Tintin and Alph-Art Hergé and Rodier 2019-01-26 This book is a pastiche by Y. Rodier, in homage to

Hergé's last album. "The twenty-fourth adventure of Tintin, 'Tintin and Alph-Art', was left unfinished at the time of Hergé's death on the 3rd of March, 1983. Since then, several artists have tried their hand at finishing this ultimate adventure of Tintin. Presented here is the version drawn by Yves Rodier, a Canadian artist, in an English translation by Richard Wainman. The intention, when creating this translation, was to remain as faithful to the original as possible, and therefore, new place names and character names have not been anglicised. This practice, which was carried out by the English translators, Leslie Lonsdale-Cooper and Michael Turner for the books in the established canon, has not been used here."

Black Soundscapes White Stages Edwin C. Hill Jr. 2013-10 An innovative look at the dynamic role of sound in the culture of the African Diaspora as found in poetry, film, travel narratives, and popular music. *Black Soundscapes White Stages* explores the role of sound in understanding the African Diaspora on both sides of the Atlantic, from the City of Light to the islands of the French Antilles. From the writings of European travelers in the seventeenth century to short-wave radio transmissions in the early twentieth century, Edwin C. Hill Jr. uses music, folk song, film, and poetry to listen for the tragic *cri nègre*. Building a conceptualization of black Atlantic sound inspired by Frantz Fanon's pioneering work on colonial speech and desire, Hill contends that sound constitutes a terrain of contestation, both violent and pleasurable, where colonial and anti-colonial ideas about race and gender are critically imagined, inscribed, explored, and resisted. In the process, this book explores the dreams and realizations of black diasporic mobility and separation as represented by some of its most powerful soundtexts and cultural practitioners, and it poses questions about their legacies for us today. In the process, the dreams and realities of Black Atlantic mobility and separation as represented by some of its most powerful soundtexts and cultural practitioners, such as the poetry of Léon-Gontran Damas—a founder of the Négritude movement—and Josephine Baker's performance in the 1935 film *Princesse Tam Tam*. As the first in Johns Hopkins's new series on the African Diaspora, this book offers new insight into the legacies of these exceptional artists and their global influence.

Currency Wars with China and Japan in Western Newsmagazines Damien Ng 2022-02-28 This book explores China's currency wars with its trading partners in four Western newsmagazines: Time, The Economist, L'Express, and Der Spiegel. Based on both quantitative and qualitative approaches, the interdisciplinary approach adopted in the research draws on two analytical frameworks from the realm of critical discourse analysis; van Leeuwen's socio-semantic inventory of social-actor representation, and van Dijk's concepts of macro-rules as the overarching approaches to understand the changing dynamics of international relations and the global economy through Western media. The sample in this study consists of 160 texts, half of which are focused on China and the other half on Japan, across a period of

12 months in 2010 (China) and in 1987 (Japan). Through the comparison of Western representation between China and Japan, the similarities and differences in their coverage have been revealed as even more striking, with regards to global politics and the international economy. The findings obtained from the empirical research have revealed that China was not only reported more unfavourably than Japan in terms of depth, but also across a broader range of areas spanning economics, politics, and military affairs. It has also emerged that all the four Western newsmagazines tended to centre their coverage on the United States and China in 2010, and the United States and Japan in 1987, although they did not speak in one collective voice with regard to their coverage of China and Japan.
