The Victory of Christ Dom Vonier 2013-10 Dom Anscar Vonier, Abbot of Buckfast, was among England's greatest homilists and theologians of the early twentieth century. His works include "A Key to the Doctrine of the Eucharist" and "The Spirit and the Bride." In this final book of his Christological Trilogy, Abbot Vonier gives an inspiring account of Christ's triumph over death and its centrality to the life of the Church. Through a close study of the New Testament, Vonier unfolds how the truth of Christ as Victor informs the Church's liturgy and apostolic mission, giving to all Christian spirits the means of understanding and confronting the presence of evil in the world. Vonier writes, "The Catholic Church then, must at all times be viewed in the light of Christ's victory; it is her very life to believe in that victory, to feed on it, to glorify it through the Spirit that is in her. Any diminution of her faith in Christ's victory would be a death-blow to her; for she is not living on an edifying memory, but she ghts for the King of Glory whom the heavens have received." Praise for "The Victory of Christ" "The Victory of Christ is a literary mosaic portraying the meaning of the eternal triumph of the Redeemer as seen from various points of view and as it should be imprinted as a reality on the mind of the faithful." -Dom Bernard Moss, in "The Downside Review" "The gripping reality of Christ's victory cannot be set forth in few words, nor can it be understood by the unbeliever. But the sincere Christian who reads this book once, and perhaps again, will be rewarded and comforted by a clear realization of the truth which the Christian ages celebrate as the Victory of Christ." -Orate Fratres

Material Culture and Queenship in 14th-century France Marguerite Keane
2016-05-18 In Material Culture and Queenship in 14th-century France Marguerite

Keane analyzes the artistic and devotional context of the household of a medieval queen, Blanche of Navarre (1331-1398), as revealed through the evidence of her testaments of 1396 and 1398.

The Religion of the Mithras Cult in the Roman Empire Roger Beck 2006-01-12 A study of the religious system of Mithraism, one of the 'mystery cults' popular in the Roman Empire contemporary with early Christianity. Roger Beck describes Mithraism from the point of view of the initiate engaging with the religion and its rich symbolic system in thought, word, ritual action, and cult life. He employs the methods of anthropology of religion and the new cognitive science of religion to explore in detail the semiotics of the 'Mysteries' astral symbolism, which has been the principal subject of his many previous publications on the cult.

A New English Translation of the Septuagint, and Other Greek Translations Traditionally Included Under that Title 2000 Only two English translations of the Septuagint have ever been published, both more than 150 years ago. Since that time, significant advances have been made in Greek lexicography, numerous ancient manuscripts have come to light, and important steps have been taken in recovering the pristine text of each Septuagint book. Therefore, a new translation of the Septuagint into English is not only much needed, but long overdue. The goal of A New English Translation of the Septuagint (NETS) is to provide readers with an Old Testament freshly translated from the ancient Greek text. This volume of the Psalms of the Septuagint (the first part of the project) includes footnotes calling attention to relevant textual issues. In addition, the committee of translators has provided an extensive introduction to the project as a whole and to the particular issues involved in the rendering of the Psalms into English.

Encyclopedia of Modern French Thought Christopher John Murray 2013-01-11 In this wide-ranging guide to twentieth-century French thought, leading scholars offer an authoritative multi-disciplinary analysis of one of the most distinctive and influential traditions in modern thought. Unlike any other existing work, this important work covers not only philosophy, but also all the other major disciplines, including literary theory, sociology, linguistics, political thought, theology, and more.

A Greek-English Lexicon of the Septuagint T. Muraoka 2009 This complete lexicon supercedes its two earlier editions (1993; 2002). The entire Septuagint, including the apocrypha, is covered. For the books of Samuel, Kings, Chronicles, and Judges the so-called Antiochene edition is fully covered in addition to the data as found in the standard edition by Rahlfs. Also fully covered are the two versions of Tobit, Esther, and Daniel. Based on the critically established Gottingen edition where it is available. If not, Rahlfs's edition is used. For close to 60% of a total of 9,550 headwords all the passages occurring in the LXX are either quoted or mentioned. A fully fledged lexicon, not a glossary merely listing translation equivalents in English. Senses defined. Important lexicographical data such as synonyms,

antonyms, idiomatic expressions, distinction between literal and figurative, combinations with prepositions, noun cases, syntagmatic information such as what kind of direct or indirect objects a given verb takes, what kind of nouns a given adjective is used with, and much more information abundantly presented and illustrated with quotes, mostly translated. High-frequency lexemes such as prepositions and conjunctions fully analysed. Data on contemporary Koine and Jewish Greek including the New Testament taken into account. Morphological information provided: various tenses of verbs, genitive forms of nouns etc. Substantive references to the current scientific literature. An indispensable tool for students of the Septuagint, the New Testament, Hellenistic Judaism, and the Greek language.

