Fire & Water Alexis Hall 2020-02-24 I like my women like I like my whiskey: embroiled in a magical war Ten years ago I fought for the Witch Queen of London in a mystical showdown against a King Arthur wannabe with a shaved head and a shotgun. Back then, the law did for him before he could do for us. I don't think we'll get that lucky again. As if the mother of all wizard battles wasn't bad enough, fate or destiny or a god with a really messed-up sense of humor has dropped a weapon that could rewrite the universe right into the middle of London, and anybody with half a sniff of arcane power has rocked up to stake their claim on it. Last time this happened, the city went to pieces. This time, it might just go to Hell. Also, still dating a vampire. Still got an alpha werewolf trying to get in my pants. Still sharing a flat with a woman made of animated marble—only now apparently there are two of her. But you know what

they say: the more things change, the more they stay the same crap that's been trying to kill you your entire life. This book is approximately 96,000 words

Through it all he learned life-changing lessons about love, forgiveness, and most of all, hope. Now Alan must again return west to face yet another crisis, one that threatens to upend his world just as he had begun to heal from so much loss, leaving him unsure of whether he can reach the end his journey. It will take the love of a new friend, and the wisdom of an old friend, to help him to finally leave the past behind and find the strength and hope to live again. *Walking on Water* is a beautiful story of one man's search for a new beginning, of "humorous moments, heartwarming moments, moments of self-discovery, and moments of profound wisdom" (Deseret Morning News).

SHADOWBOXING Jorge A Barriere-Mendez 2015-03-13 A short story collection conceived out of a life-long intuition: know FEAR, with all of its versions and manifestations, and one will know MAN. The collection is a dissertation of fears. It is ten years of accumulated story telling, in itself, a postulation that reflects the many changes in the life of a writer. Section One is the process that one particular man undertook to get to authenticity; an inner-dialogue about existence, dying, and love, only to find himself at the end, alone and facing his own image in a bathroom mirror. Section Two is a compilation of short stories about the daily-ness of fears and the many ways in which they creep into our lives, deciding and acting for us. Section Three is an adventure story, a change of pace, an imagined and new beginning for mankind. Or perhaps, not!

Lost in Music Luna Kingson 2016-03-10 Maddi actually believed her move would be a fresh start for herself and her son, Jason, but she had to realize frighteningly that it was more like running away. To start from the beginning, you must finish with the past first. Without being able to prevent it, she seems to lose her heart to the exact man she never wanted. However, the decision is not just up to her, and so she truly must wonder if a life by his side would really be worth all the chaos. The fear of a new loss is just too

big.

Like Water In Wild Places Pamela Jooste 2012-03-31 The stories and legends of the Bushmen were told to Conrad when he was twelve years old. He was on a hunting trip with his father, Jack Hartmann, a brutal but confused man who 'gave' Conrad an old Bushman to teach him the ways of the land. Bastiaan taught him not only about the beasts and plants and soil, but inculcated in Conrad a philosophy that would remain with him throughout his life. But at home Conrad learns a different set of rules as he and Beeky, the young sister he adores, huddle together listening to the sound of his mother being beaten and told she is trash. Jack Hartmann, a senator and man of power in the community, hates his wife and daughter as much as he loves his son and Conrad's mother impresses on him that he must always protect and guard his little sister. As they achieve maturity, Conrad appears to conform to the vision his father has for him. He joins the army, fighting on the Namibian borders - a savage and hideous conflict. But Beeky defies her father and the establishment, goes her own way, yearning for a new South Africa, a new life, tenderness and kindness in place of hatred and derision. The story of their fulfilment, tragedy, and the return of hope is the story of an ancient land fighting towards redemption.

