Revue du Marché commun et de l'Union européenne 1998

The Origins of the Twenty First Century Gabriel Tortella 2009-09-11 This fascinating book provides a fully integrated explanation of the history of the modern world. Although the sheer complexity of society requires that it be studied from the standpoint of several social sciences (including Economics, Political Science, Sociology and Anthropology), using only the tools of just one of these is an obstacle to understanding the whole society, where social, economic and political conditions are interacting all the time. The book explains why and how modern communities have evolved from their pre-modern, Ancien regime, states in the early eighteenth century, to the early twenty-first century, where economic development had reached unprecedented levels. It shows that political revolutions have preceded economic revolutions, rather than the reverse, although there is a considerable degree of interaction between macroeconomic and political variables. Economic histories of the period neglect non-economic factors such as political and legal institutions, which from a wide perspective have a powerful impact on economic developments. The complexity of the world and of the times in which we live is overwhelming and growing. Professor Tortella provides an international approach and combines economic and social analysis with political, cultural, and scientific issues. Topics covered include: the Industrial Revolution capitalism and the West the First and Second World War the rise of communism and the era of Stalin the US depression and the Gold Standard social and class struggle

Biographie universelle, ancienne et moderne ; ou, Histoire, par ordre alphabétique, de la vie publique et privée de tous les hommes qui se sont fait remarquer par leurs écrits, leurs actions, leurs talents, leurs vertus ou leur crimes 1832

Mais Oui! Chantal Thompson 2014-07-18 MAIS OUI!'s success was founded on its unique guided approach that engages students in the discovery of the French language and Francophone cultures. Through its proven methodology that entails thinking then observing and inferring and finally confirming, the program skillfully encourages students to discover for themselves how the language works. Students move rapidly through the material, developing these essential critical-thinking skills and uncovering the multiple layers of meaning. What they acquire in this manner is stored in long-term memory, facilitating a faster development of proficiency. The fifth edition offers seven new high-interest readings based on careful consideration of reviewer feedback. A new Culture Portfolio section, *Bloguez!* is integrated into every culture section of the textbook. The online Culture Portfolio is hosted via the iLrn Heinle Learning center through the Share It! feature and allows students to interact with their classmates, post pictures, videos, and make cross-cultural comparisons. By the use of familiar online or offline tools, students are encouraged to communicate between each others, leveraging the technical and cultural inputs they acquire through each chapter. Dictionnaire national ou Dictionnaire universel de la langue française par m. Bescherelle aine 1850

POLITIQUE AFRICAINE N-105 - France-Afrique : Sortir du pacte colonial 2007-04-01 La politique française en Afrique, depuis longtemps mise en cause pour ses relents néocoloniaux et son conservatisme, est de plus en plus ouvertement rejetée par les nouvelles générations africaines. Ce dossier de "Politique Africaine" propose une analyse critique de l'inaction de la France en Afrique sous J.Chirac et pose les jalons d'une possible refondation. Malgré des réformes importantes, la politique d'indécision menée n'a pas su s'adapter aux évolutions du continent.

Biographie universelle ancienne et moderne ou Histoire, par ordre alphabétique, de la vie privée et publique de tous les hommes qui se sont distingués par leurs écrits, leurs actions, leurs talents, leurs vertus ou leurs crimes 1832

From the Athenian Tetrachm to the Euro Professor Gabriel Tortella 2013-06-28 With the introduction of the euro much recent attention has been focused on the role of currencies and their national and international significance. Whilst much has been made of the euro's achievements in harmonising Europe's financial dealings, it is often forgotten that it is by no means the first pan-national currency to enter circulation. Indeed, as the various contributions to this volume make plain, the euro can in many ways be regarded as a step

'back to the future', that is, a further international currency in a long historical tradition that includes the Athenian tetradrachm, the Spanish peso and the French franc. Covering a timespan of some two and a half millennia, the contributions within this volume fall within four broad chronological sections, the first comprising three contributions that consider aspects of the European experience from classical antiquity until the high middle ages. The discussion then leaps forward chronologically to the modern age, given a focus by three contributions devoted to nineteenth-century European developments. These, in turn, are set within a wider spatial perspective by two essays that review, first, the classical gold standard, primarily in terms of peripheral economies' experience, and, second, the Bretton Woods system. Fourth, and lastly, the euro's origins and birth are explored in three further contributions. By taking such a long term view of supra-national currencies, this volume provides a unique perspective, not only to the introduction and development of the euro, and its predecessors, but also on the broader question of the relationship between trade and common currencies.

