**Four Seasons** Isadore Sharp 2009-04-30 The founder of Four Seasons Hotels shares the philosophy and values that have made his legendary brand How did a child of immigrants, starting with no background in the hotel business, create the world's most admired and successful hotel chain? And how has Four Seasons grown dramatically, over nearly a half century, without losing its focus on exceptional quality and unparalleled service? Isadore Sharp answers these questions in his engaging memoir, which doubles as a powerful guide for leaders in any field. He recalls the surprising history of his company, starting with its roots in his father's small construction business, which Sharp joined after getting a degree in architecture. Shifting into hotels wasn't easy, and he learned by trial and error. His breakthrough was a vision for a new kind of hotel, featuring superior design, top-quality amenities, and, above all, a deep commitment to service. Sharp realized that customers would gladly pay extra for a "home away from home" experience. But that would be possible only if everyone—from managers and supervisors to bellmen, servers, and housekeepers—was fully engaged. The front-line staff, who have the most contact with guests, can make or break a five-star reputation. Readers will be fascinated to learn how Four Seasons does it, year after year, in more than thirty countries around the world.

The Circle Dave Eggers 2013-10-08 A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The

Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

Yes... you... the (really cool) person reading the back summary of this book. How are you? Having a good day? Since you are reading the back cover of this book I'm guessing that you're curious what the heck it's about. Right? Well, let me tell you, this ain't no children's book. Full of love, sex, anxiety, and depression this book will chew you up and spit you back out before chapter 4. The story begins with me, sitting in a cafe with my girlfriend of three months. Overcome by love, I (stupidly) decide to proclaim my love for her in the middle of a coffee shop. "I love you. And I know that one day I'm supposed to marry you." Man... do I regret that moment -/ I wish I could tell you that the awkwardness stops there but that would be a bold faced lie. If I was in marketing (I'm not) I would say

"From navigating online dating apps and relationships, to self-centered friends, and emotionally abusive alcoholics, James (that's me!) constantly feels like he's at the bottom of the social food chain. His only comfort is his love for music, which displays itself in the form of original lyrics throughout the book. One crazy day, James runs into Nikki, a bold, spit-fire, do-things-her-own-way type of person who changes his world-view forever." Well... If you made it down here I'd say this book is for you.
