**Ladivine** Marie NDiaye 2016-03-17 Longlisted for the Man Booker International Prize 2016 Clarisse Rivière's life is shaped by a refusal to admit to her husband Richard and to her daughter Ladivine that her mother is a poor black housekeeper. Instead, weighed down by guilt, she pretends to be an orphan, visiting her mother in secret and telling no-one of her real identity as Malinka, daughter of Ladivine Sylla. In time, her lies turn against her. Richard leaves Clarisse, frustrated by the unbridgeable, indecipherable gulf between them. Clarisse is devastated, but finds solace in a new man, Freddy Moliger, who is let into the secret about her mother, and is even introduced to her. But Ladivine, her daughter, who is now married herself, cannot shake a bad feeling about her mother's new lover, convinced that he can bring only chaos and pain into her life. When she is proved right, in the most tragic circumstances, the only comfort the family can turn to requires a leap of faith beyond any they could have imagined. Centred around three generations of women, whose seemingly cursed lineage is defined by the weight of origins, the pain of alienation and the legacy of shame, Ladivine is a beguiling story of secrets, lies, guilt and forgiveness by one of Europe's most unique literary voices. Translated from the French by Jordan Stump

The Berlin Chronicle Notices Walter Benjamin 2015-10-27 A companion volume to Walter Benjamin's (1892-1940) memoir *Berlin Childhood* circa 1900, *The "Berlin Chronicle" Notices* is now in a new translation by Carl Skoggard. The German-Jewish philosopher, theorist and critic Walter Benjamin began to ruminate on his comfortable Berlin childhood in 1932, not long before he would flee Germany for good to escape the Nazis. The resulting "Berlin Chronicle" notices--40 in all--do not result in a linear narrative but instead remain fragmentary

recollections of Benjamin's young years, from his early childhood to the threshold of adulthood. More generally, they are a series of profound explorations of memory and of the ways memory relates to place. Rich in and of themselves, these notices greatly illuminate "Berlin Childhood circa 1900," written by Benjamin months later. This translation, in a charming pocket-sized format, comes with an extensive commentary, a historical map of Berlin and numerous illustrations.

*Jim Morrison* Stephen Davis 2005-06-16 As the lead singer of the Doors, Jim Morrison's searing poetic vision and voracious appetite for sexual, spiritual, and psychedelic experience inflamed the spirit and psyche of a generation. Since his mysterious death in 1971, millions more fans from a new generation have embraced his legacy, as layers of myth have gathered to enshroud the life, career, and true character of the man who was James Douglas Morrison. In *Jim Morrison*, critically acclaimed journalist Stephen Davis, author of *Hammer of the Gods*, unmasks Morrison's constructed personas of the Lizard King and Mr. Mojo Risin' to reveal a man of fierce intelligence whose own destructive tendencies both fueled his creative ambitions and brought about his downfall. Gathered from dozens of original interviews and investigations of Morrison's personal journals, Davis has assembled a vivid portrait of a misunderstood genius, tracing the arc of Morrison's life from his troubled youth to his international stardom, when his drug and alcohol binges, tumultuous sexual affairs, and fractious personal relationships reached a frenzied peak. For the first time, Davis is able to reconstruct Morrison's last days in Paris to solve one of the greatest mysteries in music history in a shocking final chapter. Compelling and harrowing, intimate and revelatory, *Jim Morrison* is the definitive biography of the rock idol in snakeskin and leather who defined the 1960s.

**Hyperreality and Global Culture** Nicholas Perry 2012-10-12 This book explores a world where the boundaries between reality and representation have become blurred, a world where LA Law is used to train lawyers. Drawing on examples from around the globe, Nick Perry presents a fascinating and entertaining analysis of both familiar objects and situations as well as the more unusual and absurd. Meals served in British pubs, motor-cycle gangs in downtown Tokyo, Australian movies, are just some examples used by the author in his engaging exploration of modern sense of the 'unreal'. Hyperrealities also engages with well known theorists of contemporary culture, from Baudrillard and Umberto Eco to Jameson and Sartre.

*Tristano* Nanni Balestrini 2014-02-11 This book is unique as no other novel can claim to be: one of 109,027,350,432,000 possible variations of the same work of fiction. Inspired by the legend of Tristan and Isolde, *Tristano* was first published in 1966 in Italian. But only recently has digital technology made it possible to realise the author's original vision. The novel comprises ten chapters, and the fifteen pairs of paragraphs in each of these are shuffled anew for each published copy. No two versions are the same. The random variations between copies enact the variegations of the human heart, as exemplified by the lovers at the centre of the story. The copies of the English translation of *Tristano* are individually numbered, starting from 10,000 (running sequentially from the Italian and German editions). Included is a foreword by Umberto Eco explaining how Balestrini's experiment with the physical medium of the novel demonstrates 'that originality and creativity are nothing more than the chance handling of a combination'.