From Hospitality to Grace Julian Alfred Pitt-Rivers 2017 "The Pitt-Rivers Omnibus" brings together the definitive essays and lectures of the influential social anthropologist Julian Pitt-Rivers. Until now, Pitt-Rivers corpus has remained scattered, untranslated, and unedited. This omnibus brings his reflections to new life, illuminating the themes and topics that preoccupied this great thinker for a lifetime: hospitality, grace, the symbolic economy of reciprocity, kinship, the paradoxes of friendship, ritual logics, the anthropology of dress, Andalusia, the Mediterranean, the French countryside, the logic of the social sciences, and more. With a wide diversity of subjects and ethnographic focii spanning almost fifty years of work this omnibus reveals a theoretical unity, iconic of the wit and brilliance of its author. Here is a work that strikes at the heart of anthropological theory: the relationship between the mental and the material, between what is thought and what is done. Definitive, classic, and extraordinarily relevant for contemporary anthropology, this omnibus will provide a new generation of anthropologists with an invaluable resource for reflection both ethnographic and theoretical. "

Ancient Egypt New York Public Library 1925

Polycarpiana Boudewijn Dehandschutter 2007 Ever since his dissertation - published in 1979 as *Martyrium Polycarpi: een literair-kritische studie* (BETL 52) - the Martyrdom of Polycarp and the many problems attached to it have been at the focus of Boudewijn Dehandschutter's research. Over the years he has written a substantial number of scholarly contributions on this text, as well as on Ignatius and on martyrdom and persecution in the second century in general. Quite a few of these were published in *Festschriften* and other not always easily accessible volumes. Together with some contributions that were especially written for this volume, all of Dehandschutter's scholarly work on the topic has been brought together in this book. Highlights: -A new text-edition of the Martyrdom of Polycarp, based on all the textual evidence- Including the newly discovered Codex Kosinitza-The complete Forschungsbericht from the ANRW 27.1 with an update until 2007-The New Testament in the Martyrdom of Polycarp-Ignatius and Polycarp-Images of Polycarp outside the Martyrdom Boudewijn Dehandschutter is Professor of Early Church History and Patrology at the Faculty of Theology of the K.U.Leuven; Johan Leemans teaches Early Church History and Patrology at the universities of Erfurt and Leuven

The Mystery of Christian Worship Odo Casel 1999-01 This essay, clearly written and without technical scholarly apparatus, presents the heart of Casel's theology of mystery, summing up his view that the encounter with the divine Mystery in liturgy is the most central and most essential action of the Christian religion.

Food William Jefferson Darby 1977 Illustrated history of the history of nutrition in ancient Egypt.

The Order of Minims in Seventeenth-Century France P.J.S. Whitmore 2012-12-06 Thinking of the text from the Dies frae (S. Matthew, XXV, 40). It is also probable that this other Saint Francis, partly out of admiration for his illustrious compatriot of Assisi and partly from a compelling urge to be superlative in all things, chose the title in opposition to the Franciscans, the Fratres Minori, l who had previously adopted this style taken from Saint Matthew, XXIII, 8. The title "Minim" was confirmed in these words" ... eosque Eremitos Ordinis Minimorum Fratrum Eremitarum F. Francesci de Paula in posterum nuncupari," taken from the Papal Bull, Meritis religiosae vitae, of 26 February, 1493. The earliest reference to the Order in France is in a fragment preserved in the Bibliotheque de l'Arsenal called, La regle et vie de Frere Franfois, pauvre et humble hermite de Paule, laquelle donne a tous ses 2 freres voulant entrer et vivre en son ordre. The dating of this manuscript should be accepted with considerable reserve; it bears a clearly legible "1474," although it seems most unlikely that any reference to an Order occurred before the Bull of 1493 or that any Rule appeared in French before the Founder's visit to Louis XI in 1483. 3 The fame of Francis and his reputation as a "guerisseur" had reached the French court where Louis XI was sick and dying; the King summoned him to the chateau of Le Plessis-Ies-Tours, but it required the intervention of the Pope to make the hermit undertake the journey