The Stars and the Blackness Between Them Junauda Petrus 2019-09-17 A Coretta Scott King Honor Book Told in two distinct and irresistible voices, Junauda Petrus's bold and lyrical debut is the story of two black girls from very different backgrounds finding love and happiness in a world that seems determined to deny them both. Port of Spain, Trinidad. Sixteen-year-old Audre is despondent, having just found out she's going to be sent to live in America with her father because her strictly religious mother caught her with her secret girlfriend, the pastor's daughter. Audre's grandmother Queenie (a former dancer who drives a white convertible Cadillac and who has a few secrets of her own) tries to reassure her granddaughter that she won't lose her roots, not even in some place called Minneapolis. "America have dey spirits too, believe me," she tells Audre. Minneapolis, USA. Sixteen-year-old Mabel is lying on her bed, staring at the ceiling and trying to figure out why she feels the way she feels--about her ex Terrell, about her girl Jada and that moment they had in the woods, and about the vague feeling of illness that's plagued her all summer. Mabel's reverie is cut short when her father announces that his best friend and his just-arrived-from-Trinidad daughter are coming for dinner. Mabel quickly falls hard for Audre and is determined to take care of her as she tries to navigate an American high school. But their romance takes a turn when test results reveal exactly why Mabel has been feeling low-key sick all summer and suddenly it's Audre who is caring for Mabel as she faces a deeply uncertain future. Junauda Petrus's debut brilliantly captures the distinctly lush and lyrical voices of Mabel and Audre as they conjure a love that is stronger than hatred, prison, and death and as vast as the blackness between the stars.

Open Water Maria Flook 2013-08-21 In Open Water, Maria Flook explores the charged and eerie shoreline of Newport, Rhode Island, where Willis Pratt squanders his days running small cons. But his heart's not in it—he's obsessed

with fishing boat tragedies from his childhood and with Holly, a pretty new neighbor who is charged with arson. Their romance is interrupted when Willis is called home to care for his dying step-mother, Rennie, whose biological son wants to place her in a care facility. Willis is determined to guarantee his stepmother the death she desires, but when he arrives, Rennie sees that it is he who needs caring for—Willis quickly gets hooked on her prescription morphine. This is Maria Flook's natural ground, a harsh and sensual terrain where family debt and carnal knowledge intersect. A fierce wit and an unrelenting vision earned her first novel, *Family Night*, a Special Citation from the PEN American/Ernest Hemingway Foundation, and the *New York Times* praised it for "a spare, subtle, ethereal, and erotic style," calling her gifts "extravagant and apparent on every page." *Open Water* is a ringing confirmation of Maria Flook's remarkable talent. Caught up in the novel's unremitting current, its characters are propelled to a resolution that no one left on shore could have imagined.

Michael Mitchell - Criminal Or Rescuer? Patricia Marie Mitchell 2008-06 What will Hurricane Michael' bring to the shores of Florida in the year 2012, geographical coincidence, or certain judgment? In March, 2005, my son, without telling anyone went to Florida. His objective was to rescue Terri Schiavo. In July of that same year, he turned 21 in a cold and lonely Clearwater jail cell, where, among other things he was made to sit in a chair for 25 hours straight, and like Terri, went without food himself for 7 days. In his bitterness and in his desperation, he prayed that God would send a storm to where he was. To most this was simply a legal matter. To me the People of the State of Florida vs. Michael Mitchell' became a Declaration of War'. If Governor Bush himself had tried to bring Terri so much as a cup of cold water to wet her lips he would have had to bring the National Guard with him. That, for all practical purposes, would have meant civil war'. I said, in a letter to the Public Defender, "There is a Wonderful Counselor who has never lost a case, and in the end He will vindicate my son." After more than a year behind bars, Michael is free on probation because the Public Defender was true to his word, and I thank God for that. But the thing about hurricanes is that when they are particularly devastating, their names are retired and they are given new names. As I left Florida, I heard a radio announcer say that one chosen in 2005 was Michael'. I have not been able to verify that information, but Wikipedia does say that Hurricane Michael will rise from the Atlantic in 2012. A co-incidence? Read this book and decide for yourself. How far do you go to save an innocent woman's life? When I heard about Terry Schiavo's plight and how heartbroken her parents were, I silently prayed that God would send somebody to help them. I had NO idea that my son would be among those who would respond to the call. Neither did I know of the extent to which he would go. On the day that he was arrested he made a statement that was heard around the world. He said, "If you're not on Terry's side, you're not on God's side." I'm not saying that there aren't two sides to every story. This is our side; I know there are others. I still recall the horrible incident in the news more than 20 years ago, when a policeman used his firearm to hold off hospital attendants so that he could remove his baby girl from life-support after she had been rendered practically lifeless by swallowing part of a birthday balloon. He had been told that if she lived she would be a vegetable. So with gun in hand and tears flowing down his face, he held her in his arms until she died, because he didn't want her to be faced with that kind of existence. Fifty years ago, Rockford had two hospitals that were adjacent. I still recall the incident of a Rockford woman who in the throws of her labor pains, became disgruntled with one hospital because they either didn't believe her baby was ready to come, or for some other reason were being, as the story is told, "particularly insensitive". That woman walked across the parking lot to the other hospital where her baby was born practically on the spot. That baby was my little sister, and the woman was my mother, and that incident has always helped me to believe that hospitals are not always right. Terry Schiavo's feeding tube was removed once before; however it was restored by the order of the Governor of the State of Florida. If I were Terry's mother, I would like to say that I would have never given them a second chance to remove that tube, that I would have found another place for her, hopefully, where they believed a little bit

