Find out in this interactive book with 100 questions and answers, and 70 lift-the-flaps to explore. Lift the flaps to look inside a car's engine, learn about farm machines, find out about aircraft, see the fastest vehicles, and take a closer at emergency vehicles, construction machinery and submarines.

Tough Call Matt Popovits 2016-09-07 Life is full of tough calls and daunting decisions. The question isn't if you'll face a big decision in the future, but how you'll face the tough call that's guaranteed to come your way. Think about it. There are wedding proposals to ponder, college applications to submit, career moves to make, homes to sell, and confrontations to consider. And, knowing how poorly things could go, we sometimes find ourselves facing these decisions with a deep fear of future regret. The pressure is on. Or is it? Short and straightforward, yet full of practical insight and spiritual truths, *Tough Call*, will help you see that the Christian faith offers a mindset to confidently and joyfully make your next big decision. More importantly you'll see that you can face life with your fears recognized, your peace maximized, and your hope anchored in something greater than your ability to "get it right." Readers familiar with authors like Acuff, Chan, and Tchividjian will resonate with Matt Popovits's witty, practical, and gospel-centered take on complicated topics. *Tough Call* is an enjoyable and essential read for any and all facing a major decision.

While Mommy Is Out Teri Errico Griffis 2017-05-17 In every child's life there comes a point when he or she realizes that the babysitter coming means Mommy is leaving. Whether the child has known the babysitter for his or her whole life, or whether she is a complete stranger, it's terrifying to be left behind—and worse to wonder if Mommy will ever come back. Follow Little One's adventures as Mommy says good-bye and he meets his babysitter for the first time. He'll face his biggest fears, make a new friend, and hug his Mommy once again. This book, inspired by real events, is an exceptional narrative for children who need an introduction to what a babysitter is and why she really isn't so scary after all, as well as reassurance that Mommy will always come back home to her Little One in the end.

Living the Good Life Helen Nearing 1970 Describes the twenty years the authors spent homesteading in the Green Mountains of Vermont.

I Hate to Say Goodbye Ruti Yudovich 2012-10-22 "How many Arabs did you kill Daddy?" Eight-year-old Rimi—a forward thinking tomboy asks her father upon his return from the Israeli army. Taught to fear Arabs, she then falls in love with one. Rimi's passion to understand life, leads her to orchestrate unusual adventures that at times demand a high price. Her dream of putting joy into everything around her becomes a daunting task when dealing with a depressed mother who goes on mysterious journey and an explosive father she adores. This is an intimate and compelling story of not quite ordinary people caught up in an extraordinary time and place. Passion! Conflicts! Political intrigues! Young and forbidden love! Fertile imaginings and meaningful lessons! The strange and wonderful nuances of living in a farming village and the gut wrenching loss of a one-true-love. These and much much more (all based on a true story) can be found within. This first book by the emerging writer Ruti Yudovich is an experience to be embraced.

This Is Why We Can't Have Nice Things Maggie Leung 2015-04-09 As a mom of two little boys, I was inspired to share humorous stories of my two sons through their toddler years (which are not yet quite over). This book contains twenty two pages of hand-drawn illustrations showcasing a mother of two little boys coming to the realization she can't have nice things, at least for a little while. While names have been changed to protect the "innocent", these stories are all true. The book ends on a sweet note that all parents share, that sacrificing nice things for our sweet children really isn't difficult at all.

The Farm at Bon Aqua Brian Oxley 2015-12-01

The Farm That Feeds Us Nancy Castaldo 2020-05-19 Where does our food come from? What role do farms play? What's it like to be a farmer? In this charmingly illustrated book, follow a farm throughout the year to discover how the farmer grows fresh and tasty food for us to eat in a sustainable and natural way. Explore the workings of a small-scale, organic family farm and experience the rhythm of farm life. In the spring, visit the chicken coop, till the fields, and tour the farm machinery. When summer comes, plant corn, meet the pollinators, and head to the county fair. In the fall, make pies and preserves, harvest pumpkins, and put the fields to sleep. Winter activities include trimming and pruning the orchard, seed shopping, and baking bread. To conclude your year on the farm, learn what you can do to support the farmers who pick our carrots and raise the cows for our milk. A glossary defines key sustainable farming terms. Through this colorful and intimate look at life on a small-scale farm, children will learn not only how the farm feeds us, but how the farmer

must feed and care for the farm.