The Hittite Dictionary of the Oriental Institute of the University of Chicago
Hans Gustav Güterbock 1980

Lexicon Grammaticorum Harro Stammerjohann 1996 The "Lexicon Grammaticorum" is a comprehensive reference book that provides information on the lives and work of all scholars and thinkers throughout the world who have concerned themselves down the ages with the study and description of language. The "Lexicon" contains articles on more than 1,500 representatives of the world's linguistic traditions, written by 422 authors from 27 countries. Generally, an article consists of a biography, an abstract of the linguist's achievements, including his or her influence, and a two-part bibliography, listing first his or her writings, then those about him or her. Whenever possible, the references are complete; where the works are too numerous for them all to be listed, as is often the case with more recent linguists, only the main titles appear, with references to already existing bibliographies. The aim of the "Lexicon" is twofold: namely to provide access to the history of linguistics through its most important representatives and to combine the world's diverse linguistic traditions in one book, thus showing what is individual and is universal in

human thought about language.

A Companion to Ancient Egypt, 2 Volume Set Alan B. Lloyd 2010-05-06 This companion provides the very latest accounts of the major and current aspects of Egyptology by leading scholars. Delivered in a highly readable style and extensively illustrated, it offers unprecedented breadth and depth of coverage, giving full scope to the discussion of this incredible civilization. Provides the very latest and, where relevant, well-illustrated accounts of the major aspects of Egypt's ancient history and culture Covers a broad scope of topics including physical context, history, economic and social mechanisms, language, literature, and the visual arts Delivered in a highly readable style with students and scholars of both Egyptology and Graeco-Roman studies in mind Provides a chronological table at the start of each volume to help readers orient chapters within the wider historical context

Index to Book Reviews in Religion 1990

Analyticity and Synthetcity Armin Schwegler 1990-01-01 The series is a platform for contributions of all kinds to this rapidly developing field. General problems are studied from the perspective of individual languages, language families, language groups, or language samples. Conclusions are the result of a deepened study of empirical data. Special emphasis is given to little-known languages, whose analysis may shed new light on long-standing problems in general linguistics.

Changing the Terms Sherry Simon 2000 This volume explores the theoretical foundation and undercurrents of translation in diverse postcolonial contexts. In doing so the authors examine complex sequences of intercultural contact and encroachment, fusion, and breach. The impact that history and political relations have had on the role of translation in the evolution of literary and cultural relations is demonstrated and examined in detail. A strength of this collection of essays lies in the various postcolonial contexts it deals with the challenges posed to the commonly held views on postcolonial theory.

Personal Names in the Aramaic Inscriptions of Hatra Enrico Marcato 2018

Becoming a Woman and Mother in Greco-Roman Egypt Ada Nifosi 2019-01-30 How did Greco-Roman Egyptian society perceive women's bodies and how did it acknowledge women's reproductive functions? Detailing women's lives in Greco-Roman Egypt this monograph examines understudied aspects of women's lives such as their coming of age, social and religious taboos of menstruation and birth rituals. It investigates medical, legal and religious aspects of women's reproduction, using both historical and archaeological sources, and shows how the social status of women and new-born children changed from the Dynastic to the Greco-Roman period. Through a comparative and interdisciplinary study of the historical sources, papyri, artefacts and archaeological evidence, *Becoming a Woman and Mother in Greco-Roman Egypt* shows how Greek, Roman, Jewish and Near Eastern cultures impacted on the social perception of female puberty,

A History of Art in Chaldea & Assyria Georges Perrot 1884

Containing Multitudes Eva Nyström 2009

Art Worlds Howard S. Becker 2008-04-08 This classic sociological examination of art as collective action explores the cooperative network of suppliers, performers, dealers, critics, and consumers who—along with the artist—"produce" a work of art. Howard S. Becker looks at the conventions essential to this operation and, prospectively, at the extent to which art is shaped by this collective activity. The book is thoroughly illustrated and updated with a new dialogue between Becker and eminent French sociologist Alain Pessin about the extended social system in which art is created, and with a new preface in which the author talks about his own process in creating this influential work.