more in the sanctity of life, and were able to help me fight for that belief, especially in this particular case. For my baby I would like to say that I would not only reach out to touch the hem of Jesus' garment, but I would grab hold of his ankle and hold on so that he would have to

Lines on the Water David Adams Richards 2011-04-20 In *Lines on the Water*, David Adams Richards writes eloquently and movingly about his life on the shores of one of the world's great fishing rivers. With the same insight and emotion that have won him praise for his fiction, Richards brings to life a community centred on fly-fishing -- a sport that has become, for many, a way of life. Weaving together tales of the guides and poachers, the "sports" and the city slickers, Richards pays tribute to all who have shared in the joy of fishing the Miramichi. This is a book about our relationship with nature, about hunters and fishermen, friendship and family, history and memory. *Lines on the Water* teems with lore and wisdom, humour, and most of all, passion.

Bending with the Wind Bounchoeurn Sao 2014-01-10 Before the Khmer Rouge takeover of Cambodia in April 1975, Sao Bounchoeurn and San Bounriem grew up in idyllic, though vastly different, circumstances. After a secondary education, Bounchoeurn entered the army, joined the Special Forces, and worked for the Americans. He became a slave laborer after the fall of Phnom Penh and eventually escaped to Thailand. In another part of Cambodia, Bounriem lived happily spoiled and uneducated. Fleeing from the advancing Khmer Rouge, she arrived at the same refugee camp as Bounchoeurn, where they met, married, and immigrated to America. This riveting memoir chronicles the couple's childhoods, their lives under the Khmer Rouge, their journeys to Thailand and later the United States, and their efforts to forge a new life. This remarkable tale offers an intimate look inside the terrors of the Khmer Rouge and an inspiring

portrait of the immigrant experience in America.

Water from Stone Jeffrey Greene 2007 Award-winning author Jeffrey Greene provides a portrait, by turns lyrical and provocative, of J. David Bamberger's unlikely transformation from first, a vacuum cleaner salesman, then to co-founder and CEO of Church's Fried Chicken, to an internationally recognized conservationist. In fact, Greene tells two integrally related stories: the evolution of one man's business sense, applying profit incentives to land restoration and nature conservancy; and the creation of a Texas Hill Country preserve where he effectively demonstrates his own principles. Growing up in rural Ohio during the Great Depression and World War II, Bamberger learned at an early age to shun waste, grow food productively, and admire the Amish for living in harmony with the land. His mother taught him to love the natural world and gave him a book that would set the course for his life: *Pleasant Valley*, by Louis Bromfield, a visionary American advocate for land restoration. Inspired by his new role model, Bamberger would say, "If I ever make money, I want to do what Bromfield did." After finding that financial success, Bamberger bought what he describes as "the sorriest piece of land in Blanco County" and entered upon his decades-long effort to restore the ecological balance of 5,500 acres that had been virtually destroyed by more than a century of misuse. Naming his preserve Selah—from the Old Testament term meaning "pause and reflect"—Bamberger dedicates himself and his resources to protecting species and educating school children, conservation groups, government officials, and everyone else who will listen to his central message, delivered with evangelical zeal: We must take care of the earth, and anyone can help. Today, David and his wife, Margaret, have received many awards, and he has been featured in *The New Yorker*, in *Audubon*, and on CNN and network news. But until now, no one has fully told the story of how a man with vision transformed a place—and in doing so, transformed himself.