Human Body Heather Alexander 2017-03-02 How many bones do I have in my body? What does my heart do? And why do we breathe? Find out in this fact-filled book, the first in a new non-fiction series for children aged 5+. Each book answers 100 questions in a simple and informative way, and has more than 70 lift-flaps to open.

Our Earth, Our Species, Our Selves Ellen Moyer 2016-12-12 "Our current environmental crises-- most notably, climate change-- call on us to upgrade to a new way of life that will sustain us and our world far into the future. When you read this timely, accessible, and thought-provoking book, you will discover: We already have the capacities and tools to create a health and environmental revolution; Specific actions you and I can take now that will help us and our world prosper -- not just in the future, but immediately; How the strategies shared in this book can uplift our society and democracy; Why creating a high-tech and high-nature way of life could spark an economic boom ... Through science and stories, *Our Earth, Our Species, Our Selves* makes the case for hope, optimism, and practical solutions we can take individually and collectively to green our technology, green our economy, strengthen our democracy, and create social equality."--Page 4 of cover.

Life on Earth: Things That Go Heather Alexander 2019-08-06 When was the wheel invented? How fast is a bullet train? What makes a car go? Find out in this interactive book with 100 questions and answers, and 70 lift-the-flaps to explore. Lift the flaps to look inside a car's engine, learn about farm machines, find out about aircraft, see the fastest vehicles, and take a closer at emergency vehicles, construction machinery and submarines.

Lulu the Snow Goat Joe Sinclair 2014-05-30 Lulu the Snow Goat is the remarkable true story of a Nubian goat living on a farm in North Carolina who always knows when snow is coming. Even when meteorologists fail to predict it, without fail Lulu heads to the barn and snuggles up in the hay...and a few hours later, snow begins to fall. Soon Lulu's owner Earl realizes that the only time she goes to the barn is when it is going to snow. And so, the next time he sees Lulu head to the barn, Earl alerts school superintendent Joe Sinclair so he can close the schools in time to keep kids safe at home. But when Lulu's "prediction" doesn't match the local meteorologist's, Dr. Joe decides to ignore Earl's advice. A few hours later, the buses are struggling to stay on the road due to the ice and snow that has fallen. Dr. Joe decides to trust Lulu's instincts from then on, no matter how foolish he might look taking advice from a goat! Soon, Lulu the Snow Goat becomes a local hero. And not only does she help keep kids safe, but her fame also helps raise scholarship money to send kids to college.

The Seeds of New Earth (the Silent Earth, Book 2) Mark R. Healy 2014-12-17 The Earth is in ruins. Cities and nations destroyed. Mankind is extinct. Brant and Arsha are synthetics, machines made in the image of people. They dream of bringing humans back into the world and have the technology to succeed, but the obstacles in their way are mounting. Not only are their own conflicting ideals creating a rift between them, but now the sinister Marauders are closing in as they seek revenge on Brant. Out in the wasteland, strange lights and mysterious objects in the sky herald the arrival of new factions that seek to control the region. Even in the once quiet streets of their own city, malevolent forces are beginning to unfurl that threaten the sanctity of everything they hold dear, jeopardising the future that is within their grasp. The Silent Earth Series

The Farm That Feeds Us Nancy Castaldo 2020-05-19 The Farm That Feeds Us is a stylishly illustrated non-fiction book looking at the workings of a family farm, the different animals, crops, and machinery, and the rhythm of farm life throughout the year.

Farm Heather Alexander 2017-03-02 Who lives in the barn? How do seeds grow? And where do eggs come from? Find out in this fact-filled book, the first in a new non-fiction series for children aged 5+. Each book answers 100 questions in a simple and informative way, and has more than 70 lift-flaps to open.

Free Roll Brandt Tobler 2017-05-22 Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to finally say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his life story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Farm Life Readers Lawton Bryan Evans 1913

The Outhouse Tammy J. Finney 2009 A collection of favorite essays in the voice of Emily, a down-to-earth farm-wife who is dedicated to her family and the life they share, but who also knows her own mind and refuses to put up with too much "hogwash" from husband Ed, the animals, the neighbors, or anyone else she encounters throughout her days--Cover.

Life on Earth: Planet Earth Heather Alexander 2019-08-06 Life on Earth: Planet Earth is the perfect introduction to geography for 5+ year-olds. Lift the flaps to find the answers to common questions, such as, 'Why do we have day and night?', 'How are rivers made?' and 'What is the equator?' With 100 questions and 70 flaps to lift, Life on Earth: Planet Earth provides the perfect way to keep engaged while learning. Topics covered include the solar system, the continents, plants and animals, how maps work and world landmarks, among many more. Scientific details are turned into simple, bitesize facts that the reader lifts the flaps to discover. Heather Alexander's colourful illustrations make each fact memorable, and the sturdy, boardbook format means that even the most hands-on learners will have fun playing with the book day after day. Perfect to read out loud to your toddler, or to let them explore on their own, Life on Earth: Planet Earth offers a simple, fun way into geography for little readers.