**The Dharma Bums** Jack Kerouac 1971-05-27 Jack Kerouac's classic novel about friendship, the search for meaning, and the allure of nature First published in 1958, a year after *On the Road* put the Beat Generation on the map, *The Dharma Bums* stands as one of Jack Kerouac's most powerful and influential novels. The story focuses on two ebullient young Americans-- mountaineer, poet, and Zen Buddhist Japhy Ryder, and Ray Smith, a zestful, innocent writer-- whose quest for Truth leads them on a heroic odyssey, from marathon parties and poetry jam sessions in San Francisco's Bohemia to solitude and mountain climbing in the High Sierras.

**Art, Mobility, and Exchange in Early Modern Tuscany and Eurasia** Francesco Freddolini 2020 This book explores how the Medici Grand Dukes pursued ways to expand their political, commercial, and cultural networks beyond Europe, cultivating complex relations with the Ottoman Empire and other Islamicate regions, and looking further east to India, China, and Japan. The chapters that follow show how casting a global, cross-cultural net was part and parcel of the Medicean political vision. Diplomatic gifts, items of commercial exchange, objects looted at war, maritime connections, and political plots were an inherent part of how the Medici projected their state on the global arena. The eleven chapters of this volume demonstrate that the mobility of objects, people, and knowledge that generated the global interactions analyzed here was not unidirectional - rather, it went both to and from Tuscany. In addition, by exploring evidence of objects produced in Tuscany for Asian markets, this book reveals hitherto neglected histories of how Western cultures projected themselves eastwards. The book will be of interest to scholars working in art history, early modern history, material culture, and Renaissance studies.

The Novels of Claude Simon J. A. E. Loubère 2019-06-30 This lucid and illuminating study traces the development of an extraordinary experimental writer from his earliest work of the 1940's to his most recent fiction. Ms. Loubère assesses Simon's aims and achievements, and parallels his development as a novelist to the development of the modern novel itself, showing how both moved from traditionalist forms and material toward the highly idiosyncratic "New Novel." After discussing his early works, she devotes a chapter each to *Le Vent*, *L'Herbe*, *La Route des Flandres*, *Le Palace*, *Histoire*, *La Bataille de Pharsale*, *Les Corps conducteurs*, and *Triptyque*. Step by step, she points out the changes in technique and focus that occur in each succeeding novel as Simon rejects conventional forms and introduces new ones.

Death on Credit Louis-Ferdinand C'Line 2009 When Celine's first novel, 'Journey to the End of the Night', was first published in 1932, it created an instant scandal. Four years later came its sequel, 'Death on Credit', in which a doctor's recollections introduce the reader to the teeming world of everyday Parisian tragedies, of stupidity, malice, lust and greed."

The Planetarium Nathalie Sarraute 2005 A young writer has his heart and ambition set on his aunt's large apartment. With this seemingly simple conceit, the characters of The Planetarium are set in orbit and a galaxy of argument, resentment, and bitterness erupts. Telling the story from various points of view, Sarraute focuses below the surface, on the emotional lives of the characters in a way that surpasses what Virginia Woolf did years before. The spite the young man feels toward his mother-in-law for offering him and his wife cheap chairs for their apartment; the terror inspired during a confrontation with his aunt; and the need to impress his Gertrude Stein-like literary icon are only some of the many internal conflicts that push the narrative forward, as the characters circle each other. Always deeply engaging, The Planetarium reveals the deep disparity between the way we see ourselves and the way others see us.

*Stars and Stardom in French Cinema* Ginette Vincendeau 2000-11-01 French cinema is second only to Hollywood in the number of its movie stars who have emerged to achieve international fame. France is, in fact, arguably the only country other than the United States to have an international "star system." Yet these glamorous and charismatic stars differ from their U.S. counterparts in that they maintain more freedom to control their own images and often straddle both mainstream and auteur cinema. Ginette Vincendeau, a leading authority on French cinema, analyzes the phenomenon of French film stardom and provides brilliant in-depth studies of the major popular stars of the French cinema: Max Linder, Jean Gabin, Brigitte Bardot, Jeanne Moreau, Louis de FunFs, Jean-Paul Belmondo, Alain Delon, Catherine Deneuve, GTrard Depardieu, and Juliette Binoche. This volume analyzes these stars' images and performance styles in the context of the French film industry, but also in relation to national culture and society. In the country where Brigitte Bardot and Catherine Deneuve have modeled for Marianne (the effigy of the Republic) and left-wing politicians have held up Jean Gabin as a role model, Vincendeau examines the unusual relationship between French film

