Kanuni i Lekë Dukagjinit Lekë Dukagjini 1989 "THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man-his honor, home, & life."--Ismail Kadare, Albanian writer.

Atlas Shrugged Ayn Rand 2005-04-21 Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, *Atlas Shrugged* is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller—nominated as one of America's best-loved novels by PBS's *The Great American Read*. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a

transcontinental railroad falls in love with the man she has sworn to kill. *Atlas Shrugged*, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

Heavenly Serbia Branimir Anzulovic 1999-03 Traces Serbia's nationalist and expansionist impulses to the legendary battle of Kosovo in 1389 As violence and turmoil continue to define the former Yugoslavia, basic questions remain unanswered: What are the forces behind the Serbian expansionist drive that has brought death and destruction to Croatia, Bosnia and Herzegovina, and Kosovo? How did the Serbs rationalize, and rally support for, this genocidal activity? *Heavenly Serbia* traces Serbia's nationalist and expansionist impulses to the legendary battle of Kosovo in 1389. Anzulovic shows how the myth of "Heavenly Serbia" developed to help the Serbs endure foreign domination, explaining their military defeat and the loss of their medieval state by emphasizing their own moral superiority over military victory. *Heavenly Serbia* shows how this myth resulted in an aggressive nationalist ideology which has triumphed in the late twentieth century and marginalized those Serbs who strive for the establishment of a civil society. Designing the School Curriculum Peter S. Hlebowitsh 2005 "Designing the School Curriculum" takes a practical, step-by-step approach, giving students the thorough grounding in the process that leads to confident and effective practitioners. The author emphasizes the discretionary judgment of the individual teacher and acknowledges that the curriculum design process is completed only in the unique and spontaneous learning exchanges between students and teachers. Practical ideas on the formation of school purposes, the design of school-wide experiences, effective implementation, and the creation of responsive evaluative mechanisms help students to fulfill the goal of the text to design an authentic and effective curriculum. After an introductory chapter examining the role of the teacher in the design process and two brisk chapters leading students through the theoretical foundations of curriculum development, the text launches into the curriculum design process, giving a close look to each element. Hlebowitsh makes a valuable contribution to the field with this new text, offering a contemporary treatment of classic curriculum design theory and, most importantly, equipping students to engage in effective curriculum design themselves. Women in Modern Albania Susan E. Pritchett Post 1998 Upon her arrival in Tirana, Albania, in April 1994, the author found a city unlike any other she had experienced. Rotting trash was piled in the center of the streets, animals shared the rutted roads with cars, and housing, when it could be found, was crowded and crumbling. But she found a people full of optimism, particularly the women. Despite the subservient role forced by tradition on nearly all Albanian women, they have increasingly become the foundation upon which the country exists. Not only are they responsible for caring for extended households, these women are now also becoming vital parts of the country's economy. Most importantly, however, they maintain a faith in Albania that belies the country's turbulent past and widely predicted future. Through interviews with over 200 Albanian women, this work is an insightful, often poignant, look at a country that remains a mystery to most in the West.

Living in Prison Hans Toch 1992-01-01 "Living in Prison: The Ecology of Survival" makes a contribution to environmental psychology from a transactional perspective. From a series of some 900 interviews with prisoners and staff in New York correctional institutions, Toch and his colleagues identified eight areas of predominant inmate concern: privacy, activity, structure, support, emotional feedback, social stimulation, activity, and freedom. On the basis of these dimensions, an innovative psychological instrument, the Prison Preference Inventory, was developed and administered to 2,650 inmates in five major prison systems. The analysis of these data leads to a consideration of the match between inmate and setting, as well as valuable suggestions for the improvement of person-environment transactions in prisons and in other human environments.

[Desiring The Highlander](#) Michele Sinclair 2009-12-01 The award-winning author of *To Wed a Highlander* "takes us on a very sensual romp back to the 14th-century Scottish Highlands" (Book Junkie, 5 out of 5 stars). Seven McTiernay brothers, each a highlander born to protect

Scotland and her people, warriors known for their quick wits and quicker broadswords. The third brother, Cole, stared death in the face when he was only a boy . . . Now Cole McTiernay is a man. And though he resists them in every way, he has responsibilities. The wild northern Highlands need a laird who can guide them to peace. Cole has the army strong enough to accomplish this task. What he doesn't have is the desire—to be a leader among men. And so he is sent off on a fool's errand: a mission to retrieve something from the very Englishmen Cole has spent his life hating. When he finds that the "something" is a wild hellion, he balks, determined to make the return to Scotland as hard on her as it was for him to set foot on English soil. But though English herself, Ellenor Howell intrigues him with her fierce spirit, and Cole's heart, deeply locked away for so long, may be vulnerable at last . . . "An extremely engaging historical romance . . . quite amusing, a bit charming, and a thoroughly enjoyable read."—Fresh Fiction "Once again Sinclair demonstrates her ability to touch [fans'] minds and hearts, keeping them enthralled. Her deft handling of her characters' emotional evolution, backed by her talent for presenting them in a plot that's both witty and sensual, is captivating."—RT Book Reviews