Life Is Simply A Game Steven Redhead 2016-02-24 Life is indeed a game that we all play to pass time; simply a series of days strung together, made up of how you planned or decided to spend the moments. Like any game how well it is played or whether life's circumstances are interpreted accurately, then used to

the best advantage, makes losers and winners to varying degrees. Senseless insanity is alive and well within the world. The world is awash with unruly forces, that if not intent upon harming you do desire to become a destabilising force, either temporarily or over the long term. We are all participants in a charade, how life evolves and turns out all depend on how well the game is played. It is not wise or ideal to treat life like a game of chance, a random roll of the dice that can determine unpredictable outcomes. The cost of success is the careful application of well thought out concepts and ideas. Like any game preparation is critical; understanding the rules, knowing how to manipulate the dynamics at play efficiently to ones own advantage, understanding the intricacies of the rules and how to capitalise upon or create opportunities, pursuing whatever circumstances are present to maximise whatever potential exists to the best advantage. The potential opportunities in life are only limited by the inability to firstly comprehend them and secondly to fully utilise personal abilities to maximise the potential that is available. Don't wait for special times to evolve, rather create them in accordance with your true desires to experience what you wish to make real. Much like any game, the game of life has things that can be obtained, or things that can be lost. How the game is played, the value of the stakes, the opposing factions all come to dictate an outcome, be that favourable or lacking any resemblance of being lucky. A life lived based upon any reliance on luck or fate being favourable is tempting only to the over optimistic, or those extremely lucky ones or who were fortunate in the past and believe that good fortune will continue in the future. While it takes resources to control the world, the control of your own specific world environment is really within your potential to achieve. How you choose to control your world, as well as to what extent your desires are put into action, determine whether your life will meet your wishes or not. The amount of thought and energy you exhort, the persistence of that effort, all comes to determine whether and to what degree what you want is what you actually get. In life you may win or loose at times, it's basically just like playing a game; the right mentality is chancing the wheel of life by trusting and ensuring you will win just the same.

Life on Earth: Farm Heather Alexander 2017-03-02 Who lives in the barn? How do seeds grow? And where do eggs come from? Find out in this fact-filled book, the first in a new non-fiction series for children aged 5+. Each book answers 100 questions in a simple and informative way, and has more than 70 lift-flaps to open.

Living the Farm Sanctuary Life Gene Baur 2015-04-07 Winner of a Books for a Better Life Award! Gene Baur, the cofounder and president of Farm Sanctuary, the nation's leading farm animal protection organization, knows that the key to happiness lies in aligning your beliefs with your actions. In this definitive vegan and animal-friendly lifestyle guide, he and Gene Stone, author of Forks Over Knives, explore the deeply transformative experience of visiting the sanctuary and its profound effects on people's lives. The book covers the basic tenets of Farm Sanctuary life—such as eating in harmony with your values, connecting with nature wherever you are, and reducing stress—and offers readers simple ways to incorporate these principles into their lives. Living the Farm Sanctuary Life also teaches readers how to cook and eat the Farm Sanctuary way, with 100 extraordinarily delicious recipes selected by some of the organization's greatest fans—chefs and celebrities such as Chef AJ, Chloe Coscarelli, Emily Deschanel, and Moby. Coupled with heartwarming stories of the animals that Farm Sanctuary has saved over the years, as well as advice and ideas from some of the organization's biggest supporters, Living the Farm

Sanctuary Life is an inspiring, practical book for readers looking to improve their whole lives and the lives of those around them—both two- and four-legged.

Remembering What I Forgot K. Allen 2017-06-26 You may remember visiting a grandparent or elder friend who lived in a nursing home memory unit. When you were a child you may recall sights, sounds, and smells that caused you to feel uneasy. Step into any one of today's 16,000 long-term care facilities across the US, and suddenly those memories reemerge. Nurse Supervisor K. Allen tells of the emotional investments found while working with seniors inside the Van Gogh, a large upscale urban assisted living complex. Located at its core is found a locked memory care unit, the Rembrandt, where he and his heroic support team struggle to comfort those suffering from Alzheimer's and other types of Dementia. Emotionally rich and deeply moving, Remembering What I Forgot tells of a day in the life of a memory unit nurse and the unimaginable obstacles faced by today's health care workers. A first of its kind, the story provides its reader with a rare glimpse into "life on a memory unit" including the emotional torment experienced by visitors who witness their loved one slip into ever increasing apathy and confusion. In its truest sense a love story of the need to cope and how to find hope when someone we love suddenly cannot remember well and is handed a diagnosis of Dementia. Insightful, humorous and heartfelt, Remembering What I Forgot conveys a message of inspiration and helps us connect with those in the final chapter of their life. Let us not forget them.