Der Euro im Gespräch Nils Eigenwald 1998-01-19 Inhaltsangabe:Gang der Untersuchung: Die Arbeit "Der Euro im Gespräch" beschäftigt sich im wesentlichen mit der Frage, wie der deutsch-französische Gemeinschaftssender ARTE seinem Publikum die Einführung der künftigen europäischen Einheitswährung konzeptionell näherbringt. Als eines der zentralen Themen unserer Zeit steht die Umstellung auf den Euro zunehmend im Blickpunkt des öffentlichen Interesses. Je näher das Ende der D-Mark und das der anderen europäischen Einzelwährungen rückt, desto häufiger und heftiger wird auch in den Massenmedien darüber diskutiert. Europa steht vor einer Herausforderung, die nicht wenigen Menschen Angst macht. Auf welche Art und Weise sich das Fernsehen dieser Problematik annimmt, wird in dieser Arbeit am Beispiel eines ARTE-Themenabends mit dem Titel "Euro - neues Geld für alle" untersucht. Dabei stehen die Besonderheiten des Kulturkanals stets im Vordergrund der

Betrachtung. Die Untersuchung verfolgt keineswegs die Absicht, den fernsehtypischen Umgang mit diesem Thema im Sinne einer repräsentativen Darstellung zu dokumentieren. Sie setzt sich vielmehr zum Ziel, eine von vielen Möglichkeiten seiner massenmedialen Aufbereitung aufzuzeigen und weist dabei nach, wie eng die Interessenlage eines Senders und die Art seiner Informationsvermittlung miteinander verknüpft sein können. Nach einführenden Betrachtungen zum inhaltlichen Gegenstand des untersuchten Themenabends, zum Profil der ausstrahlenden Sendeanstalt und zur Gesamtstruktur der Sendung konzentriert sich die Analyse auf einen spezifischen Programmpunkt, und zwar auf die vier Diskussionsrunden. Die ausführlichen Gespräche mit insgesamt sieben ausgewählten Euro-Experten stellen insofern ein interessantes Untersuchungsobjekt dar, als sich in ihnen zeigt, auf welcher vielschichtige und subtile Weise die Verbindung zum Rezipienten, also letztlich zum Adressaten eines solchen Fernsehereignisses hergestellt wird. Zunächst werden die besonderen Gesetzmäßigkeiten, die für Gespräche in den Massenmedien gelten, allgemeintheoretisch erläutert und dann - im Rahmen einer eingehenden Diskursanalyse - praktisch auf die Diskussionen des Themenabends übertragen. Dabei wird die Fragestellung zweifach eingegrenzt: Zum einen beschränkt sich die Betrachtung auf das kommunikative Verhalten der beiden Moderatoren, Sabine Christiansen und Hervé Claude, und zum anderen werden lediglich zwei diskursanalytische Gesichtspunkte - und zwar die Dialogsteuerung und die Personalreferenz - [...]

A Modern Guide to Rethinking Economics Louis-Philippe Rochon 2017-04-28 Since the beginning of the 21st century, there has been an unprecedented move towards 'rethinking economics'. This book contributes to this worldwide discussion by providing readers at all levels with thoughtful contributions on a range of economic topics. The book includes chapters on rethinking fiscal and monetary policies, international trade, the role of the state, money, growth, the environment, development policies, energy, healthcare and more. Written by top experts in their respective fields, this book will be useful to students and faculty who want to not only rethink economics, but also to offer an alternative and coherent economic analysis to the orthodoxy.