Form and formalism in linguistics James McElvenny 2019-06-06 "Form" and "formalism" are a pair of highly productive and polysemous terms that occupy a central place in much linguistic scholarship. Diverse notions of "form" – embedded in biological, cognitive and aesthetic discourses – have been employed in accounts of language structure and relationship, while "formalism" harbours a family of senses referring to particular approaches to the study of language as well as representations of linguistic phenomena. This volume brings together a series of contributions from historians of science and philosophers of language that explore some of the key meanings and uses that these multifaceted terms and their derivatives have found in linguistics, and what these reveal about the mindset, temperament and daily practice of linguists, from the nineteenth century up to the present day.

October 1970 Grady Louis Hamelin and Wayne 2013-10-29 Longlisted for the Scotiabank Giller Prize. October 1970. Two kidnappings. One dead. A crisis unlike anything the country had ever seen - - here is the story behind history... Thirty years after the October Crisis, Sam Nihilo, a freelance writer whose career is in a slump, is drawn to the conspiracy theories that have proliferated in the wake of the events. While investigating the death of one of the FLQ hostages, Nihilo sees his life consumed by an inquiry that leads him further into a flurry of facts, both known and newly discovered. Soon, secret agents, corrupt police officers, politicians, and former terrorists of the Front of Liberation du Quebec form a mysterious constellation around him, and at the centre lies a complicated and dangerous truth. In the tradition of Don DeLillo's *Libra*, *October 1970* is a thrilling fictional account of the events that shaped one of the most volatile moments in recent history.

Playing with Fire James David Draper 2004 European sculptors of the Neoclassical period often modelled their works in clay before producing finished pieces in marble. This book offers a comprehensive overview of Neoclassical terracotta models by European artists, featuring the works of Pajou, Houdon, and Canova, among many others.

Parabiblica Latina Benjamin Gleede 2016-05-23 In *Parabiblica Latina*, Benjamin Gleede offers a survey of all the extant translations of biblical Apocrypha and Pseudepigrapha preserved in both their Greek original and a Latin translation, and analyses the translation techniques applied. In *Parabiblica Latina* bietet Benjamin Gleede einen Überblick über die sowohl im griechischen Original als auch einer lateinischen Übersetzung vorhandenen biblischen Apokrypha und Pseudepigrapha und analysiert die zur Anwendung kommende Übersetzungstechnik.

Religion Index Two 1993

Wandering, Begging Monks Daniel Folger Caner 2020-05-12 An apostolic lifestyle characterized by total material renunciation, homelessness, and begging was practiced by monks throughout the Roman Empire in the fourth and fifth centuries. Such monks often served as spiritual advisors to urban aristocrats whose patronage gave them considerable authority and independence from episcopal control. This book is the first comprehensive study of this type of Christian poverty and the challenge it posed for episcopal authority and the promotion of monasticism in late antiquity. Focusing on devotional practices,

Daniel Caner draws together diverse testimony from Egypt, Syria, Asia Minor, and elsewhere—including the Pseudo-Clementine Letters to Virgins, Augustine's *On the Work of Monks*, John Chrysostom's homilies, legal codes—to reveal gospel-inspired patterns of ascetic dependency and teaching from the third to the fifth centuries. Throughout, his point of departure is social and cultural history, especially the urban social history of the late Roman empire. He also introduces many charismatic individuals whose struggle to persist against church suppression of their chosen way of imitating Christ was fought with defiant conviction, and the book includes the first annotated English translation of the biography of Alexander Akoimetos (Alexander the Sleepless). *Wandering, Begging Monks* allows us to understand these fascinating figures of early Christianity in the full context of late Roman society.

Studies in Ancient Greek Dialects Georgios Giannakis 2017-12-18 A new collective volume with over twenty important studies on less well-studied dialects of ancient Greek, particularly of the northern regions. The book covers geographically a broad area of the classical Greek world ranging from Central Greece to the overseas Greek colonies of Thrace and the Black Sea. Particular emphasis is placed on the epichoric varieties of areas on the northern fringe of the classical Greek world, including Thessaly, Epirus and Macedonia. Recent advances in research are taken into consideration in providing state-of-the-art accounts of these understudied dialects, but also of more well-known dialects like Lesbian. In addition, other papers address special intriguing topics in these, but also in other dialects, such as Thessalian, Lesbian and Ionic, or focus on important multi-dialectal corpora such as the oracular tablets from Dodona. Finally, a number of studies examine broader topics like the supraregional Doric koinai or the concept of dialect continuum, or even explore the possibility of an ancient Balkansprachbund, which included Greek too. This new reference work covers a gap in current research and will be indispensable for people interested in Greek dialectology and ancient Greek in general.

Mary Mother of All Christians Max Thurian 2018-11-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