Amidst the Stars Justin Brown 2016-08-03 Amidst The Stars is a honest read about life, and life experiences. Poetic verses, quotes and words that were written to touch the soul, and make one feel not so alone.

Space: Board Book Roger Priddy 2018-09-25 This Space board book is a first introduction to space and the planets of our solar system in a small board book format for little ones with big aspirations! From the solar system to the Space Shuttle, astronauts to satellites, the simple facts, infographics, and bold imagery in this little book are easy to digest. Aimed at young readers, this first look at space is perfect for preschoolers who love exploring new things. The small format means that it is an ideal size for youngsters to hold and the board pages are durable and easy to turn. Also published: Dinosaur ABC

The Rural Diaries Hilarie Burton 2020-05-05 New York Times Bestseller The beloved actress and star of One Tree Hill, White Collar, and Lethal Weapon, Hilarie Burton Morgan, tells the story of leaving Hollywood for a radically different kind of life in upstate New York with her husband Jeffrey Dean Morgan—a celebration of community, family, and the value of hard work in small town America. While Hilarie Burton Morgan's hectic lifestyle as an actress in New York and Los Angeles gave her a comfortable life, it did not fulfill her spiritually or emotionally. After the birth of their first son, she and her husband Jeffrey Dean Morgan, the star of The Walking Dead, decided to make a major change: they bought a working farm in Rhinebeck, New York, and began a new chapter in their lives. The Rural Diaries chronicles her inspiring story of farm life: chopping wood, making dandelion wine, building chicken coops. Burton looks back at her transition from urban to country living—discovering how to manage a farm while raising her son and making friends with her new neighbors. She mixes charming stories of learning to raise alpacas and buying and revitalizing the town's beloved candy store, Samuel's Sweet Shop, with raw observations on the ups and downs of marriage and her struggles with secondary infertility. Burton also includes delicious recipes that can be made with fresh ingredients at home, as well as home renovation and gardening tips. Burton's

charisma, wide eyed attitude, and fortitude—both internal and physical—propels this moving story of transformation and self-discovery. The Rural Diaries honors the values and lifestyle of small-town America and offers inspiration for anyone longing to embark on their own unconventional journey.

The Sunflower Farmer Kyle Davis 2016-12-07 A great coloring book by the groundbreaking author of "How to Build a New Black Wall Street." These Coloring Books for African American Children are unique, where they emphasize intuitive motivational scenes that develop the aspiration potential of each and every one of our children. The Sunflower Farmer Coloring Book, was designed with bold images and captions, as an opportunity to create engagement between parent and child for a mutual understanding of the benefits in being a black farmer. All Black Children's Coloring Books feature 33+ single sided image scene pages.

And I Thought... Wilnona Marie 2016-06-08 Getting money, paying bills, finding your prince charming, finding your happiness it looked so easy when you were young. You thought you had it all figured out. Little did you know life throws you curve balls. And you thought grownups had it easy so did these ladies. Follow their journies while getting lost in the grownup world.

The Dry Creek Chronicles Claudia a Druss 2015-02-22 The Dry Creek Chronicles offer a window onto the daily lives of Idaho families who owned and worked the land in the Dry Creek Valley and Green Meadow, southwestern Idaho, from 1863 to 1900. Two nineteenth century farming communities, one in the creek valley and one on the floodplain of the Boise River, forged an enduring social bond through marriage and shared economic fortunes in similar environments. Over the course of forty years, however, their destinies diverged: one remained rural for more than 150 years, while the other became a settled part of nearby Boise City. This is the story of the families who created those communities.

Your New Story, Your New Life Bo Sebastian 2016-09-06 Rewrite a new story for your life. Learn how to think in a new way. Bo Sebastian, a Consulting Hypnotist, helps you retrain the neural pathways of your brain. Turn your dreams into reality by shifting your thoughts. Learn to manifest what you have been hoping for your entire life! This book teaches you simple steps to create a more balanced you.