Migration, Urbanity and Cosmopolitanism in a Globalized World Catherine Lejeune 2021-05-10  
This open access book draws a theoretically productive triangle between urban studies, theories of cosmopolitanism, and migration studies in a global context. It provides a unique, encompassing and situated view on the various relations between cosmopolitanism and urbanity in the contemporary world. Drawing on a variety of cities in Latin America, Europe, Asia, Africa and North America, it overcomes the Eurocentric bias that has marked debate on cosmopolitanism from its inception. The contributions highlight the crucial role of migrants as actors of urban change and targets of urban policies, thus reconciling empirical and normative approaches to cosmopolitanism. By addressing issues such as cosmopolitanism and urban geographies of power, locations and temporalities of subaltern cosmopolites, political meanings and effects of cosmopolitan practices and discourses in urban contexts, it revisits contemporary debates on superdiversity, urban stratification and local incorporation, and assess the role of migration and mobility in globalization and social change.

**The Egyptian Revival** James Stevens Curl 2013-04-03 In this beautifully illustrated and closely argued book, a completely updated and much expanded third edition of his magisterial survey, Curl describes in lively and stimulating prose the numerous revivals of the Egyptian style from Antiquity to the present day. Drawing on a wealth of sources, his pioneering and definitive work analyzes the remarkable and persistent influence of Ancient Egyptian culture on the West. The author deftly develops his argument that the civilization of Ancient Egypt is central, rather than peripheral, to the development of much of Western architecture, art, design, and religion. Curl examines: the persistence of Egyptian motifs in design from Graeco-Roman Antiquity, through the Medieval, Baroque, and Neo-Classical periods rise of Egyptology in the nineteenth and twentieth-century manifestations of Egyptianisms prompted by the discovery of Tutankhamun's tomb various aspects of Egyptianizing tendencies in the Art Deco style and afterwards. For students of art, architectural and ancient history, and those interested in western European culture generally, this book will be an inspiring and invaluable addition to the available literature.

*The Bells of England* J. J. Raven 2015-12-04 J. J. Raven's learned and comprehensive work on the "Bells of England" arouses much interest, as it is the last work of a distinguished antiquary, who has accomplished much for the study of English archaeology. For a period of half a century J. J. Raven has been engaged on the fascinating study of campanology. He was one of the pioneers of the science, and therefore wrote this monograph with authority and accurate knowledge. We have many volumes on the bell-lore of different counties. The late H. T. Ellacombe recorded the bells of East Anglia. Thomas North those of five of the midland shires, Mr. Stahlschmidt did Kent and Surrey, Mr. Cox, Buckinghamshire, and the Rev. T. M. N. Owen, Huntingdonshire; other workers are engaged upon other counties; and J. J. Raven has now told the story of the bells of England as far as it was possible to do so with all available information, and a very graphic story it is. The remains of the British period, the notices of bells by Saxon chroniclers, lamentations over the destruction of Norman bells, owing to the falling of many central towers, the gradual development of shape, inscriptions, foundry marks, and Longobardic lettering, the story of early foundries, such as those of London, York, King's Lynn, Wokingham and Reading, the history of change-ringing; legends and bell law, are some of the subjects of this volume. Enthusiastic bell-lovers are rare: we doubt not that J. J. Raven's book will greatly increase their number, and lead others to complete these chronicles of the bells of England by climbing the belfries and reading the inscriptions on the bells of some counties which have not been thoroughly explored. -Magazine of Christian Art [1907]

**Alberto Greco** María Amalia García 2016 The edition is probably the more comprehensive book on Alberto Greco (b. Argentina 1931-1965) that has been published to date, comprising texts from different authors, letters, photographs, unpublished documents and a series of drawings made by artist Alberto Passolini, that recreate Greco's ephemeral artworks of which they are no records. Although in an attempt to clarify some aspects of his life, through the contribution of new documentation, we did not intend to distinguish to the extreme reality from fiction, myth from reality, but more precisely - to respect the rules of the game, we tried to "stretch" the legend and include more information about some episodes from imaginative strategies. We understand that, for certain, the interpretations proposed by the drawings of Passolini provide a new perspective that enriches what is so far known." (HKB Translation) -- Page 22.
