Savoir Faire Plus Géraldine Enjelvin 2013-05-24 Written by an experienced tutor, Savoir-Faire Plus is specifically designed to meet the requirements of today's generation of language undergraduates. Focusing on the life of an Anglophone first year undergraduate studying French in the UK and sharing a house with four francophone students, this engaging textbook provides: a clear, logical structure a blend of communicative, research-based and traditional exercises a wide range of activities covering the four key linguistic skills as well as intercultural skills authentic texts (with extracts from *Le Monde*, *L'Express*, *Le Nouvel Observateur* and *Libération*) guidance and practical tips for effective and independent learning. Each of the ten chapters consists of four topics-based sections which provide students with a wealth of diverse material allowing them to gain an in-depth knowledge of relevant topical subjects such as regional languages, sustainable development and fair trade, amongst others. Digestible grammar points are integrated throughout and a range of additional exercises are available on the Companion Website allowing students to perfect their language skills. Suitable for both self-study and class use Savoir Faire Plus is the ideal course for all advanced students of French, consolidating knowledge gained at A-Level while supporting the transition to undergraduate study. The Companion Website can be found at www.routledge.com/textbooks/9780415444750

Change and Resilience Miguel Ángel Cau Ontiveros 2019-06-30 Change and Resilience offers a view of the main Mediterranean islands from West to East in Late Antiquity because Mediterranean islands can contribute in fundamental ways to our understanding not only of earlier colonizations but also later periods. The volume explores specifically the time frame from the fall of the Roman empire to the Medieval period. A first group of papers covers islands and island groups in the Central and Western Mediterranean, including the Balearic Islands, Corsica, Sardinia, Sicily, and the Adriatic islands. Together, these five papers highlight several common themes across the region: local or indigenous sites were often reoccupied in Late Antiquity, the rural countryside typically played a significant role in the contributions of islands to wider Mediterranean economic networks, and islands – big and small – often played significant roles in shifting political and religious power. The second group focuses on the Eastern Mediterranean. Three papers cover a range of islands, including Crete, the Cyclades, and Cyprus. Together they emphasize the impacts external shifts in political power and economic ties in the Eastern

Mediterranean had on island landscapes, as well as the connected relationship between sacred space and territorial occupation across many of these islands. The final group of papers pivots on changing perceptions of island landscapes in Late Antiquity—or "island mindscapes." Three papers focus on how communities adapted as they underwent Christianization in island contexts, emphasizing the diverse and varied ways that island landscapes became "Christianized," as well as how other political and economic factors shaped the dynamics of change.

Female Sexuality and Cultural Degradation in Enlightenment France Mary McAlpin 2016-04-15 In her study of eighteenth-century literature and medical treatises, Mary McAlpin takes up the widespread belief among cultural philosophers of the French Enlightenment that society was gravely endangered by the effects of hyper-civilization. McAlpin's study explores a strong thread in this rhetoric of decline: the belief that premature puberty in young urban girls, supposedly brought on by their exposure to lascivious images, titillating novels, and lewd conversations, was the source of an increasing moral and physical degeneration. In how-to hygiene books intended for parents, the medical community declared that the only cure for this obviously involuntary departure from the "natural" path of sexual development was the increased surveillance of young girls. As these treatises by vitalist and vitalist-inspired physiologists became increasingly common in the 1760s, McAlpin shows, so, too, did the presence of young, vulnerable, and virginal heroines in the era's novels. Analyzing novels by, among others, Jean-Jacques Rousseau, Denis Diderot, and Choderlos de Laclos, she offers physiologically based readings of many of the period's most famous heroines within the context of an eighteenth-century discourse on women and heterosexual desire that broke with earlier periods in recasting female and male desire as qualitatively distinct. Her study persuasively argues that the Western view of women's sexuality as a mysterious, nebulous force-Freud's "dark continent"-has its secular origins in the mid-eighteenth century.

Dark palm Sylvain Lefebvre 2022-07-29 « On a dû depuis deux ans monter une brigade spécialisée dans le racolage sur internet. Le problème, c'est que c'est une vraie toile d'araignée. Les filles n'ont plus besoin de racoler, d'user les trottoirs, elles foncent directement en ligne, de toute façon, les clients préfèrent. Alors entre le darknet et le net, il y a une petite ligne à franchir, cette ligne, c'est la ligne rouge. » Ce roman de fiction met en exergue le problème de la prostitution étudiante, qui s'accroît grâce au darknet.

The Dictionary of Biographical Reference Lawrence Barnett Phillips 1871

Blood and Kinship Christopher H. Johnson 2013-01-30 The word "blood" awakens ancient ideas, but we know little about its historical representation in Western cultures. Anthropologists have customarily studied how societies think about the bodily substances that unite them, and the contributors to this volume develop those questions in new directions. Taking a radically historical perspective that complements traditional cultural analyses, they demonstrate how blood and kinship have constantly been reconfigured in European culture. This volume challenges the idea that blood can be understood as a stable entity, and shows how concepts of blood and kinship moved in both parallel and divergent directions over the course of European history.

Alone With You Emma Saucet 2021-11-10 Éviter son ex alors que l'on est coincée sur le même campus que lui ? Mission presque impossible... Nora est à cran. D'abord, à cause du président de la République, qui vient de déclarer le confinement total du pays, l'obligeant à rester enfermée seule dans sa chambre universitaire. Puis, à cause de Ryan, le garçon qu'elle fréquentait depuis peu et qui a profité de la situation pour la quitter. Mais plus rageant encore : Josh Wouters, son ex-petit ami qu'elle tente à tout prix d'éviter depuis des mois, se retrouve lui aussi confiné sur le campus... Et lorsqu'elle a croisé son regard déterminé dans les couloirs, l'autre jour, Nora a perdu tous ses moyens. Alors, à moins qu'elle ne trouve rapidement une solution pour lui résister durant les prochaines semaines, cette proximité forcée risque bien de ruiner sa résolution numéro un : rester à tout prix loin de son ex. A propos de l'auteur Passionnée d'écriture et de lecture, Emma Saucet raffole tout particulièrement des romances qui comportent leurs lots de drames. Construire des histoires plus intenses les unes que les autres lui permet de s'évader, et elle espère que ses lecteurs en feront de même.
