both the secret struggles he faced in his homeland and the battles with prejudice, distrust, poverty, and bureaucracy he has to endure in his attempts to make a new life in Germany. As he erupts in frustration at his caseworker, and finally forces her to listen to his story, we get an account of a contemporary life upended by politics and violence, told with a warmth and humor that, while surprising us, does nothing to lessen the outrages Karim describes.

Agnes Peter Stamm 2016-10-25 Peter Stamm's best-selling debut novel, *Agnes*, now available for the first time in the United States. "Write a story about me," Agnes said to her lover, "so I know what you think of me." So he started to write the story of everything that had happened to them from the moment they met. At first, he works with Agnes to create a narrative that is most true to life, but as time passes and he grows more enamored with the narrative he has begun, he continues writing on his own, imagining a future for them after he reaches the present. Happy couples do not necessarily make for compelling reading, and as Agnes sees the unexpected plot he has planned for her, the line between fiction and reality begins to blur. In this unforgettable and haunting novel Stamm incisively examines the power of storytelling to influence thought and behavior, reaching a chilling conclusion.

Critique of Forms of Life Rahel Jaeggi 2018-12-03 For liberals, the question "Do others live rightly?" seems to demand a follow-up question: "Who am I to judge?" Peaceful coexistence, in this view, is predicated on restraint from morally evaluating our peers. But Rahel Jaeggi argues that criticizing is not only valid but also useful. Moral judgment is no error—the error lies in how we go about it.

Seven Years Peter Stamm 2011-03-22 Alex has spent the majority of his adult life between two very different women—and he can't make up his mind. Sonia, his wife and business partner, is everything a man would want. Intelligent, gorgeous, charming, and ambitious, she worked tirelessly alongside him to open their architecture firm and to build a life of luxury. But when the seven-year itch sets in, their exhaustion at working long hours coupled with their failed attempts at starting a family get the best of them. Alex soon finds himself kindling an affair with his college lover, Ivona. The young Polish woman who worked in a Catholic mission is the polar opposite of Sonia: dull, passive, taciturn, and plain. Despite having little in common with Ivona, Alex is inexplicably drawn to her while despising himself for it. Torn between his highbrow marriage and his lowbrow affair, Alex is stuck within a spiraling threesome. But when Ivona becomes pregnant, life

takes an unexpected turn, and Alex is puzzled more than ever by the mysteries of his heart. Peter Stamm, one of Switzerland's most acclaimed writers, is at his best exploring the complexities of human relationships. *Seven Years* is a distinct, sobering, and bold novel about the impositions of happiness in the quest for love.

The Day My Father Became a Bush Joke Van Leeuwen 2014 When fighting breaks out in the south, Toda's father is sent there to defend his country, and when living in the city with her grandmother is no longer safe, she is sent across the border to be with her mother.

Traveling on One Leg Herta Müller 1998-11-11 The protagonist of Herta Müller's *Traveling on One Leg* is Irene, a fragile woman born to a German family in Romania, who has recently emigrated from Romania to Germany. The novel focuses on Irene's relationship with three men: Franz, whom she met in Romania and who was unwilling to respond to her love for him; Stefan, a friend of Franz's; and Thomas, a bisexual bookseller in perpetual crisis. Despite being born to a German family, Irene's place in Germany is as a recent emigre and an unassimilated Romanian German. She feels neither longing for Romania nor any comfort in her newly adopted Germany. Politically and socially isolated, Irene moves within the emotional orbit of these three men, while at the same time moving between West Berlin, Marburg, and Frankfurt, taking a dissonant journey within strange yet familiar territory. Characterized by the same sense of profound isolation found in Müller's *The Land of Green Plums* (see page 20), *Traveling on One Leg* is a poignant exploration of exile, homeland, and identity.

Empathy and the Novel Suzanne Keen 2007-04-19 Does empathy felt while reading fiction actually cultivate a sense of connection, leading to altruistic actions on behalf of real others? *Empathy and the Novel* presents a comprehensive account of the relationships among novel reading, empathy, and altruism. Drawing on psychology, narrative theory, neuroscience, literary history, philosophy, and recent scholarship in discourse processing, Keen brings together resources and challenges for the literary study of empathy and the psychological study of fiction reading. Empathy robustly enters into affective responses to fiction, yet its role in shaping the behavior of emotional readers has been debated for three centuries. Keen surveys these debates and illustrates the techniques that invite empathetic response. She argues that the perception of fictiveness increases the likelihood of readers' empathy in part by releasing them from the guarded responses necessitated by the demands of real others. Narrative empathy is a strategy and subject of contemporary novelists from around the world, writers who tacitly endorse the potential universality of human emotions when they call upon their readers' empathy. If narrative empathy is to be taken seriously, Keen suggests, then women's reading and responses to popular fiction occupy a central position in literary inquiry, and cognitive literary studies should extend its range beyond canonical novels. In short, Keen's study extends the playing field for literature practitioners, causing it to resemble more closely that wide open landscape inhabited by readers.