It reveals all the triumphs and tragedies that went on behind the scenes of the television show that captured the hearts of millions. You'll discover the "wild side" of the actors that worked with the Grizzly Bear named Ben, and about the man that made Grizzly Adams famous! "The Preacher, the Pirate, and the Pagan" is the first book in the series.

This Blessed Earth: A Year in the Life of an American Family Farm Ted Genoways 2017-09-19 Winner of the Stubbendieck Great Plains Distinguished Book Prize 2019 selection for the One Book One Nebraska and All Iowa state reading programs "Genoways gives the reader a kitchen-table view of the vagaries, complexities, and frustrations of modern farming...Insightful and empathetic." –Milwaukee Journal Sentinel The family farm lies at the heart of our national identity, and yet its future is in peril. Rick Hammond grew up on a farm, and for forty years he has raised cattle and crops on his wife's fifth-generation homestead in Nebraska, in hopes of passing it on to their four children. But as

the handoff nears, their family farm—and their entire way of life—are under siege on many fronts, from shifting trade policies, to encroaching pipelines, to climate change. Following the Hammonds from harvest to harvest, Ted Genoways explores the rapidly changing world of small, traditional farming operations. He creates a vivid, nuanced portrait of a radical new landscape and one family's fight to preserve their legacy and the life they love.

Jungle Heather Alexander 2017-08-03 Which animals live in the jungle? What noises will you hear? And how do the plants grow? Find out in this fact-filled book, the first in a new non-fiction series for children aged 5+. Each book answers 100 questions in a simple and informative way, and has more than 70 lift-flaps to open.

Don't go there. It's not safe. You'll die. And other more >> rational advice for overlanding Mexico & Central America

Life in the Overflow Chuck Ammons 2016-08-30 Discover the wonder of a life with God you can't contain. The pages of scripture are full of ordinary people who walked with God as he poured himself out through them to a world in need. What if God never changed? What if he is still speaking to us and longing to work miraculously through us? What if it isn't a matter of more training or effort but simply receiving and releasing everything he already purchased? "Life in the Overflow" invites you to know God intimately as your Daddy in a way that spills out of you naturally. Filled with disarming honesty and fervent expectation, this book mirrors a reflection of who you are, who your God is and what he actually longs to do through "ordinary, messy kids" today!

Life on the Infinite Farm Richard Evan Schwartz 2018 Mathematics professor from Brown University uses colorful illustrations and cartoons to display the concepts of infinity and large numbers.

The Happy Fools Philippe Delamare 2017-07-04 A devoted employee of the FIA (Federal Intelligence Agency), Eurian lives a comfortable and secure life, spanned with bureaucratic conflicts and desires for promotion. He will find himself thrust into an international conflict to track down and stop a subversive cyberterrorist movement. His desire for a foreign assignment will finally be met, but not in the way he expected. Assigned to Kerploueck, a sleepy village at the far edge of the world, he will be forced to let go of the comfort and stability of his previous lifestyle. With this temporary assignment, the complacent bureaucrat finds himself a spy—but with none of the excitement and adventure he had dreamed of. He now must find new objectives to survive this wholly uninteresting assignment. What happens to the FIA and to the success of the worldwide search for the subversive cyber-terrorists will slowly drift away from Eurian's mind. Interestingly enough, when this book was started, internet spying, hacking, and cyberterrorism were rhetorical discussions. Today, we live in a different reality. Truth and facts are not as important as swaying unmindful, gullible populations. George Orwell's "alternative facts" are common place and universally acceptable. With the ocean of information now accessible to anyone, individuals, organizations, and even governments are scrambling to control its sources and promulgate their agendas. This is the essence of "The Happy Fools." Following Eurian and his unanticipated quest for truth, many topics of modern society will be discussed. This book also serves as a compendium of the latest technologies, sciences, ideas and movements. Focusing primarily on the most pertinent latest developments, each providing hope and insights that could change our lives. The

underlying prerequisite of being happy is to avoid stress and the unknown. Therein lies a potential philosophical issue. Shutting the doors to outside turmoil, to world problems and issues, is a good safeguard for happiness. Close-mindedness brings confidence, as the world's problems appear simple and the solutions two-sided. Inversely, knowledge creates a spirit of inquiry, a burning desire for more knowledge, spurring new questions that beg for answers, ultimately resulting in a loss of conviction and an understanding that we will never truly understand the world in its endless complexities. Do we choose closed-minded confidence, or a life dedicated to the pursuit of knowledge with the uncertainties, frustrations, and complexities that it yields?
